WINDOWS

Dozens of skaters took to the frozen surface of Amsterdam's historic Prinsengracht canal at Amsterdam in Netherlands as the deep freeze gripping Europe briefly made it possible to skate on a small section of the canal for the first time since 2018. People skated and walked on a small stretch of ice between two bridges close to the landmark Westerkerk before growing cracks in the ice forced all but the most daring off the ice

19 more Covid vaccines in pipeline

NEW DELHI: Nearly 19 coronavirus vaccine candidates are in different clinical trial stages and may be available in the coming months, Health Minister Harsh Vardhan said on Monday. Addressing the media, Vardhan said that in the next 2-3 weeks, vaccination against Covid-19 will be started for people above 50 years of age. "About 18-19 vaccine candidates against Covid-19 are in the pipeline and are in preclinical, clinical and advanced stages. We are hopeful that we will be able to offer newer vaccines to India in the com-

NTPC to pay ₹20 lakh to kin of **Tapovan victims**

ing months," Vardhan said

JOSHIMATH: State-run power giant NTPC on Monday said it would pay a compensation of Rs 20 lakh each to the families of labourers who died in the recent flash flood at its Tapovan-Vishnugad hydel project in Uttarakhand. A workforce has been set up at the plant to coordinate with the administration and gather all required information about every missing worker, NTPC's spokesman RP Jayada said. He said rescue work is underway

on a war-footing at Tapovan-Vishnugad project site by multiple agencies to reach people believed to be trapped inside the tunnel. Real-time information is being shared with the agencies involved in the exercise to expedite it, Jayada said.

SC slaps notice on WhatsApp, FB

WhatsApp may be worth \$2-3 tn, people value privacy more, says the apex court

THE Supreme Court issued notices to popular social media platforms WhatsApp and Facebook on a plea against its new privacy policy here on Monday. The apex court said people had grave apprehensions on loss of privacy, making it clear that it was the court's duty to protect this right as it heard an application against WhatsApp's new privacy policy.

The observation came as senior advocate Shyam Divan, representing petitioner Karmanya Singh Sareen, sought direction to restrain WhatsApp from implementing its new privacy policy in

India. "They have come up with new differentiating privacy policy for the Europeans and different set of rules applicable to Indians," Divan argued. He added that till the time new data protection law came into force in India, WhatsApp should not bring its new privacy policy.

At this, Chief Justice SA Bobde replied, "We will issue notice in the matter."

A bench, headed by the Chief Justice and comprising Justices AS Bopanna and V Ramasubramanian, told the counsel for WhatsApp, "People have grave apprehensions about loss of privacy.

You may be 2 or 3 trilliondollar company, but people value their privacy more than your money, we have to protect people's privacy." Senior advocates Kapil Sibal and Arvind Datar, appearing for WhatsApp, strongly contested Divan's argument, saying that the Delhi High Court is already seized of the matter. Sibal said that Europe had a different set of data privacy laws, and WhatsApp's new privacy policy for India is similar to policy applicable in the US, Australia and other countries. "The fact is that this policy was applicable to the rest of the world except Europe.

Centre releases GST compensation of ₹2,167 cr to AP

HANS NEWS SERVICE HYDERABAD

THE Finance Ministry on Monday released 16th weekly instalment of Rs 5,000 crore to the States to meet the GST compensation shortfall, taking the total amount released so far to Rs 95,000 crore.

Till now, 86 per cent of the total estimated GST compensation shortfall has been released to the States and Union Territories (UTs) with legislative assembly.

Further, additional borrowing permission of over

Rs 1.06 lakh crore was granted to the States. As part of that amount raised through special window passed on to Andhra Pradesh is Rs 2,167.20 crore and Rs 1,703.56 for Telan-

The Centre set up a special borrowing window in October 2020 to meet the estimated shortfall of Rs1.10-lakh crore in revenue due to GST implementation. The borrowings are being done through this window by the Centre on behalf of the States and Union Territories.

Municipal polls on March 10

HANS NEWS SERVICE **A**MARAVATI

THE AP State Election Commission (SEC) issued notification for the conduct of elections to 12 municipal corporations

municipalities/nagar panchayats in the State here on Monday.

It may be noted that the election process was completed up to the state of scrutiny of nominations on March 14, 2020, and the commission stopped the election process midway due to Covid-19 pandemic. Now the SEC will continue the election process from the stage of withdrawal of candidature.

As per the notification, the commencement of withdrawal of candidates will be on March 2 from 11 am to 3 pm, last date of withdrawal of candidature on March 3 after 3 pm and date of polling will be March 10 from 7 am to 5 pm. Repolling, if any, will be conducted on March 13 and date of counting will be held on March 14 from 8 am on-

With the issuing of election notification, the model code of conduct has come into force in the State from Monday. However, Opposition parties including the TDP, the Congress, the CPI (M) and the Jana Sena felt that the SEC should have cancelled the previous elections that were held about one year ago and started the process once again.

RACHABANDA **LIKELY FROM UGADI**

HANS NEWS SERVICE **AMARAVATI**

WITH the positive response from people towards YSRCP government during the present panchavat polls and successful implementation of welfare schemes announced under Navaratalu programme of YS-RCP election manifesto, Chief Minister YS Jagan Mohan Reddy is likely to organise Rachabanda programmes in the State soon. Though there is no official

confirmation, speculations are rife that the programme would be launched from Ugadi. Chief Minister is said to be keen to start the programme which is aimed at getting direct feedback from people about the implementation of welfare programmes. Sources say that by Ugadi, the local body elections will also be over and hence Ugadi could be the best and auspicious date to launch the pro-

combat over China and Pakistan, India would start testing the Astra Mark 2 beyond visual range air-to-air missile, which would be capable of taking down enemy aircraft from a range of 160 kilometres. The extended range Astra

MINI MATHUR @MINIMATHUR

If young people are not always right, the society which ignores and knocks them is always wrong"

Does fashion ignore the 40-plus woman?

SUJATA ASSOMULL

am 47-years-old and have worked in fashion for over 25 years; earning every smile line on my face and those extra few kilos around my mid area. Unfortunately, the industry I work in writes off every woman over the age of 45. Of course, we all know the reason, it's because fashion sees the youth as the future of the industry, it is where the growth is. But what about the now?

A recent study by the International Longevity Centore (ILC) found that those over the age of 50-years account for over 50 per cent of the spending in fashion — the fact is mature women have more purchasing power and today are also in better shape than ever—they become an easy target for fashion. Yet they are ignored. Brands are so occupied with pleasing millennials and Gen Z-ers, they forget to make styles that work for today's 40 plus woman.

It is only in your 40s when you really understand what your personal style is. You definitely make less fashion faux pas than you did in your 20's, but you still want some style inspiration. I keep reading articles on how "Fifty is the new Thirty" in fashion glossies - yet when it comes cover girls, women over 40 only tend to be chosen for the "Ageless" or "Fab at Every Age" cover. This at a time when inclusivity is one of hottest fashion talking points.

Luckily, there are a handful of real women in this age group who have great taste, I suggest you follow them on In $stagram-they \ have \ style, substance$ and just the right amount of sass.

Anaita Shroff Adajania

The 40-something fashion powerhouse is the name behind some of Bollywood's red carpet most glamorous moments and fashion magazine's glossiest covers (Anaita has styled everyone from Aishwarya Rai to Alia Bhatt); though her own sense of style is comfortable. carefree yet always chic; she can go from a handloom sari, a Dior gown to a Savio Jon kurta while always injecting her special blend of boho-chic into the look. The launch fashion director of Vogue India, this celebrity stylist still rocks a bikini better than most swimsuit cover girls. Anaita was recently part of a Gucci social media campaign for its iconic Jackie 1961 bag and added her own unique cool girl vibe to her Instagram video for the Italian fashion house.

Trinny Woodall

I grew up watching "What Not to Wear" the BBC make-over show featuring Trinny Woodall and Susannah Constantine-women

always said it as it is. Today Trinny runs her own successful make-up company, Trinny London, (and I suggest every woman over 30 use her Miracle Blur it smooths the face and blurs those lines in an instant). Trinny's personal Instagram handle is the one to follow though, a digital closet confidential. From shopping to styling tips this 50-something likes to have fun with her fashion. Honest about the aging process, she enjoys dressing up and her flamboyant (yet mainly high street) outfit of the day

choices will always surprise you. Roohi Oomerbhoy Jaikishan: The executive director of an Indian FMCG company, RR Oomerbhoy has a maximalist take on fashion. A true style maven—she is an art collector, a clotheshorse and a host-

ess with the

mostess. While food has become the mainstay of her Instagram account, she shares recipes from some of her is served with a side of fantastical fashion. From timeless saris by her motheradds her own sense of eclectic charm to her ensembles. A permanent fixture on best dressed lists, her fashion superpower is the way she plays with fun and statement making accessories. It is never about fashion diktats for Roohi but about her own personal take on

fashionable friends around the world, it in-law, veteran fashion designer, Pallavi Jaikishan to Erdem floral dresses Roohi

and popular designer brands like Coco Chanel, Burberry, Versace are the leading example of it," Valaya tells. in, that there's stability of the busi-

"It's only when the corporate comes $ness\ and\ the\ brand\ goes\ to\ another$ dimension. So, I think this is a fan-

tastic move forward and it's only going to go better."

Earlier designer Anita Dongre's company had received a sizable investment from a large US Private Equity Fund in 2013 and was the only Indian designer with a retail presence in New York. Now Sabyasachi has announced he is set to open a 6,000 square foot retail space in the city in early 2022.

Asked if he has similar plans, Valaya answers: "Well, if it happens, we will surely consider it. I feel for us it's a couple of years to go before we can take this route. At the moment, we are doing a significant amount of experimentation and expansion within. If we find a suitable partner, of whom we are convinced can take the brand to another level, we will certainly be open for it."

Talking about his collection, Valaya believes: "I always believe when you are truly inspired to do a collection then seeing all the interpretations in six months is never enough, you must give it at least 12 months to kind of try and interpret it in as many ways and forms as possible."

He adds, "And fortunately for us, in India we have two very clear themes between winter and summer that allows a significant change in the weather and that gives us room to experiment. And yet having said that, at the same time we are essentially a couture design house and we focus on wedding clothes and occasion wear. So the challenge is always how will you make the bride, the groom and the guests look spectacular still wearing the silks and organza but making them relevant to the season. This second chapter of Bursa -- is essentially a whole new interpretation of inspiration we initiated six months ago."

As the pandemic has changed how Indian couture is seen and interpreted, has it also brought on a change in design philosophy? Valaya replies: "I have always been very clear that come hail or storm, the signature of the brand should never change. So, of course things will lead us to all kinds of circumstances... but the DNA of a brand should persistently continue. So, if you ask me that if the pandemic changed the way I think, No, it

Better that breakfast

Begin your morning with a nice bowl of fruit, porridge or granola and yogurt, and you can feel brilliant in no time! Not only are these foods tasty, satisfying for your hunger and a valuable source of energy, but you'll be pleased to know that they are great flat-belly foods. Combined they are supposed to help burn abdominal fat, improve digestion and help you keep away from the cupboard for longer. Breakfast is the

of the day: kick starting your metabolism and fueling your healthy and nutritious meal will do wonders for your body. Plus there are so many alternatives and additions you can make to this simple meal that provide that little bit extra; adding a spoon of peanut or almond butter, pouring

on some honey or making a tasty smoothy, can make your

Artist Michelle Poonawalla exhibits series on companionship

Titled 'Kagaz', the show featuring her works runs till February 26, 2021

elebrating friendship and companionship during these ✓ challenging times, five portraits taken by artist Michelle Poonawalla in her home city of Pune, are part of an ongoing exhibition in an Ahmedabad gallery.

Poonawlla, an artist who lives and works between London and Pune, is showing this new series of drawings as part of 'Kagaz', a group exhibition of works on paper which runs until February 26 at 079 Stories.

For Poonawalla, drawings and works on paper represent a very personal and emotive medium, allowing her to delicately portray the emotion of the subjects. As with Poonawalla's larger body of work the drawings are intended to create a moment of reflection for the viewer and ask them to think about their surroundings and the wider world.

Talking about the exhibition, Poonawalla says: "For me drawing is a very important medium. Whilst audiences may be more familiar with my larger installations and digital work, drawing forms the base of everything I do and I was delighted when 079 Stories asked me to present a series of works on paper."

Poonawalla's works explore universal, socially engaged topics that resonate with a diverse range of audiences, creating powerful memories and moving experiences.

Her practice combines cutting-edge technology and traditional artistic mediums in an emotionally charged and poetic form; often utilizing sound, video mapping, projection, motion sensors and other techniques to bring her innovative paintings and installations to life.

Paper is the strongest and the most versatile medium of expressing oneself may it be in the form of words, crafts, or art. 'Kagaz' is a celebration of this and alongside Poonawalla the exhibition presents 21 artists from across the country displaying works on paper including Anuj Ambalal, Al Qawi Nanawati, Ashish Kushwaha, Claire Iono, Ghanshyam Rathod, Hindol Brahmbhatt, Krishnendu Roy, Malabika Burman, Milburn Cherian, Pradeep Ahirwar, Rachnan Badrakia, Ronak Sopariwala, Satish Gupta, Shahanshah Mittal, Shefali Nayan, Shrikant Kadam, Vikesh Ghosh and Viraj Mithani.

Parties likely to focus on Ukku stir to gain political edge

- However, Chukka Prasad Reddy, YSRCP aspirant at the 90th ward, says protecting VSP is safeguarding Andhra people's pride and honour which should go beyond political affiliations
- Political parties should brush aside their selfish motives and fight to save VSP from privatisation, says J V Satyanarayana Murthy, CPI State assistant secretary

VASU POTNURU VISAKHAPATNAM

WITH State Election Commissioner (SEC) releasing the Andhra Pradesh municipal elections 2021 schedule, 'Visakha Ukku Andhrula Hakku' stir is likely to impact the political parties.

Since February 6, the employees of the Visakhapatnam Steel Plant (VSP), political party leaders, trade union representatives, students and volunteers have been taking the agitation forward in various avatars such as protests, rallies, public meetings and hunger strike.

Eventually, 'Visakha Ukku Andhrula Hakku' brought the ruling party as well as the Op-

position together to fight for a common cause which they have not indulged in so far.

Now, with the SEC waving a green flag for the municipal polls on March 10, there is a larger scope for the political parties to make use of the stir for political gains.

Though the political parties are fighting against the privatisation of VSP, each of them might convert this into a convenient platform to draw the attention of the voters from now to gain mileage. "There is a need to save VSP beyond political aspirations. If parties try to gain political mileage through the ongoing VSP stir, it is as good as cheating our own family. Protecting VSP is safeguarding

Elections deferred to SMC. Amudalavalasa civic body

HANS NEWS SERVICE SRIKAKULAM

ELECTIONS stopped for Srikakulam Municipal Corporation (SMC), Rajam Nagara Panchayat and Amudalavalasa municipal

The elections have been deferred due to the merger of some villages in SMC, Rajam Municipal town and Palakonda Nagara Panchayat. The villagers also opposing the merger approached the High Court challenging the merger order.

As a result, elections were stopped at Chapuram, Patrunivalasa, Peddapadu, Khazipeta, Killipalem, Thotapalem and Kusalapuram gram panchayats and also for Srikakulam municipal Corporation, Rajam Nagara Panchayat and Amudalavalasa municipal town in the district.

A decision on holdin the polls will be taken only after the HC verdict.

74 vehicles seized for using high-decibel horns

Vehicles seized by the city traffic police in Visakhapatnam

 Additional DCP (Traffic) Ch Adinarayana made it clear that the sound from a vehicle horn or a silencer should not exceed more than 80-90 decibel

> HANS NEWS SERVICE VISAKHAPATNAM

THE city traffic police warned the motorists not to use 'noisy' air horns beyond permissible limits. In connection with this, the traf-

fic police conducted a special drive across the city and seized 74 vehicles for using non-permissible air horns, multi-toned horns and si-

lencers. Additional Deputy Commissioner of Police (Traffic) Ch Adinarayana made it clear that the sound from a vehicle horn or a silencer should not exceed more than 80-90 decibel.

The seized vehicles were sent to the law and order wing. Further, Adinarayana explained that cases were registered against the violators under the Motor Vehicles Act.

The ADCP said silencer and horn should not be altered. Also, he alerted the vehicle mechanics that action will be taken against them if they try to alter any vehicles with high-decibel horns.

The traffic police added that the drive will be continued.

Tirumala Townships LLP., has requested for approval of ayout to an extent of Ac.6.08 cts covered in Sy.Nos. 182/1P 2P,3,5,6P,7P,8,9,10,11&12 of Relli (V), Kothavalasa (M) Vizianagaram District vide online VMRDA-LAYOUT/APDPMS No 1167/0079/LP/VMRDA/2020 is under process in VMRDA.

Hence, the general public is hereby informed to submit any objections/suggestions in this regard 7 days from the date of publication to VMRDA pertaining to the above approval of layout application failing which it will be construed that there are no objections/suggestions etc., and the above approval of layout application will be processed as per rules.

Sd/-Metropolitan Commissioner, VMRDA

Call for immediate intervention to conserve marine resources

Former Union Energy Secretary EAS Sarma says industrial pollution and overexploitation of coastal resources are causing large-scale damage to turtles and other marine resources

HANS NEWS SERVICE VISAKHAPATNAM

FORMER Union Energy Secretary EAS Sarma raises concern over turtle and marine life conservation.

Appealing to Secretary to Ministry of Environment, Forests and Climate Change (MEFCC) RP Gupta and Chief Secretary Aditya Nath Das, Sarma said a letter was already dashed to the Union Environment Minister on national turtle conservation action plan, the large

scale damage to turtles and other marine resources taking place along Andhra Pradesh coast.

The damage is a result of industrial pollution and overexploitation of the coastal resources, he men-

Attaching images of carcasses of turtles and dolphins deposited along the coast of Srikakulam near Etcherla and Visakhapatnam near Bheemunipatnam, the former Union Energy Secretary appealed to the ministries concerned to in-

tervene with immediate effect. "I have received further information from the local fishing communities on the widespread damage of the

marine species extending south of Visakhapatnam along the coast," he said. Sarma laid emphasis on urgent interventions sans which there will be an irrevocable loss of the marine

Earlier, in his communication to MEFCC, Sarma stated how the local fishermen were dependent on the marine resources.

He appealed to the authorities that the Andhra Pradesh Marine Fishing (Regulation) Act, 1995 requires them to extend protection to traditional fishing activity in preference to mechanised fishing so as to permit the conservation of the marine resources. "Had the State enforced this law, it would have helped conserve the rare species such as turtles and dolphins," he added.

Need to spread equitable distribution of vaccinations

WHO and partners have learnt from the mis-steps in response to the 2009 H1N1 influenza pandemic1 and established the Access to COVID-19 Tools (ACT) Accelerator to promote equitable access to vaccines, therapeutics and diagnostics. Most low-income and middle-income countries (LMICs) face difficulties in accessing and delivering vaccines and therapeutics for COVID-19 to their populations. Multinational agencies, financial institutions, and wealthier countries should consider measures that could provide relief to indebted LMICs.

The World Bank, the International Monetary Fund, and others need to lead an international initiative to mobilise support for LMICs in need. Many LMICs do not have an established platform for vaccinating their adult populations. Although it is feasible to deliver COVID-19 vaccines to health-care and other frontline essential workers, in some LMICs it will be difficult to effectively reach and vaccinate with two doses all elderly populations and individuals with co-morbidities, given insufficient mechanisms to identify

The ultracold chain requirements of mRNA

COVID-19 vaccines are likely to be an insurmountable hurdle. The infrastructure for vaccination in many LMICs is already inadequate, as shown by the 19.7 million under-vaccinated infants globally. Strengthening the capacity of LMICs to do clinical trials and promoting LMIC participation in research are crucial. Tracking the safety and effectiveness of different COVID-19 vaccines over time in various populations and settings will necessitate improvements in pharmacovigilance.

Regulatory authorities in many LMICs need to be strengthened and could benefit from a programme of national and international support, as well as regional cooperation and reliance mechanisms. As part of internationally coordinated actions, Covid-19 technologies should be transferred to LMIC-based manufacturers, accompanied by regulatory guidance. Efforts to boost local manufacturing capacity in LMICs will contribute to equity, global solidarity and global health security. India and South Africa have called for the suspension of intellectual property rights related to Covid-19 vaccines to improve access for LMICs, a move now supported by many other countries, but opposed by the pharmaceutical industry, which cites the disincentive to innovation.

There are further challenges. Governments in LMICs with strong private health sectors, as those in high-income countries, will need to manage the inherent potential for inequity, whereby the rich could access Covid-19 vaccines before individuals with less access to private care who may be at increased risk of severe disease and death, such as older people and those with comorbidities. LMICs affected by war, civil conflict, economic crises, or natural disasters, or with large refugee populations or populations with special needs or vulnerabilities need additional support for vaccines and vaccination under extremely difficult operational conditions.

Re-examining global governance structures, including the UN and its Security Council, is much needed so that the voices and interests of billions of people in LMICs are better represented and recognised. Global support to multilateral institutions is essential to sustain their support to LMICs to facilitate vaccinations globally. The Covid-19 pandemic shows that no nation can stand alone. We are all part of a common humanity that requires us to respect our diverse experiences, cultures, and countries and forge partnerships that better serve the interests of all, as the health experts world over aver.

Upholding 'secrecy' in Lok Pal selection

and general ministration demands the transparency about any selection or recruitment for public office. The Department of Personnel and Training rules and Office Memo-

randa also guide the CPIOs to place entire record of recruitments and promotions and transfers in the public domain on their own.

Lok Pal is an anti-corruption institution which is supposed to decide the legal action on complaints of abuse of authority for gain in a transparent manner. Though law was passed in 2013, the NDA Government could not appoint the Lok Pal and Lok Ayuktas since 2014 till recently. The high-level committee headed by the Prime Minister will appoint Lok Pal and others, which is expected to maintain the minutes of meetings that has to be in public domain as per law and rules.

But, according to CIC order dated January 28, the CPIO of DoPT has denied the minutes of the selection process of Lok Pal. Though CPIO did not invoke any 'exception', but his denial was upheld by CIC as valid. The CIC wrongly quotes the two Supreme Court judgements and gives order exactly opposite to SC orders.

The CIC cited SC order 15th Feb 2019 in Anjali Bharadwaj v Union of India which directed disclosure of all details of appointment of Information Commissioners which was complied with by DoPT. But it denied sharing the minutes of Lok Pal appointment which was made by almost similar Selection Committee.

Another case cited is: Common Cause A Registered Society vs. Ajay Mittal[Contempt PET.(C) No. 714/2018 in W.P.(C) No. 245/2014] relating to the constitution of the Lok pal, wherein the SC said: "...So far as the prayer for putting the names recommended by the Search Committee in the public domain is concerned, we have considered the provisions of Section 4(4) of the Act and it is our considered view that no direction from the Court should be issued in this regard. Rather the matter should be left for a just determination by the Selection Committee as and when the meeting of the Committee is convened.'

A simple reading of Section 8(1)(b)would have been sufficient to know that disclosure of minutes was not prohibited by SC. Section 8(1)(b) says: information which has been expressly forbidden to be published by any court of law or tribunal or the disclosure of which may constitute contempt of court". This decision shows that Selection Committee if believes in

transparency should decide to disclose. There is no prohibition imposed by SC.

Appellant Anjali said the contempt petition was filed when despite the court's 2017 ruling, the Centre failed to appoint a chairperson and members of the Lokpal. She pointed out that Section 4(4) of the Lok pal Act which states that the Selection Committee shall regulate its own procedure in a transparent manner for selecting the Chairperson and Members of the Lok pal.

 $The \, Central \, Information \, Commission$ has affixed its seal to non-disclosure of minutes of the anti-corruption body allowing secrecy in appointment process much against the letter and spirit of Right to Information Act and good governance

Thus, selection process of Lok Pal is the 'secret' according to latest order of the CIC, most unfortunate. Secrecy breeds corruption. There are two tragedies: Lok Pal, which is expected to introduce transparency in all governance wings fights against transparency, the DoPT and CIC Saroj Punhani supports

Nowhere the order of CIC does support its conclusion that information sought 'confidential' 'secret' and 'fiduciary' in nature. One can find collegium conclusions in Supreme Court but not details of appointment of Lok Pal either from Lok Pal or DoPT. The CIC has simply listed the CPIO's illegal and illogical contentions and approved at the end, without giving any justification.

Anjali Bharadwaj has filed RTI application in November 2018 with the Department of Personnel and Training, seeking records related to the process of selection of the chairperson and members of the Lok pal.

Authorship: A new concept

The DoPT refused to provide a copy of the minutes of the meetings of the Selection Committee claiming the authorship of such documents which include 3-5 high level dignitaries does not vest in the Department of Personnel and Training and same have been shared as secret document. This raises fundamental question - who is the author of file of selection committee? It is neither poetry nor a story for someone to author it. Posts are advertised, applications are submitted, and selection committee conducts the process. None is author or owner of a file. Any file is built on application and ends with decision. Everyone who adds a comment is a contributor and each owns it. RTI recognizes holding the file not owning. And the DoPT which is nodal agency to implement RTI does not know it. Civil servants feel they are subordinate to DoPT and do not displease the boss.

The CIC has no jurisdiction or legal

When Cabinet decisions are disclosable along with entire material after decision was taken, how can any other body be considered as 'high level authority'? Is that committee higher in level than the Cabinet? How the 'level' of authority prevents the disclosability? The CIC should have answered these questions

provision to examine the authorship of 'file' and deny it without referring to any clause of exception. The CIC's judgment is a shock to RTI activists as it laid down a new precedent of rejecting the appeal though no exception is attracted.

Sealed cover: Sealing transparency

The CPIO thought that confidentiality of the said record can be gauged by the fact that the averred minutes of the Selection Committee were received in a sealed cover by the DoPT and that it had been presented before the Supreme Court too in a sealed cover. The CIC did not explain who and why the minutes was categorised as 'secret' and on what grounds? Is it CIC's new concept that sealing the cover itself is 'secrecy' and every post and courier that goes in sealed cover, should never be opened?

The Commissioner understood that the information belonged to Lok Pal and thus it was 'third' party information with DoPT, which was given in sealed cover. Perhaps CIC assumes that anything given in sealed cover is 'top secret'. It is a clear misuse of third-party provision as 'exception' though there are several judicial pronouncements that information could be denied only under Sections 8 and 9 of

It also exposed the CPIO's knowledge

of RTI, who thinks that consent of third party is needed. If that is so, why did he not consult Lok Pal, who might have consented for disclosure. It is pathetic that CPIO and first appellate authority of DoPT thinks that because third party is 'higher level" committee, the information should be totally 'secret'. The CIC did not bother to ask CPIO why he did not pursue the process of consulting third party. From CPIO of DoPT to CIC, an independent authority, they go by their own sense of transparency ignoring the RTI Act completely.

When cabinet decisions are disclosable along with entire material after decision was taken, how can any other body be considered as 'high level authority'? Is that committee higher in level than the cabinet? How the 'level' of authority prevents the disclosability? The CIC should have answered these questions.

Another wonderful idea of CPIO of DoPT floated was that minutes of a decision-making committee 'is holding it in fiduciary in nature' and hence should be denied. The CIC did not find it unreasonable and did not give any reasons.

The Government was never ready to constitute the Lok pal, though Act was passed in 2013. Even after the SC direction, the process did not begin. Only after contempt petition was pressed, the Selection Committee met. The Committee consists of the Prime Minister (Chairperson), Speaker of the House of the People, the Leader of Opposition in the Lok Sabha, the Chief Justice of India, or a Judge of the Supreme Court nominated by CJI and an eminent jurist, as recommended by the Chairperson and other members. As none was recognised as the Leader of Opposition (LoP) in the Lok Sabha after the 2014 elections, Committee met without the LoP and selected the Chair and other members of Lok Pal in 2019. The CIC, sadly, agreed with DoPT and Lok Pal in denying the information without reasoned application of any exception.

Design education for new millennials

PROF A BALASUBRAMANIAM

ESIGN education is changing," says the Design Guru Don Norman, Professor Emeritus, UC San Diego, and author of the famous book, 'Design of everyday things'. He further calls for a new paradigm in design education: "Design education has to move away from schools of art and architecture and move into the schools of science and engi-

neering. We need new kinds of designers, people who can work across disciplines, who understand human beings, business, and technology and the appropriate means of validating claims."

The reason for this simple. Design itself is changing and evolving: from a predominantly form-giving activity to a strategic problem-solving one. Design thinking is the new mantra for innovation. Technology institutes and Management firms are seen to invest more and more in Design. Millennials are advised to understand the changing scenario of the profession, as they embark on the journey for a career in Design.

Design education is responsible

Students of Design must understand that the profession needs to be responsible. From a merely form giving activity that was creating aesthetically interesting products, the profession of Product Design is now contributing to sustainable living by innovating with materials, technology and processes. Products that end up in landfills are frowned upon. There is also this growing concern for planet-friendly products as opposed to user-friendly products that pollute the earth. Curriculums are therefore being transformed to include sustainable production processes, eco-friendly materials and design projects focus more on helping humankind than create wasteful products.

Design education gets generic

There was a time when specialisations were the norm. Industrial Designers went on to specialise in Product Design, which progressed into Interior Product Design, and further into Bathroom Designers! Such specialisations are not working any more. Customers are happy to deal with Interdisciplinary designers who are generalists who can tackle a plethora of problems straddling different specialisations. Progressive Universities like JKLU have included Interdisciplinary Design programmes to cater to this requirement.

Design education is getting digital

The pen has been sacrificed for the stylus. The paper for screens. Designers have gone completely digital. There is therefore, this need for an urgent revamping of the course contents to make digital learning, online classes and bite-sized inputs. Take for instance, a discipline like Communication Design. All new programmes have extensive emphasis on the digital way of learning.

Design education is about co-creation

Designers used to work in silos, developing new products and patenting their innovations. There is, however, a new breed of designers who are open and develop products that include all the stake holders of the project. Co-creation is gaining ground and copy-left is the new normal. Design schools are now getting the millennials to collaborate on digital platforms, working across time-zones and developing solutions collectively for the problems of the world.

Design education is multi-disciplinary

Designers who learn in special institutes dedicated to design, miss out a multi-disciplinary approach to problem solving. Inputs in sociology, psychology, finance and management make design professionals more ready for solving real-life problems. Critical thinking and systemic thinking processes are taught in new institutes of Design for making them develop into a well-rounded professional.

JKLU for future-ready education

The future of design is all pervading. It has to cater to all sectors of the economy. The divisions and specialisations are blurring. The world is shrinking and one can no more afford to work in silos.

Designers will be expected to take on leadership roles and have to become more disruptive and innovative, responsible and inclusive. They should learn to cultivate empathy to cater to the last individual. Sustainability will become the mantra for the future of design. Imagination will become paramount and creativity will be the key to solving world's problems.

The Institute of Design JKLU is ready for the challenge. New curriculums are embedded with Communication and Critical thinking classes. Interdisciplinary Design is an option for the generalist designer. Communication Design programme is predominantly digital. Co-creation is the norm, as students from Technology, Management and Design get together for classes and projects. We are poised to bring about a new paradigm in design education. One that is contemporary and relevant for the new millennials. $\,$

Drains in Indore being turned into playgrounds for residents

SUNDEEP POURANIK

THIS Madhya Pradesh city, ■ which has been awarded the title of the country's cleanest city four times, is now converting open drains filled with garbage into playgrounds where cricket and football matches are being played.

The process from waste collection to its disposal has been given a new dimension in In-

dore by creating a new drainage model.

The form of the drains flowing in Indore is being transformed through the Sirpur Dhar Road to the Aam wali Pulia and the meeting of drains at Chandan Nagar.

Residents and large outfalls have been identified by the municipal corporation under the river-drain outfall taping work and after trapping these by laying down a sewerage line, the sewerage falling into the primary sewerage line of the city was stopped, causing the sewage flowing in the drains to now be transferred directly to the Sewage Treatment Plant. The corporation is doing plantation work on a large scale to beautify and protect the environment on both sides of the drain as well as taping it. Due to these efforts made by the Corporation for the Kanh-Saraswati river and purification of drains, the drain at Chandan Nagar has completely dried up.

A similar process has been followed from Shiv Nagar to Kailash Chaudhary Park Nagar, Virat Nagar, Udyog Nagar, Khatipura and Azad Nagar which meets the drain in the Kanh river. This drain has also dried up and at a particular place a football match was played after which a cricket match was also played there.

Municipal Commissioner Pratibha Pal said Indore is the first city where drain and sewerage water used to flow once, but now the entire drain has dried up as a result of sewer taping done under the 'River-Drainage Sanitation Campaign'. Where it was not possible to stand near these drains due to the stench and filth, a 'Nullah cricket match' was organized in the past few days.

Superintendent Engineer Mahesh Sharma and Gopal Jagtap of Institution 'Basics' said 'Hamara Nullah, Hamara Abhiyan' was started under which the drains are drying up and the residents are playing football and cricket there. Residents of Chandan Nagar also took an oath of maintaining cleanliness as well as not throwing any garbage and litter into the drains.

Civilised behaviour missing

YOUR editorial 'Cuss words the new normal' (15th Feb) aptly sums up the decadent state of ever-falling standards of public decorum among large number of our politicians. Not only in politics, even in our ordinary lives, cuss words seem to have become quite common, as frequently evidenced in street brawls, road rage cases, informal meetings and discussions. There is a general tendency to browbeat a person with a differing viewpoint with loudmouthed rhetoric, provocative gestures and even casting unwarranted aspersions.

Cutting across all sections of society, people generally have no qualms about calling each other names. Unfortunately, this malaise has even afflicted the average household, where arrogant behaviour seems to hold sway. It is high time that due primacy is accorded to polite and courteous behaviour in our day-to-day lives. These values need to be inculcated in children in right earnest in their infancy and both educational institutions and parents can play a highly pro-active role in this regard. In the state legislatures and Parliament, the speakers and leaders of different parties should keep a hawk's eye on the general behaviour of the elected representatives and take appropriate deterrent steps for curbing any deviant mannerism.

Amit Banerjee, New Delhi

India should maintain vigil in Ladakh

THE India-China agreement on disengagement at Pan-■ gong Tso in Ladakh is certainly a promising start towards peace. However, stabilising the borders could take a long time. The Indian and Chinese troops are expected

to stop their forward positions on either side of Pangong in a phased manner. The troops will have to return to the pre-April 2020 position. However, the surprisingly hasty decision of China to

withdraw its troops raises doubts about its intentions. What could have prompted China to take such a hasty decision? It is reasonable to assume that Beijing's strategic move is linked to the US factor of interfering in the Ladakh standoff. In spite of the attempts by both countries to end the row peacefully through dialogue, talks between the two sides remained in a state of complete deadlock.

The takeaways are clear here: China has been moving cautiously since the Biden administration took a decision on the China-centric Quad and indo-Pacific strategy. In the recent telephonic conversation between US President Joe Biden and Prime Minister Narendra Modi, both of them had reiterated their commitment to a strong India-US relationship. China's disengagement could be linked to deterring India from joining the US-led alliance. China wants to lessen the prospect of India partnering with the new administration to form an anti-China coalition.

It is a fact that earning US support is essential for India's standing up to China. China believes that if India-US relationship is further strengthened under Biden administration, it will reinforce the US-led alliance. Notwithstanding the fact that the disengagement is unquestionably positive, India must monitor the progress closely and press for the resolution of all remaining issues including the Depsang plateau.

Wanted a new law for exports NEW agricul-tural-law for

exports is required (not for corporates or brokers eating into farmers' profits). Everyone wants raise in salary / income. Why not farmers? Exports will avoid the main problem of accumulation of unsold / stationary stocks.

This way it is possible for the government to buy food grains from farmers for maximum support price / reasonable price and export the accumulated stocks. Also with profits from exports at hand, it is easy for government and farmers TEAM (with sharing of investment burden) to set up long-term warehouses / godowns to store the harvest, buy the vehicles to speedily transport the harvest to godowns to save it from sudden rains, possible are:- crop rotation, latest technology introduction etc.

Many suggest that private investment arrangement in production of crops will nullify loan taking by small farmers via mortgaging assets. In case of spoilt-crop, loss burden is reduced for farmer (as part of loss is shared by the private investor). Money-Amount burden for agricultural loans write off to farmers too gets reduced to government of India.

Madhav P, Secunderabad

BJP seeks NMDC lifeline for VSP

 State party chief and other leaders submit a petition to Union Steel Minister **Dharmendra Pradhan** with suggestions to better the financial condition of steel plant

VISAKHAPATNAM TUESDAY 16 FEBRUARY 2021

- It is suggested that the Centre can work out an MoU between NMDC and RINL for supply of iron ore on cost-to-cost or with marginal profit basis
- In the letter to the Union Minister, State leaders explain the historical, socio-economic significance of the project

HANS NEWS SERVICE New Delhi

A delegation of the Andhra Pradesh BJP unit led by its president Somu Veerraju and comprising former Union minister D Purandesawari, former MLA P Vishukumar Raju and MLC P V N Madhav met Union minister for steel, Dharmendra Pradhan here on Monday and urged him to revisit the decision to privatise the RINL (Visakhapatnam steel plant). They said a SWOT (Strengths, Weaknesses, Opportunities and Threats) analysis of the plant would reveal that it would be an excellent profit-making unit which had also an emotional connect with the Telugus.

According to TTD sources the de-

He said Visakhapatnam Steel Plant was initially envisaged with an installed capacity of 3 MTPA (million tonnes per annum) in 1992 and subsequently expanded to 7.3 MTPA without any budgetary support from the Centre. All this was despite the fact that the RINL was disadvantageously positioned compared to its rivals vis a vis access to captive iron ore mines thus incurring an additional expenditure of Rs 5,000 per tonne production.

The plant had a land bank of 20,000 acre and losing such a treasure was ill-advised, he argued. More than 60 villages had to be evacuated to acquire land in the past, he said to buttress his point.

Other office bearers of the AP Unit of the party too are signatories to the letter.

Common pilgrims availing offline free darshan token have to wait for days for darshan

tails of the pilgrims who had darshan of Lord in the last three days are 48,846 on February 12 which jumped to 54,134 on February 13 and further increased to 56448 on February 14.

SEC urged to banish anti-social elements

from Kuppam

- TDP chief in a letter to the poll panel points to attempt on life of **Congress leader** Suresh Babu in Pacharlapalli village
- Demands release of **TDP** sarpanch candidate and other leaders in Avulavaripalem village in Krosuru mandal of Guntur district

HANS NEWS SERVICE MANGALAGIRI

TDP national president N Chandrababu Naidu on Monday demanded the State Election Commission (SEC) to take step to banish troublemakers and outside miscreants from the villages in Kuppam Assembly constituency in order to ensure a free and fair panchayat election.

Naidu said that on February 14, an attempt was made on the life of District Congress Committee (DCC) president Suresh Babu at Pacharlapalli village in Gudupalle mandal by a miscreant with knife. The attacker has attacked four other people also when they were trying to protect Suresh Babu. The Opposition leaders were being attacked with an ulterior plan to demoralise them in the panchayat elections, he alleged.

Naidu said that the State Election Commission (SEC) should act swiftly and ensure that the gram panchayat elections being held on February 17 would be conducted peacefully in a free and fair manner. For this, additional protection forces shall be deployed and all the non-bona fide outsiders should be sent out of villages in Kuppam Assembly segment. Simultaneously, inquiry shall be conducted into the presence of anti-social elements and miscreants in villages and action be taken against the culprits.

In a separate statement, Naidu condemned the arrest of the TDP sarpanch candidate along with some others in Avulavaripalem village in Krosuru mandal in the Guntur district on false charges and demanded their immediate release.

HC suspends SEC order on delivery vehicles

- Says the State Election Commission can't stop vehicles supplying food to the people
- The SEC earlier suspended ration door delivery vehicles for 4 weeks in rural areas in view of Model Code

AMARAVATI

IN a major relief to the state government, the Andhra Pradesh High Court on Monday suspended the State Election Commissioner (SEC) Nimmagadda Ramesh Kumar's orders restricting rice door delivery service during the ongoing elections.

The court said the State Election Commission (SEC) cannot stop the government from using mobile delivery vehicles to supply food to the people.

Earlier, the SEC ordered that the government cannot use these mobile vehicles for a period of four weeks, in view of the ongoing rural local bodies' elections.

The SEC personally examined a delivery vehicle to see if these vehicles will allegedly exert any influence on the polls as they would fan out across the nooks and corners of the villages, carrying ration rice for beneficiaries.

Many decisions of Ramesh Kumar are being challenged in the court by the state government and there seems to be no end to the bickering between the state and the SEC.

Earlier, he issued a gag and home confinement order on panchayat raj minister Peddireddi Ramachandra Reddy which was also suspended by the court but

Kodali Nani's house motion plea posted to tomorrow

- HC seeks video clippings of Minister's comments
- To appoint a senior advocate as amicus curiae to assist in this case

AMARAVATI

THE AP High Court posted the hearing on house motion petition filed by civil supplies minister Kodali Venkateswara Rao (Nani) to Wednesday, February 17.

It may be noted that the State Election Commission (SEC) issued show-cause notice and a gag order on him for his remarks on the commission as well as State Election Commissioner Nimmagadda Ramesh Kumar last week. The SEC also directed the Krishna district SP to register a case on the minister.

In this regard, the minister

with some riders.

The court is also poised to hear a case on civil supplies minister Kodali Sri Venkateshwara Rao, against whom the SEC ordered a filed House motion petition. When the advocates of the both the parties explained their stand to the court, the court observed that the case should be examined in detail and posted the next hearing to Wednesday. The court said that it would appoint a senior advocate as amicus curiae to assist it in this case. It ordered the petitioner to submit necessary video clippings. The court also directed the advocate of SEC to submit video tapes of the minister's comments by Wednesday.

The SEC advocate appealed the court to take action after examining the video clippings of the minister's press meet. He said that the minister used objectionable language towards

The court observed that it cannot decide on the case without examining the video clippings of the minister's press meet.

case to be registered.

The commission has already successfully completed two phases of rural local bodies elections, even as two more are due.

IS STEEL PLANT SALE JUSTIFIED?

The proposal of Union government to privatise over Rs 20,000 crore turnover company - Visakhapatnam Steel Plant (VSP), the biggest eco-friendly industry in the entire Southern India, is unfair and unacceptable to the people of Andhra Pradesh. Instead of helping the modern temple to survive, it appears that the Centre has kept an eye on its huge land bank that extends around 22,000 acres. Time has come for Andhra people to show their fighting spirit and save the company from privatisation.

Chief Minister YS Jagan Mohan Reddy should play a vital

role in protecting the plant from privatisation. The CM should demonstrate fighting spirit and courage in saving the plant as was done by his father Dr YS Rajasekhara Reddy in case of Hindustan Shipyard and BHPV, the oldest industries in Vizag. If the CM succeeds in saving the plant from privatisation, he will remain in the hearts of Andhra people forever.

Rtd PR and Communications Senior Executive of RINL

The Forum of Legal Professionals strongly opposes the proposed privatisation of Visakhapatnam Steel Plant by the Union government. Instead of handing over the steel plant to private parties, the focus should be on seeking solutions to help the unit tide over the financial crisis. Government-controlled units like SAIL, NMDC and other mining firms should come together to make do for the shortcomings. The loans taken by the steel plant have to be rescheduled and there must be capital infusion by both the Central and State governments in order

to return to normalcy. A holistic approach is the need of the hour. The forum of legal professionals will render all the support to see that the Centre's proposal of privatisation is dropped.

Kuppili Muralidhar, president of Forum of Legal Professionals

here is no need to privatise the Vizag Steel Plant as it has been doing well in recent months. The plant was set up with an objective of strengthening public sector in the country. But now the situation is different with the Modi government gradually stepping aside from the responsibility of developing the public sector.

G Lalith Bhargay, contract employee, Tirupati

hat the Central government deciding to privatise Visakhapatnam Steel Plant, one of the Navaratna public enterprises, is unfair. It is not a white elephant to get rid of, but a golden goose which is starved and deserves to be taken care of. It has no own captive mines for uninterrupted supply of raw material. It has been on the path of expansion. So the ongoing losses cannot be shown as acause to prove it a losing enterprise. It can be turned around into a profit-making entity with a little help and political resolve. Of course, to strengthen the public sector would be the right step in the direction of Atmanirbhar Bharat.

D D V G Sankara Rao,

TDP TO STAGE STATE-WIDE STIR FOR VSP ON FEB 18

HANS NEWS SERVICE MANGALAGIRI

TDP national president N Chandrababu Naidu on Monday called upon his party leaders and cadres to take part in massive protests all over the state on February 18 to denounce the privatisation of the Visakha Steel Plant (VSP).

Naidu stressed the need for waging a relentless agitation against the ruling YSRCP secret plans in the deal with the South Korean company, POSCO. It was only to save himself from his illegal investments cases that Chief Minister Y S Jaganmohan Reddy was bent on handing over the steel plant to private hands, he alleged.

In a statement here, the former

- Party national president accuses Jagan of privatising VSP to save himself from cases
- Alleges that the CM has set his sights on steel plant surplus lands

chief minister asserted that their party would do everything possible to prevent the state government from carrying out its nefarious designs any further. Protest rallies would be or-

ganised from village to state level. He alleged that the Chief Minister had apparently struck a secret deal with POSCO only to grab the surplus lands of the VSP which have got a

very high value in the market. "Out of his unquenchable thirst for personal gains only, the Chief Minister was prostrating before the Centre with respect to the steel plant issue," he said.

Naidu deplored that in the name of privatisation, the steel plant has been weakened without trying for mines exclusively meant for it. The people of the state achieved the

industry after fighting a prolonged struggle in the past. Once again, it was for the whole people of AP to agitate and save the steel plant from all future threats. It was high time to teach a strong lesson to the ruling YS-RCP, he said. Naidu said that the VSP was protecting the livelihoods of over 40,000 people directly and another 50,000 workers indirectly.

The company is the largest outreach platform for schools with an ecosystem of 13,000 schools, driving partnerships with 5,000 schools covering 4 million students. Shaikha Dana Nasser Al-Sabah, chairperson, UEC, said: "We are excited to partner with Eupheus Team as they continue their journey in fast-growing EdTech market with their innovative and differentiated offerings".

Centre may put 4 banks on sale

HANS BUSINESS

New Delhi

THE central government has shortlisted four mid-sized state-run banks for privatisation, under a new push to sell state assets and shore up government revenues, Reuters news agency reported quoting three government sources.

Privatisation of the banking sector, which is dominated by public sector banks (PSBs) with hundreds of thousands of employees, is politically risky because it could put jobs at risk, but Prime Minister Narendra Modi's administration aims to make a start with second-tier banks, the report said. The four banks on the shortlist are Bank of Maharashtra, Bank of India, Indian Overseas Bank and the Central Bank of India, two officials told Reuters on condition of anonymity as the matter is not yet public. Two of those banks will be selected for sale in the next financial year which begins in April, the officials said. The shortlist has not previously been reported.

The government is considering mid-sized to small banks for its first round of privatisation to test the waters. In the coming years it could also look at some of the country's bigger banks, the officials said.

The government, however, will continue to hold a majority stake in

PSB SALE LIST

- Bank of Maharashtra
- Bank of India
- Indian Overseas Bank Central Bank of India

Privatisation of the banking sector, which is dominated by public sector banks (PSBs) with hundreds of thousands of employees, is politically risky because it could put jobs at risk

India's largest lender State Bank of India, which is seen as a 'strategic bank' for implementing initiatives such as expanding rural credit. A finance ministry spokesman declined to comment on the matter.

India's deepest economic contraction on record caused by the pandemic is driving the push for bolder reforms, economists say. Government also wants to over-

haul a banking sector reeling under a heavy load of non-performing assets, which are likely to rise further once banks are allowed to categorise loans that soured during the pandemic as bad. PM Modi's office initially wanted four banks to be put up for sale in the coming fiscal year, but officials have advised caution fearing resistance from unions representing the employees, the report added.

Demand for completed flats rise in 2020: Survey

New Delhi

DEMAND for completed residential properties is rising compared to that for under-construction flats, as the share of ready-to-move-in homes in the total housing sales in 2020 rose to 21 per cent from 18 per cent in the previous year, according to News Corp-backed realty brokerage firm PropTiger.

A total of 1,82,640 units were sold in the 2020 calendar year, of which 21 per cent were in the RTMI (ready-to-move-in) category and 79 per cent were under-construction, PropTiger said quoting its Real Insight report for 2020. In 2019, a total of 3.47.590 units were sold of which 18 per cent were RTMI, it said in a statement. PropTiger research found that the share of RTMI in the total sales has been on the rise since 2016.

The share of RTMI in total sales during 2015 was 7 per cent, which increased to 10 per cent in 2016, 12 per cent in 2017, 15 per cent in 2018 and 18 per cent in 2019, the statement said. "Risk-averse home buyers are increasingly opting for readyto-move-in flats. Even in underconstruction properties, the preference is towards branded developers or those with an impeccable track record of execution," said Dhruv Agarwala, Group CEO, Housing.com, Makaan.com PropTiger.com.

Sensex hits 52,000 mark on global cues

Rallies 610 points as investors pile

into banking, finance stocks

THE Sensex rallied 610 points to finish above the 52,000-mark for the first time while the Nifty soar past 15,300 on Monday as investors piled into banking and finance stocks amid a bullish trend overseas.

MUMBAI

Supportive macroeconomic data and unabated foreign fund inflows added to the momentum, traders said. After touching a record high of 52,235.97 during the day, the 30-share BSE Sensex ended 609.83 points or 1.18 per cent up at its new closing peak of 52,154.13. Similarly, the broader NSE Nifty soared 151.40 points or 1 per cent to finish at a record 15,314.70. It touched an intra-day peak of 15,340.15. Axis Bank led the Sensex gainers' chart, climbing 5.88 per cent, followed by ICICI Bank, Bajaj Finance, SBI, IndusInd Bank, HDFC, Bajaj Finserv and HDFC Bank. On the other hand, Dr Reddy's, TCS, Tech Mahindra, HUL, Asian Paints and Titan were among the laggards, sliding up to 1.77 per

"Indian market opened on a positive following upbeat peers in Asia as Nikkei 225 crossed

30,000 for first time in more than three decades with Japan's economy growing 12.7 per cent on an annualised basis in October to December last year," said Narendra Solanki, Head - Equity Research (Fundamental), Anand Rathi. Meanwhile, the wholesale price-based inflation rose sharply to 2.03 per cent in January on costlier non-food manufactured items. Indicating some signs of recovery, industrial production recorded a positive growth of 1 per cent in December while retail inflation cooled to a 16-month low of 4.06 per cent in January, as per data released post market hours on Friday. Sector-wise, BSE bankex, finance, realty, industrials, telecom and healthcare indices rallied up to 3.31 per cent, while IT, consumer durables,

metal and teck ended in the red. Broader BSE midcap and smallcap indices surged up to 1.40 per cent. Elsewhere in Asia, bourses in China and Hong Kong were closed for the Lunar New Year holidays, while Tokyo and Seoul ended with strong gains.

The objective is to also enable clients to draw deep insights and predictive analysis in real-time to uncover new business opportunities, increase operational efficiencies, empower employees, and offer a better experience to their customers.

NCDEX set to launch Hi-pro soybean meal **futures tomorrow**

New Delhi

LEADING agri-commodity bourse NCDEX on Monday said it will launch futures trading in animal feed 'Hi-pro soybean meal' on February 17. The futures contracts in Hi-pro soybean meal, expiring in the months of March to September will be available for trading at the time of the launch. The contract will have a trading and delivery unit of 10 tonne. The basis centre and additional delivery centre for the contract would be Indore in Madhya Pradesh and Latur in Maharashtra, respectively, the exchange said in a statement. Hi-pro soybean meal is an animal feed with the high protein content of 50 per cent or more as compared with around 46 per cent in normal soymeal.

With the launch of Hi-Pro sovbean meal contract, NCDEX Managing Director and Chief Executive Officer Vijay Kumar said the exchange has achieved a key milestone of having all the major tradeable products in soybean complex on the derivatives platform.

Sreemukhi promotes Luvih cosmetic retailer

HANS BUSINESS HYDERABAD

NEW retailing brand Luvih has on Sunday forayed into beauty products retailing business. Luvih means beauty in Sanskrit. Promoted by noted anchor and actress Sreemukhi, Rasgau International, which owns Luvih brand, will initially sell perfumes in the outlets. Soon the company will introduce beauty, grooming, haircare products. Sreemukhi is also the brand ambassador for the product.

Perfumes from 80 brands including 40 international brands will be available. They are priced from Rs 299 to Rs 7,500. During the first year of its operations. Luvih will introduce 10 global perfume brands for the first time in India. A total of 300 products will be on sale. Products of 110 brands will be available online as well.

"I have been thinking of setting up a business for quite some time. I have now got partners who understand my thoughts. The experience they have in retail business will help Luvih brand. Demand for perfumes

(From left) Rasagau International Directors Tirupati Rao Vojja, Srikanth Avirneni, Sreemukhi and Vijay Adusumilli, launching the brand

and other cosmetics is on the rise in villages too. My objective is to provide self-employment opportunities for the youth through franchise, with small investment," said Sreemukhi, Director, Rasgau International, V Tirupati Rao, Srikanth Avirneni and Vijay Adusumalli are the other company directors.

Luvih has signed an agreement with Linen House, which sells linen garments, for setting up shop-inshop outlets. These outlets will be opened in 23 outlets of Linen House located in Telangana, Andhra Pradesh and Karnataka. The brand is also talking to other retail chains for shop-in-shop outlets.

Israeli firm signs deal to transfer crop breeding programme

HANS BUSINESS HYDERABAD

NRGENE, an Israeli genomics artificial intelligence (AI) company, on Monday signed an agreement with Indian seed genetics startup Foragen Seeds to transfer its India-based, eightyear-old crop breeding programme of maize, rice and chillipepper to the latter.

This agreement is to advance the field breeding programme of elite seed development and product commercialisation in India. NRGene has carried out broad molecular breeding projects for the Indian market. The germplasms and breeding materials will significantly help in developing a robust commercial product pipeline suited to the various climate zones in India and other tropical and sub-tropical countries. "We look forward to see our elite germplasm cultivated across India, providing Indian farmers with extra yield and quality," said Dr Gil Ronen, NR-Gene CEO.

The following are the large and

medium scale industries that are

A Raju MAHABUBNAGAR

PALAMURU region of erstwhile Mahabubnagar district is unfortunately known for its backwardness, and large migrating labor population since past many decades, however, ever since the beginning of open economy and industrial liberalization in 1990s onwards, the industrial sector in the district has been moving on a fast track, where in hundreds of large, medium and small scale industries have set up their manufacturing bases across various parts of the district and have been providing employment to the local population sine past over 3 decades now.

However, the industrial growth in Mahabubnagar had further accelerated ever since the establishment of the green filed Industrial Park Special Economic Zone (SEZ), an exclusive pharmaceutical and allied industrial hub at Jadcherla, in the year 2008. To begin with, the erstwhile Mahabubnagar district's industrial sector which was initially given the push 3 decades ago has established various small, medium and large scale industries in various parts of the district. The most prominent among all these industrial zones is the Kottur Industrial Development Area (IDA), which was established during 1990s on wards. This industrial area had grown at a rapid pace in the district and it is spread over

Palamuru fast picking up industrially

District offers umpteen opportunities for investors

more than 180 acres in the Kottur Mandal of erstwhile Mahabubnagar district. Apart from Kottur IDA, there are 5 other important industrial zones that came up subsequently which include one Industrial Estate in the district located at Mahabubnagar and 4 Industrial Development Areas at Kottur, Jadcherla, Palem, and Gadwal. Almost all plots, sheds and shops that have been developed are allotted to the entrepreneurs except in Gadwal. All these industrial areas have

brought in a sea change in the overall outlook of the erstwhile Mahabubnagar district, where in, lakhs of people who used to migrate for livelihood could now earn their living due to the employment opportunities available for the local people in these industries.

As per the latest statistics available from the district industries department there are at present 60 Large and Medium Industries in the sectors of basic metals, fibre glass, pharmaceutical formulations, particle board manufacturing, poultry, and textiles. In addition to this, there are over 3,308 registered small scale / tiny industries with an overall in-

vestment of Rs 154.10 crore. It is estimated that all these industries provide employment to more than 50,000 people in the district.

The main reason for the fast pickup of industrial sector in the erstwhile Mahabubnagar is its proximity to Hyderabad city and the international airport located at Shamshabad in Ranga Reddy district, adjoin erstwhile the district

With the establishment of the airport, it has enhanced the establishment of export oriented units in the district. "Erstwhile Mahabubnagar had attracted a large scale, national and international companies to its industrial areas. Particularly, the Pharma SEZ at Jadcherla and upcoming small and medium scale industries elsewhere in the district has really changed the face of the Palamuru region. From being negatively labeled as a labor migration district, today we are witnessing reverse migration to the district, where in hundreds and thousands of people from other states are coming to Mahabubnagar in search of livelihood.

However, apart from the existing industries, the district has ample opportunities to attract investors in various sectors like agro based industries, food processing industries, fiber and cement manufacturing industries, steel manufacturing industries and others," said Sdistrict collector S Venkat Rao.

Mega projects

ITC Limited had proposed to established a 2 lakh ton ECF Pulp Mill and 92 lakh ton coated wood free paper machine in area of about of 1,000

hectares. The proposed cost of entire project is Rs 2500 crore. The Plant requires 21 cusecs of water for day throughout the year. Land has been identified in Gadwal, Pebbair, Makthal and Maganoor mandals of Mahabubnagar district. The suitability of the land for the project has to be finalized by M/s ITC Limited.

Grasim Industries Limited, an Aditya Birla Group company, which is a leader in the field of textiles, having a turnover of Rs.25000 crore per annum has proposed to establish a polyfibre unit in Mahabubnagar district. The project is proposed to be implemented in three phases with total outlay of Rs 2100 crore. The project requires an area of around 1,000 acres. The land identification for the project is under process.

coming up newly in Mahabubnagar and they have already filed for single window clearances system for obtaining various clearances/approvals from different department. These industries are under active implementation and are likely to go into operation shortly. Some of these ininclude, Hoffamann International Limited located at IDA, Kottur, high security vehicle registration plates making, Abhedya Industries Ltd located at Kottur, makers of all types of BOPP filters, Dayakar Sugar (P) Ltd., at Balakistapur village, Binjusaria Sponge and Power (P) Ltd at Shadnagar, Sponge Iron, pig iron makers, Bilasraika Sponge Iron India Pvt. Ltd., at Gundla Potkapally in Balanagar mandal, Indo American Paper Products Limited, at Nandigaon in Kothur mandal, Surva Jyothi Spinning Mills Ltd., at Maktal, M.S.Ingots, Steel Toling Sponge Iron, Kedia Alloys Ltd, at Thimmapur, GVK Novopan Inds. (P) Ltd and various other industries have established bases in Mahabubnagar district.

Apart from the above industries, one more mega industry is coming up in State - Jai Raj Ispat Limited. Announcing its decision to set up a steel plant in Dharur mandal of Gadwal in the district. The proposed steel plant will come up in 250 acre land in the southern region of the district.

BJP to expand base in Nepal, Lanka: Oppn slams Tripura CM's statement

'When Home Minister was the BJP's national president, he during a meeting with us in Agartala had said that we have extended our base across India. Party's philosophy enlarged to many Asian and African countries'

AGARTALA

OPPOSITION Left parties and Congress on Monday criticised the BJP leadership after Tripura Chief Minister Biplab Kumar Deb's reported comments to extend the base of the saffron party in Nepal and Sri Lanka.

The opposition parties said that the ruling Bharatiya Janata Party's plan and target to expand its base in Nepal and Sri Lanka are against India's foreign policies and these cannot be done as the two countries are sovereign nations.

Deb while addressing a party meeting here on Saturday reportedly quoted Union Home Minister Amit Shah, and said: "When Home Minister was the BJP's National President he during a meeting with us in Agartala had said that we have extended our base

across India. Now we have to go to Sri Lanka and Nepal." The Chief Minister said that the BJP would form government in West Bengal. Kerala, Tamil Nadu and the party would remain in power in Tripura for 30 years as the CPI-M would be finished in the next assembly elections in 2023. "The BJP is the largest party in India now. It has maximum numbers of MPs, MLAs and other elected members," Deb said. The BJP, however, also supported the Chief Minister's views. Party spokesman Nabendu Bhattacharjee said that not only Sri Lanka and Nepal, the BJP's philosophy is being extended in many Asian and African countries. "Our targets and plans are not to form governments in those states. Our "Pracharaks" (functionaries)

are broadening BJP's philosophy and belief in those states. If the people of those countries accept our principles and viewpoints then the future course of action would be shaped," Bhattacharjee told the media on Monday.

Sharply criticising the Chief Minister's announcement, Communist Party of India-Marxist central committee member Jitendra Chowdhury said that Deb's speech is a combination of arrogance and ignorance.

Chowdhury, a former Tripura Minister, said that Deb's speech in a public forum portrayed the approach and method of governance that was prevailing in Tripura after the BJP-IPFT (Indigenous People's Front of Tripura) alliance came to power three years ago. "The BJP-led

governments both at the Center and the states have forcefully muted all kinds of civil liberties, freedom of speech and all pillars of democracy while a total law-lessness has been prevailing in Tripura.

"It has been revealed further from Deb's speech that the top brass in BJP is engaged in the internal affairs of our neighbouring countries, which is contrary to our long cherished foreign policy since independence," the veteran tribal leader and former Lok Sabha member said. He alleged that it is extremely unfortunate that this same BJP and their governments have brought sedition charges against the innocent citizens to silence the dissent voices, and octogenarian Varavara Rao, Gautam Navlakha and teen ager Disha Ravi like people are not spared.

96% Covid warriors skip 2nd dose

'7,668 beneficiaries received the second jab, which is just 4 per cent of the over 1,91,000 healthcare workers who received their first dose on Jan 16'

New Delhi

IN what could eventually become worrisome, 96 per cent of Covid Warriors have not been turning up for the second dose of the Covid-19 vaccine.

On Saturday, 7,668 beneficiaries received the second jab, according to the provisional data released by the Union Health Ministry, which is just 4 per cent of the over 1,91,000 healthcare workers who received their first dose on January 16, according to News18 report.

The two vaccines that have been cleared for used in India – Covishield and Covaxin – require that two doses be given 28 days apart. However, as per the recommendation of the apex drug regulator, the doses can be taken within a window of four to six weeks.

The government has set a deadline of March 1 to complete the vaccination of the frontline workers across the country, with a five-day period for "mop up" activity to vaccinate those who might have been missed out, said joint secretary of the Union health ministry, Mandeep Bhandari. For healthcare workers, the deadline is February 20.

India has been recording a steady decline in the number of daily new deaths since October 1, 2020, while the national recovery rates amongst the highest in the COVID-19 VACCINE

'Vaccination for above 50 in 3 weeks'

NEW DELHI The Union government will begin vaccination drive for around 27 crore Indians above the age of 50 three weeks from now, Union Health Minister Harsh vardhan said on Monday.

"Three weeks from now, the government will start giving doses of coronavirus vaccines to 27 crore persons above the age of 50," he said at a press briefing here. An expert group on vaccination will discuss how to pay for the doses for those above 50, he added.

Maha Minister bats for 3T formula

Aurangabad: The "3T formula" of tracing, testing and treatment will have to be implemented strictly to tackle a rise in COVID-19 cases in some parts of Maharashtra, state health minister Rajesh Tope said . Talking to reporters, Tope said the state government had managed to flatten the curve in the last one month as far as daily addition of cases was concerned, but a recent rise in numbers in Mumbai, Wardha and some other pockets was "alarming".

world, the Union Health Ministry said on Sunday. "Since 1st October 2020, the nation has seen an unabated decline in Case Fatality Rate. The Case Fatality Rate today stands below 1.5 (1.43 percent). India's Case Fatality Rate is one of the lowest in the world," it said. The recoveries have surged to 1,06,11,731 with 11,016 patients getting discharged in a span of 24 hours. "India's Covid-19 recovery rate of 97.31 per cent is amongst the highest in the world. The difference between the recovered and active cases has grown to 1,04,74,164 as on date," the ministry highlighted.

Meanwhile, the night curfew, currently in force in four major Gujarat cities, including Ahmedabad, to stem the COVID-19 spread, was on Monday extended till February 28, officials said. However, in a concession to people, the curfew from now on in Ahmedabad, Surat, Vadodara and Rajkot will be in force between midnight and 6 am instead of the earlier 11pm to 6am, they added.

The Centre on Monday approved the proposal of the Press Information Bureau's journalist welfare committee to provide as financial relief Rs 5 lakh each to families of 39 journalists who died due to the coronavirus, a panel member said. The government has earmarked an additional fund for this purpose for the Journalist Welfare Committee (JWC), and journalists from across India will be covered under the scheme.

TDP State president K Atchannaidu speaking at the party office in Visakhapatnam on Monday

Atchannaidu calls for concerted efforts to save VSP

- Says MPs, MLAs should be prepared to resign from their posts for the cause of the steel plant
- If the ruling party MPs resign, the TDP will not contest in the by-elections, he says
- TDP national president
 N Chandrababu Naidu to visit
 Vizag today and express

 Palla Srinivasa Rao who
 is on an indefinite hunger
 strike opposing the
 privatisation of VSP

HANS NEWS SERVICE VISAKHAPATNAM

THE MPs and the MLAs should be prepared to resign from their posts in order to save Visakhapatnam Steel Plant (VSP) from privatisation, TDP State president K Atchannaidu said. Speaking at the party office here on Monday, Atchannaidu called for a concerted effort to protect VSP from privatisation.

Despite the agitation growing intense, Atchannaidu pointed out that Chief Minister YS Jagan Mohan Reddy did not visit Delhi to help address the issue. "TDP chief N Chandrababu Naidu is paying a visit to Visakhapatnam on Tuesday and will meet former TDP MLA Palla Srinivasa Rao who is on hunger strike for the past six days," said the TDP State president.

Further, he said, the TDP leaders will extend support to the Chief Minister if he leads the agitation forward. "If the MPs resign for the sake of VSP, the TDP will not contest in the by-elections," he added.

Atchannaidu alleged that the Chief Minister is responsible for the VSP slipping into the private sector. Former Home Minister N Chinarajappa and other TDP leaders were present.

15 killed after truck overturns in Jalgaon

JALGAON

Fifteen people were killed and five others injured after a truck carrying labourers overturned and fell into a roadside pit in Maharashtra's Jalgaon district in the wee hours of Monday, police said. The accident took place near a temple in Kingaon village around 1 am when the papayaladen truck was on its way to Yawal tehsil in Jalgaon from Dhule, an official from Yawal police station said. The deceased included two children, aged 3 and 5 years, and a 15-year-old girl. A 14-year-old boy, who was sleeping on top of the truck, escaped unhurt, the official said.

SC slaps notice on WhatsApp, Fb

Continued from P1

In Europe, it is different because they have a special law," he argued. Solicitor General Tushar Mehta, representing the Centre, said the right to privacy was a fundamental right and they cannot compromise with the privacy of people.

Divan cited that WhatsApp had already delayed the implementation of its new privacy policy till May 15 this year and sought a notice which is returnable before this date. The bench said it is impressed with Divan's submission that while the Data Protection Bill is about to be brought into force, WhatsApp is framing a policy to share data. Datar also said that the messages were encrypted end to end.

The top court directed What-sApp and Facebook to file their statement contesting the contentions in the present application. The Chief Justice told the WhatsApp counsel that people thought if a message was sent from a person to another and then to a third person, the whole thing was disclosed to Facebook.

As counsel contended that this is not happening, Chief Justice Bobde disagreed, saying that they are telling information heard and read through news reports, and if WhatsApp disagrees, it should clarify this on oath.

Chief Secretary Aditya Nath Das reviewing arrangements for Southern Zone Council meet to be held at Tirupati on March 4, with officials on Monday.

CS reviews Southern Zonal Council meet arrangements

HANS NEWS SERVICE AMARAVATI

CHIEF secretary Aditya Nath Das on Monday conducted a review meeting on arrangements for Southern Zonal Council meeting scheduled to be held in Tirupati on March 4.

Union home minister Amit Shah will chair the 29th Southern Zonal Council meet in which over 100 representatives from Telangana, Karnataka, Kerala, Tamil Nadu, Pondicherry, Andaman Nicobar and Lakshdweep islands will participate.

The chief secretary directed the Chittoor district collector, superintendent of police and protocol officials to finalise the Union Home Minister Amit Shah to chair the meet on March 4, to be attended by representatives from Telangana, Karnataka, Kerala, Tamil Nadu, Pondicherry, Andaman Nicobar and Lakshdweep

 District Collector and SP told to finalise the venue and inform the guests

venue for the meeting at Tirupati and inform the guests. He asked the officials to make necessary arrangements for Tirumala darshan for the guests.

The chief secretary said the

officials should take necessary Covid precautions and make arrangements to supply masks and safety kits to the participants of the meeting. He said necessary arrangements should be made including Wi-fi and internet facility for the media persons covering the programme. He said a liaison officer should be appointed to coordinate with various departments for the success of the programme.

State reorganisation committee secretary L Premachandra Reddy, Addl DGP Ravisankar Ayyannar, principal secretaries T Krishnababu, Kumar Viswajit, Assembly secretary Balakrishnamacharyulu and IT officials were present.

CM stresses on affordable plots to middle class

 Officials propose construction of ring roads around towns

Smart town layouts will

come up around ring roads
Govt to start Clean Andhra
Pradesh programme with
a100-day action plan to
keep the state clean

HANS NEWS SERVICE AMARAVATI

CHIEF Minister YS Jagan Mohan Reddy suggested changes in the proposals made for providing infrastructure facilities in smart

townships.

In a review on solid waste management and urban housing at his camp office in Tadepalli on Monday, the Chief Minister said the goal was to provide high living standards to middle class people and directed the officials to provide undisputed and clear-titled plots with all the required permissions at affordable prices on nonprofit basis to them.

The officials discussed with the Chief Minister several town plans already being implemented in various states and also how to create land bank for the scheme and develop infrastructure.

The Chief Minister said providing plots at affordable prices to middle class people is a continuous process and plans should be made to provide plots to eligible beneficiaries as and when they apply. The officials laid proposals for building ring roads around the

towns. The designs of roads should be such that both the government and people who give land for the construction should be benefitted and smart towns' layouts should come up around the ring roads. It was decided initially to develop 18 layouts in 12 towns. The proposals are made for designing smart towns of at least 25 acre to 200 acre, depending on the population of cities and towns. The plan is to prepare the layout within 18 months after works start.

The government will start Clean Andhra Pradesh (CLAP) programme with a100-day action plan to keep the state clean. Plans are afoot for NGOs and public participation in the programme which will have 3,825 garbage collection vehicles, more auto tippers, and over 6,000 bins and waste management systems in municipalities. The Chief Minister said to start bio-mining and there should be change in cleanliness in the state with these programmes.

Municipal and urban development minister Botcha Satyanarayana, Solid and Liquid Waste Management Task Force chairman Alla Ayodhya Ramireddy, municipal and urban development principal secretary Y Srilakshmi, municipal administration commissioner M M Nayak, CCLA special commissioner Narayana Bharat Gupta, finance secretary Gulzar, TIDCO MD Ch Sridhar and other senior officials were present.

'Focus on improving edu standards in govt schools'

HANS NEWS SERVICE TIRUPATI

PRINCIPAL Secretary for School Education B Rajasekhar has directed the officials to focus on increasing the educational standards as the government has been providing modern infrastructure on par with corporate schools. The academic performance of each school will be reviewed and rankings will be given.

He reviewed the progress of works under 'Mana Badi – Nadu Nedu' held at SV University Senate hall here on Monday along with State Project Director (SamagraSiksha) K VetriSelvi, Advisor (Infra) A Murali, APEWIDC State Project Director Rajeswar and Joint Collector (Development) V Veerabrahmam.

Speaking on the occasion, Rajasekhar said the state government has taken up various measures to upgrade the school infrastructure through the implementation of Mana Badi -Nadu Nedu programme. As part of providing basic infrastructure works various works were taken up including toilets with running water, drinking water supply, fans and tube lights, furniture for students and staff, paintings, major and minor repairs, black boards, English labs, compound walls and kitchen sheds.

Govt eases curbs on geospatial data for map-making

Continued from P1

Science and Technology Minister Harsh Vardhan in a press conference said the easing of norms will greatly help in several sectors that were suffering because of non-availability of high-quality maps. "Availability of comprehensive, highly accurate, granular and constantly updated representation of geospatial data will significantly benefit diverse sectors of the economy, significantly boost innovation in the country and greatly enhance its preparedness for emergency re-

sponse," Vardhan said. He said earlier even the Survey

He said earlier even the Survey of India, the organisation entrusted with making maps, had to seek permission for mapping from different agencies, thus delaying its work by at least three-to-six months.

In a series of tweets, Modi said, "Our government has taken a decision that will provide a huge impetus to Digital India. Liberalising policies governing the acquisition and production of geospatial data is a massive step in our vision for an Aatmanirb-

har Bharat," he said.

The move will unlock tremendous opportunities for the country's start-ups, private sector, public sector and research institutions to drive innovations and build scalable solutions. This will also generate employment and accelerate economic growth, he stressed. 'India's farmers will also be benefited by leveraging the potential of geospatial and remote sensing data.

Democratising data will enable the rise of new technologies and platforms that will drive efficiencies in agriculture and allied sectors. "These reforms demonstrate our commitment to improving ease of doing business in India by deregulation," he said.

effective implementation of budget Continued from P1

PM to address experts for

During the webinar, the panelists will share their ideas on improving pace and quality of infrastructure development, with focus on advanced technology, and attracting more investments in the sector. This will be followed by two parallel breakout sessions involving discussions between senior officials of groups of ministries and cross-sectional experts to compile a list of implementable projects to fast-track implementation of the budget vision and draft an

implementation roadmap. Ongoing consul-

tations have also been planned with stake-

holders on implementation of the finalised

strategy, the statement said.

Nanosatellite to carry Bhagavad Gita, PM Modi's photograph into space

Continued from P1

SpaceKidz reportedly asked the individuals who are interested to send their names to the space and received 25,000 entries, from which 1,000 names are of people from outside India. "We decided to do this because it will spark interest of the people in the mission and space science," Dr Kesan said. The people who have send in their names will be given boarding passes, she added. Satish Dhawan Satellite, that is scheduled to the launched on February 28 by the polar satellite launch vehicle (PSLV-C51), will also carry three scientific payloads, including one to study space radiation, another for studying the magnetosphere, and one that will demonstrate a low-power wide-area communication network. A Brazil's earth observation satellite Amazonia-1, 20 co-passenger satellite and a demonstration satellite by Pixxel will also be carried in the same mission.

INDIA ON CUSP OF BIG WIN

CHENNAI

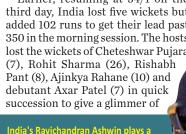

RAVICHANDRAN Ashwin on Monday scored his fifth Test century as India tightened the noose around England in the second Test as they set England a target of 482 runs and then reduced them to 52 for three at stumps on the third day.

Ashwin scored 106 runs off 148 balls with the help of 14 fours and a six as India's second innings came to an end at 286 in the post-tea session. Mohammad Siraj remained unbeaten on 16, and added 49 runs for the final wicket with Ashwin who was the last wicket to fall.

India then knocked out openers Dom Sibley (3) and Rory Burns (25) as well as night-watchman Jack Leach (0) to set England back in chase of 482. England are still 430 runs adrift.

Ashwin's century followed a fivewicket haul in England's first innings, making him only the second cricketer to achieve the feat of a century and a fifer in the same game on three differ-

ent occasions. Ian Botham of England had done it five times. Earlier, resuming at 54/1 on the third day, India lost five wickets but added 102 runs to get their lead past 350 in the morning session. The hosts lost the wickets of Cheteshwar Pujara

However, skipper Virat Kohli and Ashwin then shared a 96-run stand for the seventh wicket to put India in a commanding position.

Kohli, who showed his class on a Chepauk wicket that aided turn, was the first wicket to fall in the post-lunch session as he was dismissed by Moeen Ali at his individual score of 62. This was the fifth time that Ali had dismissed the India skipper in Test

Kuldeep Yadav (3) and Ishant Sharma (7) also shared eight and 27run partnerships respectively with Ashwin to frustrate the England bowlers.

India had posted 329 runs in their first innings. The hosts then bowled out England for 134, securing a 195run lead in first innings.

SCOREBOARD DAY 3

Brought out the sweep shot after 13-14 years: Ashwin

INDIA off-spinner R Ashwin, who scored his fifth Test century after a five-wicket haul to help India take the stranglehold of the second Test, said he brought out his sweep shot for the first time after well over a decade.

"After the last Test, we were thinking on how to counter [Jack] Leach and start bringing sweep to the game. The last time I was sweeping was probably when I was 19 years old; hit a couple of sweep shots, got dropped from the side, and maybe never played a sweep for the last 11, maybe 13-14 years. I've been practicing that shot for the last week to 10 days. Very, very thankful that the plan has really paid off," Ashwin, who scored 106 to help India make 286 in the second innings and set a target of 482 runs for England, said after the third day's play.

Ashwin credited India's batting coach Vikram Rathour, a former India opener, for improvement in his batting.

"We have been practicing along with Vikram Rathour. Rathour has been very, very helpful trying to explore new options. He is someone who is facilitating me to go out there and be able to express myself, explore various options. I would love to credit him for how my batting has gone through the last four-five Test matches. He has kept me in the loop, said I have been batting very well. He asked me not to overthink but just look at the gameplan," he disclosed.

Ashwin added that the big target has helped them be able to attack the batsmen with fielders around the bat. "The wicket is such that you have to get runs square of the wicket. Sort of had a very, very good day. We posted a very good score. Now we can really attack with men around the bat," said Ashwin.

"I think in the past when I have made my hundreds in India, Ishi [Ishant Sharma] has been a sort cog in the wheel. He has been with me twice when I made my hundred. He sort of understands how I go about it. Ishi was defending well. So, I thought I need to take calculated risks as long as he was there. But once Siraj came, I knew I had to get it done in a few overs. But I was super thrilled how he batted and hit the ball out of the ground," he said smilingly.

On Siraj's celebration after his hundred, Ashwin said: "Quite a funny thing [to see him] excited when I got to my hundred. That says a thing or two how the dressing room has been. Lived a dream over the past three-four months."

Earlier, on Sunday, Ashwin became the first player in the 143year history of Test cricket to take 200 wickets against left-handed batsmen. Fast bowler Stuart Broad was the 200th left-hander he

Racing Team India makes ALMS debut

DUBAI: Racing Team India won its bid to become the first all-Indian squad to compete at the 24 Hours of Le Mans with a solid debut over the opening two rounds of the Asian Le Mans Series in Dubai this weekend. The JK Tyres-backed team's ORECA 07 LMP2 car, driven by Narain Karthikeyan, Arjun Maini and Naveen Rao, with technical support from reigning ALMS champions Algarve Pro Racing, finished fifth and fourth in the two fourhour races held at the Dubai Autodrome on Saturday and Sunday respectively. The team's car showed promising pace throughout the weekend. But its challenge was hampered by racing incidents and a penalty. The team had to make an extra precautionary pit-stop in Saturday's opening race which dropped the car down the order.

Ojha retires from all forms of cricket, says keen to play in global T20 leagues

AN emotional Naman Ojha struggled to hold back tears on Monday as he bade adieu to all forms of cricket, bringing down curtains on a two-decade long illus-

trious domestic career. The 37-year-old from Madhya Pradesh, who holds the record for the most dismissals by a wicketkeeper in the Ranji Trophy, featured in one Test, one ODI and two T20 Internationals. "I would like to announce my retirement from international and

BCCI/MPCA domestic first-class cricket," a tearyeved Oiha said in a virtual press conference.

BHOPAL "After 20 years in first-class wishers, and MPCA & BCCI," he cricket and many more during the junior competitions, I feel it's time for me to move on. It was a long journey and wonderful

phase of my life. "I am grateful to all who supported me in achieving dream of playing for my

country and state my coaches, trainers, physios and selectors, my captains and team-

added.

Ojha said he is eager to ply his trade in global T20 leagues. As per the BCCI rules, he is now eligible for such leagues, having announced his retirement from all forms of cricket.

"While I leave the competitive format of game for my state and country with best of memories, I shall be keen to wear the gloves and face the ball in global competitions," he said.

Ojha made his international debut in 2010 in his only ODI against Sri Lanka, followed by his first T20I match in Zimbabwe a week later. His lone Test came in 2015 against Sri Lanka in Colombo and the top-order batsman rued not being able to play for his country more. (PTI)

chance to gain some points.

Azam led-side won 2-1.

25 in the final match, helped the leftarm wrist-spinner overtake Australia's Adam Zampa, England's Adil Rashid and Afghanistan's Mujeeb Ur Rahman to within three points of top-ranked Rashid Khan of Afghanistan. Rizwan too benefited from heading the run-aggregate in the series with 197 runs, which com-

prised knocks of 104 not out, 51 and 42. The string of impressive scores won him the player of the series award and lifted him a whopping 116 slots to a career-best 42nd position.

Haider Ali is another Pakistan batsman to advance, moving up 13 places to 137th position while fast bowlers Shaheen Afridi (up five places to 11th) and Hasan Ali (up 14 places to 82nd), and spinners Mohammad Nawaz (re-entered at 64th) and Usman Qadir (up 129 places to 92nd) are the bowlers to progress.

For South Africa, Reeza Hendricks's 98 runs in the series have lifted him seven places to 17th and David Miller's 116 runs, which included a 45-ball 85 not out in the second match, sees him gain seven places to 22nd position in the list led by Dawid Malan of England. There is no change of positions in the ICC team rankings after the series.

Nadal beats Fognini to enter Aus Open quarters

MELBOURNE

WORLD number two Rafael Nadal on Monday entered the Australian Open quarter-finals for the 13th time after getting past Fabio Fognini in their

fourth round contest. Nadal, the 2009 champion, registered a 6-3, 6-4, 6-2 win over the Italian No. 16 seed in two hours and 16 minutes at the Rod Laver Arena. "When you go on court

Spain's Rafael Nadal hits a forehand return during his fourth round match against Italy's Fabio Fognini at Open tennis in Melbourne Australia on

against Fabio, you worry," said Nadal after the match as per the ATP Tour website.

"There can always be problems. I was just lucky that when he broke me (in the second set) I responded immediately and held the score. Today was very humid and quicker during the day, which I

like, but I have to adapt to every condition," he The 34-year-old is looking to

become the first man in the Open Era to clinch each of the four major championships on two

or more occasions. He will next face fifth-seeded

Greek Stefanos Tsitsipas, who received a walkover after No. 9 seed Matteo Berrettini of Italy withdrew due

to an

Earlier in the day, fourth seed Daniil Medvedev also booked his place in the quarter-finals after a commanding straight-sets win over Mackenzie McDonald.

Medvedev beat the 25-vear-old American 6-4, 6-2, 6-3 in his fourth-round match that lasted an hour and 29 minutes at the Margaret Court Arena.

"It's an exciting moment (to

be) in (the) quarter-finals in Australia for the first time, that's a great achievement for me," Medvedev was quoted as saying in his post-match interview by the ATP Tour website. "I want more all the time, but step by step. So this is amazing." Medvedev can now face An-

drey Rublev -- who takes on Casper Ruud in the fourth round -- in what can be a blockbuster quarter-final clash. "Of course I'm going to be

(cheering) for Andrey, because if he goes through it's going to be at least one Russian in the semis, maybe two with Aslan (Karatsev) in the other half of the draw," said Medvedev.

With the win, Medvedev had moved into his third Grand Slam quarter-final, and his first away from the US Open. He is looking to become Russia's first male Grand Slam champion since Marat Safin won the Australian Open in 2005. (IANS)
