'The Boroughs' Season 1 review: Slow and overstretched

The science-fiction mystery series The Boroughs attempts to blend emotional drama with supernatural suspense but ultimately ends up as a slow, exhausting watch that struggles to justify its eight-episode runtime. Despite featuring an impressive cast and backing from the creators of Stranger Things, the show never fully delivers on its intriguing premise and often gets trapped in repetitive storytelling and sluggish pacing. Set inside a retirement township in New Mexico, the series follows

Samuel Cooper, played by Alfred Molina, a grieving widower trying to rebuild his life after losing his wife. Soon, mysterious incidents begin disturbing the elderly residents, leading to strange theories, paranoia, and supernatural clues. While the setup initially appears promising, the narrative quickly loses momentum as the show spends far too much time on character conversations and emotional monologues without moving the mystery forward in a meaningful way. The biggest problem with The

Boroughs is its pacing. Several middle episodes feel unnecessarily stretched and overloaded with filler scenes that add very little to the central mystery. Instead of building suspense, the show repeatedly circles around the same emotional conflicts, making the viewing experience frustrating rather than engaging. The mystery surrounding the strange creature and cryptic clues like "The owl is in the wall" sounds interesting on paper, but the execution lacks tension and payoff. The series also struggles tonally.

It wants to be a gripping sci-fi thriller while simultaneously exploring themes of ageing, loneliness, regret, and mortality. Unfortunately, neither aspect feels fully satisfying. The emotional drama becomes overly heavy-handed at times, while the science-fiction elements never become exciting enough to compensate for the slow storytelling. The heavy inspiration from Stranger Things is obvious throughout the series, but The Boroughs lacks the energy, emotional impact, and gripping

momentum that made that show successful. The performances are perhaps the only redeeming aspect. Alfred Molina delivers a restrained and believable performance, while Geena Davis, Alfre Woodard, and Denis O'Hare do their best to elevate weak material. However, even strong performances cannot

completely save a series weighed down by uneven writing and repetitive scenes. In the end, The Boroughs feels like a missed opportunity. What could have been a fresh and emotionally layered sci-fi mystery instead turns into a tedious and overlong drama that rarely manages to hold attention consistently.
