DIPR.RO. NO. 934/LA/PP/ADVT/PUB/2026-27

Will meet PM, Union Ministers as many times as needed: CM Revanth

- Centre-State cooperation key to development
- 170 acres of defence land secured in six months
- Centre clears road under Begumpet runway
- Revanth hits out at opposition over Delhi visits
- CM urges employees to prioritise public service
- 'Serve people, win their trust'
- Employees' issues being resolved one by one

Patan Afzal Babu

HYDERABAD: Chief Minister A Revanth Reddy reaffirmed that he would meet the Prime Minister and Union Ministers as many times as necessary to resolve issues concerning the State.

The Chief Minister inaugurated a new district Collectorate office in Karimnagar and held the first review meeting there on Wednesday. Speaking on the occasion, he emphasised that the States and the Centre should move forward in a spirit of mutual cooperation. He remarked that there would be no use in constructing projects by spending hundreds of crores of rupees without obtaining the necessary Central approvals.

Revanth Reddy took a dig at the opposition for counting his visits to Delhi whenever he met Union Ministers and others.

"Continuous persuasion with the Centre is already yielding good results. We secured the transfer of 170 acres of defence land for State development within just six months. The Centre also granted permission to develop a road passing beneath the Begumpet runway in Hyderabad. We may have ideological differences, but we should cooperate with each other for the sake of development," the CM said.

During the meeting, he emphasised that employees should play an important role in delivering services to the poor. "Whether it is the Chief Minister or the Prime Minister, earning a good reputation depends on the cooperation of employees," he said, appealing to employees to see their own family members in those who approach government offices in a helpless state.

He said the district office should serve to address people's grievances. "Justice will be served to the poor when employees work hard. We have completed the construction of this office, which had been pending for a long time," he said.

The Chief Minister said the people's government had been resolving employees' issues one by one and urged them to continue providing services, resolve issues and win the people's trust.

Chief Minister A Revanth Reddy unveils Telangana Thalli statue at New Karimnagar Collectorate on Wednesday

Bhatti rules out rift with Revanth

Dy CM says Congress leaders united in implementing party ideology across Telangana

Hans News Service

HYDERABAD: Deputy Chief Minister Mallu Bhatti Vikramarka on Wednesday dismissed reports of differences with Chief Minister A Revanth Reddy, asserting that Congress leaders should not be viewed through the lens of caste and that party decisions are taken democratically by the high command.

Responding to queries regarding leadership roles in Kochi, Bhatti emphasized that he does not view party colleagues on a caste basis, affirming that all leaders abide by high command directives. He stated that he is working together 100 per cent with Chief Minister Revanth Reddy and cabinet colleagues to implement Congress ideology across Telangana.

Asserting that Congress ideology remains the ultimate safeguard for the nation, Bhatti appealed to former party leaders, including YS Jagan Mohan Reddy, Mamata Banerjee, and Sharad Pawar, to return to the Congress fold. He highlighted that the party possesses the vision to unite diverse societal sections while pursuing holistic development.

Recalling his close association with former Chief Minister YS Rajasekhara Reddy, Bhatti shared that participating in an intensive five-day training programme for young legislators strengthened his commitment to party principles.

Addressing federal finance, Bhatti demanded justice for southern states in central resource allocation, pointing out that despite contributing significantly to national revenue, southern states receive disproportionately lower returns.

He noted that under Goods and Services Tax distribution, for every rupee contributed, southern states receive merely 43 paise back, whereas states like Bihar receive up to two rupees, urging equitable financial devolution.

Additionally, Bhatti raised serious concerns over voter list deletions and Election Commission operations, warning that public confidence in constitutional bodies is at risk. Demanding that the Centre apologize for alleged misuse of the Election Commission, he called for comprehensive electoral reforms to safeguard democracy and the Constitution.

STATE'S POWER DEMAND HITS RECORD 19,400 MW

Patan Afzal babu

HYDERABAD: The electricity demand in the Telangana was growing at an average annual rate of six to seven percent and TGSPDCL has prepared a comprehensive summer action plan to meet future requirements.

Capacity enhancement of substations, feeder bifurcation, establishment of new substations and strengthening of the distribution network are being taken up, TGSPDCL Chairman and Managing Director Jitesh V Patil said on Thursday.

Patil clarified that there is no delay in releasing agricultural power connections and that only a few applications remain pending due to non-submission of required documents or non-payment of charges by applicants. To ensure timely service delivery, the supply chain for cables, panels, meters and other materials has been streamlined and strengthened.

TGSPDCL recorded its highest-ever peak power demand of 12,299 MW at 4:16 pm on September 30, setting a new milestone in the company's history, the official said that the total power demand in Telangana touched 19,400 MW, of which 12,299 MW was recorded in TGSPDCL and 6,736 MW in TGNPDCL.

The CMD stated that the successful management of this record demand reflects the strength of Telangana's power infrastructure, advance planning, network augmentation and the dedicated efforts of engineers and field staff.

He reiterated TGSPDCL's commitment to providing reliable, quality and uninterrupted power supply to all consumers.

He also said that the Uniform Service Line Charge mechanism introduced by TGERC was a significant reform aimed at improving transparency, simplicity and timely service delivery in the power sector.

IITH, AIIMS experts brainstorm over technology-driven healthcare solutions

- Rural, tribal healthcare access on agenda
- Institutions eye joint research initiatives
- Focus shifts from benchside to bedside
- Experts discuss scalable healthcare technologies
- IITH, AIIMS Bibinagar plan joint projects

Caption: Prof. B. S. Murty, Director, IIT Hyderabad; Prof. Amita Aggarwal, Executive Director, AIIMS Bibinagar; Prof. G. Narahari Sastry, Dean of Sponsored Research and Consultancy, IIT Hyderabad; and Prof. Rahul Narang, Dean of Research, AIIMS Bibinagar, met on Wednesday to explore collaborations combining technological and clinical expertise to address healthcare challenges in India

Hans News Service
Hyderabad

HEADS of Department and faculty at IIT Hyderabad and experts from AIIMS Bibinagar met on Wednesday to explore how to combine technological and clinical expertise to address healthcare challenges in India.

The discussions covered medicine, engineering, Artificial Intelligence, biomedical sciences and digital healthcare, focusing on identifying complementary capabilities to develop clinically relevant technologies. The broader vision emerging from the meeting was to bring together experts in technology and medicine to develop robust and scalable solutions for country's healthcare challenges. IIT Hyderabad has expertise in Artificial Intelligence, drug discovery, molecular biology, advanced materials, biomedical engineering, medical devices, imaging, sensors, nanotechnology and digital technologies. AIIMS Bibinagar brings expertise in infectious diseases, oncology, orthodontics, orthopaedics and healthcare delivery.

Potential areas of collaboration discussed include AI-enabled healthcare, digital health and telemedicine, medical devices and advanced implants, disease research, and technologies to improve healthcare access.

Representatives from both institutions also discussed plans to work with Sammakka Sarakka Central Tribal University, Mulugu, on initiatives to improve healthcare access for rural and tribal communities. The discussions are being pursued under the leadership of Prof BS Murty, Director, IIT Hyderabad, and Prof Amita Aggarwal, Executive Director, AIIMS Bibinagar. Prof G Narahari Sastry, Dean of Sponsored Research and Consultancy at IIT Hyderabad, facilitated the meeting. Prof Rahul Narang, Dean of Research at AIIMS Bibinagar, led the delegation from their institute. This meeting is part of Prof. Murty's ongoing efforts to engage with clinicians and healthcare professionals and explore how to apply the IITH's developed state-of-the-art technology to healthcare. The two institutions have decided to continue to identify specific areas and projects for collaboration, aiming to develop joint research and technology-development initiatives and create pathways to translate research into healthcare applications.

Prof. G. Narahari Sastry, Dean, School of Research and Consultancy, IIT Hyderabad, said, "Our collaboration needs to expand from individual partnerships to large programmes that bring IIT Hyderabad and AIIMS Bibinagar together as institutions." "Our goal is to go from benchside to bedside, translating scientific discoveries made in the laboratory into practical medical care," said Dr Maheshwar Lakkireddy, Professor and Head of Orthopaedics, AIIMS Bibinagar.

PUBLIC NOTICE

It is to informed to the general public that, Sri Banoth Vittal Kumar, S/o Balaraju, R/o Mahabubabad Town and Dist. has approached my client's Bank i.e. Union Bank of India, Mahabubabad Br. to advance the loan and submitted the documents pertaining to the below mentioned schedule property.
