KEEP HORMUZ OPEN: MODI

Raises safety of seafarers with Trump at G7 Summit

EVIAN-LES-BAINS

PRIME Minister Narendra Modi on Sunday urged US President Donald Trump to ensure the safety of seafarers and maintain freedom of navigation through the Strait of Hormuz, highlighting India's dependence on the strategically vital maritime route amid efforts to secure a peace agreement with Iran.

During a bilateral meeting with Trump on the sidelines of the G7 Summit in France, Modi said the reopening and protection of the Strait of Hormuz was crucial not only for regional stability but also for the global economy. "You and I agree that keeping the Strait of Hormuz open is vital for the global economy," Modi said, stressing that India has consistently advocated unrestricted maritime movement.

Modi and Trump held wide-ranging talks focusing on the proposed bilateral trade deal, bilateral defence and security ties and the West Asia crisis.

"Lakhs of Indian seafarers operate in maritime sector; I believe that their security is equally important," PM Modi told President Trump. India lost 3 Indian seafarers in an

Modi thanked President Trump for his efforts to restore peace in West Asia and expressed hope for a lasting resolution to the conflict. "We have always said that

there should be freedom of navigation...Lakhs of Indian seafarers operate in the maritime trade sector. I believe that their security is equally important. I am confident that the deal (with Iran) will have provisions for the security of the seafarers," Modi said in his media comments.

GOING THE GOA WAY! AP introduces beach shack bar policy

HANS NEWS SERVICE VIJAYAWADA

THE Andhra Pradesh government has announced a new Excise Policy under which bar licences will be granted to beach shacks along the State's coastline, aiming to promote coastal tourism, generate employment, and create a transparent regulatory framework for tourism-linked enterprises.

The policy, which will be effective from September 1, 2026, to August 31, 2029, follows recommendations made by the Group of Ministers (GoM) constituted to review and reform the State's excise policies. The

government has approved detailed guidelines for the establishment and operation of bars in beach shacks and notified the same through an Extraordinary Gazette issued on Wednesday.

Andhra Pradesh has a coastline stretching over 975 kilometres across 12 coastal districts, offering significant potential for tourism development. Although a regulatory framework for beach shacks was introduced in 2016, no licences were issued and the policy lapsed in 2022. The new policy seeks to revive the concept with stronger safeguards and clear operational guidelines.

Meta starts charging for Insta, FB & WhatsApp

NEW DELHI

Launches a new 'Meta One' subscription brand

META has officially started charging for Instagram, Facebook and WhatsApp. Not for the apps themselves, which remain free, but for a new layer of "Plus" features that the company is rolling out globally under a fresh subscription brand called Meta One.

Meta's bet is that enough power users and creators will pay for the extras to make subscriptions a meaningful new revenue line. While that is reasonable maths for a company with three billion users, it is also a signal that the free, ad-supported,

algorithm-driven social feed of the last 15 years is winding down.

Analysts believe that it's an urgent attempt to offset soaring AI costs as Mark Zuckerberg tries to play catch up in the AI space where it is lagging behind. Meta increased its 2026 capital expenditure forecast to an unprecedented \$125 billion - \$145 billion, primarily to fund AI compute infrastructure, data centres, and higher component costs.

Instagram Plus costs \$3.99 a month. Subscribers get story insights showing how many

people rewatched a story, unlimited custom audience lists beyond Close Friends, the ability to spotlight a story for a week, the option to extend a story past 24 hours, a preview mode that lets one to watch

other people's stories without showing up as a viewer, and Super Heart animated reactions. One can also post straight to the profile without it appearing in followers' feeds. While Facebook Plus

is also \$3.99 a month and gives you a similar bundle, focused on profile customisation, reactions and analytics, WhatsApp Plus is cheaper at \$2.99. "It is not about social expression. It is about personalising the messaging app: custom themes, ring-tones, more pinned chats, list customisation and premium stickers," say the experts.

Then there is the AI tier. Meta is testing Meta One Plus at \$7.99 and Meta One Premium at \$19.99 for heavier Meta AI users. The Premium plan unlocks deeper reasoning
