Chief Minister N Chandrababu Naidu launches apps related to agriculture and allied sectors at the Secretariat on Tuesday

CHIEF Minister N Chandrababu Naidu on Tuesday directed officials to launch a comprehensive programme to make Andhra Pradesh the country's largest natural farming State. He said 1.8 million farmers were currently practicing natural farming on two million acres and set a target of covering four million farmers and five million acres by 2030-31.

Reviewing agriculture and allied sectors at the Secretariat, Naidu stressed the need to reduce the use of chemical fertilisers to cut cultivation costs and improve farmers' incomes. He called for certi-

fication and traceability systems to ensure product quality and market credibility.

He directed officials to implement these facilities by April and complete them statewide by June. He also suggested encouraging agriculture students to take up natural farming and said training programmes would be conducted with Subhash Palekar.

The Chief Minister emphasised that Andhra Pradesh's farm products must secure a strong presence in national and international markets. He instruct-

ed officials to take proactive steps to prevent losses due to the impact of El Niño and prepare alternative crop plans in drought-prone areas. He also directed the use of AI-based advisory services such as 'Bharat Vistar'.

Naidu said water scarcity in Rayalaseema had been addressed through efficient management and that major reservoirs were full, ensuring sufficient irrigation. Officials informed him that trade agreements with the US and EU had opened new export opportunities for shrimp, dried chillies, mangoes, rice,

and processed foods. He stressed strict adherence to quality standards.

The Chief Minister directed the establishment of a Cocoa City over 500 acres in Eluru district with international standards. He encouraged intercropping in mango, cocoa, cashew, and coconut plantations and called for increased focus on banana exports. He also approved saffron cultivation in Lambasingi under the PPP model with tribal participation.

He made registration of aquaculture farming mandatory and directed that egg

supply contracts for schools and Anganwadis be given to farmers. He said State policies should align with those of the Centre.

Naidu proposed organising crop-based festivals in different regions to promote tourism and stressed the need to reduce logistics costs. He suggested discussions with the Centre for special railway wagons to transport farm produce.

He directed the establishment and modernisation of Rythu Bazaars and approved a flower market in Vijayawada under the PPP model.

During the review, he launched the Digi Rythu Bazaar, APAIMS, and Kisan Drone apps, enabling farmers to book machinery and drones. About 9,512 machines have been made available. He instructed officials to educate farmers on crop registration and promptly resolve their doubts. Agriculture minister K Atchanna Naidu and senior officials attended.

achieved unprecedented progress in the last one-and-a-half years, moving from heavy losses to a profitable path. Hot metal production has risen sharply to 19,401 tonnes per day, compared to just 9,215 tonnes per day during the second quarter of 2024-25. The significant increase in output was attributed to the operation of all three blast furnaces.

The capacity utilisation of the plant has reached a record 94 percent, a sharp rise from about 45 per cent during the second quarter of 2024-25.

Financially, RINL has staged a strong recovery, turning around from a loss of Rs 486 crore in September 2024 to a profit of Rs 54 crore in January 2026. Officials also noted that the Rs 11,000 crore

assistance extended by the Central government played a crucial role in stabilising the plant, and that RINL's credit rating has improved.

The Chief Minister advised the management to introduce new policies across all departments to further strengthen the plant. He emphasised the efficient utilisation of workers and employees to achieve better results and said that management, workforce and governments must work together to take Visakhapatnam Steel to greater heights. Recalling the reforms implemented in Singareni during the United States, he expressed confidence that similar cooperation would ensure sustained success. He assured full support from the State government to Visakhapatnam Steel.

Cabinet nod for panel to probe TTD laddu issue

Hence, the government ordered an independent inquiry and would direct the Commission to submit its report at the earliest.

Ministers discussed changes in tender norms for the procurement of ghee and questioned why former TTD Executive Officer Anil Kumar Singh did not object to these relaxations. The Cabinet reviewed the 2022 Central Food Technological Research Institute (CFTRI) report indicating adulteration, which was allegedly ignored by officials Balaji and Subrahmanyam. It was also noted that the National Dairy Development Board (NDDB) report confirmed the presence of animal fat in the ghee.

Several ministers questioned the alleged use of fake documents to secure tenders and the sidelining of cooperative dairies in favour of private and bogus suppliers. The Cabinet directed the Commission to examine these aspects in detail.

Deputy Chief Minister K Pawan Kalyan sought clarification on whether former chairman YV Subba Reddy's role was mentioned in the SIT report and whether animal fat was cited in the charge sheet.

Officials said Page 35 of the charge sheet clearly referred to it. Ministers stressed that identifying the main conspirators was essential and said the SIT failed to expose the real masterminds. Chief Minister N Chandrababu Naidu said the inquiry was ordered to bring the truth before the public and ensure strict action. He assured that further action would be taken immediately after receiving the commission's report.

Addressing the media, Finance Minister Payyavula Keshav said the SIT had submitted a charge-sheet and a confidential 11-page report recommending action against erring committee members and senior TTD officials. He said the charge-sheet was filed in court and formal cognizance was awaited.

Keshav said the Cabinet found serious irregularities in tender relaxations, quality control failures, and dilution of safeguards. He said tender conditions were relaxed without proper technical evaluation or field assessment. Citing the SIT, he said action was recommended against Balaji, Dharma Reddy, and Singh for deliberate omissions. Ministers Kolu Parthasarathi, Nadendla Manohar, and Y Satyakumar Yadav also spoke.

On whether the government still believed animal fat was present in the ghee, he said decisions were based solely on evidence, particularly the NDDB CALF report, and not on assumptions. Ministers Kolu Parthasarathi, Nadendla Manohar, and Y Satyakumar Yadav also spoke.

He further said that the government decided to constitute a short-term administrative committee to examine procedural lapses and ensure natural justice. Officials facing allegations will be given an opportunity to explain before disciplinary action. Keshav said the government was following due process and not acting out of political vendetta.

He said the SIT probe was nearing completion and that only extracts had been received so far. Conclusions could be drawn only after examining the full charge sheet. He clarified that the inquiry was not targeted at individuals but aimed at restoring the integrity of the TTD system. He also warned against politicizing Tirumala.

The Chief Minister expressed confidence that the India-US trade partnership would play a key role in driving economic development and strengthening bilateral relations in the coming years.

INDIA PLEDGED ZERO-TARIFF BARRIERS IN US DEAL: TRUMP

Continued from P1

A lot remains unclear about the terms of the deal, but Trump said New Delhi has agreed to several measures, including stopping Russian oil trade, reducing tariffs and non-tariff barriers to "zero", and buying over \$500 billion of US goods, including energy, technology, agricultural products, and coal. Tariff barriers are taxes levied on imported goods, making them more expensive to protect local industries. Non-tariff barriers, meanwhile, are indirect restrictions like quotas, subsidies, licensing, standards, and labelling rules that limit trade without direct taxes, often through complex regulations, costs, or delays, affecting

quantity, price, or market access.

Both aim to support domestic economies, but tariffs are explicit taxes, whereas non-tariff barriers use policy and procedures, making them more subtle and complex. Trump's claim that India has agreed to "reduce tariffs and non-tariff barriers against the United States, to ZERO", has not been confirmed by New Delhi. Moreover, both parties have not explained on which lines the barriers would be reduced, if at all, to zero. Largely, Trump's language signifies an in-principle commitment to lower or phase out duties on selected US products rather than an immediate elimination of all import duties.

"We will be shortly issuing a joint statement by both countries along with the details, which we will be shortly inking between the United States of America and India. And as soon as the final understanding of the deal is inked, and the joint statement is finalised, technical processes are completed, full details will be shared" he added. "But I can assure every Indian that the details of this deal will make every Indian proud," he further said. He did not share a timeline, but a government source said the joint statement is expected within this week.

Addressing reporters in the Parliament House complex after he was not allowed to speak in the Lok Sabha, Gandhi also said that it is for the first time in history that the Leader of Opposition has not been allowed to speak on the President's address. In a post on X, Gandhi said, "PM Modi is Compromised. PM is too afraid to let me speak in Parliament about Naravane, Epstein Files and how he has surrendered on Tariffs." Gandhi said the issue is not Naravane's statement, "that is a side show", but the main thing is that "our Prime Minister has been compromised".

The Confederation of Indian Industry (CII)-Andhra Pradesh, in association with the Young Indians (YI) Amaravati Chapter, organised an interactive session with Silai Zaki, Consul General of Australia in Chennai in Vijayawada on Tuesday.

Discussions focused on building pathways for women entrepreneurs and young leaders from AP to engage with Australian institutions and innovation ecosystems.

Key sectors such as healthcare, green energy, clean technologies, education, tourism, and sustainability were deliberated upon. In the tourism and cultural space, participants examined ways to empower local artisans of AP by enabling their participation in national and international platforms, particularly within Indian Diaspora communities in Australia. Cultural showcases, curated ex-

hibitions, and tourism-linked events were highlighted as avenues to enhance global visibility for the State's arts, crafts, handlooms, and creative industries.

Welcoming the gathering, Yi-Amaravati Chapter chairman Balakrishna Chittineni said the interaction encouraged youth and women leaders to think globally and explore international entrepreneurial opportunities. Addressing the session, Silai Zaki emphasised Australia's strong interest in deepening people-to-people and business connections with AP, noting immense scope for collaboration in Andhra Pradesh.

maintained restraint.

"The first takeaway is that despite repeated criticism from the American establishment since 2023 and 2024, India has not reacted.

We have been very patient and very resilient," he said.

Explaining India's diplomatic approach, Dr Vohra referred to what he described as "duck diplomacy". He said the concept reflects calmness on the surface while intense efforts continue behind the scenes.

"If you look at a duck on the surface, everything appears calm and quiet, but beneath the surface its feet are paddling furiously. That is how India has handled

the negotiations," he said.

Drawing a historical comparison, Dr Vohra likened US President Donald Trump's leadership style to that of Roman Emperor Caligula, quoting the Latin phrase "Oderint dum metuunt (Let them hate, so long as they fear)." According to him, President Trump prioritises respect and popularity over being loved. He said India responded to this leadership style with restraint and strategic engagement.

Dr Vohra added that India has largely achieved its core objectives in the trade agreement without compromising sensitive sectors.

"Wonderful to speak with my dear friend President Trump. Delighted that Made in India products will now have a reduced tariff of 18%," Modi said in a post on X, thanking Trump "on behalf of the 1.4 billion people of India."
