Civil Supplies gets 'commando shield' against defaulting rice millers

28 personnel from Greyhounds and OCTOPUS inducted into Civil Supplies Enforcement and Vigilance wing to curb stock diversion

HANS NEWS SERVICE
HYDERABAD

IN a decisive move to safeguard the state's paddy procurement and public distribution system, the Telangana State Civil Supplies Department on Friday inducted 28 highly trained police personnel from the elite Greyhounds and OCTOPUS units into its Enforcement and Vigilance wing to crack down on defaulting rice millers.

Commissioner of Civil Supplies M Stephen Raveendra chaired a high-level briefing at Civil Supplies Bhavan to formally welcome the newly attached personnel and outline their strategic mandate.

		Recognising that public distribution and civil supplies operations are a new domain for the tactical units, the Commissioner said the personnel had already undergone a specialised three-day

training programme tailored to departmental protocols.

The personnel were also trained at the Telangana Police Academy in various legal aspects relating to essential commodities and enforcement procedures.

During the briefing, Raveendra highlighted the scale of the department's operations and the state's record-breaking paddy procurement during the KMS 2025-26 season.

He said Telangana had successfully procured 154 lakh metric tonnes (LMT) of paddy during the procurement cycle.

He noted that the State government had spent around Rs 40,000 crore during the last procurement season to support the farming community and ensure smooth procurement operations.

The newly deputed personnel, leveraging their expertise in tactical operations, intelligence gathering and surprise inspections, will function as special task teams under the Enforcement and Vigilance wing.

The teams will be deployed across the state to conduct intensive field inspections of rice mills identified as default-

ing and verify compliance with government regulations. Their deployment is aimed at strengthening enforcement mechanisms and preventing the misappropriation of government-owned paddy and rice stocks.

The Commissioner issued a stern warning that the department would follow a strict zero-tolerance policy towards misappropriation, diversion of stocks and other operational violations.

He said criminal cases would be registered immediately against millers found violating government regulations and that stringent legal action would be initiated against those responsible.

The deployment of the specialised personnel is expected to strengthen the Civil Supplies Department's enforcement capabilities and ensure greater accountability among rice millers involved in the state's procurement and public distribution operations.

Protest held flaying murder of principal Roopa Reddy

WANAPARTHY
HANS NEWS SERVICE

A massive protest was organised here on Thursday under the banner of the Wanaparthy district Telangana Recognised Schools Management Association to strongly condemn the brutal murder of K Roopa Reddy, principal, Nagarjuna Public School in Kondamallepally (Nalgonda district). Teachers, school management representatives and TRSMAS members from all mandals attended to voice their protest. They paid tribute to the portrait of Roopa Reddy and demanded the government to take immediate measures to ensure safety of teachers.

ers. Representatives of the association expressed deep anguish over the heinous incident involving a teacher stating that it has deeply shaken the entire education community. They demanded a comprehensive investigation into the case to bring full facts to light.

"The teacher-student relationship is sacred. The government must take stringent measures to prevent recurring attacks and acts of violence against teachers. A special law designed to ensure safety of teachers must be effectively implemented," they urged.

They emphasised the need to conduct special awareness programmes in

schools and colleges to foster discipline, moral values, humanity, and responsible behaviour among students. They advised parents and teachers to closely observe any changes in student behaviour and called upon people to act responsibly in ensuring that students stay away from drugs and harmful addictions.

The protestors submitted representations to the Wanaparthi collector and SP, demanding a comprehensive investigation into the murder and strict legal action against those responsible. They appealed for adequate security for teachers and educational institutions to prevent such incidents.

Golconda's hidden secret? Tunnel discovery revives Charminar link mystery

HANS NEWS SERVICE
HYDERABAD

A tunnel has been discovered following alleged illegal excavation at a historic 400-year-old Qutb Shahi graveyard at 18 Seedi on Golconda premises, triggering serious concerns over possible damage to the protected heritage site. It revived the long-standing belief of a secret tunnel connecting Golconda Fort with the Charminar.

It was alleged that the excavation was carried out by Army officials in the area, following which the discovery of a tunnel came to light.

The matter has now been brought to the attention of the Archaeological Survey of India (ASI) for an immediate inspection and investigation.

According to preliminary information, excavation was allegedly being carried out at

the site, during which an underground passage or tunnel-like structure was noticed.

The discovery has generated considerable interest because of a long-standing local belief that there is a secret underground passage between Golconda Fort and Charminar. However, there is no conclusive evidence so far establishing the existence of such a passage. AIMIM Karwan MLA Kausar Mohiuddin visited the site and contacted officials of the Archaeological Survey of India (ASI) and brought the alleged excavation and discovery to their attention.

The development has also been brought to the notice of the Hyderabad Collector, Hyderabad City Police Commissioner and DCP, South-West Zone.

Authorities have decided to deploy police personnel at

the site to prevent any further unauthorised activity until the inspection and assessment are completed.
