Broadcasters may move court against PCB

KARACHI/NEW DELHI

THE ICC has warned the Pakistan Cricket Board that it faces the prospect of legal action from T20 World Cup's official broadcasters JioStar for boycotting its February 15 game against India, a PCB source said on Tuesday.

Pakistan decided to boycott the match in Colombo on February 15 on instructions of their government but haven't yet officially specified the reasons to ICC. As reported by PTI, there is a possibility that the ICC will withhold the entire annual revenue share of Pakistan, which is around USD 35 million and pay the broadcasters from that purse.

A PCB source informed that although chairman Mohsin Naqvi had taken advice from the board's legal experts before briefing PM Shehbaz Sharif on the issue last week, the board is bracing for some serious consequences.

"If Pakistan doesn't relent and play against India, not only will they face financial penalties, perhaps a lawsuit from broadcasters but also any efforts to go to the ICC Dispute Resolution Committee (DRC) are likely to fail," a PCB source told PTI.

ICC's DRC is an internal committee which doesn't hear appeals against the decisions made by its own board. "The PCB might face problems regardless of their government directive to not play India as they are playing all their matches at a neutral venue (Sri Lanka) as per their wishes and not in India," another PCB source said.

"Secondly, while the In-

ICC, PCB open 'back-channel talks'

NEW DELHI: Pakistan's decision to boycott their T20 World Cup group match against India has reportedly prompted "back-channel talks" between the International Cricket Council (ICC) and the Pakistan Cricket Board amid concerns over potential financial fallout.

Pakistan's boycott decision could reportedly cost world cricket more than 250 million dollars.

As per The Dawn report, a few other cricket boards have also extended support to the ICC in its attempt to reach an understanding with PCB.

It is currently unclear whether Pakistan will be sanctioned for the move, with the ICC urging the PCB to consider the significant and long-term implications if the boycott were to go ahead.

"While the ICC awaits official communication from the Pakistan Cricket Board (PCB), this position of selective participation is difficult to reconcile with the fundamental premise of a global sporting event where all qualified teams are expected to compete on equal terms per the event schedule," the ICC said.

dian government has not given permission to its team to play in Pakistan, it has not stopped them from playing against Pakistan at neutral venues in Asia Cup or ICC events even after the May conflict," the board source, who tracks Naqvi closely, added.

"When the ICC signed its four year deal with the broadcasters for all ICC events, the contract included Pakistan and India matches based on

which the broadcaster made the payments to the ICC," the source explained.

"So the broadcaster will be within its rights to take the PCB and ICC to court over a major breach of the contract." It is reliably learnt that the PCB approached other members boards for support on the matter but failed to find any backers.

There is a school of thought that Naqvi, who is also the interior minister of his coun-

T20 WC: Ticket sales of third stage begin

NEW DELHI: The BCCI announced the commencement of the third stage of ticket sales for the upcoming T20 World Cup following the two successful ticketing windows, with Phase 1 launched on December 11, 2025, and Phase 2 on January 14, 2026.

This latest phase provides fans with a further opportunity to secure seats for matches across the tournament, which will bring together the world's leading teams, the BCCI said in a release.

The T20 World Cup, starting on Saturday, will be staged at some of India's most recognised cricketing venues, creating an environment where fans can witness elite international players and the intensity that defines the T20 format throughout the competition.

As preparations across host cities move into final stages, the BCCI, in close coordination with the stakeholders, continues to focus on venue readiness, operational planning, and match-day experience.

try, might just make a U-turn once the general elections are held in Bangladesh on February 12 and a democratic government takes charge instead of the present one headed by Mohammed Yunus.

"There would still be two days before the India game and things could just change. Else he knows that Pakistan could be ostracised," another source tracking Pakistan cricket said.

HARARE: Unbeaten so far in the tournament, a confident and all-round India will be overwhelming favourites against Afghanistan in the semifinal of the ICC Under-19 World Cup here on Wednesday. India are the most successful team in the history of the event, having annexed the title five times (2000, 2008, 2012, 2018, 2022), followed by Australia, who have won the trophy four times. Come Wednesday, India will look to take one step forward towards a record sixth title.

India have had a great run in the tournament, having won all their five matches quite comfortably, including a 58-run win over arch-rivals Pakistan in the Super Six stage.

Afghanistan too has had a fairly good tournament, winning four out of their five games, their only loss coming against Sri Lanka by four wickets.

Going by form and overall composition, India will hold an edge over the Afghans in the knock-out game. Wicket-

keeper batter Abhigyan Kundu has been the star performer for India with the bat as the left-hander has so far amassed 199 runs from five games with two half centuries to his name.

Big-hitting opener Vaibhav Suryavanshi (196 runs in 5 matches with 2 fifties) too has been in good form but the team management would want him to convert his half-centuries into three-figure scores.

All-rounder Vihann Malhotra (172 runs from 5 games) is the other Indian batter to look out for. He struck the lone century (109 not out) against Zimbabwe in group stages. Skipper Ayush Mhatre has been consistent with the ball in hand, picking up six wickets with his off-break.

Punitive demolitions persist in UP despite SC ban on bulldozer action: Allahabad HC

PRAYAGRAJ

TAKING a stern note of alleged demolition drives in Uttar Pradesh, the Allahabad High Court has observed that punitive demolition of structures continues to take place in the state despite the Supreme Court's November 2024 ruling that "bulldozer justice" is simply unacceptable under the rule of law.

A two-judge bench of Justices Atul Sreedharan and Siddhartha Nandan

also asked the state government whether demolishing a structure immediately after the commission of an offence was a colourable exercise of executive discretion.

The bench observed that it came across various cases in which the notice for demolition was issued to the occupants immediately after the commission of an offence.

Thereafter, the dwelling places were demolished after the ostensible fulfilment of statutory requirements, it said.

Therefore, bearing in mind the "overarching" nature of the case, spanning the right of the state to demolish a structure and the rights of its occupants under Articles 14 and 21 of the Constitution of India, the court fixed February 9 as the next date for hearing.

In the order passed on January 21, the court observed, "Preliminary submissions have been made by both sides. The case of the petitioners appears to be that

though the petitioners are not co-accused in the FIR, the respondents issued a notice to Petitioner No. 2, who owns the residential house in which they dwell, immediately after the commission of the offence and registration of the FIR."

The court said the respondents have sealed a commercial property registered in the name of Petitioner No. 3 as 'Indian Lodge', and a saw mill, the licence of which was renewed in the name of Petitioner No.

2 on February 11, 2025, and its renewal is pending. The petitioners have expressed an apprehension that their properties have been marked for "destruction by mechanical means" (a euphemism for bulldozer action).

"The obvious primary

prayer is judicial intervention to prevent the anticipated destruction of the properties," the court said. The bench was hearing a petition filed by Faimuddeen and others, who claimed that their relative,

Afan Khan, was booked under various sections of the BNS, POCSO Act, IT Act and the UP Prohibition of Unlawful Religious Conversion Act. The petitioners claimed that though they were not co-accused in the FIR, they were targeted by a mob allegedly in collusion with the police.

The Uttar Pradesh government, however, termed the petition "premature" and said the petitioners must respond to the notices issued to them.

The demolition drives continue despite a Supreme Court ban on bulldozer action. The court has directed the state to stop such actions and to provide compensation to those affected.
