VC & Managing Director (Dr. Sekhar Babu Geddam, (I.F.S.)
DIPR.R.O.No:535APP/CL/ADVT/1/1/2021-22. Dt:20.08.26

Online Proposal No.: **FP/IA/PW/R, TRANS/567647/2026** Dated: 31/07/2026

To: The Special Chief Secretary to the Government of Andhra Pradesh, Environment, Forests, Science & Technology Department, Government of Andhra Pradesh, Room No.268, 1st Floor, 4th Block, Andhra Pradesh Secretariat, Velagapudi, Amaravati Guntur District-522503

Subject: Proposal for diversion of 54.14 Ha. (37.11 Ha in Ananthapuram Division, and 17.03 Ha in Y.S.R. (T) Cuddapah Division) for construction of 765 Kv/D/C Ananthapuram II to Cuddapah Transmission Line, in favor of Anantapur II REZ Transmission Limited, Andhra Pradesh.-reg.

Sir/Madam, I am directed to refer to State Government's on line proposal No.FP/IA/PW/R, TRANS/567647/2026 received on 04/06/2026 through Parivesh 2.0 seeking prior approval of the Central Government under Section 2(1) of the Van (Sanrakshan Evam Samvardhan) Adhiniyam, 1980 for the above project. The proposal was examined by the Regional Empowered Committee constituted under sub-rule (2) of rule 6 of Van (Sanrakshan Evam Samvardhan) Rules, 2023 in its meeting held on 29/06/2026.

After careful examination of the proposal of the State Government and on the basis of the approval of the Regional Empowered Committee and the documents submitted by the State Government on 22/07/2026, I am directed to convey the Central Government's in-principal approval (Stage-I) under Section 2 (1) of Van (Sanrakshan Evam Samvardhan) Adhiniyam, 1980 for the proposal for diversion of 54.14 Ha. (37.11 Ha in Ananthapuram Division, and 17.03 Ha in Y.S.R. (T) Cuddapah Division) for construction of 765 Kv/D/C Ananthapuram II to Cuddapah Transmission Line, in favor of Anantapur II REZ Transmission Limited, Andhra Pradesh subject to the following conditions:-

- General Conditions
 - Legal status of the diverted forest land shall remain unchanged
 - The boundary of the diverted forest land, shall be demarcated on ground at the project cost, by erecting four feet high reinforced cement concrete pillars, at 20 m apart each inscribed with its serial number, forward and back bearing and distance from pillar to pillar
 - The total forest area utilized for the project shall not exceed 54.14 Ha and the forest area diverted shall not be used for any purpose other than those shown in the diversion proposal
 - The User Agency shall transfer the cost of raising and maintaining the compensatory afforestation, at the current wage rate, to the State Forest Department. The scheme may include appropriate provision for anticipated cost increase for works scheduled for subsequent years
 - The State Government shall charge the Net Present Value (NPV) of the forest land being diverted under this project from the User Agency as per the orders of the Hon'ble Supreme Court of India dated 28.03.2008, 24.04.2008 and 09.05.2008 in writ Petition (Civil) No. 2021/1995 and and the guidelines given under para 3 of the Chapter -3 of the Consolidate Guidelines and Clarifications issued under the Van (Sanrakshan Evam Samvardhan) Adhiniyam, 1980 and Van (Sanrakshan Evam Samvardhan) Rules, 2023 published by the Ministry on 29.12.2023.
 - At the time of payment of the Net Present Value (NPV) at the then prevailing rate, the User Agency shall furnish an undertaking to pay the additional amount of NPV, if so determined, as per the final decision of the Hon'ble Supreme Court of India
 - Compensatory levies, to be realized from the User Agency, in lieu of diversion of forest land, shall be transferred/ deposited, through e-payment module (<https://parivesh.nic.in>) of PARIVESH, into the concerned account of State/UT/CAMPA, managed by the National Authority (CAMPA)
 - The User Agency shall obtain the Environment Clearance as per the provisions of the Environmental (Protection) Act, 1986, if required
 - No labour camp shall be established on the forest land
 - The User Agency shall provide fuels preferably alternate fuels to the labourers and the staff working at the site so as to avoid any damage and pressure on the nearby forest areas
 - The forest land shall not be used for any purpose other than that specified in the proposal
 - The layout plan of the proposal shall not be changed without the prior approval of the Central Government
 - The forest land proposed to be diverted shall under no circumstances be transferred to any other agency, department or person without prior approval of the Central Government
 - No damage to the flora and fauna of the adjoining area shall be caused
 - Any tree felling shall be done only when it is unavoidable and that too under strict supervision of the State Forest Department
 - The State Government shall complete settlement of rights, in terms of the Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006, if any, on the forest land to be diverted in accordance with the relevant guidelines issued by the MoEFCC
 - The user agency in consultation with the State Government shall create and maintain alternate habitat/home for the avifauna, whose nesting trees are to be cleared in this project. Bird's nests artificially made out of eco-friendly material shall be used in the area, including forest area and human settlements, adjoining the forest area being diverted for the project
 - The User Agency shall submit the annual self-compliance report in respect of the stated conditions to the State Government and concerned Regional Office by the end of March every year regularly
 - The State Government shall monitor compliance of conditions of Forest Clearance and shall submit in this regard yearly report every year regularly
 - Any other condition that the concerned Regional Office of this Ministry may stipulate, from time to time, in the interest of conservation, protection and development of forests & wildlife
 - The User Agency and the State Government shall ensure compliance to provisions of the all Acts, Rules, Regulations and Guidelines, for the time being in force, as applicable to the project
 - No approach road shall be constructed in the forest area for transportation of steel and other material required for the transmission line. As far as possible the User Agency shall use the existing road and the proposed RoW for the transportation of the material and in the event of non-availability of such facilities, the User Agency shall transport material manually without construction of any path
 - Violation of any of these conditions will amounts to violation of Van (Sanrakshan Evam Samvardhan) Adhiniyam, 1980 and action would be taken as prescribed under the Act, Rules and Guidelines.

- Standard conditions
 - The user agency at its cost shall provide bird deflectors, which are to be fixed on conductors of transmission line at suitable intervals to avoid bird hits.
 - The user agency shall install circuit breakers at suitable places besides maintain necessary ground clearance to prevent electrocution of wild animals;
 - The User Agency shall comply with the guidelines for laying transmission lines through forest areas issued by Ministry vide letter No.7-25/2012-FC dated 05/05/2014 & 19/11/2014 and provisions of all Acts, Rules, Regulation and Guidelines of the Ministry, for the time being in force, as applicable to the transmission line projects
 - All efforts shall be taken to minimize felling of trees and the State Forest Department shall carry out translocation of trees wherever feasible instead of resorting to felling, at the cost of the user agency

- Specific conditions
 - Width of right of way for the transmission line shall be limited to 67 metres
 - The enumerated trees on the 67 meter width strip (right of way) would have to be felled but after stringing work is completed, natural regeneration shall be allowed to come up. Felling/ pollarding/ pruning of trees shall be done with the permission of the local forest officer wherever necessary for the maintenance of transmission lines
 - In case the portion of transmission line to be constructed is located in hilly areas, where adequate clearance is already available, trees shall not be cut;
 - The UA shall comply with the vertical & horizontal clearance specified in Regulation 61 of Safety and Electric Supply, Regulations, 2010.
 - During construction of transmission line, pollarding/ pruning of trees located outside the above width of the strip, whose branches / parts infringe with conductor stringing, shall be carried out to the extent necessary, as may be decided by the local forest officer
 - The State Forest Department shall implement approved scheme for creation and maintenance of plantation as per approved CA scheme by raising of 1111 plants/ha in identified degraded forest land in three (3) bits over an extent of 138.44 ha (Effective area 108.28 ha) and two (2) bits identified in Compartment No. 707 & 708 of Dharmapuri RF of Dharmapuri beat of Rayadurg Section forest bit in Muddinayaniipalli RF, Kalyandurgam beat of Kalyandurg Range of Ananthapuram division. In addition to the above state government shall also implement approved CA scheme as per the details given below:
Additional Compensatory Afforestation Scheme /Dwarf Species Plantation in Ananthapuram:
Addl. CA in DFL area in 37.11 ha (for raising and maintenance of dwarf species) in Anantapur division in compartment no. 464 of Marutla RF, compartment no. 565, 566 Ellutla RF, Ananthapuram Range. Compartment no. 567, 568 of Mutchukota RF Goety Range and Compartment no. 795 of Hagari RF Kalyandurgam Range dwarf species plantation in RoW of proposed transmission line.
Additional Compensatory Afforestation Scheme for YSR Kadapa:
Addl CA Scheme for 12.80 Ha identified in Thummalur Extn B RF, Vempally range, Kadapa District. in the RoW of the proposed transmission line.
 - The KML file of the area diverted and CA area shall be uploaded in the e-green watch portal with all requisite details and same shall be submitted along with compliance report.
 - The approved CA Scheme and CA area shall not be changed without prior approval of Government of India
 - The User Agency shall provide CA in NFL area for compensatory afforestation in lieu of the forest area diverted, if applicable, based on the final outcome in the Writ No.1164/2023, which is currently pending before the Hon'ble Supreme Court of India. The State Forest Department said in the undertaking from the user agency is obtained in this regard.

After receipt of the compliance report on the fulfillment of the conditions mentioned above, the proposal shall be considered for final approval under section 2 of the Forest (Conservation) Act, 1980. Transfer of forest land shall not be affected till final approval is granted by the Government in this regard. Further, it may also be noted that this in-principal approval shall be valid for a period of 5 years from the date of issue of this letter. In the event of non-compliance of the above conditions within 5 years, the in-principle approval may be revoked by the Central Government

Your's faithfully
(Balaji Kari)
Assistant Inspector General of Forests (Central)

TTD explores use of robotic dog for wildlife monitoring

HANS NEWS SERVICE
TIRUMALA

TO strengthen real time monitoring of wildlife movements and enhance devotee safety in forest areas around Tirumala,

TTD is evaluating use of advanced robotic technology. On Thursday, TTD Additional EO Ch Venkaiah Chowdary, accompanied by officials, reviewed the performance of a quadruped Robot (Robotic Dog) at Sri Padmavathi Guest House in Tirumala. The delegation examined the robot's suitability for surveillance in difficult or hazardous terrain where human access is limited.

The robot is equipped with optical and thermal imaging cameras, a 360° LiDAR, multiple sensors and artificial intelligence. These features enable detection and tracking of wildlife under low visibility conditions such as darkness or fog. The AI system can classify

TTD Additional EO Ch Venkaiah Chowdary and officials checking the performance of a robotic dog in Tirumala on Thursday

large animals, humans, vehicles and domestic animals. On detecting wildlife movement, the system can send geo

tagged alerts and stream live video and thermal feeds to control room and patrolling staff for immediate response. Priority areas include forest stretches adjoining Alipiri-Tirumala footpath, where early detection of leopards and other wildlife will help warn devotees and enable rapid deployment of forest, vigilance and security teams. The feasibility of using the robot's sound and light units to non physically deter animals away from pilgrim areas was also examined to avoid direct human-wildlife confrontation.

It was noted that the robot would complement — not replace — existing camera traps, foot patrols and forest surveillance.

It can serve as a mobile monitoring asset that can be rapidly deployed to locations with high wildlife activity as required. Analysis of video, thermal imagery and movement data collected by the robot is expected to improve understanding of wildlife patterns and inform better patrol scheduling and surveillance deployment in critical zones.

UCO BANK Kadapa Branch, 1/336, Opposite APSRTC (A Govt. of India Undertaking) Bus Stand, Kadapa, YSR Kadapa District.

PUBLIC NOTICE FOR BANK SHIFTING AND LOCKERS

In order to provide better services to our customers, UCO Bank, Kadapa branch is being shifted to a new spacious building at D.No.42/327-4-1, Ground Floor, Bhagyanagar Colony, Apsara to Bus Stand Road, Kadapa, YSR Kadapa District, A.P. - 516001 on 07-09-2026. We inform all the locker holders and customers of our bank that since the lockers are being shifted to the new building, utmost care will be taken while shifting them. If the locker holders want to take possession of the items contained therein, we request them to take possession by 28-08-2026 and deposit them back after shifting the lockers to the proposed location after 07-09-2026. We request our existing customers to co operate in the above mentioned shift. And we assure you that we will be able to provide you with our best services in the new building from 07-09-2026.

Sd- Manager, UCO Bank, Kadapa Branch.

Govt initiatives help boost Junior College admissions

- In Tirupati district, overall junior college admissions rose from 4,942 to 5,442, an increase of 500 students
- Schemes such as midday meals, Vidhyarthi Mitra and SANKALP study material are helping increase students' preference for govt junior colleges

Picture for representational purpose only

High School Plus institutions, 281 KGBVs, 72 MJPAAP institutions, 555 Model Schools, 574 Social Welfare institutions and 333 Tribal Welfare institutions.

Officials attributed the increase in admissions in government junior colleges to several initiatives taken by the State government and the Department of Intermediate Education to provide better support and improve the learning environment for students. Regional inspection officer (RIO) Dr D Gopal Reddy said free meals have been provided to students in government sector junior colleges under the Dokka Seethamma Midday Meals Scheme since January 2025. The initiative is aimed at supporting students and encouraging them to continue their education.

Under the Dr Sarvepalli Radhakrishnan Vidhyarthi Mitra Scheme, students in government junior colleges have been receiving free textbooks, notebooks and records since the 2024-25 academic year.

The department is also providing SANKALP study material to average-performing students to give them

additional academic support. The programme focuses on improving examination performance through remedial schedules, special study hours and student categorisation.

Dr Gopal Reddy said the initiatives were aimed at improving both enrolment and academic performance. The rise in admissions in government junior colleges showed the response to the measures taken by the department, he said. AP Government Junior Lecturers Association president V Ravi said improvement in infrastructure was also playing a role in attracting more students to government junior colleges. The installation of Interactive Flat Panel boards in classrooms had improved the teaching-learning process.

The provision of midday meals has helped students avoid going home for lunch, improving attendance and allowing them to spend more time in classes, which in turn is supporting their studies.

The improvement in pass percentages in government junior colleges was another factor encouraging students to opt for government institutions, he felt.

Rajiv Gandhi is the architect of digital India: Cong

HANS NEWS SERVICE
TIRUPATI

CONGRESS leaders led by its district president Gowdaperla Chittibabu, held a commemorative event to mark 82nd birth anniversary of former Prime Minister Rajiv Gandhi, here on Thursday. Leaders and party workers paid floral tributes at Rajiv Gandhi statue. Speaking on the occasion, G Chittibabu praised Rajiv Gandhi as the architect

of India's modern technological transformation. He highlighted Rajiv Gandhi's initiatives during 1984-1989 that promoted information technology, reduced import duties on computers, and expanded access to commu-

nication technologies in rural areas. He said these policies laid foundation for wide-spread use of computers and mobile phones and accelerated national development.

Senior Congress leader Mangati Gopal Reddy recalled Rajiv Gandhi's role in supporting telecom expansion, including the work led by Sam Pitroda and the establishment of C-DOT, which extended telephone networks to villages.

CANAL WORKS TO BENEFIT 18 VILLAGES

Obtain forest clearances: BJP

NELLORE: BJP Namami Gange State convener Midathala Ramesh has urged the authorities to obtain the required forest clearances and complete the long-pending irrigation canal works to provide water to 18 rain-fed villages located amidst the hills in Rapur mandal. A team of BJP leaders headed by Ramesh submitted a memorandum to Telugu Ganga SE Subrahmanyeswara Sharma and appealed him to send the representation to the government to initiate action as early as possible. In the representation, BJP leaders detailed that if forest clearances could not be secured, the government should provide irrigation water through alternative lift

irrigation system from Kandaleru reservoir for the benefit of farmers of 18 villages of drought prone Rapur mandal. They alleged that despite spending more than Rs 200 crore on works for supplying irrigation water through gravity canals, the project works came to a halt due to the non-availability of forest clearances. Due to lack of water facility, farmers these villages are forced to drill borewells to depths of 700 to 800 feet to obtain water. The BJP demanded completion of the proposed gravity canal from Kandaleru Vagu at 97-metre level to Rapur Pedda Cheruvu, which is situated at an elevation of about 88 metres.

SAAP chairman unveils Amaravati Championship-2026 posters

SAAP Chairman A Ravi Naidu releasing posters of Amaravati Championship in Tirupati on Thursday

TIRUPATI: Sports Authority of Andhra Pradesh (SAAP) Chairman A Ravi Naidu unveiled posters of Amaravati Championship-2026 state-level sports competitions to be held in Tirupati from August 24 to 27. Speaking to the media on Thursday, he said around 10,000 sportspersons from across the State would take part in various disciplines in Under-17 and Under-23 categories. The State government was conducting the championships as part of its efforts to develop Andhra Pradesh as a sports-oriented State. Instead of limiting Sports Day activities to rallies and other programmes, the government had launched 'Sports for All' initiative to encourage people to take up sports, he said.

Tirupati was selected to host the competitions due to the

availability of sports grounds, accommodation and other infrastructure, Ravi Naidu said. Events will be conducted at Sri Venkateswara University, Sri Padmavati Mahila Viswavidyalayam, Agricultural University, Campus School and Srinivasa Sports Complex, among other venues. The Chairman said nearly 14,500 people, including athletes, referees, coaches and physical education teachers, would stay in Tirupati during the event. The athletes are expected to start arriving from August 23 evening. The opening ceremony will be held at 9 am on August 24, while the competitions will begin at 2.30 pm. Later, along with officials, he inspected the sports venues and reviewed the facilities to be provided to the athletes and other arrangements for the state-level competitions.
