We are building a network that is not just larger, but stronger and more reliable for guests."

The announcement was made at a hotel partner summit in Hyderabad, outlining a 360-degree growth roadmap centred on supply expansion, improved quality standards and enhanced guest experience.

Sebi mulls relaxations in reporting requirements for stock brokers

Brokers who are banks or primary dealers will be required to report only those bank accounts that are used for stock broking activities

NEW DELHI: To boost ease of doing business, markets regulator Sebi on Friday proposed additional relaxations to reporting norms for stock brokers, including exempting certain demat accounts held by brokers who are also primary dealers from tagging requirements. Further, brokers that are banks or primary dealers will be required to report only those bank accounts that are used for stock broking activities, Sebi proposed.

"All demat accounts maintained by stock brokers should be appropriately tagged. Further, this shall not be applicable for the demat account which are used exclusively for activities other than stock broking activities by stock brokers, which are also primary dealers. "Stock broker which is also bank or primary dealer, shall be required to report to the stock exchanges only those bank accounts that are used for their stock broking activities," Sebi said in its draft circular.

Under the current rules,

brokers are required to maintain properly named and tagged bank and demat accounts and report the opening and closure of such accounts to stock exchanges. Certain exemptions were earlier provided to brokers that are banks.

In its draft circular inviting public comments on proposed relaxations, Sebi suggested that the earlier requirement regarding reporting of certain demat accounts by brokers has been deleted. Instead, depositories will share details of demat accounts opened or closed

Finance Minister asks banks to refocus on core business

Nirmala Sitharaman slams insurance push, mis-selling by banks

- RBI draft norms mandate refunds and compensation for mis-selling

- Public feedback on guidelines open till March 4; rules effective July 1

- FM flags regulatory gap between RBI and IRDAI

NEW DELHI: Articulating the strategic vision of the Union Budget while sharply calling out mis-selling by banks, Finance Minister Nirmala Sitharaman on Monday urged lenders to refocus on their core business and place customers at the centre of financial intermediation.

Addressing the 621st meeting of the Central Board of Directors of the Reserve Bank of India (RBI), Sitharaman outlined the roadmap of the Union Budget 2026-27,

saying it was inspired by the three Kartavyas and aimed at advancing the goal of Viksit Bharat. She underlined the role of the financial sector in supporting sustainable growth amid global uncertainty and domestic challenges.

Speaking to reporters after the meeting, Sitharaman came down heavily on banks for mis-selling financial products, particularly insurance, to customers who often

do not need them. "Banks should concentrate on their core business... you're spending more time selling insurance when it is not required," she said, describing mis-selling as a long-standing concern.

She pointed to a regulatory grey area where mis-selling fell "between two stools", with the RBI earlier assuming such practices were overseen by the Insurance Regulatory and Development Authority

of India (IRDAI), while the insurance regulator viewed banks as outside its direct ambit. This gap, she said, left customers exposed.

Her remarks come close on the heels of the RBI's draft guidelines issued on February 11 to curb mis-selling. Under the proposed framework, banks would be required to refund the full amount paid for a mis-sold product and compensate customers for losses suffered. Public feedback has been invited until March 4, with the norms slated to take effect from July 1. "The message should go to banks that you cannot afford to mis-sell," Sitharaman said.

She cited instances of loan-seeking customers being compelled to purchase insurance despite already having adequate cover, stressing that banks must assess actual customer needs rather than push unnecessary products.

Sudarshan Pharma stock slips 3% amid GST action

MUMBAI: Shares of Sudarshan Pharma Industries slipped over 3 per cent on Monday after the Goods and Services Tax (GST) department initiated an inspection and search operation at the company's registered office.

The stock fell 3.06 per cent on the BSE to hit an intra-day low of Rs 25.62 per share. The shares were trading at the same level, down 3.06 per cent. Over the past one year, Sudarshan Pharma's stock has declined around 19 per cent, according to the official data.

The decline in the company's share price came after it informed exchanges that the GST department had initiated an inspection, search and seizure operation at its registered office on February 21, 2026. In its regulatory filing, the company said it is in the process of collating information and responding to the authorities.

It added that the final report related to the search and seizure will be concluded as per the prescribed procedures. Despite the recent development, the company had reported improved financial performance for the December quarter.

For Q3FY26, Sudarshan Pharma posted a net profit of Rs 4.15 crore, slightly higher than Rs 3.9 crore reported in the same quarter last year. Revenue from operations rose sharply to Rs 168 crore, compared to Rs 115.65 crore a year ago.

Earnings before interest, tax, depreciation and amortisation (EBITDA) stood at Rs 23.4 crore, up from Rs 16.6 crore in the year-ago period. However, the EBITDA margin declined to 22.8 per cent from 39.9 per cent year-on-year.

In its filing, the company said it is focusing on increasing exports and expanding manufacturing sales. It also highlighted efforts to improve profit margins from the resale of active pharmaceutical ingredients (API) in domestic markets. According to the company, these initiatives helped it achieve substantial growth in profit after tax during FY25.

Mkts extend gains driven by improving global cues

Investors favoured domestic themes, with banks, power, FMCG, and consumer discretionary stocks gaining traction

Improved Sentiment

- BSE-Sensex rose 479.95pts or (+0.58%) to 83,294.66
- NSE-Nifty advanced 141.75pts or (+0.55%) to 25,713
- FII's offloaded Rs934.61-cr; DII's purchased Rs2,637.15-cr

MUMBAI: Equity benchmark indices Sensex and Nifty closed higher on Monday, tracking gains in PSU bank, auto and financial stocks, as investors' sentiments improved after the US Supreme Court struck down the Trump administration's sweeping tariffs.

Extending its winning streak for a second consecutive session, the 30-share BSE Sensex climbed 479.95 points, or 0.58 per cent, to settle at 83,294.66. During the session, the benchmark jumped 671.44 points, or 0.81 per cent, to hit an intraday high of 83,486.15. A total of 2,435 stocks declined, while 1,894 advanced and 168 remained unchanged

on the BSE. The 50-share NSE Nifty advanced 141.75 points, or 0.55 per cent, to close at 25,713. In the intraday session, it appreciated 200.2 points, or 0.78 per cent, to hit a high of 25,771.45.

"The US Supreme Court's ruling against Trump's reciprocal tariff policy was welcomed by domestic markets. Investors are awaiting more clarity on Trump's revised strategy and the scope of renegotiations by other nations. A weaker US dollar and declining 10-year Treasury yields may add near-term caution in the global market," Vinod Nair, Head of Research, Geojit Investments Ltd, said.

Adani Ports was the biggest gainer from the Sensex pack, rising 2.98 per cent, followed by Kotak Mahindra Bank, UltraTech Cement, PowerGrid, Hindustan Unilever, HDFC Bank, Axis Bank, Bharti Airtel, State Bank of India, Titan, Mahindra & Mahindra and Larsen & Toubro were the major gainers. On the other hand, Infosys, Tech Mahindra, Trent, HCL Technologies, Bajaj Finserv, Tata Consultancy Services, ITC, Bharat Electronics Ltd, Eternal, Tata Steel, and IndiGo ended in losses.

"Sentiment improved largely in reaction to the US Supreme Court striking

down earlier import tariffs, temporarily easing trade-related concerns and boosting risk appetite across global markets. "Overall, the ongoing tussle in the index reflects prevailing uncertainty on the global front, while domestic cues remain largely muted," Ajit Mishra, SVP, Research, Religare Broking Ltd, said.

The broader indices ended on a mixed note, with the BSE Smallcap Select Index gaining 0.41 per cent, while the Midcap Select Index declined 1.56 per cent.

"Sectorally, the IT index faced pressure from unresolved concerns over AI-driven disruption. Nonetheless, investors favoured domestic themes, with banks, power, FMCG, and consumer discretionary stocks gaining traction on expectations of resilient demand and economic recovery," Nair said.

Among the sectoral indices, PSU Bank increased the most by 1.4 per cent, followed by Services by 0.97 per cent, Hospitals by 0.89 per cent, Healthcare by 0.76 per cent, Power by 0.72 per cent, Auto by 0.71 per cent, Financial Services by 0.65 per cent, FMCG by 0.54 per cent, and Utilities by 0.52 per cent.

Small caps lead India Inc. earnings growth in Q3: Report

SMALL CAPS DELIVERED A ROBUST 22% YEAR-ON-YEAR EARNINGS, OUTPACING MID-CAPS AT 15% AND LARGE CAPS AT 14%

NEW DELHI: India Inc.'s earnings momentum remained resilient in Q3 FY26, with small-cap companies posting the strongest growth, a report said on Monday.

The report from Equirus Securities said small caps delivered a robust 22 per cent year-on-year earnings surge, outpacing mid-caps at 15 per cent and large caps at 14 per cent, signalling a broadening of the corporate earnings recovery. Revenue grew 10 per cent YoY, while EBITDA and PAT rose 14 per cent and 15 per cent respectively, ahead of market expectations, across companies under its coverage, the report said.

Around 36 per cent of companies saw earnings per share (EPS) upgrades, reflecting improving business fundamentals and demand resilience across multiple industries. The upgrades were led by auto, banks & NBFCs, consumer durables, FMCG, and IT, while downgrades were concentrated in building materials, cement, infrastructure, chemicals,

really and retail, the report said. The trend indicates growing investor confidence and improving forward earnings visibility across market capitalisation segments, it added. Increasing number of firms from tier 2 and tier 3 towns have been tapping the capital markets, as founders look to grow and scale their businesses, said Ajay Garg, Managing Director, Equirus group.

"Looking into Q4FY26, key monitorable include the pace of NHAI order awards for construction companies, the summer season demand cycle for consumer durables, US market dynamics and RBI rate decisions that

could influence BFSI NIM trajectories," said Maulik Patel, Director & Head of Research, Equirus Securities.

Price hikes and demand momentum in cement offer near-term support, though new capacity additions may pressure utilisation rates, while logistics remains supported by EXIM recovery and Dedicated Freight Corridor (DFC) connectivity improvements, he added.

In the third quarter, financial services companies demonstrated steady asset quality trends and loan growth momentum, while consumption-linked sectors benefited from improving discretionary spending patterns.
