Tech-savvy transport department hints at AI-based driving tests to cut down mishaps

MM Farooqui
Hyderabad

The department has taken up the initiative after a Committee on Automated Driving Test Tracks visited driving test facilities in Delhi, Uttar Pradesh and Odisha

Transport Department and HMDA officials inspecting the driving test tracks at Kondapur and Nagole as part of the initiative to upgrade facilities with AI-based video analytics

THE Telangana Transport Department is planning to upgrade driving test tracks with AI-based video analytics to make driving tests more transparent, stringent and technology-driven, said Joint Transport Commissioner M Chandra Shekhar Goud.

On Tuesday, JTC along with Deputy Transport Commissioner Ravindar Kumar, Regional Transport Officer Raghunandan and officials from the Hyderabad Metropolitan Development Authority (HMDA), inspected the driving test tracks at Kondapur and Nagole on Monday.

Speaking during the inspection, Chandra Shekhar said strict and transparent driving tests were essential to improving road safety and reducing road accidents. He said the proposed technology would help minimise human intervention in the testing process.

The department has taken up the initiative after a Committee on Automated Driving Test Tracks visited driving test facilities in Delhi, Uttar Pradesh and Odisha to study the systems and practices followed there. The committee subsequently submitted its report to the Transport Department.

Based on the committee's recommendations and directions from Transport Minister Ponnam Prabhakar, Special Chief Secretary Vikas Raj, and Transport Commissioner K Ilambarithi, the department plans to implement the project in phases.

In the first phase, the department proposes to upgrade driving test tracks within the Core Urban Region (CURE) and the Karimnagar RTO Driving Test Track. The upgraded facilities will use AI-based video analytics to assess driving tests, with the aim of reducing manual intervention.

The Transport Department and Maruti Suzuki India Ltd. are jointly planning the upgrade of the existing driving test tracks and implementation of the AI-enabled testing system.

As part of the preparations, officials conducted a field survey at the Kondapur and Nagole tracks along with HMDA officials Srinivas, Rajashekhar Reddy and Vikram, and committee members Amrita Varshini, Abhilash Naik and Neha, besides RTO official Kondayya.

HYDRAA boss laser-focused on lake restoration, beautification

Hans News Service
Hyderabad

Commissioner calls for strong fencing, pathways, greenery and improved roads around restored water bodies

HYDRAA Commissioner AV Ranganath inspecting development and beautification works at Sunnam Cheruvu in Borabanda

HYDRAA Commissioner AV Ranganath directed officials to focus not only on the restoration of Thammidikunta in Kothaguda and Sunnam Cheruvu in Borabanda, but also on developing and beautifying their surrounding areas.

On Tuesday, Ranganath inspected both lakes and reviewed the ongoing development works. He expressed satisfaction over the complete removal of silt and the increased depth of the lakes, and instructed officials to expedite works planned around the water bodies.

The Commissioner directed officials to install strong fencing around the lakes, develop pathways along their perimeters and increase greenery in the surrounding areas. The review comes ahead of the proposed inauguration of the two lakes by Chief Minister A Revanth Reddy during the Dasara festival.

At Sunnam Cheruvu, Ranganath instructed officials to immediately complete the construction of a culvert and road near the inlet canal. He also directed them to improve access roads leading to the lake from Gayatrinagar and Borabanda. "Along with developing the lake, its surroundings should also be made attractive and visitor-friendly," said Ranganath.

Local residents, who met the Commissioner, appreciated the transformation of lakes, saying that the lakes have undergone significant changes compared with its earlier condition. They observed that the area would become even more attractive once the lake is filled to its full capacity.

Residents also appreciated HYDRAA's efforts in overcoming various obstacles and restoring the lake. Several people also welcomed the development of Thammidikunta following the removal of the Convention structure.

Ranganath and CMC Commissioner Srujana reviewed the remaining development works to be undertaken around both lakes ahead of their planned inauguration.

Singareni, TGGENCO draw up coal supply plan

Pathan Afzal Babu
Hyderabad

75,500 tonnes to be supplied daily to thermal power plants amid rising electricity demand

SINGARENI and Telangana GENCO have prepared an action plan to ensure uninterrupted coal supply to TGGENCO's thermal power plants in line with the state's growing electricity needs amid El Niño conditions. A special coordination meeting held through video conference on Tuesday discussed a daily coal supply target of 75,500 tonnes.

Singareni CMD Dr Buddhaprakash Jyoti and Telangana GENCO CMD Dr Harish, along with Singareni Area General Managers, Chief Engineers of TGGENCO power plants and senior officials of both organisations, participated in the meeting.

They reviewed the coal requirements of each plant, current supplies, coal quality, availability of railway rakes, loading and unloading operations, and transportation difficulties.

The meeting discussed a plan to supply 56,000 tonnes a day through 14 railway rakes and 19,500 tonnes by road. Plant-wise requirements of 24,000 tonnes a day for Kothagudem, 4,500 tonnes for Kakatiya, 15,000 tonnes for Bhadradri and 34,000 tonnes for Yadadri were reviewed.

For Yadadri, an action plan was drawn up to transport 8,000 tonnes a day through two rakes from the Naini coal block in Odisha and 36,000 tonnes through six rakes from Singareni's local mines. Singareni officials said steps were being taken to increase supplies from Naini.

Singareni's Marketing Department officials said 15.02 lakh tonnes of coal had been supplied to TGGENCO power plants by road and rail up to September 28. During the corresponding period last September, supply stood at 11.44 lakh tonnes.

TGGENCO officials informed the meeting that electricity demand had risen due to dry conditions associated with El Niño and that additional coal was needed to support higher generation.

CMC demolishes 15 illegal constructions

Hans News Service
Hyderabad

CYBERABAD Municipal Corporation enforcement teams conducted extensive field inspections across three zones on Tuesday to identify unauthorized structures and enforce building regulations. During the drive, officials identified 15 illegal constructions, completed 15 demolitions, and issued two formal notices.

Zone-wise enforcement operations included five demolitions in Serilingampally, four in Kukatpally, and six in Quthbullapur. Civic teams are maintaining continuous field inspections to identify building violations and initiate statutory action.

The Municipal Commissioner instructed officers to ensure persistent monitoring, stating that coordinated demolition drives will continue across municipal limits to curb unauthorized building activities.

PCC chief endorses Revanth's 'rich God, poor God' remarks

Hans News Service
Hyderabad

AMID the political controversy over Chief Minister Revanth Reddy's remarks that "Shiva is the god of the poor, while Rama is the god of the rich," TPCC President B. Mahesh Kumar Goud has defended the Chief Minister and endorsed his comments.

Speaking to the national media in Hyderabad on Tuesday, Mahesh Kumar Goud questioned why Revanth Reddy should apologise for the remarks. He suggested that the Chief Minister was referring to the traditional visual representations of Lord Rama and Lord Shiva.

Goud said Lord Rama is traditionally depicted in royal attire and adorned with ornaments, while Lord Shiva is portrayed wearing tiger skin and without jewellery or material ostentation. He questioned whether highlighting the differences in their traditional depictions was inappropriate. Mahesh Kumar Goud further stated that Congress leaders have immense respect and devotion towards both Lord Rama and Lord Shiva. He said they pray to both deities and believe that the blessings of all gods are always with them.
