

AP agriculture caught between drought and destructive rain

- Cultivation lags far behind national and Telangana levels
- 32.92 per cent rainfall deficit leaves rain-fed crops battered after failed July-August monsoon
- Late depression brings relief to rainfall figures but damages paddy, groundnut, banana and vegetables in North Andhra
- Farmers face mounting losses from crop failures, rising input costs and water stress

K VARAPRASADA RAO
AMARAVATI

ANDHRA Pradesh's kharif season has slipped into a deep agrarian crisis, with a prolonged rainfall deficit leaving thousands of farmers staring at crop losses after spending heavily on sowing, fertilisers, pesticides and labour.

The state received 32.92 per cent less rainfall than normal between June 1 and September 27, with the deficit widening to 45.10 per cent in Rayalaseema and 21.64 per cent in Coastal Andhra. The situation was even more severe until early September, when the cumulative deficit stood at 55.45 per cent. But the late rains brought by a depression over Coastal Andhra have improved the seasonal rainfall position on paper, but they have come too late for many dryland farmers. In North Andhra, the heavy rains have instead damaged standing paddy, groundnut, banana and vegetable crops.

The scale of the agricultural setback becomes clearer when Andhra Pradesh is compared with the rest of the country. By September 23, cultivation nationally had reached 100.57 per cent of the normal area, while Telangana had covered 95 per cent. Andhra Pradesh had managed only 83 per cent, with 63.24 lakh acres under cultivation against the projected 76.2 lakh acres.

Farmers followed the diversification advice, but the rain-fed gamble failed. Due to the El Nino effect, the government has repeatedly urged farmers to reduce paddy cultivation and move towards less water-intensive, rain-fed crops. Yet paddy still accounts for 32.86 lakh acres, or 52 per cent of the State's total cultivated area, because large tracts of the delta and other irrigated regions remain structurally dependent on paddy during kharif. The crops that were expected to provide an alternative-groundnut, pulses, cotton, maize and millets- are now among the worst affected. Groundnut was cultivated on only 4.13 lakh acres, 43 per cent of its normal area. Cotton covered 10.80 lakh acres, maize 3.1 lakh acres and pulses 9.41 lakh acres. The sowing window for groundnut and cotton has already closed, leaving little scope for farmers to recover the season through fresh planting.

Four districts — Kurnool, Anantapur, Nandyal and Sri Sathya Sai — alone accounted for 23.75 lakh acres, nearly 38 per cent of the state's cultivated area. These are predominantly rain-fed farming regions. June showed farmers encouraged farmers to sow, but the rains largely disappeared in July and August, when the standing crops needed them most.

The consequences are visible in the cultivation figures. Prakasam managed only 27 per cent of its projected area, Annamayya 33 per cent, Anakapalli 36 per cent, Chittoor 36 per cent, Markapuram 37 per cent, Polavaram 38 per cent and Palnadu 66 per cent. In several of these districts, farmers had already incurred expenditure on land preparation, seed, fertiliser, pesticides, labour and lease rents before the crops began to fail.

However, El Nino warning adds to the uncertainty over the next season. The crisis has also exposed the vulnerability of Andhra Pradesh's farm economy to a changing rainfall pattern. The State government had already warned farmers about the possibility of El Nino-related weather risks, urging caution in crop planning and water use. That warning has acquired greater significance as the current season has unfolded with long dry spells punctuated by intense rainfall. Chief Minister N Chandrababu Naidu had told the Assembly on August 17 that Andhra Pradesh was receiving rainfall at a level far below the national average.

The latest rainfall figures underline the warning. Annamayya recorded a deficit of 63.12 per cent, Sri Sathya Sai 56.10 per cent and Prakasam 56.75 per cent. Five other districts recorded deficits between 40 per cent and 49 per cent. Under the IMD classification, rainfall between -20 per cent and -59 per cent is considered deficient, while -60 per cent or below is classified as scanty.

A recent study by scientists from the India Meteorological Department and the National Centre for Medium Range Weather Forecasting, covering weather extremes over India from 1971 to 2022, has also identified South Peninsular India as the region showing the strongest drought trend. Andhra Pradesh is among the eastern coastal States identified as a pronounced drought hotspot. For Andhra Pradesh, the immediate problem is therefore not simply a shortage of rain. It is the collision of failed dryland crops, inadequate irrigation support, depleted groundwater, rising cultivation costs and increasingly erratic rainfall.

The state's farm economy has entered a season in which farmers spent money to sow when the rain came and lost the crop when the rain stopped. Now, when the rain has finally returned, it is damaging crops that survived.

APSEC moves cybercrime police over fake local body poll schedule

Fabricated messages circulated using SEC letterhead, logo and signature

HANS NEWS SERVICE
AMARAVATI

THE State Election Commission (SEC) has lodged a complaint with the cybercrime police station seeking a probe into two incidents involving the circulation of fabricated messages and documents in the name of the Commission ahead of the forthcoming rural and urban local body elections. The SEC said it was making preparations for the second ordinary elections to rural and urban local bodies in the State when a fake election schedule was circulated through WhatsApp and social media on August 21. The fabricated communication used tampered letterheads, official logos and a signature, falsely projecting it as an official SEC communication.

The commission issued a press note on August 24, clarifying that the schedule was fake and urging the public and media to rely only on its official press notes and press conferences for authenticated information.

A second fabricated message surfaced in WhatsApp groups on September 28. It claimed that the State Election Commissioner had said another two months would be required to announce the local body election schedule and that the election process would begin only after court clearance on electoral rolls and reservations. It also claimed that internal preparations had already begun despite any delay.

The SEC categorically rejected the claims in a press note issued on September 29, stating that the information had neither been issued nor authorised by it.

The commission said repeated circulation of such material was creating confusion among the public, media, political parties and government officials. It said the resulting calls seeking clarification were also affecting its normal functioning and diverting officers and staff from election preparations.

Taking the matter seriously, the SEC lodged a complaint with the cybercrime police station seeking a thorough investigation into both incidents. It asked the police to identify those involved in creating, modifying, transmitting and circulating the fabricated communications and initiate action under applicable law, including the Information Technology Act, 2000, Bharatiya Nyaya Sanhita, 2023, and other applicable cyber laws and statutory provisions.

Army engineers to be deployed for SLBC, Kaleshwaram works

PATHAN AFZAL BABU
HYDERABAD

THE Telangana Government is set to strengthen the execution of the Srisailem Left Bank Canal tunnel and the rehabilitation of the Medigadda, Annaram and Sundilla barrages by engaging additional officers from the Indian Army's Corps of Engineers. The Military Secretary's Branch of the Integrated Headquarters of the Ministry of Defence has offered three officers for selection by the Telangana Government: Lt Col Satyadev Singh, Lt Col Ranjit A Menon and Lt Col HV Bhalla. The State Government is likely to take all three officers on deputation and deploy them in its most technically challenging irrigation works.

Irrigation and Civil Supplies Minister N Uttam Kumar Reddy recently met Chief of the Army Staff General Dhiraj Seth at his official residence in New Delhi and requested the deputation of experienced Army engineers to Telangana. He explained the technical complexity and strategic importance of the SLBC tunnel and the repair and rehabilitation of the three Kaleshwaram barrages.

Col Mehra has been closely associated with both the SLBC tunnel, the repair and rehabilitation planning for Medigadda, Annaram and Sundilla barrages. His technical knowledge, field-level involvement and ability to coordinate complex operations have been of immense value to the Irrigation Department.

"Our experience with Col Parikshit Mehra has been extraordinary. His contribution has reinforced our belief that experienced military engineers can add tremendous value to technically complicated infrastructure projects. In light of that experience, we requested the Army Chief to depute more officers. I am grateful that General Dhiraj Seth and Army Headquarters responded so positively and promptly," Uttam Kumar Reddy said.

Under the deployment being considered, one of the three officers would supervise operations at the SLBC tunnel's two excavation fronts, including work inside the tunnel near the excavation faces. The remaining two officers would be assigned to the repair and rehabilitation works covering the Medigadda, Annaram and Sundilla barrages.

Scuffle breaks out over double bedroom allotment

Beneficiaries argue with police during protest alleging irregularities

HANS NEWS SERVICE
MADDIRALA (SURYAPET)

TENSION prevailed in Maddirala village of Tungathurthi constituency in Suryapet district during the draw conducted for the allotment of double-bedroom houses, after several villagers staged a protest alleging irregularities in the selection of beneficiaries.

Officials had initiated the process to allot a total of 58 double-bedroom houses to beneficiaries through a draw. However, a few villagers objected to the process, alleging that houses were being allotted to ineligible persons instead of deserving poor families.

The protesters claimed that beneficiaries who already owned houses had also been included in the allotment, while several poor families who had been living without houses for years were being denied the benefit.

As villagers staged a protest and dharna questioning the allotment process, the situation became tense.

An argument reportedly broke out between the protesters and police personnel. Police dispersed the protesters to bring the situation under control, and some of them were reportedly taken to the police station.

The villagers demanded a comprehensive inquiry into the allotment process and a fresh verification of the eligibility of beneficiaries. They urged the authorities to identify genuinely deserving families and allot the houses transparently in accordance with government norms.

An official response from the authorities and public representatives concerned to the allegations of irregularities in the allotment was awaited.

NORTHERN RAILWAY	
Tender Notice	
The Chief Administrative Officer/Const., Northern Railway, Kashmere Gate, Delhi, for and on behalf of the President of India invites Open e-tender under Two Packet System of the under noted work :-	
Full Name of work:	Engineering, Procurement and Construction (EPC) Agreement for construction of 3rd and 4th Railway line (Ghaziabad-New Moradabad) adjacent to the existing Broad Gauge (BG) electrified double line including detour portions with Civil Engineering works, Track works, Signalling & Telecommunication works, Over Head Electrification, Electrical General Services & all other allied works between Ghaziabad (GZB)/(CH: 145.710km) (Excluding) to New Moradabad (NMB)/(Excluding) (CH:0.850km) as per approved alignment in Delhi & Moradabad divisions of Northern Railway.
Approx. Cost of work:	Rs. 3726.33,95,235.27/-
Completion period of the work:	48 (Forty Eight) months
Earnest Money to be deposited:	Rs. 74,52,67,900/-
Sale/availability of tender document on Rly. Website:	Tender documents will be available on IREPS web site i.e. www.ireps.gov.in from 28.09.2026 to 23.02.2027 upto 11.00 hrs
(i) Pre-Bid Conference:	12.11.2026 at 11.00 hours at CAO/C Office, N. Rly., Kashmere Gate, Delhi and through online VC link.
(ii) 2nd Pre-Bid Conference:	07.12.2026 at 11.00 hours at CAO/C Office, N. Rly., Kashmere Gate, Delhi and through online VC link.
Last date of receipt of (i) Pre-Bid & 2nd Pre-Bid queries:	12.11.2026 upto 18:00 hrs & 07.12.2026 upto 18:00 hrs
Authority response to queries:	19.11.2026 (1st Pre bid) & 22.12.2026 (2nd Pre bid) up to 18:00 hrs
Last date/Time of upload of tenders:	23.02.2027 upto 11.00 hours. Tender documents can be uploaded by the tenderer on IREPS web site w.e.f. 09.02.2027 to 23.02.2027.
Date and time of opening of technical bid:	23.02.2027 upto 11:00 hours. The detailed tender notice also can be seen on the Notice Board of the above office.
