Re hits fresh record low of Rs 91.14 against dollar

MUMBAI: The rupee slumped to a fresh record low of 91.14 against the US dollar on Tuesday, after weakening by 36 paise in afternoon trade. Pressured by sustained foreign institutional investor outflows and lingering uncertainty over a potential India-US trade deal, this marked the fourth consecutive session in which the rupee has touched a new all-time low. The currency has now depreciated about 1% over the past five trading sessions alone. In afternoon dealings, the rupee was quoted at 91.14 per dollar, extending its losses from the previous close amid continued pressure from global and domestic factors.

FOG-LINKED ACCIDENTS 25 killed in road crashes across UP

LUCKNOW: At least 25 people were killed and 59 injured in a series of fog-linked road accidents across Uttar Pradesh, with the worst tragedy unfolding on the Yamuna Expressway in Mathura, where a multi-vehicle pile-up turned into an inferno, police said on Tuesday. The maximum number of 13 fatalities was reported from Mathura, while four people each were killed in Basti and Unnao and two each in Meerut and Barabanki. According to officials, all the incidents were linked to poor visibility. The Mathura accident occurred around 4:30 am on the Agra-to-Noida carriageway within the Baldev police station limits. Senior Superintendent of Police (SSP) Shlok Kumar said eight buses and three smaller vehicles were involved in the pile-up due to poor visibility.

YCP misleading Centre on PPP medical colleges: CM

- ▶ Says PPP model is a globally accepted mechanism
- ▶ Welcomes HC's suggestion on AI use in TTD's Parakamani
- ▶ List of TDP district chiefs will be announced in 2 days

HANS NEWS SERVICE
AMARAVATI

CHIEF Minister Nara Chandrababu Naidu on Tuesday accused the YSR Congress Party (YSRCP) of attempting to mislead the Union government over the establishment of medical colleges under the Public-Private Partnership (PPP) model amid the Opposition party's intensified protests against the policy.

Speaking informally to media persons at the NTR Bhavan, the Chief Minister said YSRCP Members of Parliament had taken their objections to Parliament and had even sought to project the PPP model in 'distorted manner' before Union Finance Minister Nirmala Sitharaman. According to Naidu, the Union Minister firmly rejected what he described as an attempt to misrepresent the policy framework.

Trump sues BBC for \$10bn

Accuses it of defamation over Jan 6 edited speech

WASHINGTON: President Donald Trump filed a lawsuit pm Monday seeking USD 10 billion in damages from the BBC, accusing the British broadcaster of defamation as well as deceptive and unfair trade practices.

The 33-page lawsuit accuses the BBC of broadcasting a "false, defamatory, deceptive, disparaging, inflammatory, and malicious depiction of President Trump," calling it "a brazen attempt to interfere in and influence" the 2024 US presidential election.

It accused the BBC of "splicing together two entirely separate parts of President Trump's speech on January 6, 2021" in order to "intentionally misrepresent the meaning of what President Trump said." The lawsuit, filed in a Florida court, seeks USD 5 billion in damages for defamation and USD 5 billion for unfair trade practices. The BBC did not immediately respond to a request for comment from The Associated Press. The broadcaster apologised last month to Trump over the edit of the Jan. 6 speech. Continued on Page 7

G RAM G Bill introduced in LS amid Oppn uproar

- DMK ACCUSES NDA GOVT OF RIDICULING 'FATHER OF THE NATION'
- MAHATMA GANDHI IS FROM EVERY FAMILY IN COUNTRY: PRIYANKA

NEW DELHI

A Bill that seeks to guarantee rural jobs for 125 days every year and replace the 20-year-old MNREGA was introduced in the Lok Sabha on Tuesday amid strong objections by the Opposition to the "removal" of Mahatma Gandhi's name from it.

Union Minister Shivraj Singh Chouhan, while introducing the Viksit Bharat Guarantee for Rozgar and Aajeevika Mission (Gramin) (VB-G RAM G) Bill, 2025, said the government not only believes in Mahatma Gandhi but also follows his principles.

"The (Narendra) Modi govt has done more for rural development than previous governments," he said.

IPL AUCTION

ABU DHABI

KOLKATA Knight Riders (KKR) splurged a record-breaking Rs 25.20 crore to land top Australian all-rounder Cameron Green and Rs 18 crore to acquire the services of Sri Lankan pacer Matheesha Pathirana in the Indian Premier League players' auction here on Tuesday.

Uncapped Indian players were also a big hit with Uttar Pradesh's 20-year-old left-arm spinner Prashant Veer going to Chennai Super Kings for Rs 14.20 crore. He became the highest paid uncapped player in the history of IPL auction after coming in at a base price of Rs 30 lakh. Jammu and

CSK splurge Rs 14.2cr each on Prashant & Kartik

Kashmir pacer Aqub Nabi Dar also attracted a hefty sum of Rs 8.40 crore from Delhi Capitals to be among the top gainers in the mini auction. Dar's base price was also Rs 30 lakh. Indian stars Prithvi Shaw and Sarfaraz Khan, however, went unsold in the auction despite their good run of form with the bat.

Green surpassed compatriot Mitchell Starc (Rs 24.75 crore) to become the most expensive overseas player at an IPL auction. This was after Kolkata Knight Riders and Chennai Super Kings were involved in an intense bidding

war for him before the latter emerged winner.

KKR also went after Venkatesh Iyer before pulling out of the race against Royal Challengers Bengaluru, who

got the India all-rounder for Rs 7 crore. The three-time champions then entered the fray to buy Pathirana after Delhi Capitals and Lucknow Super Giants withdrew fol-

lowing an intense bidding war between the two franchises.

Entering the auction at a base price of Rs 2 crore, Pathirana became the most expensive Sri Lankan sold in an IPL auction. As far as Green is concerned, his salary for the season would still be Rs 18 crore (USD 1.9 million) as the rest of the amount will go towards the BCCI's player development programme as per the rules of the auction for foreign players.

Pathirana will get the full amount as it falls within the salary cap. Green, who previously turned up for

Mumbai Indians and Royal Challengers Bengaluru, has so far played 29 matches in the IPL to aggregate 707 runs and take 16 wickets. Shaw, however, went unsold despite his fine run of form in the domestic circuit lately, and so was the case with Sarfaraz, who smashed a 22-ball 73 in a Syed Mushtaq Ali Trophy match for Mumbai on Tuesday. Big-hitting South African batter David Miller was bought by Delhi Capitals for his base price of Rs 2 crore, but New Zealand swashbuckler Devon Conway, whose base price was also Rs 2 crore, went unsold in the auction.

Four Union ministers, Revanth, Naidu to attend WEF annual meet

NEW DELHI: India is set for a power-packed presence at the World Economic Forum Annual Meeting in Swiss ski resort town of Davos next month with four Union ministers, including Ashwini Vaishnaw and Shivraj Singh Chouhan, set to join five CMs and over 100 CEOs from the country. Minister for Civil Aviation K Ram Mohan Naidu and Minister for New & Renewable Energy, Consumer Affairs, and Food & Public Distribution Pralhad Joshi will also be part of the Indian delegation at the 5-day annual meeting from January 18. The Chief Ministers include Devendra Fadnavis of Maharashtra, N Chandrababu Naidu of Andhra Pradesh, Assam's Himanta Biswa Sarma, Madhya Pradesh's Mohan Yadav and Telangana's A Revanth Reddy. While Reddy is from Congress and Naidu is from Telugu Desam Party (an ally of BJP), the other three CMs are from BJP. Among the Union ministers, Ram Mohan Naidu is from TDP while other four are from BJP.

Re-survey and mutation process via video conference reviewed

JC Noorul Qamar reviewing of the re-survey, mutation and related issues through a video conference from the Collectorate's Video Conference Hall on Tuesday

HANS NEWS SERVICE
KURNOOL

JOINT Collector Noorul Qamar has directed the revenue machinery to complete the ongoing re-survey process in the district within the stipulated timeframe without any errors, while also ensuring that land mutation applications are disposed of promptly without pendency.

Emphasising the importance of accuracy and timeliness, he instructed officials to treat the re-survey as a priority task, given its direct impact on citizens' land rights.

The Joint Collector conducted a comprehensive review of the re-survey, mutation and related issues through a video conference from the Collectorate's Video Conference Hall, interacting with Revenue Divisional Officers (RDOs) and Tahsildars.

During the review, he assessed the progress made at various stages and issued clear directions to strengthen monitoring at the field level to avoid delays and discrepancies.

Referring to the first phase of the re-survey pilot project, Joint Collector Noorul Qamar stated that clerical corrections in the 25 selected villages must be completed within the

prescribed period, ensuring there is no scope for mistakes.

In the second phase, covering 24 villages identified under the pilot project, he instructed officials to complete the mutation process in all cases and take steps to issue the final notification.

He stressed that every mutation application should be examined thoroughly and final orders issued without leaving any cases pending.

In the third phase, covering 32 villages where the re-survey has commenced, the Joint Collector directed officials to complete ground truthing (GT) and other related processes within the government-mandated deadline.

He cautioned that negligence, undue delay or errors at any stage would invite strict action. Highlighting that the re-survey process is crucial for safeguarding land ownership rights, he urged all concerned officers to work in close coordination and ensure successful completion of the exercise.

District Revenue Officer C Venkata Narayanamma, Adoni Sub-Collector (In-charge) Ajay Kumar, Special Deputy Collector Naga Prasanna Lakshmi and other officials participated in the review meeting.

- Court stresses need to minimise human intervention, adopt AI-based systems in Parakamani counting
- Observes theft of offerings hurts faith of millions; manual methods no longer acceptable
- Volunteers must not face humiliating checks; outsourcing staff barred from sensitive treasury tasks

HANS NEWS SERVICE
VIJAYAWADA

THE Andhra Pradesh High Court on Tuesday underscored the need to modernise the process of counting offerings at the Tirumala Sri Vari Parakamani (treasury), suggesting that the Tirumala Tirupati Devasthanams (TTD) substantially reduce human intervention and

adopt machine-based and artificial intelligence-driven systems.

Hearing the Parakamani theft case, the High Court observed that incidents involving the alleged theft of offerings at Tirumala cannot be treated as ordinary offences. The court noted that the funds deposited in the Parakamani represent the faith and devotion of millions of devotees across the world, and any misappropriation of such offerings directly hurts religious sentiments.

During the course of arguments advanced by counsel from both sides, the court remarked that continuing

with traditional, manual methods of counting offerings despite repeated theft allegations was neither prudent nor acceptable.

It emphasised that modern technology must be

leveraged to ensure transparency, accountability and security in the handling of temple funds.

The High Court also expressed concern over the practice of subjecting volun-

teers and personnel involved in the counting process to searches that resemble criminal scrutiny. It observed that individuals who come forward with a spirit of service should not be treated with suspicion or humiliation.

Such measures, the court said, undermine the dignity of devotees and erode trust in temple administration.

Further, the court made it clear that outsourcing employees should not be entrusted with the sensitive task of counting offerings. It advised the TTD to reconsider its existing procedures and evolve a foolproof mechanism that minimises

human handling and the scope for irregularities.

The bench directed the counsel appearing for the TTD and other parties to place before the court concrete proposals and expert-backed suggestions on modernising the Parakamani counting system. The court indicated that it expects a comprehensive approach that balances technological efficiency with the sanctity of religious practices.

The matter was posted for further hearing, with the High Court signalling that systemic reforms, rather than ad hoc measures, were necessary to safeguard the integrity of Tirumala's treasury.

VAJPAYEE'S ROLE IN INFRA DEVELOPMENT DRAWS PRAISE

HANS NEWS SERVICE
BAPATLA

ENERGY minister Gottipati Ravi Kumar said that former Prime Minister Atal Bihari Vajpayee earned the rare distinction of being an 'Ajata Shatru' (Man without enemies) in Indian politics, respected across party lines. He was speaking on Tuesday when the Atal Sandesh-Modi Suparipalana Yatra reached Bapatla.

The minister, along with ministers Anagani Sathya Prasad and Kolusu Parthasarathy and BJP state president P V N Madhav, unveiled the bronze statue of Vajpayee.

Addressing the gathering, Ravi Kumar described Vajpayee as a beloved son of Bharat Mata who rendered unparalleled service to the nation. He recalled that Vajpayee was elected nine times to the Lok Sabha and twice to the Rajya Sabha and served as Prime Minister on three occasions.

Even after losing the Prime Minister's post by a single vote, Vajpayee stepped down with dignity, setting a high benchmark for democratic values and winning the hearts of millions of Indians.

Ravi Kumar said Vajpayee firmly believed strong infrastructure was the key to rapid national development.

Energy minister Gottipati Ravi Kumar speaking at Atal Sandesh-Modi Suparipalana Yatra in Bapatla on Tuesday

With this vision, he launched the Golden Quadrilateral Project, transforming road connectivity across the country from Kashmir to Kanyakumari. He noted that nearly eight lakh km of rural roads and about 5,000 km of national highways were developed during that period, laying a strong foundation for India's growth. Vajpayee, he said, always placed national interest above political considerations and also united 23 political parties, besides playing a key role in making Dr. A.P.J. Abdul Kalam the President of India.

The minister said Prime Minister Narendra Modi, inspired by Vajpayee's ideals and vision, is carrying forward the journey of national development with renewed momentum.

He pointed out that initiatives such as Vande Bharat trains reflect this commitment, especially in modernising the railway sector.

Ravi Kumar expressed happiness that participating in the unveiling of Vajpayee's bronze statue was a proud and unforgettable moment in his life. Leaders of alliance parties and other dignitaries attended the programme.

Road repairs to be fast-tracked in state

- R&B minister Janardhan Reddy says his department has stepped up measures to fast-track road repairs and development
- Single bids to be accepted in road tenders to avoid delays
- Explains move is aimed at speedy execution of road projects without procedural hurdles

HANS NEWS SERVICE
VIJAYAWADA

STATE roads and buildings, investments and infrastructure minister B C Janardhan Reddy on Tuesday said that the coalition government is undertaking road repair works across the state on a war footing to provide better infrastructure to the public.

In a statement on Tuesday, the minister said that under the leadership of Chief Minister N Chandrababu Naidu, the government's primary objective is to complete road development works expeditiously and ensure smooth vehicular movement.

As part of this effort, the roads and buildings (R&B) department has taken a key policy decision to accelerate the execution of road works and eliminate avoidable procedural delays. The minister explained that during the tendering process for road development contracts, it is common for only a single bid to be received. Until now, such tenders were routinely recalled, leading to repeated invitations, submission of fresh bids, evaluation, finali-

sation and execution of agreements—a process that often consumed more than 45 days.

Due to these delays, road works failed to commence on time, forcing people to endure damaged and unsafe roads for extended periods. To address this issue and prioritise public convenience, the R&B department has decided to accept and process tenders even if only a single bid is received at the first instance, without recalling the tender.

The minister said this is the first such decision taken by the department with the clear aim of speeding up road repairs and development works. By finalising tenders without unnecessary repetition, works can begin immediately, preventing avoidable delays and ensuring timely completion of projects. He added that the decision would help deliver better-quality roads to the public within a shorter time frame, improve road safety and facilitate smoother travel across the state. The coalition government, he reiterated, is committed to providing pothole-free roads and strengthening infrastructure to support overall development.

Energy conservation week competitions held

HANS NEWS SERVICE
PUTTAPARTHI

AS part of the National Energy Conservation Week, observed from December 14 to 20, quiz and elocution competitions were organised at the division level across Hindupur, Kadiri, and Puttaparthi divisions in Sri Sathya Sai district.

The programmes were conducted to create awareness among students on the importance of energy conservation and responsible energy usage.

Students selected at the

division level participated in district-level competitions, and the winners will represent the district at the company-level contests scheduled to be held in Tirupati, officials said.

In the district-level elocution competition, Mysa Jannath, a student of ZPHS School, Beedupalli, Puttaparthi mandal, emerged as the winner.

In the district-level quiz competition, C Varun of ZPHS High School, Siddarampalem in Bukkapatanam mandal, A Sha Faisal of Government High School, Kadiri, K Sai

Keerthana of Municipal High School, Kadiri, and M Bindusri of ZPHS High School, Korevandlapalli in Gorantla mandal secured top positions.

Officials congratulated the students for their achievements and emphasised the need to promote energy-saving habits among the younger generation.

They appealed to the media to give wide publicity to the National Energy Conservation Week activities and the achievements of the participating students across the district.

AP Soft Tennis players shine at national school games

HANS NEWS SERVICE
VIJAYAWADA

THE Andhra Pradesh Soft Tennis players brought laurels to the State with their impressive performance at the 69th National School Games Soft Tennis Championship held at Dewas in Madhya Pradesh from December 11 to 14.

Congratulating the young achievers, Sports Authority of Andhra Pradesh (SAAP) Chairman Animini Ravi Naidu felicitated the medal winners at a programme held at the SAAP headquarters in Vijayawada on Tuesday. In the Under-14 girls' individual singles category, AS Vaishali won the silver medal, while BMNV Karthik secured the bronze medal in the Under-17 boys' individual singles

event. Notably, both players represented Andhra Pradesh from the erstwhile Krishna district, making their achievement a matter of pride for the State.

Addressing the gathering, Ravi Naidu lauded the dedication, hard work and discipline of the players, stating that such qualities were key to their success at the national level. He encouraged them to aim higher and deliver even better performances in forthcoming national and international competitions. Assuring continued support, he said SAAP would always stand by young sportspersons to nurture talent.

Civic commissioner reviews road widening proposals

- Calls for speedy and transparent issuance of TDR Bonds

- Conducts a field inspection in the Osmania College and Vaddegiri areas

- Says that widening major roads would substantially reduce traffic congestion and improve mobility for city residents

HANS NEWS SERVICE
KURNOOL

THE Municipal Commissioner P Viswanath on Tuesday directed officials to accelerate the issuance of Transferable Development Rights (TDR) bonds in connection with the proposed road widening works between Kids World and Budhwarpet Bridge.

Stressing the importance of transparency and efficien-

Commissioner Viswanath inspecting road widening works at Kids World in Kurnool on Tuesday

cy, he said the process must be completed without delay to facilitate the timely commencement of the key infrastructure project.

As part of the review, the Commissioner conducted a field inspection on Tuesday in the Osmania College and Vaddegiri areas, where road widening is planned.

He examined the measurements and verified the technical details related to land acquisition for the project.

Officials concerned briefed him on the progress of surveys and the documentation being prepared for issuing TDR bonds to affected property owners.

Highlighting the signifi-

cance of road expansion in urban development, Commissioner Viswanath said that widening major roads would substantially reduce traffic congestion and improve mobility for city residents. He underscored that strict adherence to prescribed norms and complete transparency in granting TDR bonds are essential to ensure public confidence and smooth execution of the project.

The Commissioner further instructed officials to ensure that property owners face no inconvenience during the process and that errors are avoided at every stage.

He also called for effective coordination among all concerned departments to complete the TDR bond issuance at the earliest.

Town Planning Officer Anzad Basha, Building Inspectors Veman Rao, and other officials participated in the inspection.

Leather puppetry artiste Shivamma felicitated

Shivamma received the award from President Droupadi Murmu at the National Handicrafts Awards ceremony

HANS NEWS SERVICE
DHARMAVARAM

DHARMAVARAM has earned national recognition through the achievement of renowned leather puppetry artist D. Shivamma, who was recently conferred the prestigious "Shilpa Guru" National Award by the President of India.

Raptadu MLA Paritala Sunitha and Dharmavaram TDP In-charge Paritala Sriram congratulated Shivamma for bringing pride to the region by preserving and promoting the traditional art form.

They felicitated her at the Anantapur camp office, along with local leaders, by honouring her with a shawl and a formal reception.

Shivamma, a native of Nimmalakunta village in

MLA Paritala Sunitha and Dharmavaram TDP In-charge Paritala Sriram felicitating national award-winning leather puppetry artist D Shivamma at the Anantapur camp office on Tuesday

Dharmavaram mandal, received the award from President Droupadi Murmu at the National Handicrafts Awards ceremony

held at Vigyan Bhavan, New Delhi, on December 9, 2025.

Speaking on the occasion, Paritala Sunitha and

Paritala Sriram said that leather puppetry is an integral part of Indian cultural heritage, but has been facing the threat of extinction over time.

They praised the artisans of Nimmalakunta village for reviving and sustaining the art form through generations, not merely as a livelihood but as a cultural responsibility.

They noted that leather puppetry from Dharmavaram has already received national recognition, and Shivamma's "Shilpa Guru" award has further elevated the region's cultural stature. Her achievement, they said, stands as a source of pride for Dharmavaram and Anantapur district, and serves as an inspiration for future generations to protect traditional arts.

Anantapur to host 79th Santosh Trophy Group G matches from today

HANS NEWS SERVICE
ANANTAPUR

THE 79th Santosh Trophy 2025-26 (Group G), the Senior Men's National Football Championship, will be held in Anantapur from December 17 to December 21, the Andhra Pradesh Football Association (APFA) announced.

The matches will be conducted at the RDT Stadium Sports Complex football ground in the city. APFA is hosting the prestigious national football tournament in Andhra Pradesh for the second time in the last 40 years, marking a significant moment for the state's football ecosystem. Group G of the championship will feature four teams representing Andhra Pradesh, Tamil Nadu, Puducherry, and the Andaman and Nicobar

The Andhra Pradesh football team poses with officials and support staff in Anantapur on Tuesday

Islands. The tournament is expected to attract football enthusiasts and provide a platform for showcasing emerging talent at the national level.

APFA expressed its sincere gratitude to the All India Football Federation (AIFF) for once again entrusting Andhra Pradesh with the responsibility of hosting this prestigious

national tournament.

The association also thanked Anantapur District Collector O Anand, the Superintendent of Police and the police department, and the medical teams for extending vital support, including medical services and security arrangements, to ensure the smooth conduct of the event.

Dr Shankar Sharma distributed sweaters to the elderly at Sri Gurudatta Poly Clinic in Kurnool on Tuesday.

Senior gastroenterologist Dr Shankar Sharma distributed sweaters and monkey caps to the elderly at Sri Gurudatta Poly Clinic in the city on Sunday.

He suggested elderly and children to take precautions since severe cold is prevailing in the city.

Re-minding that earlier blankets were distributed to poor people, he said that again they will distribute blankets soon. Dr Sharma warned people to be careful during winter, as exposure to severe cold will cause health issues.

SP conducts surprise inspection of police stations in Anantapur

HANS NEWS SERVICE
PUTTAPARTHI

DISTRICT Superintendent of Police S Satish Kumar conducted surprise inspections of Nallamada Circle Office, OD Cheruvu (ODC), and Amadagur Police Stations on Tuesday evening.

During the inspection, the SP reviewed station registers, case records, and the status of pending cases, and assessed the progress of ongoing investigations. He also enquired about the overall crime situation in the Nallamada, ODC, and Amadagur circle areas, seeking detailed inputs from station officials. The SP instructed police personnel to deal with the public politely and sensitively, take every complaint seriously, and respond promptly without neglecting even minor issues.

SP S Satish Kumar, during a surprise inspection of the Nallamada circle office in Anantapur on Tuesday

He emphasised the need to ensure justice to victims and directed officials to increase night patrols to prevent thefts and other crimes.

He further asked the police to take stringent action to curb illegal activities such as gambling, matka, and ganja, and warned that corruption or negligence would not be tolerated, stating that strict action would be initiated against erring personnel if public inconvenience was caused. Highlighting the importance of public cooperation, the SP said that main-

taining law and order requires continuous coordination with the community, adding that "public trust is the true strength of the police."

As part of the inspection, the SP examined the station premises, lock-up rooms, computer sections, vehicle parking areas, and seized two-wheelers, and issued necessary instructions.

He later interacted with station staff, stressing discipline, dedication, and commitment to duty, and invited them to bring any work-related issues to his notice.

Strengthen protection of tanks and streams: Joint Collector

HANS NEWS SERVICE
PUTTAPARTHI

JOINT Collector M Maurya Bharadwaj has directed officials to accord top priority to the protection of tanks, canals, and streams across the district and to complete a comprehensive survey of Full Tank Level (FTL) and buffer zones, followed by the removal of illegal encroachments.

Chairing a district-level Watchdog Committee meeting at the Collectorate on Tuesday, held virtually with officials from the Irrigation, Revenue, and Municipal departments, the Joint Collector stressed the need for coordinated action to safeguard water resources. He observed that unauthorised constructions in tanks and streambeds were contributing to flooding and water scarcity, and

Joint Collector M Maurya Bharadwaj chairing the district-level Watchdog Committee meeting at the Puttaparthi Collectorate on Tuesday

instructed officials to take action strictly in accordance with legal provisions. The boundaries of FTL and buffer zones should be clearly identified and mapped, he said, adding that encroachers must be served notices before removal with the support of all concerned departments.

Emphasising inter-departmental coordination, the Joint Collector called upon the Revenue, Irrigation, and Municipal authorities to work in close collaboration to ensure

effective implementation of the measures.

He also issued specific instructions on various related issues to strengthen enforcement mechanisms. The meeting was attended by RDOs Suvarna, VVS Sharma, Mahesh, and Anand Kumar, Municipal Commissioner Kranthi, Executive Engineers, Deputy Executive Engineers, Assistant Executive Engineers from the Irrigation Department, Municipal Commissioners, Tahsildars, and other officials.

Students must bring laurels to district in SSC results: Collector

HANS NEWS SERVICE
ALLAGADDA

DISTRICT Collector G Raja Kumari on Tuesday directed teachers to ensure comprehensive and result-oriented training for students in all subjects, with a special focus on achieving excellent results in the upcoming SSC (Class 10) public examinations.

She emphasized that collective efforts by teachers and school management are essential to enhance the district's academic reputation.

The District Collector conducted a surprise inspection of the Yeddula Papamma Government High School in Allagadda town. During her visit, she reviewed the overall functioning of the school, including teaching standards, student attendance, and academic preparedness.

Collector Raja Kumari inspecting Yeddula Papamma Government High School in Allagadda town on Tuesday

She carefully examined attendance registers and observed that some students were irregular in attending classes.

Expressing concern over absenteeism, the Collector instructed teachers to identify the reasons for irregular attendance and to counsel both students and parents accordingly. She stressed the need to create awareness among parents about

the importance of regular schooling and urged teachers to motivate students to develop a sustained interest in studies.

Special attention should be given to academically weaker students to help them improve and keep pace with the syllabus, she added.

Interacting with Class 10 students, the Collector enquired about syllabus completion and the progress of revision classes. She advised teachers to conduct systematic revision sessions and provide subject-wise clarity to ensure students are fully prepared for the examinations. Highlighting that SSC is a crucial milestone in a student's academic journey, she encouraged students to work hard, secure good marks, and bring pride to their parents, school, and the district.

Collector inaugurates 50-bed community health centre

HANS NEWS SERVICE
ALLAGADDA

DISTRICT Collector G Raja Kumari on Tuesday inaugurated a newly established 50-bed Community Health Centre (CHC) at Allagadda, aimed at enhancing public healthcare delivery in the region.

The facility, constructed at a cost of ₹6 crore and equipped with modern medical infrastructure, was formally opened along with local MLA Bhuma Akhila Priya.

The Collector said the centre would play a vital role in providing accessible and affordable medical services to the local popula-

tion.

Speaking on the occasion, the Collector stated that the CHC has been designed to offer comprehensive health-

care with advanced medical equipment and improved patient care facilities.

She instructed doctors and healthcare staff to en-

sure quality treatment and compassionate service to patients. The hospital is equipped to provide medical care across nearly 11 specialisations, significantly strengthening secondary healthcare services in the area.

The Collector highlighted that the hospital has been contributing significantly to maternal and child healthcare, with nearly 80 to 100 deliveries being conducted every month, giving priority to normal deliveries.

She also outlined the existing public health infrastructure in the district, which includes 56 Primary Health Centres, 19 Urban Primary Health Centres, 11

Community Health Centres and two Area Hospitals serving both rural and urban populations.

Emphasising the rising health challenges due to changing lifestyles, District Collector Raja Kumari underlined the need to increase bed capacity in government hospitals.

She reaffirmed the government's commitment to providing timely, quality and inclusive healthcare services and said steps were being taken to further strengthen medical infrastructure across the district.

Later, she inspected various sections of the hospital and reviewed the services with the medical staff.

- The facility, constructed at a cost of ₹6 crore and equipped with modern medical infrastructure

- The health centre would play a vital role in providing accessible and affordable medical services to the local population

- Collector states that the CHC has been designed to offer comprehensive healthcare with advanced medical equipment

Integrated township by TTD for devotees to come up near Alipiri

TTD chairman B R Naidu speaking to the media in Tirumala on Tuesday. EO Anil Kumar Singhal and Additional EO Ch Venkaiah Chowdary are seen.

TTD chairman B R Naidu and EO Anil Kumar Singhal at the trust board meeting in Tirumala on Tuesday

PRADEEP VENNELAKANTI
TIRUPATI

TIRUMALA Tirupati Devasthanams (TTD) Trust Board has taken an important decision to improve facilities for devotees by approving the construction of an integrated township near Alipiri in Tirupati. The project will come up on 20 acres and will serve as a base camp to meet the growing accommodation needs of devotees.

The decision was taken at the TTD Board meeting held in Tirumala on Tuesday under the chairmanship of B R Naidu. The board approved town planning proposals and the appointment of an architect. Executive Officer AK Singhal, Additional EO Ch Venkaiah Chowdary, JEO V Veerabrahmam and other members attended the meeting.

The township will be developed at the TTD-run SV

- TTD trust board approves the new facility in 20 acre to meet growing accommodation needs
- Sri Venkateswara temple to be constructed at Bandra in Mumbai with Rs 14.4 cr
- TTD junior colleges will have midday meal for day scholars
- Sri Padmavathi children's heart centre to get state-of-the-art facilities with Rs 48 cr grant

Institute of Traditional Sculpture and Architecture, which has about 35 acre land. As part of the plan, transport facilities will be arranged from the township using RTC buses and other modes. Since the site is very close to the Alipiri footpath, it will be convenient for devotees who wish to trek to Tirumala. However, the Institute of Sculpture may be shifted to another location.

TTD chairman B R Naidu said the board approved the construction of a Sri Venkateswara temple at Bandra in Mumbai at an estimated cost of Rs 14.40 crore. It was also decided to rename roads and

major junctions in Tirumala after figures associated with Lord Venkateswara, Vaishnav traditions, the Alwars and Annamacharya.

An expert committee has been formed to finalise the names. A separate wing will be created for the protection and conservation of ancient and heritage structures in Tirumala and along the footpaths, with experienced officers to oversee the work.

The board cleared a plan to grow sacred and divine trees over 100 acres at Palamaner to supply wood for temple chariots and flagpoles. An additional Rs 48 crore was

sanctioned to strengthen advanced medical facilities at the Sri Padmavathi Children's Heart Centre in Tirupati.

Based on recommendations of the Education Sub-Committee, the board approved the introduction of digital classrooms, CCTV cameras, computers, software and staff in 31 TTD-run educational institutions. A new comprehensive policy for the construction and management of donor cottages will also be introduced.

For Sri Siddheswara Swamy temple at Talakona, Rs 14.10 crore was sanctioned for the second phase of renovation works, in addition to Rs 4 crore approved earlier. Hostel accommodation at Sri Padmavathi Women's Degree College in Tirupati will be expanded by adding 270 seats to the existing strength of 2,100.

The board decided to continue TTD's responsibility for road maintenance,

repairs and street lighting in Tirupati. It also resolved to seek government approval to create 18 new Potu Supervisor posts at Srivari Potu. As a welfare measure, the board approved providing midday meals to day scholars of SV Junior College and SPW Junior College, on the lines of the state government's scheme. It also cleared the construction of a pilgrim accommodation complex at the Sri Veer-anjaneya Swamy temple in Kondagattu, Jagtial district.

In another major decision, the board approved salary hikes for 62 archakas, parisharakas, potu workers and prasadam distributors working in TTD-associated temples. Archakas' salaries will be increased from Rs 25,000 to Rs 45,000, parisharakas from Rs 23,140 to Rs 30,000, potu workers from Rs 24,279 to Rs 30,000, and prasadam distributors from Rs 23,640 to Rs 30,000.

Minister vows support to beleaguered aquaculture

HANS NEWS SERVICE
VIJAYAWADA

STATING that the aquaculture sector has become a key pillar of Andhra Pradesh's economy, minister for agriculture and fisheries K Atchannaidu said the coalition government is extending full support for the development of aquaculture with the prime objective of increasing farmers' income.

The minister was the chief guest at the oath-taking ceremony of the governing body members of the Andhra Pradesh State Aquaculture Development Authority, held at the fisheries department office at Penamaluru near here on Tuesday.

Addressing the gathering, Atchannaidu said the prevailing conditions in the global market and the tariffs imposed by US President Donald Trump have impacted aquaculture farmers. He added that the state government is taking measures in coordination with the Central government to overcome these challenges.

He stressed the need for extensive promotion of the quality and credibility of Andhra Pradesh shrimp across the country and globally. Chief Minister N. Chandrababu Naidu, he said, is continuously striving to explore new markets, boost exports and ensure remunerative prices for farmers. Emphasising quality consciousness, the Minister said farmers would receive better prices only by maintaining high standards.

Atchannaidu noted that Andhra Pradesh contributes 29 per cent to the country's

Minister for agriculture and fisheries K Atchannaidu attends swearing-in ceremony of governing body members of the AP State Aquaculture Development Authority at the fisheries department office at Penamaluru in Vijayawada on Tuesday

- Noting that US tariffs and international conditions have hit the sector, Atchannaidu says CM Chandrababu Naidu is focusing on new markets, exports and mandatory registration with geo-tagging of ponds; 48% already registered
- Electricity subsidy for aquaculture farmers raised from Rs 800 cr to Rs 1,200 cr, applicable only to registered farmers

fisheries sector. He said the Chief Minister has directed that registration of fish and shrimp ponds based on survey numbers be made mandatory, and so far, 48 per cent of ponds across the state have been registered. The government has removed difficulties earlier faced by farmers in pond registration and has also introduced geo-tagging of ponds.

The minister further stated that aquaculture farmers have been provided with electricity subsidy worth Rs 800 crore so far, which will be increased to Rs 1,200 crore. He clarified that the subsidy will be applicable only to registered farmers.

Atchannaidu asserted that the development of backward and weaker sections is possible only under the coa-

lition government. He was speaking after participating as chief guest, along with BC welfare minister S Savitha, at the oath-taking ceremony of the chairman and directors of the Andhra Pradesh State Kalinga Vaishya Development Corporation in Vijayawada. The oath was administered to corporation chairman Boyina Govindarajulu and other directors.

He recalled that during the previous TDP government, BCs had received the highest number of jobs and medical seats. On the issue of including Vaishyas in the OBC category, he said discussions are underway with the Central government, adding that Union minister K Ram Mohan Naidu had also taken up the matter with the Prime Minister.

AGE LIMIT FOR CHILD CARE LEAVE FOR GOVT EMPLOYEES REMOVED

- State govt issues orders doing away with upper age limit for children, allowing eligible employees to use CCL at any stage of service up to retirement
- Benefit extended to women employees and single male employees, including unmarried, widower and divorcee staff and covers children with disabilities
- Total eligible CCL of 180 days can now be availed in up to 10 spells during entire service, subject to existing conditions

HANS NEWS SERVICE
VIJAYAWADA

THE state government on Tuesday issued orders removing the upper age limit for children for availing Child Care Leave (CCL) by government employees, permitting eligible employees to utilise the leave facility at any time during their service up to retirement.

The finance department issued the orders with immediate effect, extending the benefit to women employees as well as single male employees, including unmarried, widower and divorcee employees, subject to existing eligibility conditions. The revised policy also covers children with disabilities.

As per the orders, Child Care Leave may be availed for child rearing, attending

to children's health needs, or caring for them during school or college examinations, illness and other related requirements.

The government recalled that it had initially permitted women employees to avail Child Care Leave for a maximum period of 60 days during their entire service. This entitlement was later enhanced to 180 days, to be availed in a maximum of three spells. Subsequently, the facility was extended to single male employees on similar terms.

In a further revision, the government increased the permissible number of spells for availing the eligible 180 days of Child Care Leave from three to 10 spells during the entire service period.

Employees who had already availed 60 days or part thereof were allowed to

AP JAC welcomes the decision

VIJAYAWADA

THE Andhra Pradesh Joint Action Committee (AP JAC) Amaravati has welcomed the state government's decision to remove the 18-year age ceiling on Child Care Leave (CCL) and thanked Chief Minister N Chandrababu Naidu for fulfilling his promise to women employees.

In a statement issued on Tuesday, AP JAC leaders said the new Government Order allows women employees to avail CCL at any time during their service, regardless of their

children's age, as per rules. They noted that over 60 per cent of the state's workforce would benefit, enhancing the dignity and welfare of working mothers.

Welcoming the decision, AP JAC Amaravati women's wing chairperson Pare Lakshmi, general secretary Ponnuru Vijayalakshmi, associate chairperson Saikam Siva Kumar Reddy and treasurer Dr Sailakshmi said AP has become the first state in the country to remove the age restriction on Child Care Leave.

operational guidelines.

The government has now formally extended the removal of the upper age limit to both women employees and single male employees, including in cases involving differently-abled children. All other conditions stipulated in the earlier government orders will continue to apply.

utilise the extended period within the revised limit of 10 spells, excluding the spells already availed.

Earlier, the government had removed the upper age limit for women employees and permitted them to avail Child Care Leave at any stage of service before retirement, while directing the finance department to issue detailed

- Collector calls for micro plan for the event focusing on programmes, tourism facilities and logistics
- It has become a major attraction for bird lovers and nature enthusiasts as over 10000 migratory birds visit the area every winter

HANS NEWS SERVICE
TIRUPATI

GOOD news for bird lovers and tourists. The much-anticipated Flamingo Festival will be held at Pulicat Lake in the Sullurpet constituency of Tirupati district for two days on January 10 and 11, 2026, the district administration has announced.

District collector Dr S Venkateswar has directed officials to begin preparations immediately to ensure the smooth and successful conduct of the festival. A review meeting in this regard was held on Tuesday at the local Collectorate with conservator of forests and zoo curator C Selvam and regional director of tourism Dr R Ramana Prasad.

Addressing the meeting, the collector said thousands of flamingos migrate to the Pulicat Lake region every year, making it essential to organise the festival in a scientific and well-planned manner. He instructed officials to prepare a detailed

Flamingo Fest to light up Pulicat on Jan 10-11

District collector Dr S Venkateswar speaking at a review meeting on the Flamingo Festival in Tirupati on Tuesday. Conservator of forests C Selvam, tourism RD R Ramana Prasad and others are also seen.

micro plan covering event programmes, tourism facilities, stage arrangements and overall logistics.

Special attention will be given to arrangements at key locations including Pulicat-Nellapattu, BV Palem, Atakanithippa, Irakkam Island, Ubbalamadugu and Periyapalayam. The Collector stressed that the Flamingo Festival should be developed into one of the major tourism events of the state, with all departments working in close coordination.

He also called for wide publicity at the state and national levels to attract more tourists. Plans are to be drawn up for extensive promotion through posters, logos, banners, publicity material and digital display boards. All departments were asked to submit their action plans at the earliest.

District tourism and culture officer M Janardhan Reddy, APTDC EE Subramanyam, tourism officials and event organisers attended the meeting.

It may be recalled that Nelapattu Bird Sanctuary, one of the largest pelicanries in the region, serves as an important breeding and roosting site for both long-distance and local migratory birds. The Flamingo Festival, which began in 2001 as a tourism revenue initiative, has grown into a major attraction. Each winter, around 10,000 to 12,000 migratory birds from nearly 80 species visit Pulicat, making it a haven for birdwatchers and nature lovers.

VB-GRAMIN Bill raises fears among rural workers

NARESH NANDAM
ONGOLE

THE Viksit Bharat-Guarantee for Rozgar and Ajeevika Mission (VK-GRAMIN) VB-G RAM G Bill which was introduced in Parliament on Monday to replace the two-decade-old Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA), promises increase in workdays from 100 to 125, but masks fundamental changes that could leave rural workers worse off. Experts estimate that states like Andhra Pradesh could lose up to Rs 5,000 crore in Central funding, likely forcing

- Bill promises 125 workdays but replaces the legal right to employment with budget-based allocations, risking funding cuts of up to Rs 5,000 crore for states like Andhra Pradesh
- Cost burden shifts to states, which must fund 40% of expenses and bear any excess spending, while a clause allows suspension of work for 60 days during peak farm seasons.
- Mandatory tech-heavy systems and Centrally approved plans may exclude vulnerable workers and weaken scheme's role as a flexible safety net during rural distress

them to cap work even when villagers need it.

The most significant shift transforms employment from a legal right into a budget-controlled programme. Un-

der MGNREGA, households could demand work and the government was legally bound to provide it within 15 days or pay unemployment allowance.

The new law replaces this with 'normative allocation' based on fixed budgets decided by the Central government for each state. Work will now depend on budget ceilings rather than worker demand.

Financial burden shifts dramatically to states, which must now contribute 40 per cent of costs (10 per cent for northeastern states).

Any spending beyond the allocated ceiling is borne en-

tirely by state budgets. A controversial provision allows states to suspend all scheme work for 60 days during peak agricultural seasons.

For landless labourers who depend on the programme when farm work is scarce or exploitative, this legally closes a crucial safety net precisely when income is most needed.

Technology requirements compound access barriers. Mandatory biometric attendance, GPS tracking and app-based systems may exclude elderly workers, those with poor connectivity or worn fingerprints, and people lacking proper documentation.

All work must now come

from pre-approved Viksit Gram Panchayat Plans integrated with national infrastructure systems. This removes MGNREGA's flexibility for urgent, simple employment during distress, favouring large infrastructure projects requiring multi-scheme coordination.

Chakradhar Buddha, coordinator for LibTech India, an NGO, observed that many provisions of the VB-GRAMIN Act are unfair. He said that the employment system shifts from a demand-driven legal entitlement with relatively simple ground-level processes to a Centrally-controlled, technology-heavy

scheme, where budget constraints and digital compliance may override workers' survival needs. He said that Andhra Pradesh used to receive feedback and suggestions on best practices for the MGNREGA through APNA (Andhra Pradesh NGOs Alliance).

He advised the state, which played a key role in the design and implementation of the MGNREGA, to retake the lead and restart consultations with stakeholders and the NGOs network to propose actionable changes that help workers from all regions receive work when they really need it and wages on time.

Training young minds for India’s space future

FROM CHANDRAYAAN TO GAGANYAAN, THE NEXT LEAP DEPENDS ON TRAINING THE NEXT GENERATION OF SPACE INNOVATORS

- Youth as a strategic asset: India’s demographic advantage can drive long-term leadership in space science and technology.
- Expanding access to space education: Outreach programmes, early education and regional-language content can democratise learning.
- Academia–industry collaboration:: Partnerships with startups and private players are enabling hands-on training and innovation.
- Bridging gaps for sustainability: Addressing rural access, faculty shortages and industry alignment is vital for future missions

DR PRIYANK KUMAR

India has made remarkable achievements in space exploration in the last two decades, carving a distinctive position among space powers. From launching satellites for global clients to accomplishing the unprecedented mission of Chandrayaan-3 and gearing up for Gaganyaan human space flight, ISRO has set new benchmarks in the segment.

However, these achievements are just the beginning, as India’s most valuable asset, its youth, will keep the momentum going and growing. Hence, investing in training young minds will lead to a strong, innovative, and self-reliant space ecosystem.

Today, space education is no longer confined to elite institutions or specialized research centres. It is becoming a national priority, especially as space technology

increasingly merges with artificial intelligence, robotics , climate science, and life sciences. As one of the youngest nations on the planet, India has a demographic advantage that can be leveraged to fuel its space future.

By introducing space science early in education and creating pathways for hands-on learning, India can cultivate a generation of thinkers, builders, and explorers who will shape the next era of space innovation.

To support this vision, several outreach programs have been launched for students at various levels. For instance, ISRO’s Yuvika programme, also termed the Young Scientist Programme, inspires young students with comprehensive knowledge on Space Technology, Space Science, and Space Applications.

Such meticulously designed programmes motivate students to pursue

higher studies in Science, Technology, Engineering, and Mathematics (STEM) and contribute to the nation’s scientific growth.

In addition to these initiatives, prominent educational institutions like BIT Mesra are offering specialized programs in aerospace engineering and =rocket technology. These institutions are fostering interdisciplinary learning, encouraging students to explore the connections between space and other promising fields such as data science, environmental studies, and automation.

It is also important to mention the increasing role of the private sector in space education and innovation, as

cutting-edge startups and tech organisations are collaborating with academic institutions to offer internships, workshops, and mentorship programs. These partnerships are fostering a vibrant ecosystem where students can work on live projects, develop prototypes, and even launch small satellites. The rise of space-tech incubators and accelerators is further driving entrepreneurial interest among young innovators.

However, despite the growing momentum, India’s space education landscape faces several challenges that must be addressed to sustain long-term progress. In this regard, uneven access to

classrooms, and regional language content can help democratize access to space knowledge. This inclusive approach ensures that talent from every corner of the country can contribute to India’s space journey.

Looking ahead, India’s space ambitions are set to rival those of established space powers like the United States, Russia, and China. Missions to study the Sun (Aditya-L1), Venus, interplanetary exploration and setting up our own Bhartiya Antariksha Station are advancing, and to support them, a highly skilled workforce with expertise in astrophysics, planetary science, and advanced propulsion systems will be essential. This makes it even more crucial to create a strong educational foundation today.

India’s rising prowess in space is a testament to its scientific expertise and visionary leadership. But the true potential lies in empowering the next generation of space scientists, engineers, and entrepreneurs. By investing in education, fostering innovation, and forging inclusive opportunities, India will not just prepare for future missions but will shape the future of space itself.

(The author is Head of Space Engineering & Rocketry at BIT Mesra)

Seerat-un-Nabi educational initiative identifies ‘100 Gems’ for advanced training programmes

HYDERABAD: A large-scale Seerat-un-Nabi competition concluded at Shahi Masjid Bagh-e-Aam, drawing a gathering of more than 2,000 participants here on Tuesday. The concluding ceremony was addressed by international motivational speaker Munawar Zama, who highlighted the importance of structured learning and character development.

The faith-based educational initiative was organized under the supervision of the mosque’s Imam, Maulana Ahsan Al Hamoomi, with the objective of promoting systematic study of the life and teachings of Prophet Muhammad (PBUH). Participants from diverse backgrounds—including students, working professionals, and senior citizens—took part in the program. According to the organizers, around 1,200 candidates appeared for written examinations conducted in two sessions after a three-month preparation period. Study materials were made available in multiple languages to ensure wider participation.

Addressing the gathering, Munawar Zama, Founder and CEO of English House Academy, announced the selection of 100 top-performing participants, referred to as the “100 Gems,” who will be enrolled in advanced development programs.

These programs will focus on communication skills, debating, and emerging technologies, including artificial intelligence. He also announced a 50 percent fee concession for deserving candidates and full scholarships for orphaned students. Maulana Ahsan Al Hamoomi proposed the introduction of annual leadership camps for the selected participants to further enhance their sense of social responsibility and community engagement.

The event witnessed several moving moments, including senior citizens returning to examination halls after several decades. Organizers announced plans to make the Seerat-un-Nabi competition an annual event, with possibilities of expanding it to other parts of India.

Today is National Say It Now Day

EXPRESSING THANKS: A GIFT THAT BUILDS RELATIONSHIPS

In today’s fast-paced world, youngsters often move from one goal to another without pausing to reflect on the people who support them along the way. Friends who listen, family members who sacrifice, and loved ones who encourage us quietly shape our lives every day. Learning to express gratitude and appreciation to these people is not only a kind gesture but also a powerful habit that can transform relationships and personal well-being.

Gratitude is more than simply saying “thank you” out of politeness. It is about acknowledging how someone’s presence, words, or actions have made a meaningful difference in our lives.

When youngsters take the time to tell a friend, “You helped me believe in myself,” or tell a parent, “Your support gave me strength,” they create moments of deep emotional connection. These honest expressions remind others that their efforts matter and are noticed.

Encouraging youngsters to express appreciation also helps them develop empathy and emotional intelligence. By reflecting on how others have influenced them, young people learn to see beyond themselves. They begin to understand that success, happiness, and growth are rarely achieved alone. This awareness fosters humility and strengthens bonds built on respect and understand-

ing. Expressing gratitude can also have a positive impact on mental health. Studies and everyday experiences show that people who practice gratitude feel happier, less stressed, and more optimistic. For youngsters facing academic pressure, social challenges, or uncertainty about the future, focusing on appreciation can shift their mindset from what is lacking to what is meaningful. Sharing gratitude out loud amplifies this effect, creating a cycle of positivity between individuals.

Moreover, telling loved ones how they have made a difference can leave a lasting impression. Words of appreciation are often remembered long after gifts or

achievements fade. A simple message, letter, or heartfelt conversation can strengthen relationships and even heal misunderstandings. For some, hearing appreciation at the right moment can provide motivation, comfort, or hope.

In conclusion, encouraging youngsters to express gratitude and appreciation is an investment in stronger relationships and healthier communities. By openly telling friends, family, and loved ones how they have shaped their lives, young people learn the value of kindness, connection, and emotional honesty. A few sincere words can make a lifetime of difference—for both the speaker and the listener.

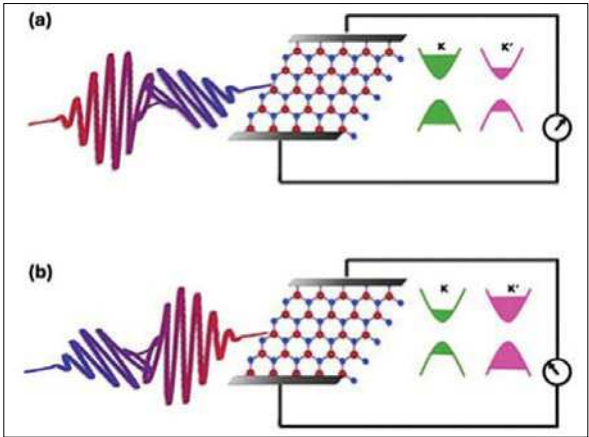

Single light pulse can control quantum states in 2D materials: IIT Bombay

Scientists at the Indian Institute of Technology (IIT) Bombay announced that they have discovered a simple new way to use light to control quantum states inside ultra-thin materials, a breakthrough that could lead to computers that are far faster and more energy-efficient than today’s electronic devices.

The research focuses on two-dimensional semiconductors, materials that are only one atom thick and thousands of times thinner than a human hair. Inside these materials, electrons can exist in two distinct quantum states known as valleys, labelled K and K’.

These two states can be compared to the 0 and 1 used in digital computing, forming the basis of a growing research area called valleytronics.

Until now, controlling these valley states has been

difficult. Earlier techniques required complex laser setups using circularly polarised light and multiple laser pulses, and even then, the control was often incomplete or hard to measure.

As a result, reliable and reversible switching between the two valley states remained a major challenge.

The IIT Bombay team has now shown that this com-

plex setup is not necessary. In a study published in the journal ‘Advanced Optical Materials’, the researchers demonstrated that a single linearly polarised laser pulse can both control and read the valley state of electrons.

The key lies in introducing a small, controlled skew in the laser pulse’s polarisation.

According to Prof. Gopal Dixit from IIT Bombay, this

slight asymmetry in the laser pulse is enough to push electrons into either the K or K’ valley.

By reversing the skew in the pulse, the electrons can be switched back to the other valley. This makes the process fully reversible, with the two valley states effectively acting as quantum versions of 0 and 1.

What makes the discovery even more significant is that the same laser pulse also generates a tiny electric current.

This current acts as a built-in signal that reveals which valley state the electrons have moved into. In simple terms, the system can be controlled and read at the same time, without the need for extra lasers or measuring devices.

The researchers also found that the method works across a wide range of laser wavelengths and does not need to be finely tuned to the material’s energy levels.

Sir CV Raman National Olympiad Talent exam held

Suchirindia conducted the prestigious Sir CV Raman National Olympiad Talent Exam for students from Classes 1 to 10. The examination witnessed enthusiastic participation from around 90,000 students across 730 centres nationwide. Young participants displayed strong competitive spirit. Toppers will be honoured with scholarships, medals, and Young Genius Awards at a grand ceremony scheduled on February 3, 2026, at Ravindra Bharathi, Nampally, Hyderabad

POLITICAL ROWDIES HAVE NO PLACE IN AP: NAIDU

HANS NEWS SERVICE
VIJAYAWADA

CHIEF Minister N Chandrababu Naidu on Tuesday issued a stern warning against what he described as the rise of “political rowdysim” in the state, declaring that those who commit crimes under the guise of politics have no right to remain in the state. He asserted that his government would show no leniency towards criminal elements, regardless of political affiliation.

Addressing a gathering at the appointment letter distribution ceremony for newly selected 5,757 police constables at the Andhra Pradesh Special Police (APSP) Battalion parade ground in Mangalagiri, the Chief Minister reiterated his resolve to maintain strict law and order. “Those who indulge in rowdysim in this State have no right to be here. I still stand by that statement,” he said. At the outset, Naidu announced a significant hike in the stipend for constables undergoing training, increasing it from Rs 4,500 to Rs 12,500

Chief Minister N Chandrababu Naidu and Deputy Chief Minister K Pawan Kalyan distributing appointment orders to a police constable at APSF 6th Battalion Mangalagiri on Tuesday. Home minister V Anitha and DGP Harish Kumar Gupta are also seen.

in a single step. He described the decision as part of the government’s commitment to strengthening the police force and boosting morale among new recruits. Reflecting on past incidents, the Chief Minister referred to the murder of former minister Y S Vivekananda Reddy during the 2019 elections, stating that the crime had initially been projected as a natural death. He alleged that crucial

evidence was tampered with and that political opponents sought to shift blame onto him. “If that crime had been detected properly at the time, history would have been different,” he remarked, adding that he had since become more vigilant and determined. Naidu said crime rates had come down significantly after the formation of the NDA coalition government and warned of uncompromising action against offences in-

volving women and drugs. He described the ganja menace as a blot on the state’s image and said a special task force had been constituted to suppress it “with an iron hand”. The Chief Minister also noted that the nature of crime was changing and called upon the police to adopt proactive methods, including extensive use of CCTV surveillance and swift investigation. Stressing the principle of “visible policing and invisible

police,” Naidu said technology-driven and professional policing was the need of the hour. He cautioned that some criminals were becoming emboldened due to political patronage and made it clear that the government would not hesitate to act even against its own party members if required. Highlighting employment generation, the Chief Minister said his government had fulfilled its promise of providing jobs by conducting the Mega DSC and police recruitments with transparency. He said a total of 23,676 police jobs had been provided during his tenure, including 5,757 constable appointments in the current phase, and asserted that examinations were conducted without corruption, using digital technology. Naidu said peace and order were prerequisites for attracting investments and development. Deputy chief minister Pawan Kalyan, home minister Vangalapudi Anitha and director general of police Harish Kumar Gupta were present at the event.

A ‘north-south divide’ over Hindi names for new laws

NEW DELHI

THE row over the renaming of MNREGA has highlighted the Centre’s new practice of naming Bills in Hindi, deviating from the tradition of providing a Hindi and an English name for each Bill. A slew of Bills in recent months have come with just Hindi names -- packing in an acronym -- which many have claimed is another attempt at homogenization through language. The practice has resonated especially in the south, where leaders have equated it with another attempt at Hindi imposition. The Congress is already seeing red over naming MNREGA -- a homage to Mahatma Gandhi -- after Lord Ram. While the BJP is jeering that it is another evidence of the party’s aversion to Hindu religion and ethos, the use of Hindi names appears to be about to widen the north-south divide. Many MPs and political leaders, meanwhile, have contended that the names in Hindi are difficult to understand. On Monday, as Union Education Minister Dharmendra Pradhan presented

Hindi names so far

THE G Ram G -- which could replace the MNREGA, stands for Viksit Bharat Guarantee for Employment and Livelihood Mission (Rural) Bill. A Bill for reforms in higher education is called Viksit Bharat Shiksha Adhishthan Bill. There is also Sabka Bima, Sabki Raksha Bill to amend insurance laws. A Bill for allowing the entry of private sector into the field of atomic energy flips the system -- an English name that produces a Hindi acronym. The “Sustainable Harnessing and Advancement of Nuclear Energy for Transforming India” has the short name of SHANTI, meaning peace. Earlier, the laws that replaced the Indian Penal Code, the Code of Criminal Procedure and the Indian Evidence Act were called Bharatiya Nyaya Sanhita, Bharatiya Nagarik Suraksha Sanhita, and Bharatiya Sakshya Bill. The Bhartiya Vayuyan Vidheyak law has replaced the Aircraft Act of 1934.

the Viksit Bharat Shiksha Adhishthan Bill in the Lok Sabha, RSP(A) leader NK Premachandran said it was difficult for him to pronounce the name. He contended that this practice of using Hindi names violates Article 348(B) of the Constitution, which says new laws should have names in English. Congress member Jothimani and DMK member T M Selvaganapathi also made their reservations clear. “I see this as an imposition of

Hindi. Already, Tamil Nadu has been deprived of SSA funds just because we have opposed the three-language policy in the National Education Policy-2020,” Jothimani said. DMK leader T R Baalu also spoke against “imposition” of Hindi on southern states. Congress’s P Chidambaram said the change “is an affront to non-Hindi speaking people and states that have an official language other than Hindi”.

Sonia lauds Revanth’s efforts to develop TG

Continued from P1

Sonia Gandhi extended her best wishes to Revanth Reddy, expressing her hope that the state will be taken forward on the path of development in line with the Telangana Rising-2047 Vision document. She made these comments when Revanth Reddy met her in Delhi on Tuesday and handed over the Telangana Rising-2047 Vision document. The Chief Minister briefed Sonia Gandhi on the details of the Telangana Rising Global Summit-2025, which was held for two days on December 8, 9 in Telangana. The CM also explained to Sonia Gandhi the welfare schemes being implemented by the state government for the past two years, the measures being taken for the state’s development, and future plans.

G RAM G Bill introduced in LS amid Oppn uproar

Continued from P1

Opposition members strongly opposed the proposed legislation at the introduction stage and pressed for sending the Bill to a Parliamentary panel for greater scrutiny. The MPs, including Priyanka Gandhi of the Congress, strongly objected to the “removal” of Mahatma Gandhi’s name. Opposing the Bill at the introduction stage, T R Baalu of DMK said Mahatma Gandhi lived in villages and worked for the welfare of the poor there. He said then prime minister Manmohan Singh brought the “noble bill” (MNREGA),

which helped the poorest of the poor get 100 days of employment. The Father of the Nation is being “ridiculed” by the present government, he charged. Priyanka Gandhi Vadra registered her “strong objection” to the draft law, saying MNREGA was a revolutionary Act which was supported by all members of the House when it was passed. “Under this, the poorest of the poor get 100 days of employment. This (present) Bill is weakening the employment rights of the poor. It is against the Constitution,” she claimed. The MP from Kerala’s Wayanad said the MGNREG Act

has ensured the Centre provides 90 per cent of the funds for the works undertaken under the law. “It will be reduced to 60 per cent now. This will hit the finances of the state governments, especially those waiting for GST compensation, she pointed out. “Under this bill, the Centre’s control over the scheme will increase, but its responsibility will come down.” Responding to certain remarks by some ruling party MPs, Priyanka said Mahatma Gandhi was not from her family, but he was from every family in the country. She proposed sending the Bill to a Parliamentary panel.

TRUMP SUES BBC FOR \$10BN

Continued from P1

But the publicly funded BBC rejected claims it had defamed him, after Trump threatened legal action. BBC chairman Samir Shah had called it an “error of judgment,” which triggered the resignations of the BBC’s top executive and its head of news. The speech took place before some of Trump’s supporters stormed the US Capitol as Congress was poised to certify President-elect Joe Biden’s victory in the 2020 election that Trump falsely alleged was stolen from him. The BBC had broadcast the hourlong documentary — titled “Trump: A Second Chance?” — days before the 2024 US presidential election.

Modi’s Jordan visit strengthens bilateral ties, 5 MoUs signed

Continued from P1

He also discussed the issues of fertilizer and agriculture; innovation, IT and digital technologies; critical minerals; infrastructure; health and pharma; education and capacity; tourism and heritage; and culture and people-to-people ties. The Prime Minister proposed that the two countries should aim to enhance bilateral trade to \$5 billion over the next 5 years. He also called for collaboration between Jordan’s digital payment system and India’s United Payments Interface (UPI). Jordan is an important supplier of fertiliser to India, and companies on both sides are in discussions for further substantive invest-

ment in Jordan to meet growing demand for phosphatic fertilizer in India. PM Modi’s first full-fledged visit to Jordan marks the 75th anniversary of the establishment of diplomatic relations between the two countries. India is Jordan’s third largest trading partner. Jordan is also a leading supplier of phosphates and potash fertilizers for India. Around 17,500 Indian nationals currently live in Jordan, mostly working in textiles, construction, manufacturing and healthcare. While India exports cereals, frozen meat, petroleum products, animal fodder etc. to Jordan, fertilisers, especially phosphates and potash are imported.

CONG PLANS COUNTRYWIDE PROTEST TODAY

Continued from P1

Congress general secretary K C Venugopal, in a letter to all state Congress presidents, urged them to organise protests at all district headquarters. These protests must be held with portraits of Mahatma Gandhi, symbolising resistance to the erasure of his name and values, and highlight how the proposed law will impact the crores of beneficiaries of MGNREGA, he said in the letter. “The combined attack on Gandhi’s legacy, workers’ rights and federal responsibility exposes a larger BJP-RSS conspiracy to dismantle rights-based welfare and replace it with charity controlled from the Centre,” Venugopal said.

58 lakh names deleted in West Bengal draft SIR 24 LAKH DEAD, 12 LAKH MISSING

NEW DELHI

IN a development likely to raise a political storm in poll-bound West Bengal, a total of 58 lakh names has been deleted from the state’s draft voter list after the Special Intensive Revision (SIR) to weed out duplication and errors. Out of these 58 lakh names, 24 lakh have been marked as “dead”, 19 lakh as “relocated”, 12 lakh as “missing”, and 1.3 lakh as “duplicate”. The publication of the draft list marks the end of the first phase of the Special Intensive Revision. Those whose names

have been incorrectly excluded from the draft list can now raise objections and request corrections. After addressing these objections, the final list will be published in February next year. The announcement of the Assembly polls in Bengal is expected after the publication of the final list. SIR was last conducted in Bengal in 2002. Trinamool MP Saugata Roy termed the deletion of 58 lakh names “injustice”. “This is the BJP’s conspiracy to remove legitimate voters

from Bengal’s list. We have set up voter assistance booths and we will help them submit forms to include their names in the voter list,” he said. The publication of the draft list is likely to intensify the political uproar in Bengal over SIR. Chief Minister and Trinamool Congress chief Mamata Banerjee has opposed the exercise and accused the Centre and the Election Commission of using SIR to delete the names of lakhs of eligible voters ahead of the election.

Sydney attacker had Hyd roots: TG police

HANS NEWS SERVICE
HYDERABAD

SAJID Akram, one of the two terrorists who killed 15 people in a gruesome mass shooting at Bondi Beach in Sydney, Australia, recently, hailed from Hyderabad, the Telangana police said on Tuesday. Director General of Police (DGP) B Shivadhar Reddy said in a statement that the attackers were identified as Sajid Akram (50) and his son Naveed Akram (24). Further investigation in this regard

▶▶ SAJID AKRAM MIGRATED TO AUSTRALIA 27 YEARS AGO
▶▶ HE WAS SHOT DEAD BY OZ POLICE DURING THE BEACH ATTACK

is being carried out by Australian investigators who described the attack as a terrorist act inspired by the Islamic State group. Sajid Akram was

The DGP said that Sajid Akram is originally from Hyderabad. He completed his B Com degree in Hyderabad and migrated to Australia in search of employment, approximately 27 years ago, in November 1998. He subsequently married Venera Grosso, a European origin woman before settling permanently in Australia. They have one son, Naveed (one of the two attackers) and one daughter. Akram carries an Indian passport as on date and his son Naveed and

daughter were born in Australia and are Australian citizens. As per information available from his relatives in India, Sajid Akram had limited contact with his family in Hyderabad over the past 27 years. He visited India on six occasions after migrating to Australia, primarily for family-related reasons such as property matters and visits to his elderly parents. It is understood that he did not travel to India even at the time of his father’s demise.

Global aviation workforce should have 25% Telugus: Lokesh

Continued from P1

“The real bottleneck for the rapid growth of the aviation sector is inadequate skilled manpower. The EduCity is our response to that challenge as it creates a world-class ecosystem that integrates education, research, industry, and on-the-job training,” he explained. Elaborating on the AAD EduCity further, Lokesh said: “This is not about creating another university. It is about building an ecosystem that supplies job-ready professionals, cutting-edge research and globally benchmarked skills.” The Andhra Pradesh government has committed to developing the core EduCity infrastructure within 12 months with phased onboarding of global academic and industry partners thereafter. “With aviation demand exploding globally, countries that invest early in talent ecosystems will lead the next phase of growth. Through the EduCity, AP

positions India not just as a large aviation market, but as a global supplier of aviation talent and innovation,” the Minister stressed. In alignment with its massive philanthropic support for public education infrastructure, the MANSAS Trust provided the land for EduCity. Acknowledging the significant contribution of Governor of Goa and MANSAS Trust Chairman P Ashok Gajapathi Raju and Vizianagaram MLA Aditi Gajapathi Raju, Lokesh emphasised that it would serve as a major endeavour that shapes India’s aviation future for decades. The AAD EduCity project draws inspiration from global benchmarks such as Aéro Montréal (Canada), Washington–Seattle Aerospace Cluster (USA) and Aerospace Valley (France), where integrated ecosystems have translated talent and research into global competitiveness, according to a release.

IPL auction : Uncapped players strike gold!

Continued from P1

Seasoned South African opener Quinton de Kock returned to his old base Mumbai Indians for a base price of Rs 1 crore. Spencer Johnson remained unsold, while Anrich Nortje, who came with a base price of Rs 2 crore,

was enlisted by LSG, who opened the bidding for the South Africa pacer. A total of 359 players -- 246 Indians and 113 overseas players -- are part of the mini auction pool with the 10 franchises bidding to fill up a maximum of 77 slots, including 31 reserved for foreign players.

YCP misleading Centre on PPP medical colleges: CM

Continued from P1

The Chief Minister asserted that the PPP model is a globally accepted mechanism that is being implemented across sectors, including healthcare, to expand capacity and improve service delivery. He said the model would help increase the number of medical seats while ensuring access to corporate-level healthcare for economically weaker sections. Naidu also launched a sharp personal attack on former chief minister YS Jagan Mohan Reddy, alleging the latter’s disregard for judicial processes. He said Jagan Mohan Reddy frequently skipped court appearances in cases related to alleged illegal assets and raised objections even when Supreme Court directions were being implemented. Such conduct, he remarked, reflected a lack of respect for constitutional institutions. Referring to the TTD Parakamani theft case, the Chief Minister recalled that the High Court had expressed concern over attempts to treat it as an ordinary offence. He said offerings made by devotees carry deep religious sentiment and welcomed the court’s suggestion to adopt artificial intelligence-based systems for the counting and management of temple donations. On governance and administration, Naidu said the government’s practice

of issuing appointment letters to newly selected candidates in the presence of their family members was intended to instill a sense of pride and responsibility. He noted that this approach, earlier followed during DSC recruitments, is now being adopted for police constable appointments under the ‘Yuvagalam’ programme. Turning to party affairs, the Chief Minister said he had held discussions with three-member committees on district-level organisational matters. He indicated that objections related to district party president appointments would be reviewed and resolved shortly. He also underlined the need to strengthen women’s representation in party leadership, stating that the current 28.4 per cent representation should be increased to 30 per cent in view of possible future reservations. Naidu said the list of district party presidents would be announced within two days, followed by the declaration of the state committee before the end of the month. He added that organisational performance would be reviewed every three months and warned that non-performing office-bearers would be replaced, stressing the need for strict adherence to the party calendar from January onwards.

Continued from P1

A 10-member national and international expert advisory team on public health participated in the meeting virtually. Naidu said the government would focus on preventive healthcare by leveraging digital tools and artificial intelligence, rather than merely treating diseases after they occur. He said digitalisation of health records would help identify and analyse the top ten diseases affecting the population and significantly reduce medical expenses. The Chief Minister asked the expert panel to help showcase Andhra Pradesh’s digital healthcare initiatives at the upcoming Global AI Convention in Mumbai. Referring to the success of the Mustabu programme aimed at improving personal hygiene among tribal students, the Chief Minister said the NDA government was committed to building a “healthy, wealthy and happy Andhra Pradesh”. He stressed that effective implementation

at the grassroots level was critical to the success of any policy. Interacting with the expert panel, former WHO chief scientist Dr Soumya Swaminathan underlined the importance of nutrition, availability of doctors and nurses, and the impact of pollution on public health. UNAIDS founding Executive Director Peter Piot said public health should not be viewed purely as a medical issue, as it was influenced by multiple social and environmental factors. Former Union secretary Aarti Ahuja highlighted the need for root-cause analysis of diseases and expressed concern over the rising number of dialysis cases among youth due to pollution. Prof Yik-Ying Teo of the National University of Singapore said AI and digital health records could help deliver more efficient healthcare services. Harvard T H Chan School of Public Health’s Margaret Elizabeth Kruk noted Andhra Pradesh’s effective utilisation

of the Hepatitis vaccine. Khosla Labs founder Srikanth Nadhamuni said AI-enabled health services were becoming central to public healthcare delivery, while NABH Chairperson Dr Rizwan Koita observed that Andhra Pradesh was emerging as a hub for digital healthcare. AIIMS Delhi’s Dr Nikhil Tandon stressed early diagnosis and risk assessment, and AIG Hospitals Chairman Dr D Nageweswara Reddy said health education from a young age was essential. Gates Foundation India Country Director Archana Vyas said an action plan would be prepared based on expert recommendations, including the formation of a health secretariat to monitor public health outcomes. Health Minister Satyakumar Yadav said the expert inputs would guide the state’s healthcare reforms. The Chief Minister directed officials to hold such expert consultations every six months.

Love after 40: Not just romance, a practical support system for child's life pressures

ASKARI JAFFER

In your 20s, love is all about taking chances just because the moment felt right and the luxury to make mistakes. But, dating

in 40s is a different energy. It is more stable, calm, and grounded in life experience. By this age, people have lived enough to know what truly matters and what's merely noise. Young people imagine

love is like two pieces of a puzzle that complete each other. But mature daters know better; it is two complete individuals choosing to support and help each other grow.

In the last few years, love has taken on a whole new meaning for divorced, separated, and widowed singles with kids. It is not only about romance; it has become a real source of support. When life is a full

Love after 40 isn't about chasing sparks—it's about building stability, understanding, and shared strength. For single parents and those starting over, companionship becomes a support system, not just a romance. In this phase of life, love means choosing a partner who stands with you through real-world pressures, every day

plate, with kids to care for, aging parents, financial responsibilities, and society's prying eyes, having a companion who is there by your side through the thick and thin brings more than just joy; it brings the kind of strength everyone deserves. Carry-

ing all that burden alone is not easy; the right partner is not just a date or a romantic presence. They are the teammate who understands and shares that weight.

The dating journey after 40, one that is often seeking a second chance, brings a different kind of magic.

What was once viewed with suspicion is now beginning to be socially accepted, to the extent that specific apps have been built for people seeking love at a more mature age. Standard dating apps fall short for people over 40. At this stage, especially for single parents, dating can be very different. It is not just swiping for fun and sparks; the checklist is rewritten, priorities shift, and what truly matters is finding a person who understands that life can throw a curveball at any point; they want maturity, reliability, and compatibility. 38% of daters beyond 40

look for emotional stability over the thrill alone; someone who will patiently listen without rushing to "fix" things, because sometimes you just need to be heard. A partner who doesn't judge their past or understands that, on most days, their child will come before everything. By the time you're 40, romance isn't about big declarations anymore; it's found in small, steady efforts.

Rebound's Founder and CEO, Ravi Mittal, added, "Love for single parents, or daters above 40, is definitely more than just romance. It's an ecosystem of support. Surveys show single parents are often looking for a match who understands that their plans depend on their kids' school schedule and even mood, and they might be extremely thorough during interactions because introducing someone new to a child's life comes with a lot of hope and fear." 3 in 5 daters with kids claim that finding a suitable partner who values maturity and respects their responsibilities is much easier through dating apps for second chances because these platforms tackle the realities of taking a second attempt at love, instead of brushing them under the rug.

Tamannaah Bhatia shares her desi-style of enjoying tea in private

Actress Tamannaah Bhatia, on Tuesday, gave a glimpse into her personal moments by sharing how she enjoys her tea in true desi style.

Taking to her Instagram handle, the 'Baahubali' actress posted a candid video of herself, where she is seen enjoying tea in desi style—served in a plate. The post highlights how the actress takes a mindful pause at the start of her week, savouring her tea and embracing a calm, unhurried start to the day. The text on the clip read, "I didn't rush my Monday. I eased into it. These minutes are private until now. Just me and tea. And time." The clip features Tamannaah at her candid best, wearing a white night suit and eating soaked nuts before enjoying her tea. She added the trending track "Tame Impala" from Dracula as the background score.

Tamannaah Bhatia often shares updates about both her personal life and professional projects on social media. Recently, she opened up about portraying yesteryear actress Jayashree in V Shantaram's upcoming biopic. In her latest Instagram

post, Tamannaah reflected on how the experience taught her far more than she had anticipated. She described stepping into the shoes of the iconic star as a deeply enriching journey.

Sharing a series of behind-the-scenes videos of her transformation into Jayashree, the 'Lust Stories 2' actress wrote, "Every bit of love that we have received on the poster of Jayashree ji for V Shantaram, is an ode to her. Ode to her grace, and her legacy. Thank you." "Stepping into this world has already been intimate and deeply meaningful, even on the early days. V Shantaram's vision reshaped cinema long before its time. Becoming Jayashree has taught me more than I had imagined, and I look forward to everything this journey will continue to bring."

Tamannaah Bhatia will be seen alongside actor Siddhant Chaturvedi in the upcoming biopic. Directed by Abhijeet Shirish Deshpande, the film titled V Shantaram is a historical biographical drama that celebrates the life, legacy, and cinematic revolution sparked by one of India's most visionary storytellers.

Here's how Alia Bhatt brings weekend vibes to a weekday

Actress Alia Bhatt showed how to keep things effortlessly stylish by bringing weekend vibes to an otherwise ordinary weekday.

Taking to her Instagram handle, the 'Raazi' actress, on Tuesday, posted a series of her stylish photos and videos from a recent award function. She simply captioned the post, "weekend wali vibe weekday pe." In the images, Alia, dressed in a black dress, can be seen striking different poses for the camera. The first close-up shot gives a glimpse of the actress's subtle makeup, while in the others she is seen posing sensuously for the lens.

December 15, Alia Bhatt made a

glamorous appearance at the star-studded Filmfare OTT Awards 2025, held in Mumbai. The 'Student of the Year' actress turned heads in a striking all-black Hervé Léger dress from 1993. Alia's black gown stands out with a plunging sweetheart neckline and wide halter-style straps.

Alia's stunning appearance at the Filmfare OTT Awards 2025 followed another major milestone in her career. The actress was recently honoured with the Golden Globes Horizon Award at the fifth edition of the Red Sea International Film Festival in Jeddah, Saudi Arabia.

Speaking about receiving the

honour, she said, "The Golden Globes are an iconic part of the global awards universe and I am delighted to be part of it and look forward to continuing my career in telling more stories of powerful and deserving women."

On the professional front, Alia Bhatt is set to star in the upcoming film "Alpha," the seventh installment in the Yash Raj Films Universe. Helmed by director Shiv Rawail, the movie also features Sharvari and Bobby Deol. Produced under the Yash Raj Films banner, "Alpha" is scheduled for release on April 17, 2026, and is anticipated to be a landmark in India's female-led action cinema.

Sameera Reddy shares her go-to nature's real electrolyte drink for gut detoxification

Actress Sameera Reddy shared her go-to natural electrolyte drink, praising its detoxifying and gut-friendly properties. Describing it as "refreshing, detoxifying, and gut-friendly," she highlighted how banana stem water can help flush out toxins, reduce bloating, and support healthy digestion—all without any complicated steps. Sameera explained that packed with high fiber, this natural drink not only aids digestion and weight management but also helps maintain blood sugar balance, healthy cholesterol levels, and kidney health. The 'De Dana Dan' actress also shared a method to prepare this gut-friendly detox drink. She recommends starting with fresh banana stem and cumin seeds. Reddy then advises blending the chopped stem and seeds together, then straining the mixture to extract the juice. She revealed that the drink is best consumed fresh in the morning on an empty stomach, allowing its cleansing and digestive benefits to kick in naturally. Sharing the video on Instagram, she wrote, "Refreshing, detoxifying, and gut-friendly! This simple banana stem water helps flush toxins, reduce bloating, and keep digestion happy—without any fuss. Comment 'DETOX' for more mindful recipes from our inner circle wellness community Benefits: High-fiber detox drink that aids digestion & weight management Supports blood sugar balance & healthy cholesterol Natural diuretic—great for kidney health & BP control. Drink fresh, preferably in the morning on an empty stomach. Light, cleansing,

and naturally healing—perfect for daily gut reset." Sameera Reddy often shares recipes for natural and wholesome treats on social media. Earlier, she had revealed the recipe for her healthy, chocolatey, and guilt-free cookies. She has also been sharing recipes using coconut. In terms of work, Sameera is gearing up for the release of her upcoming horror-thriller 'Chimni,' where she plays in the role of Kali. The film follows a grieving mother living in the haunted Chanderi palace, where a malevolent spirit has taken hold of her daughter.

In line with the national vision of 'Sahakar se Samridhhi' to deepen and expand the cooperative movement, Ladakh has adopted the Model Bye-Laws for PACS, enabling them to undertake over 25 diversified business activities while enhancing transparency, accountability, and governance -**Amit Shah**, Union Cooperation Minister

BIZ BRIEFS

Film event in Hyderabad

The Niri9 International Film Festival is set to return with its third edition in Hyderabad on January 10 and 11, a moment of cultural convergence between the North Eastern region and Telangana. This year, the festival received 176 film entries across categories, including 40 feature films, 65 short films, 56 shorter films, and 15 documentaries. Dr Junmoni Devi Khaund, Festival Director, said: "This event is not just a festival; it's a movement of stories, cultures, and connections."

Volvo Car's initiative

Volvo Car India announced an expansion of its sustainability-driven Reverse Project with the launch of a new plantation initiative at Matri Van along the Gurugram - Faridabad Highway. Under its CSR initiative for, the company will support the plantation of over 20,000 native trees over 20 acres of Aravalli land, as part of the Community Barren Land Transformation Project, led by SankalpTaru Foundation in partnership with the Haryana Forest Department.

ETS hosts event in Hyd

ETS, the global leader in educational assessment and creator of the TOEFL iBT test, hosted a TOEFL Experience Days event in Hyderabad on December 16. The event offered a look at the enhanced TOEFL iBT launching on January 21. Sidnei Rodrigues de Souza, Executive Director, said: "TOEFL is evolving to better reflect how students communicate in real academic settings. We are updating the test content and structure, introducing AI-powered scoring for greater precision."

Ujjivan SFB's Ivory program

Ujjivan Small Finance Bank launched Ivory, a program designed for India's mass affluent segment. The offering integrates digital banking with curated experiences, including, entertainment, and dining benefits. Hitendra Jha, Head-Retail Liabilities, Ujjivan SFB, said: "Today's emerging mass affluent segment continues to face barriers in accessing quality banking services. Many encounter high balance requirements, inconsistent service delivery, and generic reward programs that do not align with their lifestyles."

NSE partners with HCLTech

NSE Academy Ltd., (NAL), a subsidiary of the National Stock Exchange of India Ltd., has partnered with HCLTech, to deliver a series of joint certificate programs in technology and finance, aimed at equipping students and professionals with future-ready skills in BFSI and fintech across India and the Middle East and South Asia (MESA) region. This partnership will enable organizations and universities to nurture a future-ready workforce by providing access to industry-leading, ready-to-deploy programs.

Rupee falls 23 paise to settle at fresh record low of 91.01/\$

The rupee has fallen from 90 a dollar to 91 in the last 10 trading sessions

MUMBAI

THE rupee fell 23 paise against the greenback to settle at a new all-time low of 91.01 (provisional) on Tuesday, as the government in the Rajya Sabha attributed the sliding value of domestic currency to widening trade deficit and the ongoing developments related to the India-US trade agreement.

During the session, the local unit lost 36 paise from its previous close against the greenback to hit its lowest-ever level of 91.14, but regained some ground later in the day. Even a weaker greenback and a sharp decline in global crude oil prices could not prevent the slide in the local unit, forex traders said.

The rupee has fallen from 90 a dollar to 91 in the last 10 trading sessions. The unit has slipped 1 per cent against the greenback in the past five sessions alone.

The issue was brought up in the Rajya Sabha on Tuesday, and Minister of State for Finance Pankaj Chaudhary said, "During the current

financial year, the depreciation of the Rupee has been influenced by the increase in trade deficit and likely prospects arising from the ongoing developments in India's trade agreement with the US, amid relatively weak support from the capital account."

"The depreciation of currency is likely to enhance export competitiveness, which in turn impacts the economy positively. On the other hand, depreciation may raise the prices of imported goods. However, the overall impact of exchange rate depreciation on domestic prices depends on the extent of the pass-through of international

commodity prices to the domestic market," he said.

Citing data, Chaudhary said that this year the rupee opened at 90.87 against the greenback and traded in the range of 90.76 to 91.14 before settling at 91.01 (provisional), down 23 paise from its previous close.

On Monday, the local unit settled at 90.78 against the US dollar, registering a loss of 29 paise from its previous close. "Rupee made a new lifetime low as dollar buying continued with news that (US President) Donald Trump has not agreed to the new trade proposals from India.

"The value of the INR is market-determined, with no target or specific level or band. The Reserve Bank of India (RBI) regularly monitors the foreign exchange market and intervenes in situations of excess volatility. Further, the RBI monitors key developments across the globe which may have an impact on USD-rupee exchange rate," the minister said.

According to forex traders, the rupee might even cross the 92 per dollar-mark this month. At the interbank foreign exchange, the rupee opened at 90.87 against the greenback and traded in the range of 90.76 to 91.14 before settling at 91.01 (provisional), down 23 paise from its previous close.

On Monday, the local unit settled at 90.78 against the US dollar, registering a loss of 29 paise from its previous close. "Rupee made a new lifetime low as dollar buying continued with news that (US President) Donald Trump has not agreed to the new trade proposals from India.

Gold snaps 4-day record rally, drops ₹1,700

NEW DELHI: Snapping the four-day record rally, gold prices declined by Rs 1,700 to Rs 1,35,900 per 10 grams in the national capital on Tuesday as investors booked profits amid weak global cues, according to the All India Sarafa Association.

The precious metal of 99.9 per cent purity had surged by Rs 4,000 to touch an all-time high of Rs 1,37,600 per 10 grams on Monday. The metal rose by Rs 6,000 over the previous four days, trading at record highs. "Gold prices witnessed profit booking and remained volatile, with the yellow metal slipping towards the \$ 4,275 level in global markets and staying under pressure," Jateen Trivedi, VP Research Analyst - Commodity and Currency, LKP Securities, said. Echoing sentiments, Dilip Parmar, Research Analyst, HDFC Securities, said, "Domestic gold prices also softened, curtailing a four-day advance. These losses were, however, notably mitigated by the persistent weakness in the Indian Rupee which quoted at a record low level."

In the local bullion markets, silver prices also depreciated by Rs 1,000 to Rs 1,98,500 per kilogram (inclusive of all taxes).

Better regulatory oversight, ease of compliance via reforms: FM

Says FDI limit in insurance sector was increased from 26% to 49% in 2015, 74% in 2021 and now to 100%

NEW DELHI: FINANCE Minister Nirmala Sitharaman on Tuesday said the insurance reforms brought in through a bill in Parliament will grant greater access to insurance for the people, have better regulatory oversight and ensure ease of compliance. Moving the "The Sabka Bima Sabki Raksha (Amendment of Insurance Laws) Bill, 2025" for consideration of the Lok Sabha, Sitharaman said the draft legislation was aimed at bringing transparency, ease of compliance mandates and increasing foreign direct investment (FDI) in the sector.

The minister said that the FDI limit in the insurance sector was increased from 26 per cent to 49 per cent in 2015, 74 per cent in 2021 and now proposed to 100 per cent.

"These have brought in a greater push for the insurance sector. The number of insurers has risen from 53 in 2014 to 74 now," Sitharaman said. She said insurance penetration has improved from 3.3 per cent in 2014-15 to 3.8 per cent now and insurance density or the average insurance premium paid per

person in a year has jumped from \$55 in 2014 to \$97 now.

The minister said the total insurance premium paid has risen from Rs 4.15 lakh crore in 2014-15 to Rs 11.93 lakh crore and assets under management increased from Rs 24.2 lakh crore to Rs 74.4 lakh crore. "We are now looking for greater penetration, better regulatory oversight, easier compliance and more FDI," Sitharaman said. The minister said over the year, an ecosystem has developed in the country for providing greater access for people to insurance.

Sitharaman said that various government schemes such as the PM Fasal Bima Yojana and the Jana Arogya Yojana have brought poor people under the insurance umbrella, a move that has helped immensely during the Covid pandemic.

Vivo's unveils Switch-off campaign

HANS BUSINESS HYDERABAD

VIVO India has launched the seventh edition of its #SwitchOff campaign, it also unveiled a Digital Video Commercial which aims to bring the message to the emotional centre of every Indian home- the dining table. According to the 2025 Switch Off Study, dinner is the strongest daily bonding moment, with 72 per cent of children spending the most time with parents at dinner and 91 per cent saying conversations improve when phones are set aside.

GeetajChannana, Head-Corporate Strategy, Vivo India, said: "Every family remembers a time when dinner was the happiest pause in the day, a moment where conversations flowed without interruption and everyone felt heard. Today, those moments disappear quietly, not because we don't care, but because our attention is constantly pulled away."

Channanaadded: "The Switch Off campaign was created to remind people that meaningful relationships deserve undivided attention."

GDP growth set to accelerate to 7.5% in FY27: Report

MUMBAI

INDIA'S economic growth is expected to pick up pace and remain strong in the coming years, with GDP likely to expand at 7.5 per cent in FY27, even as inflation stays under control, according to Axis Bank's Economic Outlook 2026 on Tuesday.

The report, authored by Neelkanth Mishra, Chief Economist at Axis Bank and Head of Global Research at Axis Capital, says India can grow faster than its long-term trend without triggering inflationary pressures.

This is because the economy still has enough unused capacity, or slack, which allows growth to rise smoothly. Axis Bank expects India to grow faster than most global peers and even above market expectations, making it the world's fastest-growing large economy.

The strong outlook is supported by easing pressure from government finances, lower borrowing costs, and supportive monetary policy.

The report also highlights that ongoing structural reforms and regulatory easing will help sustain growth over

the medium term.

A key driver of this growth will be a fresh rise in investment activity. With company balance sheets in better shape, the cost of capital remaining low, and factories running at high capacity, businesses are likely to increase capital expenditure in FY27. This new investment cycle is expected to further strengthen economic momentum.

The bank's economists also see steady gains in productivity and a revival in capital formation, which together support a long-term trend growth rate of around 7 per cent.

Even with growth moving above this trend, inflation is expected to remain well behaved.

Axis Bank forecasts headline inflation at around 4 per cent in FY27. While food prices may see some rebound, underlying price pressures remain muted.

Quintrans garners \$750K in pre-seed funding round

NEW DELHI

CAPITAL-A, a specialist venture capital fund for manufacturing and deep tech, has led a \$750,000 'pre-seed' round in a deep tech engineering startup, Quintrans. The round also saw participation from Sumeet Kabra of RR Global, SanchiConnect, AIC-Pinnacle and other strategic partners, alongside ecosystem support from existing partner IIMA Ventures. "Capital-A, India's specialist venture capital fund for manufacturing and deep tech, has led a \$750,000 pre-seed round in Quintrans, a deep tech engineering startup developing India-built direct-drive linear motion systems for industrial automation, robotics and equipment manufacturing," according to a release. An industry terminology used by founders, investors and venture capitalists (VCs), pre-seed typically refers to funding stage before the seed round, when a company is focused on the prototype, and Proof of Concept (PoC).

SkyWalker ortho robotic system launched at Arete Hospitals

HANS BUSINESS HYDERABAD

ARETE Hospitals, Hyderabad, has become the first medical institution in Andhra Pradesh and Telangana to introduce the SkyWalker Orthopedic Robotic System in collaboration with US headquartered MicroPort Orthopedics Inc., for knee replacement surgery, marking a significant milestone in the region's healthcare landscape.

"Arete Hospitals has always been committed to integrating innovations that make a real difference for our patients," said Dr Pavan Kumar Reddy, Medical Director & HOD- Critical Care, Arete Hospitals. "The launch of this system is another milestone in our pursuit of clinical excellence at Arete Hospitals, and we are proud to be the first to bring this technology to the twin states. Arete Hospitals is built on the premise of positivity, efficiency & proficiency and advanced medical technology adoption is at our core" added Dr Reddy.

Dr Prabhat Reddy Lakireddi, Director - Orthopaedics Arthroscopy, Sports

Injuries, Robotic & Joint Replacement Surgery, Arete Hospitals, Hyderabad, said, "The system gives us real-time data for joint line reconstruction and ligament balancing, while the NitrX Evolution implant provides remarkable stability and function. We've seen smoother recoveries, better range of motion, and excellent functional outcomes in our initial cases with SkyWalker".

The system is designed to work with the NitrX Evolution implant, enabling accuracy and sub-millimeter precision in knee joint alignment. This combination provides personalised outcomes, faster recovery, and longevity. Dr Mukesh Parmar, Senior Director and General Manager, South Asia, MicroPort Orthopedics, said, "The choice of implant is as critical as the robotic platform itself, because it stays with the patient for life. The new implant has shown excellent clinical outcomes, and when paired with the system, it creates a powerful combination that empowers surgeons and delivers customised and consistently favourable patient outcomes."

ITC gets nod to acquire Birla's Century pulp paper biz

NEW DELHI: Fair trade regulator CCI on Tuesday cleared conglomerate ITC Ltd's proposal to acquire the pulp and paper business of Aditya Birla Real Estate Ltd (ABREL) for Rs 3,498 crore. The development came after ABREL in March this year announced that its board has approved the execution of the business transfer agreement for the divestment of the pulp and paper undertaking situated in Lalkuan, Uttarakhand, by way of a slump sale to ITC. The Competition Commission of India (CCI) said it has approved the proposed deal. "Commission approves acquisition of paper and pulp manufacturing business of Aditya Birla Real Estate Limited by ITC Limited," the regulator said in a post on X.

Established in 1984 at Lalkuan (Nainital, Uttarakhand), pulp and paper undertaking Century Pulp and Paper (CPP) of ABREL is a well-established player in the Indian paper industry with an installed capacity of 4.8 lakh metric tonnes per annum. In March, ABREL said, "The transfer of the business will be for a lump-sum cash consideration of Rs 3,498 crore, to be paid by ITC to ABREL."

India's long-term outlook remains positive, indices to remain near all-time high in 2025

Valuations are stretched across large parts of the market, smaller stocks are under pressure, and investors are becoming increasingly selective about where they deploy capital

NEW DELHI: India's long-term outlook remains firmly positive, underpinned by favourable demographics, policy continuity, rapid urbanisation and sustained productivity gains, a report said on Tuesday. As 2025 draws to a close, Indian equity markets are sending mixed signals. Benchmark indices remain close to record highs, but beneath the surface, the picture is far more nuanced.

Smallcase Managers, in its report, said that valuations are stretched across large parts of the market, smaller stocks are under pressure, and investors are becoming increasingly selective about where they deploy capital. The managers noted that as US growth moderates and the Federal Reserve eventually pivots, interest-rate differentials should increasingly favour Emerging Markets, with India standing out as the most attractive destination.

Dhiren Shah, smallcase manager, Co-Founder, Kamayakya, said: "We re-

main bullish on Indian equities in 2026, with a clear focus on stock selection rather than index levels. While public capex has driven growth so far, the next phase will come from a revival in private capex as corporate balance sheets strengthen and capacity utilisation rises, setting up the next leg of India's structural growth."

India's macro backdrop remains constructive, aided by moderating inflation, the beginning of a rate-cut cycle and continued policy focus on manufacturing, infrastructure and exports. The report expects the economy to

grow at a steady 6-7 per cent in real terms, with inflation anchored closer to 4 per cent, implying a phase of more stable, though slightly lower, nominal growth compared to the previous decade.

"Tariff-related noise from the US, particularly around a potential Trump return, is more of a sentiment and liquidity risk for India than a structural one. It can tighten global liquidity, lift volatility and lead to temporary FII outflows, but it does not change India's core growth story," said Vivek Sharma, smallcase manager, Investment Head, Estee Advisors.

Markets remain in red amid weak cues

Persistent foreign fund outflows, a weak rupee and sluggish global market trends dented investor sentiment

NEGATIVE MOMENTUM

- BSE Sensex fell 533.50pts (-0.63%) to 84,679.86
- NSE Nifty dropped 167.20pts (-0.64%) to 25,860.10
- FII's offloaded ₹1,468.32 cr; DII's bought ₹1,792.25 cr

MUMBAI: Benchmark Sensex tumbled 533.50 points and the broader Nifty declined to the 25,860 level on Tuesday as persistent foreign fund outflows, a weak rupee and sluggish global market trends dented investor sentiment.

The 30-share BSE Sensex tanked 533.50 points or 0.63 per cent to settle at 84,679.86. During the day, it dived 592.75 points or 0.69 per cent to 84,620.61. The 50-share NSE Nifty dropped 167.20 points or 0.64 per cent to a week's low of 25,860.10.

Among Sensex firms, Axis Bank tanked the most by 5.03 per cent. Eternal, HCL Tech, Bajaj Finserv, Tata Steel, UltraTech Cement and Bajaj Finance were also among the laggards. However, Titan, Bharti Airtel, Mahindra & Mahindra and Asian Paints were among the gainers.

"Continued INR weakness to fresh record lows, driven by persistent FII outflows and subdued global sentiments, dragged domestic markets into negative territory," Vinod Nair, Head of Research, Geojit Investments

Limited, said.

The rupee breached the record low level of 91 against the US dollar and hit 91.14 in intra-day trade due to foreign fund outflows on Tuesday. The BSE midcap gauge dropped 0.78 per cent, and the smallcap index dipped 0.69 per cent. Among sectoral indices, realty tanked 1.36 per cent, followed by bankex (1.03 per cent), commodities (0.91 per cent), IT (0.90 per cent), BSE Focused IT (0.86 per cent), financial services (0.83 per cent) and metal (0.82 per cent). Telecommu-

nication and consumer durables were the only gainers. A total of 2,519 stocks declined while 1,651 advanced and 158 remained unchanged on the BSE.

"A risk-averse mood dominated trading as the rupee's breach of the 91 level against the US dollar raised macro concerns, while weakness across Asian markets added to global uncertainty. This combination prompted investors to reduce risk, triggering broad-based profit-booking, particularly across realty, financial services, metal and IT names," Ponmudi R, CEO of Enrich Money, an online trading and wealth tech firm, said.

Foreign Institutional Investors (FIIs) offloaded equities worth Rs 1,468.32 crore on Monday, while domestic institutional investors (DII's) bought stocks worth Rs 1,792.25 crore, according to exchange data. On Monday, the Sensex dipped 54.30 points or 0.06 per cent to settle at 85,213.36. The Nifty edged lower by 19.65 points or 0.08 per cent to 26,027.30.

U-19 Asia Cup

India maul Malaysia by 315 runs

Abhigyan Kundo's historic unbeaten double ton and Deepesh Devendran's 5/22 set up massive win

DUBAI

ABHIGYAN Kundo's record 209 not out and an excellent return of 5/22 from Deepesh Devendran set up a massive 315-run victory for India against Malaysia in their U-19 Asia Cup match here on Tuesday.

India's margin of win is now their second biggest in terms of runs in Youth ODIs, after a 326-run triumph over Uganda in 2022.

Kundo etched his name in record books with a first-ever double century for any Indian in Youth ODIs, scoring his runs off 125 balls with 17 fours and nine sixes to fire India to a mammoth 408 for seven.

In reply, right-arm medium pacer Devendran ran through the Malaysian middle-order after Kishan Singh and Udhav Mohan struck once each to rock the opposition, and despite a late resistance from Hamzah Panggi (35), Malaysia were bowled out for 93 in 32.1 overs.

It was a perfect outing for the Indian colts who put together a robust batting show, in which the tone was set by Vaibhav Sooryavanshi who notched up a quickfire 50 off 26 balls (5 fours and 3 sixes). While Sooryavanshi could not convert his start into another big score, having scored 171 a few days ago against UAE, India were unperturbed even as they lost Vihaan Malhotra (7) and Ayush Mhatre (14) cheaply.

No 4. Vedant Trivedi teamed up with Kundo as the two added 209 runs for the fourth wicket to consolidate, in which the latter was the dominant of the two with his aggressive stroke play particularly on the leg side.

The 17-year-old Kundo's rotation of the strike was top notch as he collected 55 singles during his innings while hitting 17 fours and nine sixes in his superlative knock.

Kundo's double ton is also only the second instance of a batter at U-19 level crossing the 200-run mark, with South Africa's Jorich Van Schalkwyk's 215 against Zimbabwe earlier this year being the first.

The 18-year-old Trivedi looked set for a triple-figure score but ended up giving a return catch to Jaashwin Krishnamurthy, walking back for 90 of 106 balls (7 fours). Kundo was the aggressor in his 87-run stand for the fifth wicket with Kanishk Chouhan while he brought up his double hundred.

BRIEF SCORES:

India U-19 408/7 in 50 overs (Vaibhav Sooryavanshi 50, Vedant Trivedi 90, Abhigyan Kundo 209 not out; Muhammad Akram 5/89) beat Malaysia 93 in 32.1 overs (Hamzah Panggi 35; Deepesh Devendran 5/22, Udhav Mohan 2/24) by 315 runs.

Asian Youth Para Games: Indian shuttlers win 8 gold

NEW DELHI

INDIAN youngsters delivered a remarkable performance at the Dubai 2025 Asian Youth Para Games, winning 8 gold medals in the Para badminton events. The Indian team proved to be a formidable force, securing an impressive 17 medals – 8 gold, 3 silver, and 6 bronze.

At the core of India's success was Jatin Azad, whose composed and confident performances defined the team's spirit. Azad achieved double gold in the SU5 category; first capturing the men's singles title before returning to the court with Shivam Yadav to win gold in men's doubles. Their partnership, founded on trust and communication, remained strong under the pressure of finals day.

Speaking after his victories, Azad looked beyond Dubai with quiet determination, as he said, "I want to play in all championships, gain more experience and exposure. With more exposure, I will achieve more – and I know I will be selected for the LA28 Paralympics," he said.

India's successful streak was also driven by mental toughness. Harshit Choudhary, another gold medallist, emphasised the mindset that helped the team navigate the most challenging moments of the

IPL 2026 to be held from March 26 to May 31

MUMBAI: The 19th Indian Premier League will be held from March 26 to May 31 but it remains to be seen if defending champions Royal Challengers Bengaluru's home base gets a game after a deadly stampede halted all big-ticket cricket at the M Chinnaswamy Stadium. As per established norms, the Chinnaswamy should host the tournament opener given the home side, RCB, won the IPL 2025 title but that is unlikely to be clear till the time BCCI comes out with the full-scale schedule.

The venue was witness to chaos and a stampede, which left 11 dead, after RCB's trophy celebrations drew lakhs on the streets, that was well over the state machinery's capacity to handle at a short notice in June this year.

While the venue has received conditional clearance from the Karnataka government, it also needs to meet the necessary safety and security standards following the deaths.

Hyderabad Open Golf to be held in Feb 2026

Tournament poster unveiled at Boulder Hills Golf & Country Club

HANS NEWS SERVICE
HYDERABAD

THE Hyderabad Open Golf Tournament, an initiative of the TGolf Foundation, was officially announced with a poster launch at the Boulder Hills Golf & Country Club here on Monday. Regarded as India's premier amateur golf championship, the tournament will be held from February 18 to 21, 2026, and is expected to bring together top amateur golfers from across the country.

The poster was unveiled in the presence of Madhusudhan Rao, Head of Business – Emaar India; NRN Reddy, Founder of TGolf Foundation; Papi Reddy, General Manager, Boulder Hills Golf & Country Club; and Prashanth Reddy, along with

other dignitaries and golf enthusiasts.

Speaking on the occasion, the organisers said the Hyderabad Open has been envisioned as a flagship amateur golf event in India. The tournament aims to offer participants a professional-level tournament experience, world-class playing conditions, and a highly competitive platform for both emerging and established amateur golfers.

Registrations for the championship are now open, and interested players can register by scanning the QR code available on the official tournament poster.

Hosted at the iconic Boulder Hills Golf & Country Club, known for its challenging layout and scenic beauty, the Hyderabad Open is expected to further strengthen Hyderabad's reputation as a major golfing destination in the country.

Telangana's Shivani bags 3rd medal at SGFi Nationals

HANS NEWS SERVICE
NEW DELHI

TELANGANA swimmer Shivani Karra continued her impressive run at the 69th SGFi National Swimming Championship for Girls 2025–26, winning a silver medal in the U-14 girls' 100m backstroke on Day 5 at the Shyama Prasad Mukherjee Swimming Stadium here on Tuesday.

Shivani clocked 1:09.97 to finish second, narrowly behind CISCE's Shreya Binil, who took gold with a timing of 1:09.14. This silver marked Shivani's third medal of the championship, adding to her earlier gold in the 200m backstroke and silver in the 50m backstroke, underlining her dominance in backstroke events.

In another notable performance for Telangana, Sudhiksha Krishna secured the bronze

medal in the U-19 girls' 50m freestyle, clocking 28.24 seconds. Karnataka's Shalini R. Dixit won the gold with a timing of 27.75 seconds, while Shubhnoor Kaur of Chandigarh claimed silver in 28.01 seconds.

The championship is being held from December 12 to 17 in New Delhi.

Spotlight on SKY as India eye series win over SA

LUCKNOW: Shubman Gill's lean patch has been the talking point but an equally "out of runs" skipper Suryakumar Yadav is also under intense scrutiny as India look to find the right balance and seal the five-match series against South Africa in the fourth T20I here on Wednesday.

The third game was an ideal opportunity for Suryakumar to rediscover his touch while India chased a modest 118-run target, but the ease that once made him the top ranked batter in the world was noticeably missing.

Shots that defined his dominance have been producing erratic results and the match in Dharamsala was no different as he fell to his trademark pick-up stroke, highlighting a continued struggle.

But he was defiant when it

came to self-assessment. "The thing is, I've been batting beautifully in the nets. I'm trying everything that's in my control. When the runs have to come, they'll definitely come. I'm not out of form, but definitely out of runs," Suryakumar confidently said at the post-match presentation ceremony after India's win in Dharamsala on Sunday.

Modi govt's illegality exposed: Cong on relief to Gandhis

NEW DELHI

THE Congress on Tuesday claimed the "illegality" of the Narendra Modi government and its "politically motivated prosecution stands fully exposed" after a court here refused to take cognisance of the Enforcement Directorate's National Herald money laundering case against Rahul Gandhi, Sonia Gandhi and others.

In a statement, Congress spokesperson Supriya Shrinete said the ED's proceedings against Congress leadership -- Sonia Gandhi and Rahul Gandhi -- in the case have been found to be "completely illegal and mala fide" by the court.

"The mala fide and illegality of the Modi government stands fully exposed. The court has ruled that the ED case is without jurisdiction; it has no FIR, without which there is no case. This politically motivated prosecution by the Modi government over the last decade of the principal opposition party stands exposed before the people of India," she said.

"No case of money laundering, no proceeds of crime and no movement of property; all baseless charges that have been a part of a political witch hunt, propaganda, reputation assassination and campaign which stands defeated today," Shrinete said.

She said the Congress party and its leadership are committed to fighting for the truth and for the rights of every Indian. "We cannot, and will not ever be intimidated, because we fight for the truth," she added.

Party general secretary K

C Venugopal said, "Through this judgment, the court has exposed the illegal and mala fide political targeting by the Narendra Modi government."

"From day one, the opposition, especially Sonia Gandhi and Rahul Gandhi, has been targeted without any legal basis or wrongdoing. This judgment clearly vindicates our stand," he added.

Refusing to take cognisance of the federal probe agency's money laundering charge against Congress leaders Rahul Gandhi, Sonia Gandhi, and five others in the National Herald case, the court noted that the chargesheet filed is based on a probe into a complaint by a private person and not on an FIR of a predicate offence.

Its cognisance is impermissible in law, the judge said. (PTI)

34 Maoist cadres surrender in Bijapur

RAIPUR/BIJAPUR
(CHHATTISGARH)

IN a significant victory for anti-Naxal operations, 34 Maoist cadres, including 7 women, surrendered before senior police and CRPF officials in Bijapur district on Tuesday, carrying a combined bounty of Rs 84 lakh.

The surrendered cadres, primarily from the South Sub-Zonal Bureau, also include members linked to the Dandakaranya Special Zonal Committee (DKSZC), Telangana State Committee, and Andhra-Odisha Border (AOB) Division.

Key figures include a Divisional Committee Member (DVCM) from the Keralapal Area Committee with a Rs 8 lakh bounty, several PLGA (People's Liberation Guerrilla Army) members, Area Committee Members (ACMs), platoon leaders, militia commanders, and frontal organisation office-bearers like DAKMS and CNM presidents.

Disillusioned with Maoist ideology, they pledged allegiance to the Indian Constitution, vowing a peaceful life. Each received Rs 50,000 immediate incentive under the state's rehabilitation policy, Police officials said.

The surrender occurred amid joint efforts by District Reserve Guard (DRG), Bastar Fighters, Special Task Force (STF), CoBRA, and CRPF battalions, influenced by the

Chhattisgarh government's "Puna Margam: Rehabilitation to Rejuvenation" campaign—a reintegration drive—and the "Niyad Nellanar" scheme delivering development to remote villages.

Police Superintendent of Bijapur Jitendra Kumar Yadav appealed to the remaining Maoists, "abandon violence without fear. The government's policies ensure a secure, respectable future."

He highlighted family de-

sires for normal lives.

Since January 2024, Bijapur has seen over 824 surrenders (per local claims, aligning with reports of 790+ by late 2025), alongside arrests and encounters, reflecting intensified operations.

Statewide, thousands have surrendered in 2025, weakening Maoist structures in Bastar. Officials credit proactive security, trust-building, and welfare initiatives for transforming fear into dialogue and development in South Bastar.

Rehabilitation processes, including legal formalities and reintegration support, are underway. This marks another step toward Chhattisgarh's goal of lasting peace in Naxal-affected regions.

Goa nightclub fire case Luthra brothers deported, taken into police custody

NEW DELHI

GAURAV Luthra and Saurabh Luthra, co-owners of the Birch by Romeo Lane nightclub in Goa where a massive fire killed 25 people, were deported from Thailand on Tuesday and taken into custody by Delhi and Goa police as soon as they landed in Delhi. The brothers arrived in the Indian capital in an Indigo flight and were immediately handed over to authorities for further legal proceedings, 10 days after a blaze tore through the Birch by Romeo Lane nightclub in Arpora in North Goa.

Gaurav, 44 and Saurabh, 40, will be produced before a Delhi court where the Goa police will seek their transit remand.

A TV reporter tracking the brothers from Bangkok attempted to shoot inside the aircraft, prompting the airlines and accompanying security officials to summon additional force to whisk away the two

men.

The Luthra brothers are facing a case of culpable homicide and negligence following the December 6 tragedy, which investigators allege was compounded by the nightclub operating in violation of mandatory fire safety norms. The incident raised serious questions over alleged fire safety violations and lapses by the management. Gaurav and Saurabh fled to Phuket in the early hours of December 7, hours after the fire at their nightclub, prompting the authorities to issue an Interpol

Blue Corner Notice and cancel their passports.

The duo was detained by Thai authorities at Phuket on December 11 following a request from the Indian government which later coordinated with officials in Thailand to deport them under legal treaties between the two nations.

On December 11, a Delhi court rejected the transit anticipatory bail pleas. Additional Sessions Judge Vandana termed the allegations against the brothers "prima facie grave and serious" and severely criticised their "conduct."

The court took note of the police investigation that the brothers had booked tickets to Phuket one hour after the fire, a fact their counsel had initially "concealed" while seeking protection from immediate arrest.

The judge said that leaving immediately after the tragedy was a clear attempt to "evade the legal process".

Bondi beach attack: 3 Indian students among injured

NEW DELHI

THREE Indian students were among 40 people injured in the terrorist attack on Sydney's Bondi Beach in Australia, according to a media report on Tuesday.

Two out of these three students are believed to be receiving treatment in the hospital. The Australia Today news portal reported.

The names of the Indian students injured during Sunday's attack have not been disclosed yet.

The Indian students sustained injuries during the shooting, and their exact condition has not been formally confirmed yet, it said.

Naveed Akram, 24, and his father, 50, opened fire on a gathering during the Jewish festival Hanukkah by the Sea celebration.

At least 15 people were killed in the attack, including a 10-year-old child. Five of the injured remain in critical condition, while two injured police officers are in serious but stable condition, it added.

New South Wales Police Commissioner Mal Lanyon said the investigation is expanding as new information emerges, including international travel by the alleged attackers and the discovery of extremist material, the report said. (PTI)

Security forces hunt for terrorists holed up in Udhampur village

JAMMU: Security forces searched for terrorists in Udhampur on Tuesday, a day after a policeman was killed in a gunfight there, a police officer said.

During the encounter on Monday, one terrorist was believed to have been injured, while two policemen suffered minor bullet wounds.

"The operation has been resumed in the area to track down the holed-up terrorists. The cordon has been further strengthened," the officer told PTI.

A joint team of the Special Operations Group (SOG) of police, along with the army and the CRPF, is on the job with sniffer dogs, the officer said.

On Monday, forces got locked in a gunfight with terrorists in Soan village of the Majalta area in Udhampur. The village was raided by the police on a tip-off about the presence of three terrorists, believed to be affiliated with the Pakistan-based Jaish-e-Mohammad (JeM) outfit.

The encounter took place in the besieged village around 6 pm and continued for some time, resulting in injuries to one SOG jawan, Amjad Pathan, son of Bashrat Khan. Pathan, a resident of Salva, Mendhar in Poonch district, later succumbed.

"A very small SOG team engaged the terrorists. Combing of the forest has been impeded due to darkness and treacherous terrain," IGP Jammu Bhim Sen Tutti said in a social media post.

IN BRIEF

Cong MLA raises 'Vote Chori' issue in Assembly, Oppn opposes debate

BELAGAVI: Congress MLA B R Patil on Tuesday tried to raise the issue of alleged "vote theft" in the Karnataka Assembly, claiming that attempts were made to prevent his election as the legislator. The MLA from Aland assembly constituency in Kalaburagi wanted a discussion, but the opposition objected to it, saying that until the Special Investigation Team submits its report on 'Vote Chori', a discussion cannot take place.

"There were attempts to stop me from entering the Assembly. The Special Investigation Team has identified the accused in the 'vote chori' scam," the Aland MLA said in the House. Minister Priyank Kharge supported Patil, saying the MLA should be given a chance. "He should be given a chance to speak. There were attempts to steal votes for Rs 70 per vote."

BJP MLA V Sunil Kumar objected to the demand, saying, "Let the Home Minister table the SIT report on 'Vote Chori' as well as Dharmasthala. Then only the discussion on this topic can happen." The issue of vote theft was raised by Leader of opposition in the Lok Sabha, Rahul Gandhi, who alleged that attempts were made to delete over 5,000 votes in the Aland assembly segment.

The SIT has so far arrested one person from West Bengal for trying to delete votes using an application 'OTP Bazaar'. The SIT has also filed a charge sheet in this case, naming the BJP candidate Subhash Guttadar, his son Harshanand Guttadar, Adya and four others in this case.

Separate nodal officer in all dists to prevent female foeticides

BELAGAVI : Accepting that the female foeticide has not stopped in the state, Karnataka Health Minister Dinesh Gundu Rao on Tuesday said that the government is taking strict measures to prevent it. The minister said the government is appointing separate nodal officers in all districts and tightening measures to prevent foeticide, which he called a "social evil". He also assured that the government will consider strengthening legislation to control such activities. The minister was responding to a question by BJP MLC C T Ravi in the Legislative Council. "Female foeticides have certainly not stopped. If you look at the sex ratio, there is a lot of difference. I accept that this is happening," Rao said. "Foeticides are not happening under pressure; voluntarily, it is happening, for not wanting a girl child.

These things are happening based on the sex determination of the foetus at some hospitals. Sex determination is illegal, but with the advancement in technology, portable ultrasound machines have been developed, which can be easily carried anywhere, and scans and tests can be done.

This needs to be controlled. We will bring it to the notice of the central government," he said.

In some districts and in a few hospitals, a higher number of male child births is happening.

It is found with the help of intelligence input, the minister said.

Man arrested for attempt to grab 532 acres of govt, forest land: Khandre

HANS NEWS SERVICE
BELAGAVI

FOREST, Ecology and Environment Minister Eshwar B. Khandre said that police have taken into custody MB Nemanna Gowda alias MB Manmatha for allegedly attempting to illegally acquire large tracts of forest and government land at Kengeri B.M. Kaval using forged documents.

Addressing the media,

Khandre said the accused had submitted fake documents and obtained court orders in an attempt to grab 532 acres of forest and government land, of which 482 acres fall under forest land. He added that Manmatha had previously made a similar attempt to claim ownership over 512 acres and 26 guntas of forest and government land by producing false records.

Khandre said that follow-

ing these attempts, the Assistant Conservator of Forests had lodged a complaint at the Mudigere Circle Police Station on November 28, after which the local Tahsildar also filed a complaint. Based on these complaints, police registered an FIR and have now taken the accused into custody.

He expressed confidence that the investigation would reveal the full conspiracy behind the attempted land

grab, including identifying all individuals involved in facilitating the illegal claim over valuable forest and government land.

The Minister said he had observed that some officials and government advocates were directly or indirectly assisting land grabbers attempting to illegally acquire forest land worth thousands of crores of rupees.

In this regard, he has written to the Chief Min-

ister, seeking a CID probe or a Special Investigation Team (SIT) to thoroughly investigate the matter.

Khandre issued a stern warning, stating that any attempt to encroach upon forest land through forged documents will not be tolerated.

"As Forest Minister, I will not allow anyone to grab forest land. This should serve as a warning to all," he said.

Congress will certainly return to power in 2028: Sidda

HANS NEWS SERVICE
BELAGAVI

CHIEF Minister Siddaramaiah on Monday asserted that the Congress will return to power in Karnataka in 2028 with the people's mandate, just as it did in 2023, and said the BJP would continue to remain in the Opposition.

Speaking in the Legislative Assembly at Suvarna Soudha while responding to questions raised by the Opposition, the Chief Minister Siddaramaiah said the Congress government enjoys the support of 140 MLAs and that there was no need for the Opposition to create unnecessary speculation.

Referring to a popular proverb, Siddaramaiah remarked that the role of the Opposition seemed to be adding salt to a burning wound. He said that despite repeated provocations, none of the ruling party legislators would be swayed. "The people have blessed me to serve as Chief Minister for five years. We have the strength of 140 MLAs, and the Opposition need not indulge in sour commentary," he said.

The Chief Minister said the Congress government clearly understands the pulse of the people. "Just

as the people blessed us in 2023, they will do so again in 2028. The people of Karnataka will never bring the BJP to power," he asserted.

Siddaramaiah alleged that although the BJP has ruled the state twice, it never came to power with a clear popular mandate. He claimed that in 2008 and 2018, the BJP formed the government through defections under 'Operation Kamala' and entered power through the back door rather than through people's blessings. He said this clearly showed that the people of the state do not favour the BJP.

Recalling the post-2018 political developments, Siddaramaiah said the Congress had formed a coalition government with the JD(S) in 2019 with the intention of preventing the BJP from coming to power, but the BJP questioned even that alliance. The Chief Minister said that while the Congress follows the final word of its high command, the BJP has failed to arrive at a consensus even in the selection of its party president. He alleged that frustration and jealousy were evident within the BJP ranks.

"We will provide a stable government for five years

and face the next election confidently. In 2013 and again in 2023, the people gave Congress a mandate. The BJP has never received such a mandate and will not receive it in the future either," Siddaramaiah said, adding that the BJP would continue to sit in the Opposition.

Quoting poet Kanakadasa, he said leadership was not about individuals but collective responsibility. "This is not my government, it is our government. I am the Chief Minister now and will remain so until the high command decides otherwise," he concluded.

Four key bills on urban governance, transport and public trusts tabled in Assembly

BELAGAVI

THE Karnataka government on Tuesday tabled four bills in the state Assembly, aiming to modify administrative structures and enhance various authorities across the state.

The Bombay Public Trust (Karnataka Amendment) Bill was introduced to appoint the regional commissioner of the Belagavi region as its Charity Commissioner, the Deputy Commissioner of the district concerned as the Joint Charity Commissioner and the

jurisdictional Assistant Commissioners and Tehsildars as the Deputy Charity Commissioner and Assistant Charity Commissioner.

The Karnataka State Road Safety Authority (Amendment) Bill was presented in the House to omit the upper limit in levy and collection of one-time cess at the time of vehicle registration.

Nadaprabhu Kempegowda Heritage Area Development Authority (second amendment) Bill was introduced to include the Director of the

Town and Country Planning Department and the Chief Town Planner of Greater Bengaluru Authority (GBA) as members of the Nadaprabhu Kempegowda Heritage Area Development Authority.

The Bengaluru Metropolitan Land Transport Authority (BMLTA) (Amendment) Bill was introduced to make provisions to include the mayors and the commissioners of the newly formed five municipal corporations in Bengaluru.

Assembly clears second amendment to Greater Bengaluru Governance Bill

HANS NEWS SERVICE
BELAGAVI

THE Karnataka Legislative Assembly on Tuesday passed the Greater Bengaluru Governance Bill (Second Amendment), 2024, paving the way for key changes in the composition of the Greater Bengaluru Authority (GBA).

Presenting the amendment in the Assembly, Deputy Chief Minister and Bengaluru Development Minister DK Shivakumar said the revision was necessary to correct omissions and ensure proper representation of elected representatives residing within the Bruhat

Bengaluru Mahanagara Palike (BBMP) limits.

Shivakumar explained that certain areas falling under the constituencies of Rajya Sabha MP Sudha Murty and Chikkaballapur MP Dr K Sudhakar have now been brought under the BBMP jurisdiction. However, several public representatives residing within the civic body's limits were not included in the GBA member list. The amendment seeks to include local body representatives and Members of the Legislative Council in the authority.

He further said that since the Chief Minister serves as the head of the Greater Bengaluru Authority, the Chief Secretary and the

Additional Chief Secretary of the Urban Development Department have been included as members.

In addition, the Finance Department Secretary will also be part of the authority.

These gaps were noticed during the first GBA meeting, which opposition members had not attended due to political reasons, prompting the government to introduce the amendment, he said.

During the debate, BJP MLA Suresh Kumar raised concerns over the provision of nominated members,

pointing out that with 369 elected BBMP councillors already in place, adding nominated members— at the ratio of one per

20,000 residents—could create confusion and raise questions about the structure's appropriateness.

Responding to the concern, Shivakumar clarified that the Greater Bengaluru Authority is not an elected body but a state-level administrative institution. He said elections would be held within six months whenever new areas are merged into the BBMP.

Until then, nominated representation was proposed to ensure transitional governance. However, accepting the opposition's suggestion, he announced that the government would drop the provision for nominated members.

Request made to BCCI to hold IPL's opening match in Bengaluru: Venkatesh Prasad

MYSURU

BENGALURU is likely to host the opening match of this year's Indian Premier League (IPL), with the Karnataka State Cricket Association (KSCA) formally requesting the Board of Control for Cricket in India (BCCI) to conduct the marquee fixture in the city.

Karnataka Deputy Chief Minister D.K. Shivakumar on December 12 had announced that cricket matches will be allowed at Bengaluru's Chinnaswamy Stadium with safety measures.

"We've allowed cricket matches to be held at the stadium, taking necessary precautions to ensure safety and maintain Bengaluru's reputation," Shivakumar said.

Speaking to reporters in Mysuru on Tuesday, KSCA

President and former Indian pacer Venkatesh Prasad said discussions have already been held with the BCCI on hosting the IPL opener in Bengaluru.

The BCCI was also actively considering the proposal, Prasad added. Traditionally, the IPL opening match is held at the home ground of the team that won the trophy in the previous season.

However, Prasad said certain issues that arose during the Royal Challengers Bengaluru (RCB) victory celebrations had led to confusion earlier. Following the KSCA elections, he said the cricket association had held discussions with the state government to ensure smooth conduct of the matches.

"The Chief Minister (Siddaramaiah) and the Deputy Chief Minister (D.K. Shiva-

kumar) have already given a green signal for hosting the tournament. I have also spoken to the Home Minister over the phone. The date for this year's IPL opening

match will be finalised soon," Prasad said.

He added that Bengaluru would continue to host IPL, international matches and games across all formats.

Prasad also said star cricketer Virat Kohli would be visiting Bengaluru for the Vijay Hazare Trophy matches.

He noted that Bengaluru has three stadiums, includ-

ing the M. Chinnaswamy Stadium, and a decision on the venue for the matches is yet to be taken. He also said discussions are underway to develop an international standard cricket stadium in Mysuru. Referring to the past three years, Prasad acknowledged that the cricket association had faced internal issues, but assured that his team would resolve all pending matters and prioritise the promotion of quality cricket.

Deputy Chief Minister Shivakumar had said, "Home Minister G. Parameshwara has been tasked with overseeing the arrangements, and the Karnataka State Cricket Association (KSCA) President Venkatesh Prasad and police officials will discuss the details." Shivakumar emphasised that the decision was made to uphold Bengal-

uru's reputation and prevent any untoward incidents. The decision follows suspension of cricket matches at the stadium after 11 people died in a stampede during an RCB victory celebration in July this year.

The Chinnaswamy Stadium had also lost the opportunity to hold a Women's World Cup match due to security concerns. The stadium has not hosted any matches since the stampede on June 4, in which 11 people were killed.

The announcement came after KSCA President Venkatesh Prasad and other office-bearers met Deputy CM Shivakumar in Belagavi. They had also met the Chief Minister Siddaramaiah and had submitted a request for the resumption of cricket matches.

'Chikiri Chikiri' sets the internet ablaze, crosses a century in Telugu alone

150 million+ views across 5 languages

Mega Power Star Ram Charan has once again showcased his immense star power. The first song from his upcoming film, 'Peddli', titled "Chikiri Chikiri", is creating waves online. What began as a high-energy launch has now turned into a massive worldwide sensation.

Within just a month of its release, the Telugu version alone has crossed 100 million views, while the combined views across five languages have surpassed 150 million. Even though still a few months away from its release, the song's popularity continues to soar.

Composed by A.R. Rahman, the song's powerful beats and catchy rhythm have impressed audiences everywhere. Ram Charan's energetic dance moves and commanding screen presence have become a hot topic on social media, inspiring countless reels and fan edits.

Director Buchi Babu Sana's stylish visuals and keen attention to detail make the song look grand and exciting, further amplifying the buzz around 'Peddli'. Produced by Venkata Satish Kilari under the Vridhhi Cinemas banner, the film is being mounted on a lavish scale.

Janhvi Kapoor plays the leading lady, with Shiva Rajkumar appearing in a pivotal role. With "Chikiri Chikiri" continuing to top the charts and set new records, the pre-release hype for 'Peddli' is only getting stronger.

Producer Raj Kandukuri wishes for success of 'Jinn', releasing on Dec 19

Produced by Nikhil M. Gowda under the banners of Sadalamma Film Productions and Bilva Studios, 'Jinn' is directed by Chinmay Ram. The film features Amit Rao, Parvez Simba, Prakash Tuminad, Ravi Bhat, and Sangeetha in key roles. The movie is set for a grand release on December 19. Ahead of its release, a trailer launch event was held on Monday, attended by chief guests Raj Kandukuri, Veerabhadra Chowdary, and Sohel.

The trailer raises intriguing questions: What is the mystery behind the haunted lake? What is the secret hidden inside the college? It depicts four youngsters trapped by spirits, unable to escape from a college building, with the entry of a Jinn adding to the suspense. The makers manage to scare the audience right from the trailer itself. The visuals and background score are highly engaging and captivating.

After the trailer launch, the speakers shared their thoughts:

Raj Kandukuri said:

"Jinn" is a very interesting title. There are two kinds of Jinn—good Jinn and bad Jinn. I feel horror films carry comparatively less risk. If fear is presented effectively, audiences always support horror films."

Veerabhadram Chowdary said:

"I really liked the trailer of 'Jinn'. Horror films are tasting

success these days. Director Chinmay Ram has made this film very well. 'Jinn' will surely achieve good success."

Sohel said:

"Telugu audiences encourage films from all languages and technicians from all regions. I really liked the trailer of 'Jinn'. The tagline 'Spooky World' is impressive. I wish the director and producer great success."

Director Chinmay Ram said:

"Thank you to everyone who attended our film 'Jinn'. Special thanks to producer Nikhil garu for investing in and supporting us."

Amit Rao said:

"Thanks to everyone who came to the 'Jinn' trailer launch event. Many people don't know what 'Jinn' means. In Islam, spirits and supernatural beings are referred to as Jinn."

Parvez Simba said:

"We took an idea that struck us and brought it this far. We did extensive research on Jinns. With this movie, we are presenting a completely new world."

Marella Manikantha said:

"Thanks to everyone who attended our 'Jinn' event. This is a film audience have never seen before. Producer Nikhil garu made it on a grand scale, and director Chinmay Ram has executed it brilliantly."

'Dhandoraa' Is a Wonderful Film That Combines All Kinds of Commercial Elements - Actor Sivaji

The film 'Dhandoraa' stars the iconic actor Sivaji in the lead role. Ravindra Banerjee Muppaneni, head of Loukya Entertainment—who has garnered attention for producing acclaimed films like 'Color Photo' and 'Bedurulanka 2012'—has produced 'Dhandoraa'. Along with Sivaji, actors Navadeep, Nandu, Ravi Krishna, Manika Chikkala, Mounika Reddy, Bindu Madhavi, Radhya, Aditi Bhavaraju, and others play important roles in the film. Directed by Muralikanth, the movie is set for a grand release on December 25. As part of the promotions, actor Sivaji interacted with the media. Here are some key excerpts from his interaction:

Have you heard the story of 'Dhandoraa' before 'Court'?

I first heard the story of 'Dhandoraa'. My role in it is very new. The makers of 'Dhandoraa' had given an advance earlier, but there was a delay in production. So 'Court' was released first.

What is your role going to be like in 'Dhandoraa'?

My role in 'Dhandoraa' will be different. Whether it is good or bad is something the audience will decide. They may not fully understand it immediately; after watching the film, the audience will have to tell me about my role.

Can 'Dhandoraa' be considered a completely message-based film?

'Dhandoraa' is not a completely message-oriented film. It is a film made by combining all kinds of commercial elements.

Since it comes after 'Court', there are expectations on 'Dhandoraa'. Will your role

live up to them?

The response to my role as Mangapati in 'Court' is similar to the response I expect for my role in 'Dhandoraa'. Such roles come only if you are very lucky as an actor. I got a character with many different shades in this film.

Prostitutes were portrayed in films like 'Vedam' and 'Kancheepuramlo'. How are they portrayed in this film?

Bindu Madhavi's character in 'Dhandoraa' has been portrayed in a very classy manner. Everyone will connect with the film and its characters.

Do you feel new directors are using you more?

I mostly work with new directors. Our filmmakers are very calculative. Even though we have a lot of potential actors, they often bring actors from other languages.

Did you enjoy films like 'Missamma'? Do you enjoy films like 'Court' and 'Dhandoraa'?

I enjoyed all kinds of films such as 'Missamma', 'Shailaja Krishnamurthy', and 'Adirindayya Chandram'. I have always had confidence in myself as an actor. I can play all kinds of roles, from comedy to negative shades. Now, I feel the time has come for me.

TRAILER OF '45: THE MOVIE' UNVEILED

Popular music director Arjun Janya takes the director's chair for the first time with the much-awaited flick '45: The Movie', a project that promises scale, substance, and star power in equal measure. The film unites three formidable forces of Kannada cinema—Karunada Chakravarthy Shiva Rajkumar, Real Star Upendra, and the versatile Raj B Shetty—setting the stage for a cinematic collision unlike any other. Produced by Uma Ramesh Reddy and M. Ramesh Reddy under the Suraj Productions banner, '45: The Movie' has been crafted with a clear ambition to stand apart. From its striking promotional material to the intriguing snippets unveiled so far, the film has steadily built an air of mystery that has kept audiences talking. With anticipation peaking, the makers have now unveiled the theatrical trailer.

The opening frames introduce a powerful visual idea—a date of birth, a date of death, and the fleeting stretch between them. This stark imagery becomes the film's thematic backbone, suggesting that existence is not just about living, but about being accountable for every choice made within that narrow window of time. The trailer hints at a belief

system where moral reckoning does not stop with death, giving the film an almost metaphysical undertone.

Bringing together Shiva Rajkumar, Upendra, and Raj B Shetty, '45: The Movie' blends contrasting personas into this moral framework. Upendra's resonant voiceover lends philosophical gravity, framing the narrative as a reflection on cause and consequence. Raj B Shetty appears rooted

and vulnerable, representing the ordinary individual caught in forces larger than himself. Shiva Rajkumar's presence, particularly his unexpected appearance in a red Bharatanatyam costume, introduces a striking sense of duality and transformation.

The cinematography by Satya Hegde stands out, while Arjun Janya's pulsating score amplifies the experience. The production values are exceptional, and the

film features high-intensity action sequences choreographed by leading stunt masters Dr K Ravi Verma, Jolly Bastian, and Differnet Danny Chetan D'Souza. Dialogues are written by Anil Kumar, and editing is handled by K M Prakash.

With the trailer setting the bar high, '45: The Movie' is gearing up for a grand release in five languages on January 1, ushering in the New Year with a bang.

Geetha distributors to release Mohanlal's 'Vrusshabha' in Telugu on Dec 25

The prestigious Geetha Film Distributors, known for releasing blockbuster films like 'Kantara', 'Viduthalai', 'Chaava', and 'Mahavatar Narasimha', along with many other Telugu super hits, is now bringing the highly anticipated film 'Vrusshabha', starring the complete actor Mohanlal, to Telugu audiences. With the involvement of this leading distribution house, anticipation around the film has reached new heights. This period film promises audiences a cinematic spectacle like never before.

Written and directed by Nanda Kishore, 'Vrusshabha' is a sweeping saga of love, destiny, and vengeance, exploring the unbreakable bond between a father and son. Announcing this exciting development, the makers unveiled a powerful poster featuring Mohanlal in two different looks. Geetha Film Distributors is planning a grand release for the film. Shot simultaneously in Malayalam and Telugu, with releases planned in Hindi and Kannada as well, 'Vrusshabha' is set to be one of the most memorable cinematic events of 2025. Worldwide Release: December 25, 2025. The previously unveiled teaser introduced audiences to Mohanlal in a commanding avatar as a warrior king,

carrying the powerful message, "When Destiny Calls, Blood Must Answer." With the evocative tagline "Reborn Love – A Love So Strong, It Defies Death," the teaser impressed cinema lovers nationwide, ending with a dramatic transition between the past and present that left audiences intrigued by the story's dual worlds.

Starring Mohanlal alongside Samarjit Lankesh, Ragini Dwivedi, and Nayan Sarika, 'Vrusshabha' also features a strong ensemble cast, with more names to be announced. The film features music by Sam CS, sound design by Resul Pookutty, dialogues by SRK, Janardhan Maharshi, and Karthik, and high-octane action sequences choreographed by Peter Hein, Stunt Silva, and Nikhil.

Presented by Connekt Media and Balaji Telefilms Ltd in association with Abishek S. Vyas Studios, and produced by Shobha Kapoor, Ektaa R. Kapoor, C.K. Padma Kumar, Varun Mathur, Saurabh Mishra, Abishek S. Vyas, Praveer Singh, Vishal Gurnani, and Juhi Parekh Mehta, 'Vrusshabha' is an epic action cinematic journey that explores the emotional bond between a father and son. The film blends action, drama, and visual spectacle with deeply moving storytelling.

'Missterious' climax will be memorable - Director Mahi Komati Reddy

The movie 'Missterious' stars Rohit as the hero and Abid Bhushan in a police role, alongside actresses Riya Kapoor and Meghna Rajputh. Directed by Mahi Komati Reddy and produced by Jay Vallandas under the Ashlee Creations banner, the film is gearing up for a grand worldwide theatrical release on the 19th of this month. On this occasion, director Mahi Komati Reddy shared several key highlights of the movie in an interview today.

Director Mahi Komati Reddy said in the interview:

"Our film, 'Missterious', is not a regular-format movie like others; we have crafted it around a distinct point. The film includes elements of crime, love, and crush, along with strong thrilling aspects. The audience will definitely be entertained, as such thrilling elements have not been shown in any film so far. The suspense surrounding who the killer is will continue until the very end of the film. The climax episode will be a blend of suspense and thrill, featuring an unexpected twist that no one can predict. After the movie ends, everyone will surely be talking about that climax."

When it comes to thriller movies, songs are not usually highly expected. However, we have included three songs based on the story's requirements, and all of them fit perfectly. They add a good kick and ensure the audience does not feel like they are only watching a crime film. Our music director, M.L. Raja, has provided chartbuster music for these songs.

Overall, 'Missterious' is a mix of crime, crush, love, thrill, suspense, songs, and fight scenes. The audience will come to the theatre, enjoy all these elements, and leave entertained. Especially, the climax episode will be unforgettable.

So far, the promotional content for 'Missterious' has received very good feedback. We produced the film wonderfully with the support of our friend and producer, Jay Vallandas. Initially, we planned to release the movie on the 12th of this month, but due to the release of Akhanda 2, we decided to bring it to audiences a week later, on the 19th."
