

Atchanna assures ample fertiliser supply for kharif

- Says 3.70 lakh MT urea and 0.90 lakh MT of DAP available; buffer stocks maintained across districts
- Dismisses shortage rumours, says daily monitoring will ensure uninterrupted supply to farmers

place to prevent any shortages for farmers.

By July 10, the state had 3.70 lakh metric tonnes of urea and 0.90 lakh metric tonnes of DAP available. The minister said in a statement district-wise buffer stocks have been stored in Markfed warehouses, with officials monitoring supplies daily and moving additional

fertiliser wherever needed. Currently, 3,69,646 metric tonnes of urea are in stock, covering nearly 85% of seasonal demand, while 85,683 metric tonnes of DAP meet about 64% of requirements. Fresh consignments continue to arrive, ensuring uninterrupted distribution.

Atchanna also addressed a recent incident at Sankili Rythu Seva Kendra in Vizianagaram district. He explained that while initial demand was for 811 bags of urea, extra demand arose when farmers gathered in large numbers.

The government immediately arranged 444 additional bags from a nearby centre the same day. Distribution was streamlined with

token and queue systems, he added.

The minister said Vizianagaram district currently holds 9,987 metric tonnes of urea, including 4,850 tonnes as buffer stock.

He dismissed rumours of shortages as false propaganda driven by vested interests, urging farmers not to believe such claims.

"The government is fully alert. Farmers will not face any difficulties. Supplies are being monitored daily, and stocks are moved instantly wherever needed," Atchanna assured.

He reiterated that the administration is committed to farmer welfare and will continue transparent, timely fertiliser distribution across the state.

AGRICULTURE minister K Atchanna on Friday said the government has ensured abundant fertiliser supplies for the ongoing kharif season, with buffer stocks in

YSRCP seeks one-month extension of SIR

- Party MLC Appi Reddy demands extension of the Special Intensive Revision, citing delays and procedural glitches
- Alleges that TDP leaders are pressuring officials and BLOs to upload voter data to the MyTDP app before submitting it to the EC
- Says his party has complained to the EC, plans legal action and seeks a probe into alleged irregularities and bogus voters

YSRCP MLC Lella Appi Reddy told media persons at the party central office in Tadepalli on Friday that the leaders of TDP are forcing the officials to first upload the data in the MyTDP app before sending it to the Election Commission office, and every effort is being put to heckle democracy, making the Election Commission redundant in the state.

He claimed that elected representatives, ministers and even personal assistants of the ruling party leaders are threatening Booth Level Officials (BLOs) to first upload the data in their party app before sending it to the Election Office, and when a BLO went to lodge a complaint at a police station, it was not accepted, and there was pressure not to go ahead with the complaint.

AMARAVATI

YSRCP demanded that Special Intensive Revision (SIR) of electoral rolls in the state be extended by one month.

The main opposition party cited glitches in the SIR to demand its extension by one month.

It also alleged that the coalition government is mounting pressure on officials and collecting data in advance.

"We have complained to the Election Commission on the irregularities and will again give a representation besides exploring legal options as well," he said.

The YSRCP leader said that the enumeration process has many irregularities which came to light at Atmakur, Tantalapalle and other places, and the official statement boasting of figures stands no ground.

"As our leader Y S Jagan Mohan Reddy had pointed out, every eligible voter should be given the opportunity to exercise the franchise, and as the process has been going on at a slow pace and the work at the ground level is not complete, we demand that the process be extended by one more month," said Appi Reddy.

The YSRCP MLC also demanded that the Election Commission use its discretionary powers and check the irregularities. TDP and Chief Minister N Chandrababu Naidu have been trying to use every opportunity for political gain even at the cost of democratic values, he alleged.

There are many duplicate votes to be weeded out, and the information is that in Kuppam (Chandrababu Naidu's constituency) itself there are 30,000 bogus votes, he added.

CII urges industry to tap FTA boom for global growth

- Says FTAs now drive trade, investment, digital commerce and global supply chains beyond traditional market access
- Experts urge Indian businesses, especially MSMEs, to leverage FTAs with the UAE, UK, EU, Australia and other key markets to boost exports

from India's expanding network of FTAs.

Sumanta Chaudhary said that with the multilateral trading system facing increasing challenges, FTAs have become the primary drivers of market access and international business expansion. He stressed that Indian businesses should understand the provisions and benefits of these agreements to enhance exports, improve competitiveness and integrate into global value chains.

The seminar focused on creating awareness among industry stakeholders on effectively utilising India's FTAs to tap international markets.

Experts noted that India's trade strategy has evolved from regional trade arrangements to comprehensive economic partnerships with countries across Europe, the Middle East and Oceania, covering not only trade in goods but also services, investments, digital commerce and sustainable supply chains.

In his opening remarks, Abhinav Kotagiri, chairman, CII Vijayawada Zone, said India is steadily expanding its trade partnerships with major global

economies. He noted that the country's recent and ongoing FTAs with the UAE, Australia, the European Free Trade Association (EFTA), the UK, the European Union and other key markets reflect India's growing confidence and ambition in international trade.

Dr Murali Kallummal of the Centre for WTO Studies, Indian Institute of Foreign Trade, highlighted that India's trade agreements with the UK, the European Union, UAE, Oman, Australia and New Zealand offer unprecedented opportunities for Indian businesses to diversify exports and access new markets.

Dr Anand Gopal, deputy director, Marine Products Export Development Authority (MPEDA), spoke of Andhra Pradesh's vast export potential, particularly in marine products. He said the state's long coastline, world-class ports and robust seafood processing ecosystem have positioned Andhra Pradesh as one of India's leading export hubs.

FREE Trade Agreements (FTAs) have evolved beyond conventional trade arrangements into strategic economic partnerships that encompass goods, services, investments, digital trade, sustainability, technology and resilient supply chains, and Indian industry must fully leverage them to expand its global footprint, said Sumanta Chaudhary, principal advisor, International Trade Policy, Confederation of Indian Industry (CII).

He was addressing a seminar on 'Growing Opportunities from Free Trade Agreements (FTAs)' organised by CII Vijayawada Zone on Friday.

The event brought together exporters, representatives of export promotion organisations, industry leaders, MSMEs, logistics service providers, trade professionals and policymakers to deliberate on the opportunities emerging

RAMAYAPATNAM PORT GETS SECOND EXTENSION

- Project completion deadline pushed to Dec 30 this year
- No penalty imposed on contractor despite second extension
- Land delays, cyclones and infrastructure hurdles cited for setback

HANS NEWS SERVICE
AMARAVATI

THE state government granted a second extension of time (EoT) for the completion of the Rs 4,923-crore Ramayapatnam port project, pushing the deadline to December 30, 2026, without

levying liquidated damages on the contractor.

The project, entrusted to the joint venture of Navayuga Engineering Company Ltd (NECL) and Aurobindo Realty Ltd (ARIPL), was originally scheduled for completion by June 23, 2025.

A first extension had already been allowed until April 27, 2026. The latest decision followed a proposal from the Andhra Pradesh Maritime Board (APMB) chief executive, based on requests from the Engineering Procurement and Construction (EPC) contractor.

Special chief secretary (infrastructure & investment) M T Krishna Babu issued the government order (GO) on Friday, clarifying that no additional financial

burden would be entertained for granting the extension. The GO noted that revised administrative sanction for the port was accorded in February 2024, while technical sanction dates back to November 2020.

The contractor cited several reasons for delay, including non-handover of 38 acres of land critical for stackyard, internal roads, railway connectivity and utilities.

Other factors included delays in external infrastructure works such as power transmission and railway links, unforeseen dredging conditions, change in dredge disposal location, and local hindrances in Karlapalem and Salipeta villages. Force majeure condi-

tions (clause in contract that absolves both parties from liability in case of an extraordinary event like war or natural disaster) were also pointed to, including severe cyclones during the construction period and disruptions in fuel supply chains due to geopolitical tensions in West Asia.

The Tender Evaluation and EPC Committee

reviewed the submission and recommended the second extension, acknowledging delays in land acquisition and force majeure events.

The government accepted the recommendation, allowing the contractor time until December 2026 to complete the greenfield port project in Prakasam district, a key maritime gateway for Andhra Pradesh.

RTI lapses won't be tolerated, warns AP CIC

HANS NEWS SERVICE
VIJAYAWADA

STATE chief information commissioner Sajja Srinivasa Rao made it clear that the provisions of Section 4(1)(b) of the Right to Information (RTI) Act must be implemented in every government office without exception, warning that any negligence in enforcing the law will not be tolerated.

He conducted surprise inspections at several government offices in Gollapudi in Vijayawada Rural on Friday to review the implementation of the RTI Act. He visited the office of the commissioner of the endowments department, Gollapudi gram panchayat office, Directorate of Prosecutions and the Andhra Pradesh Public Service Commission (APPSC) office on Bandar Road.

During the inspections, he reviewed the implementation of RTI provisions, examined RTI registers, records, and the information systems maintained for citizens, and issued necessary instructions to the officials concerned.

Speaking on the occasion, the chief information commissioner said the inspections were aimed at assessing how effectively the RTI Act is being implemented in government offices.

State chief information commissioner Sajja Srinivasa Rao at the endowments commissioner office in Vijayawada on Friday

He noted that the commission has been receiving a large number of complaints in recent months alleging poor implementation of RTI rules in various government departments across the state. Among the common deficiencies identified were the absence of display boards carrying the details of Public Information Officers (PIOs) and First Appellate Authorities, and the failure to display job charts and citizen charters.

To address these shortcomings, the State Information Commission has launched a special monitoring drive. As part of the initiative, each

Information Commissioner has been assigned responsibility for two districts and directed to conduct surprise inspections of government offices.

Srinivasa Rao said the primary objective of these inspections is to improve awareness of the RTI Act and ensure its transparent and effective implementation. He warned that strict action would be taken under the law against officials if inspections reveal negligence, dereliction of duty, or violations of RTI provisions.

Endowments commissioner K Ramachandra Mohan briefed the chief information commissioner on the implementation of the RTI Act in the endowments department.

After examining the records and information presented by officials of the Gollapudi gram panchayat, Directorate of Prosecutions and APPSC, the chief information commissioner expressed satisfaction with the overall implementation.

APPSC chairman Prof C Shashidhar, secretary Pattamsetti Ravi Subhash, Gollapudi panchayat secretary Chintalamma, public information officer V V S K Prasad of the endowments department, joint commissioner Ratna Raju and officials from the concerned departments were present during the inspections.

Mahendragiri all set to be inducted into Indian Navy

- The stealth frigate features advanced features, enhanced survivability, a high degree of automation
- The warship showcases India's increasing expertise in indigenous warship design and construction
- Its commissioning marks another significant milestone in the eventful execution of the Project 17A programme

RANI DEVALLA
VISAKHAPATNAM

DEFENCE Minister Rajnath Singh will commission INS Mahendragiri (F38), the Indian Navy's sixth Nilgiri class (Project 17A) stealth frigate, at the naval dockyard on July 11 (Saturday).

Designed by the Indian Navy's Warship Design

Defence Minister Rajnath Singh being received by District Collector M Abhishikh Kishore upon his arrival in Visakhapatnam on Friday

Bureau (WDB) and built by Mazagon Dock Shipbuilders Limited (MDSL), Mahendragiri features advanced stealth features, enhanced survivability, a high degree of automation and a reduced radar signature. This is the fourth ship of the class built at Mazagon Dock Shipbuilders Limited.

Living up to her motto 'mighty-majestic-matchless', Living up to her motto 'mighty-majestic-matchless', INS Mahendragiri reflects the spirit of the Aatmanirb-

har Bharat initiative, boasting over 75 percent domestic content with substantial systems and equipment sourced from Indian industries.

Equipped to undertake anti-air-surface-submarine operations, the warship is also suited for maritime security, power projection and humanitarian assistance and disaster relief, search and rescue and sustained presence missions.

Considered as a major leap in indigenous shipbuilding, the commission-

INS Mahendragiri to be commissioned into the Indian Navy in Visakhapatnam

ing of Mahendragiri marks another significant milestone in the eventful execution of the Project 17A programme.

Project 17A frigates are versatile multi-mission platforms made to address emerging challenges in the maritime domain.

Named after the imposing Mahendragiri Mountain in Eastern Ghats, the state-of-the-art frigate showcases a quantum leap in firepower, automation and survivability. The construction of seven

warships has been taken up by Garden Reach Shipbuilders and Engineers and MDSL.

Powered by a modern Combined Diesel or Gas propulsion system, the warship showcases India's increasing expertise in indigenous warship design and construction.

On Friday, the Defence Minister reached Visakhapatnam to attend the commissioning of the warship scheduled on Saturday at the Naval Dockyard.

Gates Foundation to support Amaravati Cancer Hospital

- Archana Vyas reviews construction of Basavatarakam Cancer Hospital at Thullur

HANS NEWS SERVICE
AMARAVATI

GATES Foundation India Country Director Archana Vyas visited the construction site of the upcoming Basavatarakam Indo American Cancer Hospital at Thullur in the Amaravati capital region on Friday to review the progress of the project. Archana Vyas was accompanied by Ravi Srinivasa Rao, chief operating officer of the Basavatarakam Indo American Cancer Hospital & Research Institute (BIACH&RI). During the visit, Srinivasa Rao and Balasubrahmanyam, chief general manager (projects), briefed her on the status of construction and the key features of the upcoming cancer care facility.

Gates Foundation India Country Director Archana Vyas at the construction site of the upcoming Basavatarakam Indo American Cancer Hospital at Thullur in Amaravati on Friday

Archana Vyas appreciated the exceptional services rendered by the Basavatarakam Institute through its Hyderabad facility, which has been providing quality treatment to thousands of cancer patients. She also congratulated the institution's chairman, Nandamuri Balakrishna, for his leadership and commitment to strengthening cancer care services. During the interaction, representatives of the hospital requested the Gates Foundation to support the Amaravati cancer hospital project. Responding positively,

Archana Vyas expressed her willingness to explore ways in which the Foundation could extend its support to the initiative.

The proposed Basavatarakam Cancer Hospital in Amaravati is expected to significantly enhance access to advanced oncology treatment and research facilities for patients across Andhra Pradesh and neighbouring states. It is being developed as a state-of-the-art cancer care institution to complement the renowned services offered by the Hyderabad-based hospital.
