PM pitches for India as global space hub

NEW DELHI

PRIME Minister Narendra Modi on Friday called for wider use of space technologies to address everyday challenges and urged India's burgeoning private space industry to forge stronger partnerships with other sectors to create new opportunities.

Modi made the remarks during an interaction with the CEOs and founders of 20 space startups at Seva Teerth, where he reviewed the growth and emerging potential of India's private space ecosystem. According to a PMO release, the startups represented diverse areas of the space economy, including rocket and reusable semi-cryogenic launch vehicle development, avionics, satel-

Collector Dr G Lakshmisha releasing a poster on Friday

HANS NEWS SERVICE
VIJAYAWADA

DISTRICT collector Dr G Lakshmisha on Friday called for the active participation of all stakeholders to transform Vijayawada into a model town for road safety, stating that the Ideal Town on Road Safety Project would play a key role in achieving this objective.

The collector unveiled posters for the project at the Collectorate on Friday. The initiative is being implemented with the support of the Transport and Police Departments, with the Honda India Foundation as the CSR partner and TRAX – Road Safety NGO as the implementing agency. Speaking on the occasion, Dr Lakshmisha said the project aims to reduce road accident deaths and injuries by 10 to 15 percent, while promoting responsible road behaviour among the public.

The programme will focus on four key areas — Engineering, Enforcement, Education and Emergency Care. Under the engineering component, infrastructure deficiencies at accident-prone black spots will be identified and rectified. Traffic regulations will be strictly enforced through zero-tolerance zones as part of the enforcement measures.

Under the education component, road safety awareness programmes will be conducted for nearly 70,000 students in 105 schools and 14 colleges. Special campaigns will focus on the importance of wearing helmets and seat belts, maintaining lane discipline and ensuring pedestrian safety.

The emergency care component will focus on training first responders to provide timely first aid and assistance to accident victims. Dr Lakshmisha said coordinated efforts involving government departments, the police, private organisations, educational institutions, voluntary groups and other stakeholders were essential to reducing road accident fatalities and injuries. The project seeks to bring all concerned agencies onto a common platform and promote coordinated action to make Vijayawada safer for motorists, pedestrians and other road users. Among those present were representatives of the Honda India Foundation, Vijayawada–NHAI Project Director Vidysagar, TRAX – Road Safety NGO, Delhi, General Secretary Rajani Gandhi, Regional Programme Officer M Vasu and others.

Govt’s decisions for library development hailed

Chairman of the Zilla Grandhalaya Sanstha MS Baig says timely availability of financial resources will enable dist and rural libraries to improve services and infrastructure

HANS NEWS SERVICE
VIJAYAWADA

MS Baig, chairman of the Zilla Grandhalaya Sanstha for the erstwhile Krishna district, has welcomed the Andhra Pradesh government’s initiatives to strengthen and modernise libraries across the State, particularly the proposed direct transfer of library cess funds to Grandhalaya Sanstha and the plan to establish libraries in all 175 Assembly constituencies.

Baig appreciated Education Minister Nara Lokesh for the key announcements made in the Assembly regarding the development of the

MS Baig, chairman of the Zilla Grandhalaya Sanstha

library sector. He described the decision to directly credit funds collected through the library cess into the accounts of Sanstha as a historic and welcome move.

He said the timely availability of financial resources would enable district and rural libraries to improve their services and infrastructure. The proposal to establish libraries in all 175 constituencies and upgrade facilities in places where libraries already exist would give a new direction to the library movement in Andhra Pradesh, he added.

According to Baig, modern and accessible libraries in every constitu-

ency would greatly benefit students, unemployed youth, competitive examination aspirants, readers and researchers.

Libraries, particularly in rural areas, play a crucial role in providing access to quality books, newspapers, magazines, digital resources and a peaceful environment for study.

The direct availability of library cess funds would allow all the Zilla Grandhalaya Sansthas to address local requirements and improve infrastructure, including library buildings, furniture, books, computers, digital facilities, drinking water, toilets and reading halls, he said.

MINISTER INSPECTS ANNAVARAM BUS STATION

HANS NEWS SERVICE
KAKINADA

TRANSPORT Minister Mandipalli Ramprasad Reddy inspected the RTC bus station at Annavaram on Friday and reviewed the facilities being provided to passengers. He went around the bus station and checked the basic amenities available for commuters.

He also interacted with passengers and sought their views on the implementation of the free bus travel scheme for women under the Stree Shakti scheme. Several women passengers expressed satisfaction over the implementation of the scheme and said it had been useful for them. At the same time, some women requested the minister to

increase the number of Pallevelugu and Express services and take steps to ensure that buses halt at all authorised stops. Responding to their requests, the minister directed RTC officials to take measures to provide better facilities and ensure that passengers do not face inconvenience at the bus station. Later, the minister had breakfast with

Minister Mandipalli Ramprasad Reddy inspecting the RTC bus station at Annavaram on Friday

RTC drivers, conductors and other staff at the bus station canteen. The RTC staff

brought several issues to his notice, which the minister discussed with them.

Mandal-level leadership to strengthen safe drinking water access

HANS NEWS SERVICE
AMARAVATI

WHILE India has made significant investments in drinking water infrastructure, ensuring that safe water systems continue to function effectively requires more than infrastructure alone. Strong local ownership, coordination among departments and frontline workers, and effective accountability mechanisms are essential for translating policy into sustainable access to safe drinking water. In Andhra Pradesh, the mandal or block level is increasingly emerging as a crucial link between district administrations and Gram Panchayats. It is at this level that policies are translated into action, implementation challenges

Mandal-level workshop on Safe water for all and always at Vissannapet in NTR district on Friday

are identified, and locally relevant solutions can be developed.

Through the India Safe Water Programme, Evidence Action (EAI Advisors), in partnership with the Rural Water Supply and Sanitation (RWS&S) Department and the Panchayat Raj and Rural Development Depart-

ment, has been facilitating mandal-level workshops across 10 districts including Krishna, NTR, Kadapa, Annamayya, Vizianagram, Bapatla, Parvathipuram, Eluru Palnadu and Bapatla of Andhra Pradesh.

Unlike conventional training programmes, these workshops bring together

government officials, water supply engineers, Panchayat representatives, ASHAs, Anganwadi Workers, ANMs and other frontline personnel. The objective is to collectively identify challenges affecting safe drinking water delivery and develop practical solutions suited to local conditions. The initiative highlights the importance of integrating water quality monitoring into regular mandal and Gram Panchayat review meetings rather than creating parallel systems. It also focuses on strengthening accountability for the operation and maintenance of In-Line Chlorination (ILC) devices, which play an important role in ensuring the safety of drinking water. Frontline health and com-

munity workers, including ASHAs, Anganwadi Workers and ANMs, along with Panchayat representatives, have an equally important role in addressing misconceptions surrounding chlorinated water and building public confidence in safe water systems. “These mandal-level workshops reflect the Andhra Pradesh government’s commitment to strengthening water quality governance right down to the last mile. By bringing together engineers, health workers and Panchayat representatives on one platform, the government is ensuring that operational challenges are resolved quickly,” said Manoj Kumar M, AP Programme Lead, India Safe Water, EAI Advisors.

Sowcar Janaki: A cinematic legacy with Rajahmundry roots

DEEKSHITULA SUB-
RAHMANYAM
RAJAMAHENDRAVARAM

THE passing of veteran actress Sowcar Janaki in Chennai on Friday has brought back memories of her close association with

Rajamahendravaram, the city where she was born and grew up before embarking on a remarkable journey that made her one of the most respected actresses in South Indian cinema. Janaki died in Chennai at the age of 94 following age-related ailments, bringing the curtain down on a career spanning more than seven decades. She acted in nearly 400 films in Telugu, Tamil, Kannada and Malayalam and remained active in cinema and on stage for several generations. For Rajamahendravaram, her story has a special significance. Born Sankaramanchi Janaki on December 12, 1931, she belonged to a Kannada-speaking Madhwa Brahmin family. Her parents were T Venkoji Rao and Sachi Devi. Janaki was brought up in Rajahmundry, where her early years were shaped by the cultural atmosphere along the banks of the Godavari. They reside in the Papermill officers’ colony at that time. Her father, Venkoji Rao, was a paper industry specialist. He studied paper manufacturing and chemical engineering in England and later worked

in the paper industry. His professional career brought the family to Rajahmundry, where Janaki spent her formative years. Her mother, Sachi Devi, hailed from Guwahati in Assam. Though the family had links with different parts of the country, Rajahmundry became an important part of Janaki’s early life. According to sources, the family lived in the papermill officers’ colony and an old building opposite the Gokavaram bus stand area in the city at that time.

The artistic atmosphere around the family gradually found expression in Janaki. She was drawn to performance from a young age and became associated with radio programmes before entering films. Her younger sister Krishna Kumari too went on to become a celebrated actress, making the family’s connection with cinema even more remarkable. Janaki entered the film industry in 1949, and her breakthrough came with the 1950 Telugu film Shavulu Karu, directed by LV Prasad. She played the female lead opposite NT Rama Rao. The success of the film gave her the name by which generations of film lovers came to know her, Sowcar Janaki.

SPECIAL PUJAS PERFORMED

HANS NEWS SERVICE
GUNTUR

SPECIAL pujas were performed to Goddess Bhramaramba at Pedakakani temple on Friday on the occasion of auspicious Varalakshmi Vratham. The deity was colourfully decorated with Pasupu Kommulu. A large number of devotees visited the temple and performed pujas seeking blessings of Goddess Bhramaramba to fulfil their wishes. Devotees believe that if they perform special pujas on the occasion of Varalakshmi Vratham, they will be blessed with Aidavatanam. Devasthanam authorities made necessary arrangements for the convenience of the devotees visiting the temple.

Similarly special pujas were performed to Goddess Lakshmedevi at Ashtalakshmi Temple in Arundelpet here. Special pujas were performed to Goddess Lakshmedevi with various flowers and Kumkum. Deity was colourfully

Online Proposal No.:
FP/APP/WR_TRANS/567647/2026
Dated: 31/07/2026

To,
The Special Chief Secretary to the Government of Andhra Pradesh,
Environment, Forests, Science & Technology Department,
Government of Andhra Pradesh, Room No.268, 1st Floor, 4th Block,
Andhra Pradesh Secretariat, Velagapudi, Amaravati Guntur District-522593

Subject:
Proposal for diversion of 54.14 Ha. (37.11 Ha in Ananthapuram Division, and 17.03 Ha in Y.S.R. (T) Cuddapah Division) for construction of 765 Kv/D/C Ananthapuram II to Cuddapah Transmission Line, in favor of Anantapur II REZ Transmission Limited, Andhra Pradesh.-reg.

Sir/Madam,

I am directed to refer to State Government's on line proposal No.FP/APP/WR_TRANS/567647/2026 received on 04/06/2026 through Parivesh 2.0 seeking prior approval of the Central Government under Section 2(1) of the Van (Sanrakshan Evam Samvardhan) Adhiniyam, 1980 for the above project. The proposal was examined by the Regional Empowered Committee constituted under sub-rule (2) of rule 6 of Van (Sanrakshan Evam Samvardhan) Rules, 2023 in its meeting held on 29/06/2026.

After careful examination of the proposal of the State Government and on the basis of the approval of the Regional Empowered Committee and documents submitted by the State Government on 22/07/2026, I am directed to convey the Central Government's in-principle approval (Stage-I) under Section 2(1) of Van (Sanrakshan Evam Samvardhan) Adhiniyam, 1980 for the proposal for diversion of 54.14 Ha. (37.11 Ha in Ananthapuram Division, and 17.03 Ha in Y.S.R. (T) Cuddapah Division) for construction of 765 Kv/D/C Ananthapuram II to Cuddapah Transmission Line, in favor of Anantapur II REZ Transmission Limited, Andhra Pradesh subject to the following conditions:-

1.General Conditions

1.1 Legal status of the diverted forest land shall remain unchanged

1.2 The boundary of the diverted forest land, shall be demarcated on ground at the project cost, by erecting four feet high reinforced cement concrete pillars, at 20 m apart each inscribed with its serial number, forward and back bearing and distance from pillar to pillar

1.3 The total forest area utilized for the project shall not exceed 54.14 Ha and the forest area diverted shall not be used for any purpose other than those shown in the diversion proposal;

1.4 The User Agency shall transfer the cost of raising and maintaining the compensatory afforestation, at the current wage rate, to the State Forest Department. The scheme may include appropriate provision for anticipated cost increase for works scheduled for subsequent years

1.5 The State Government shall charge the Net Present Value (NPV) of the forest land being diverted under this proposal from the User Agency as per the orders of the Hon'ble Supreme Court of India dated 28.03.2008, 24.04.2008 and 09.05.2008 in Writ Petition (Civil) No. 202/1995 and the guidelines given under para 3 of the Chapter-3 of the Consolidate Guidelines and Clarifications issued under the Van (Sanrakshan Evam Samvardhan) Adhiniyam, 1980 and Van (Sanrakshan Evam Samvardhan) Rules, 2023 published by the Ministry on 29.12.2023.

1.6 At the time of payment of the Net Present Value (NPV) at the then prevailing rate, the User Agency shall furnish an undertaking to pay the additional amount of NPV, if so determined, as per the final decision of the Hon'ble Supreme Court of India

1.7 Compensatory levies, to be realized from the User Agency, in lieu of diversion of forest land, shall be transferred deposited, through e-payment (https://parivesh.nic.in/) of PARIVESH, into the concerned account of State/UT CAMPAA, managed by the National Authority (CAMPAA)

1.8 The User Agency shall obtain the Environment Clearance as per the provisions of the Environmental Protection Act, 1986, if required

1.9 No labour camp shall be established on the forest land

1.10 The User Agency shall provide fuels preferably alternate fuels to the labourers and the staff working at the site so as to avoid any damage and pressure on the nearby forest areas.

1.11 The forest land shall not be used for any purpose other than that specified in the proposal

1.12 The layout plan of the proposal shall not be changed without the prior approval of the Central Government

1.13 The forest land proposed to be diverted shall under no circumstances be transferred to any other agency, department or person without prior approval of the Central Government

1.14 No damage to the flora and fauna of the adjoining area shall be caused

1.15 Any tree felling shall be done only when it is unavoidable and that too under strict supervision of the State Forest Department

1.16 The State Government shall complete settlement of rights, in terms of the Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Rights) Act, 2006, if any, on the forest land to be diverted in accordance with the relevant guidelines issued by the MoEFCC

1.17 The user agency in consultation with the State Government shall create and maintain an adequate rehabilitation for the tribals, whose nesting trees are to be cleared in this project. Bird's nests artificially made out of eco-friendly material shall be used in the area, including forest area and human settlements, adjoining the forest area being diverted for the project

1.18 The User Agency shall submit the annual self-compliance report in respect of the stated conditions to the State Government and concerned Regional Office by the end of March every year regularly

1.19 The State Government shall monitor compliance of conditions of Forest Clearance and shall submit the annual report every year.

1.20 Any other condition that the concerned Regional Office of this Ministry may stipulate, from time to time, in the interest of conservation, protection and development of forests & wildlife

1.21 The User Agency and the State Government shall ensure compliance to provisions of the all Acts, Rules, Regulations and Guidelines, for the time being in force, as applicable to the project

1.22 No approach road shall be constructed in the forest area for transportation of steel and other material required for the project as far as possible. The User Agency shall use the existing road and the proposed RoW for the transportation of the material and in the event of non-availability of such facilities, the User Agency shall transport material manually without construction of any path

1.23 Violation of any of these conditions will amount to violation of Van (Sanrakshan Evam Samvardhan) Adhiniyam, 1980 and action would be taken as prescribed under the Act, Rules and Guidelines.

2.Standard conditions

2.1 The user agency at its cost shall provide bird deflectors, which are to be fixed on conductors of transmission line at suitable intervals to avoid bird hits.

2.2 The user agency shall install circuit breakers at suitable places besides maintain necessary ground clearance to prevent electrocution of wild animals;

2.3 The User Agency shall comply the guidelines for laying transmission lines through forest areas issued by Ministry vide letter No.7-25/2012-FC dated 05/05/2014 & 19/11/2014 and provisions of all Acts, Rules, Regulation and Guidelines of the Ministry, for the time being in force, as applicable to the transmission line projects.

2.4 All efforts shall be taken to minimize felling of trees and the State Forest Department shall carry out translocation of trees wherever feasible instead of resorting to felling, at the cost of the user agency

3.Specific conditions

3.1 Width of right of way for the transmission line shall be limited to 67 meters

3.2 The enumerated trees on the 67 meter width strip (right of way) would have to be felled but after stringing work is completed, natural regeneration shall be allowed to come up. Felling / pollarding / pruning of trees shall be done with the permission of the local forest officer wherever necessary for the maintenance of transmission lines;

3.3 In case the portion of transmission line to be constructed is located in hilly areas, where adequate plantation is already available, trees shall not be cut.

3.4 The UA shall comply with the vertical & horizontal clearance specified in Regulation 61 of Safety and Electric Supply, Regulations, 2010.

3.5 During construction of transmission line, pollarding / pruning of trees located outside the above specified strip, whose branches / parts infringe with conductor stringing, shall be carried out to the extent necessary, as may be decided by the local forest officer

3.6 The State Forest Department shall implement approved scheme for creation and maintenance of plantation as per approved CA scheme by raising of 1111 plants/ha in identified degraded forest land in three (3) bits over an extent of 136.44 Ha (Effective area 108.28 ha) and two (2) bits identified in Compartment No. 707 & 708 of Dharmapuri RF of Dharmapuri beat of Rayadurg Section and 1 bit in Muddinayinipalli RF, Kalyandurgam beat of Kalyandurg Range of Ananthapuram division.

In addition to the above state government shall also implement approved CA scheme as per the details given below:

Additional Compensatory Afforestation Scheme /Dwarf Species Plantation in Ananthapuram:

Addl. CA in DFL area in 37.11 ha (for raising and maintenance of dwarf species) in Anantapur division in compartment no. 464 of Marutla RF, compartment no. 565, 566 Elutla RF, Ananthapuram Range Compartment no. 567, 568 of Mutchukota RF, Gooty Range and Compartment no. 795 of Hagari RF, Kalyandurgam Range dwarf species plantation in RoW of proposed transmission line.

Additional Compensatory Afforestation Scheme for YSR Kadapa:

Addl. CA Scheme for 12.00 Ha identified in Thummalur Extn B RF, Vempally range, Kadapa District. in the RoW of the proposed transmission line.

3.7 The KML file of the area diverted and CA area shall be uploaded in the e-green watch portal with all requisite details and same shall be submitted along with compliance report.

3.8 The approved CA Scheme and CA area shall not be changed without prior approval of Government of India

3.9 The User Agency shall provide CA in NFL area for compensatory afforestation in lieu of the forest area diverted, if applicable, based on the final outcome in the WP No. 1164/2023, which is currently pending before the Hon'ble Supreme Court of India. The State Forest Department shall ensure that an undertaking from the user agency is obtained in this regard.

After receipt of the compliance report on the fulfillment of the conditions mentioned above, the proposal shall be considered for final approval under section 2 of the Forest (Conservation) Act, 1980. Transfer of forest land shall not be affected till final approval is granted by the Government in this regard. Further, it may also be noted that this in-principle approval shall be valid for a period of 5 years from the date of issue of this letter. In the event of non-compliance of the above conditions within 5 years, the in-principle approval may be revoked by the Central Government

Rs 221.67 cr health infra projects on anvil in state

- Tenders called for 12 projects to strengthen healthcare, AYUSH and medical education
- Six 50-bed integrated AYUSH hospitals and two medical colleges are among the key projects
- Chinturu CHC to be upgraded to a 100-bed hospital; new OPD block planned at Kakinada GGH

HANS NEWS SERVICE
AMARAVATI

THE state government has initiated the tender process for 12 infrastructure projects worth an estimated Rs 221.67 crore to strengthen healthcare services, AYUSH facilities and medical education across the state.

Health, medical and family welfare minister Y Satya Kumar Yadav said in a statement here on Friday that the projects include the construction of six integrated AYUSH multi-specialty hospitals, two

medical colleges and additional facilities at existing institutions and infrastructure development at government hospitals.

Of the 12 works, 10 are related to the AYUSH sector, while two projects pertain to allopathic medical services, the Minister said.

Under the National AYUSH Mission (NAM), six 50-bed integrated AYUSH hospitals will be established at Tekkal in Srikakulam district at a cost of Rs 9.98 crore, Rampachodavaram in Polavaram district for Rs

10.57 crore, Nandigama in NTR district for ₹10.52 crore, Tenali in Guntur district for Rs 10.50 crore, Giddalur in Markapuram district for ₹10.58 crore and Tirupati district for Rs 9.99 crore.

The government will also construct a Government Unani Medical College at Proddatur in Kadapa district at an estimated cost of Rs 49 crore. Another Government Ayurvedic Medical College at

Dharmavaram in Sri Sathya Sai district will be established with an investment of Rs 49 crore.

At the Visakhapatnam Institute of Medical Sciences (VIMS), a first floor will be constructed above the existing ground floor of the Government Naturopathy and Yoga College at a cost of Rs 9.37 crore. An additional floor and facilities for the clinical department will also

be developed at the 50-bed Integrated AYUSH Hospital in the same campus at a cost of Rs 3.04 crore.

In the allopathic healthcare sector, the 50-bed Community Health Centre at Chinturu will be upgraded into a 100-bed Area Hospital at an estimated cost of Rs 21.99 crore. A new Out-Patient Department (OPD) block will also be constructed at the Government General Hospital, Kakinada, at a cost of Rs 27.13 crore.

The Andhra Pradesh Medical Services and Infrastructure Development Corporation (APMSIDC) has initiated the tender process through e-procurement for the proposed works.

Satya Kumar Yadav said the projects reflect the coalition government's commitment to strengthening medical infrastructure and expanding access to quality healthcare and medical education across Andhra Pradesh.

APMDC bags top corporate bond honour

- Wins 'Best State Linked Issuer' for mobilising ₹9,000 cr via secured NCDs
- Award cites strong governance, compliance and financial management under state leadership
- Recognition credited to collective effort of APMDC teams, govt depts and market institutions

HANS NEWS SERVICE
VIJAYAWADA

THE Andhra Pradesh Mineral Development Corporation Limited (APMDC), a state-owned enterprise, has won the prestigious 'Best State Linked Issuer' award at the ASSOCHAM IX National Summit & Awards on Corporate Bond Market held in Mumbai recently.

The award recognises APMDC's successful mobilisation of Rs 9,000 crore through secured Non-Convertible Debentures (NCDs) in the corporate bond market. The fund-raising exercise is considered a major milestone for a state government-linked

organisation.

APMDC credited the achievement to the leadership and guidance of Chief Minister N Chandrababu Naidu and thanked the state finance department, industries and commerce, mines and geology departments and other agencies for their support.

Under the leadership of APMDC managing director Praveen Kumar, the corporation successfully raised the funds with the support of the state government. The transaction demonstrated its financial management capabilities, regulatory compliance, corporate governance and systems for meeting debt repayment obligations.

The award selection involved a detailed assessment of governance, compliance, administration, innovation, business performance, strate-

gic initiatives, operational efficiency and overall contribution to industry growth.

After the initial evaluation by ASSOCHAM's Knowledge and Evaluation Partner, shortlisted nominations were examined by an independent seven-member jury comprising experts from the regulatory, financial and corporate sectors. APMDC said the recognition was the result of collective efforts by its board, employees, bankers, arrangers, credit rating agencies, debenture trustee, stock exchanges and other institutions.

The award marks an important milestone in APMDC's efforts to promote financial discipline, transparency, good governance and sustainable development of Andhra Pradesh's mineral sector.

Search for missing fishermen intensifies

- Five ships, aircraft have been pressed into operation
- Alerts sent to Myanmar, Port Blair and Bangladesh coast

HANS NEWS SERVICE
AMARAVATI

SEARCH operations for the seven Andhra Pradesh fishermen missing at sea continued on Friday, with the Indian Coast Guard deploying five ships, two Dornier aircraft and a helicopter to locate their boat.

Agriculture minister K Atchannaidu said the State government was maintaining constant coordination with the Coast Guard and Navy and would pursue every possible avenue to trace the fishermen and bring them back safely.

Atchannaidu said officials had spoken to Coast Guard Assistant Commanding Officer Ranjit Kumar to review the latest position. Coast

Guard officials informed them that an extensive search was continuing at sea, though the missing boat had not yet been located.

Information about the vessel has been shared with Coast Guard authorities in Myanmar, Port Blair and coastal areas bordering Bangladesh, with instructions to remain alert for any sighting or information regarding the boat.

The minister said the search would continue without interruption. Coast Guard officials had also assured the State that the officer taking charge after August 24 would continue the operation until the fishermen were traced. He reassured the families that the government was closely monitoring the search and coordinating with all available agencies.

He appealed to the families to remain courageous and not lose hope, assuring them that the search would continue through every possible avenue until the missing boat and fishermen are located.

TDP slams 11 YSRCP MLAs for skipping Assembly

- Chief whip Anjaneyulu accuses them of avoiding the Assembly for fear of facing the govt
- Says MLAs drawing salaries must attend the House and raise public issues on behalf of voters

HANS NEWS SERVICE
AMARAVATI

GOVERNMENT chief whip and Vinukonda MLA G V Anjaneyulu strongly criticised 11 YSRCP MLAs for staying away from the Assembly sessions, alleging that they lacked the courage to face the House.

Questioning why elected representatives did not attend the Assembly to discuss public issues, Anjaneyulu said it

was unfair for MLAs to draw salaries while neglecting their responsibilities towards the people. He alleged that the YSRCP MLAs had "run away" from the Assembly because they were afraid to face the government. Speaking to the media at party headquarters in Mangalagiri, he criticised them for failing to come to the Assembly, which he described as a temple of democracy, and speak on behalf of the people. He said the four-day Assembly session witnessed meaningful discussions and continued for 25 hours and 15 minutes. A total of 103 members participated in the proceedings. Had the 11 YSRCP MLAs attended, they too

would have had an opportunity to raise public issues, he said. Anjaneyulu also took a dig at the YSRCP leadership over the DSC recruitment issue. He said Minister Nara Lokesh's presentation of facts in the Assembly had left YSRCP leaders embarrassed. He described it as ironic that a person who could not distinguish between the APPSC and DSC had served as Chief Minister for five years.

He alleged that YSRCP leaders were staying away to avoid answering questions over alleged irregularities in the APPSC during the previous government. He also accused them of creating disruptions in the Legislative Council. Anjaneyulu urged YSRCP MLAs to attend the House and participate in constructive debates on public issues, stressing that elected representatives have a responsibility to present their views before the Assembly.

BC empowerment possible only with TDP: Ravichandra

NELLORE: TDP senior leader, party district president and MLC Beeda Ravichandra asserted that the development and political empowerment of Backward Classes (BCs) is possible only under the TDP. Welcoming the state government's decision to provide 34 per cent reservation for BCs in rural areas and 33.3 per cent in urban areas, Ravichandra described it as a historic step. Addressing a press conference at the TDP office here on Friday, he said the decision was not merely about reservations but was aimed at ensuring social dignity and political empowerment for BC communities. Ravichandra said the TDP deserved credit for politically empowering BCs and challenged the YSRCP to a debate on its contribution to the community. He recalled that former Chief Minister and TDP founder N T Rama Rao had introduced reservations for BCs,

describing it as a pioneering initiative in the country. He said Chief Minister N Chandrababu Naidu and Education Minister Nara Lokesh were continuing NTR's legacy.

He noted that BC leaders had headed the TDP's State unit during the past 12 years. Referring to the Deputy Chief Minister's post, he said Pawan Kalyan was given the position based on the collective decision of the alliance partners. He alleged that the five Deputy Chief Ministers appointed by the previous YSRCP government had little real power. Ravichandra accused the YSRCP of obstructing BC reservations and alleged that nearly 16,800 BC leaders lost positions during its rule. He also claimed that around 70,000 backlog posts remained unfilled. He thanked Chandrababu Naidu for initiating the latest reservation measures.

Need to build strong talent ecosystem stressed

CII HR Future Bridge Summit 2026 calls for stronger Industry-Academia-Government collaboration to create a future-ready talent ecosystem

HANS NEWS SERVICE
VIJAYAWADA

THE future of India's workforce will depend not merely on technological advancement but on the ability of industry, academia, government and society to work together to build a strong and future-ready talent ecosystem, said Dr Narayana Bharat Gupta, commissioner of higher education, Andhra Pradesh.

Addressing the CII Vijayawada HR Future Bridge Summit 2026 held here on Friday, Dr Gupta said India is witnessing an unprecedented transformation in the nature of work, driven by artificial intelligence, automation, digitisation and emerging technologies. While technology can automate processes and enhance productivity, people will continue to be central to innovation, trust, organisational culture and leadership.

Quoting the World Economic Forum's Future of Jobs Report, he noted that significant changes are expected in the global employment landscape by 2030, with millions of jobs being created even as several existing roles and skills undergo transformation. "The future does not belong to the biggest organisations; it

Commissioner of higher education Dr Narayana Bharat Gupta addressing the CII HR Future Bridge Summit 2026 in Vijayawada on Friday

belongs to those who learn quickly," he said. Narendra Kumar Saranam, chairman of CII Andhra Pradesh in his address said that talent competitiveness is economic competitiveness. For Andhra Pradesh, the quality of our talent ecosystem will influence investment, innovation, productivity, entrepreneurship and the ability of our youth to participate confidently in national and global opportunities, he lamented.

Abhinav Kotagiri, chairman of CII Vijayawada in his welcome address said, the future of work is arriving faster than our traditional systems of education, hiring and workforce development were designed to respond.

Founder and chief strategist of The Strategist K Srinivas Rao set the context for the summit by emphasising the need for a collaborative ecosystem involving aca-

demia, industry, government and society.

ITC Limited vice president-HR P Veeraswamy emphasised that HR professionals can become genuine business partners only when they understand the business and demonstrate measurable value. Prof P Arulmozhi-varman, vice-chancellor, VIT-AP University and co-convenor, CII Andhra Pradesh Education, People Skills and Entrepreneurship Panel, said the conversation around education must move from employability to lifelong relevance and adaptability.

Anvesh Dasari, vice-chairman, CII Vijayawada Zone and director, Electronics Systems, Prof C S R K Prasad, vice-chancellor, JNTU-K; Prof G P Raja Sekhar, vice-chancellor, Andhra University and others also spoke in the summit.

Krea varsity to host regional partnership summit on Oct 26

HANS NEWS SERVICE
TIRUPATI

A regional investment conference ahead of the CII Partnership Summit 2026 will be held at Krea University in Sri City on October 26, with a focus on attracting investment and showcasing the industrial potential of the region. As part of the preparations, MSME Development Corporation CEO M Viswa held a virtual meeting with Tirupati District Collector Dr S Venkateswar on Friday. The officials discussed arrangements for the Regional Partnership Summit, which will focus on sectors including tourism and allied areas, electronics, semiconductors and advanced materials, automotive, space and footwear.

The CEO directed officials

District collector Dr S Venkateswar

to set up 30 stalls at the summit to display products developed by MSMEs and startups associated with RTIH. A separate MSME programme will also be organised in Tirupati by September 10 as part of the preparations for the summit. The district administration has appointed the Project Directors of MEPMA and DRDA as nodal officers to coordinate the programmes and ensure their smooth

conduct.

The September 10 MSME programme is expected to bring together around 500 participants, including MSME promoters, startup founders and members of self-help groups. Officials from the concerned departments were asked to work in coordination and complete the preparations well in advance. The meeting was attended by GM-DIC G Chandrasekhar, ZM-APIIC Vijay Bharat Reddy, Project Directors of DRDA and MEPMA and other officials.

The regional summit is part of a series of pre-summit conferences being organised across the state ahead of the main CII Partnership Summit 2026 scheduled to be held in Visakhapatnam during November 12-13.

Tenant farmers seek ₹2 L unsecured crop loans

- Appeal for unsecured KCC loans up to Rs 2 lakh for RMGs/JLGs with good repayment records
- RBI norms ignored despite permission for collateral-free loans; many farmers still stuck below Rs 1 lakh

HANS NEWS SERVICE
AMARAVATI

THE Andhra Pradesh Tenant Farmers' Association has demanded that tenant farmers, Rythu Mitra Groups (RMGs) and Joint Liability Groups (JLGs) with a good loan repayment record be provided unsecured crop loans of up to Rs 2 lakh through Kisan

Credit Cards. Association state committee secretary M Haribabu and Farmers' Association state president V Krishnaiah submitted a representation to agriculture department principal secretary B Rajasekhar, urging the government to intervene and ensure easier access to institutional credit for tenant farmers.

The association leaders said members of RMG and JLG groups were not receiving crop loans according to the prescribed scale of finance. They pointed out that despite Reserve Bank of India guidelines permitting unsecured agricultural loans up to Rs 2 lakh, the facility was allegedly not being implemented effectively in Andhra Pradesh.

According to the association, earlier guidelines allowed unsecured crop loans up to Rs 1 lakh.

Andhra Pradesh Tenant Farmers' Association leaders submit a memorandum to agriculture special chief secretary B Rajasekhar in Vijayawada on Friday

However, with the rising cost of cultivation, the scale of finance for various crops has increased. The association said the limit for agricultural loans without collateral requirements has also been enhanced from Rs 1.6 lakh to Rs 2 lakh.

The leaders argued that the benefits should be extended to all eligible tenant farmers. They expressed concern that even farmers and group members who regularly repay their bank loans were facing difficulties in obtaining crop loans

exceeding Rs 1 lakh.

Haribabu and Krishnaiah urged the agriculture department to hold discussions with State-Level Bankers' Committee (SLBC) officials and ensure that eligible RMG and JLG members receive unsecured crop loans of up to Rs 2 lakh.

They further requested that farmers requiring higher credit limits should be provided crop loans of up to Rs 5 lakh, subject to the submission of necessary surities or guarantees.

Responding to the representation, agriculture special chief secretary Rajasekhar reportedly assured the association leaders that he would take up the matter with SLBC and bank officials and make efforts to facilitate the sanction of crop loans to eligible tenant farmers and group members.

WINDOWS HDK reiterates NICE toll boycott call

BENGALURU : Union Minister H.D. Kumaraswamy on Friday reiterated his appeal to motorists not to pay toll on the NICE Road, intensifying the ongoing dispute between vehicle users and toll plaza operators.

Speaking to mediapersons in Bengaluru, Kumaraswamy alleged that the NICE organisation was collecting toll illegally and accused the state government of allowing arbitrary increases in toll rates. He urged motorists to continue refusing payment despite the possibility of police cases.

“Do not be afraid even if an FIR is registered. I appeal to the people with folded hands — do not pay the toll under any circumstances,” Kumaraswamy said. His remarks come amid growing confusion at NICE toll plazas following his earlier statement asking motorists to stop making payments. Several motorists have reportedly refused to pay after showing videos of Kumaraswamy’s statement circulating on social media.

The refusal has led to heated exchanges between toll staff and motorists, with employees questioning drivers about any court order or government direction exempting them from payment. Toll operators have maintained that there is no such official order and have reportedly put up notices warning motorists of legal action for refusing to pay.

Kumaraswamy, however, stepped up his criticism of the state government and the NICE organisation. He claimed that the company had collected around Rs 2,000 crore through tolls and questioned the government’s decision to continue allowing collections. He also questioned Chief Minister D.K. Shivakumar’s role in the matter and demanded to know why the government had not taken steps to stop toll collection if there were violations.

PPFAS Mutual Fund opens new office

BENGALURU : PPFAS Mutual Fund has opened a new office in Hyderabad, replacing its existing branch that served investors for over five years. Located at Dega Towers, Somajiguda, the facility will function as an Investor Service Centre and Official Point of Acceptance from August 21. The new office aims to strengthen engagement with investors and distribution partners across Telangana.

Ai+ smart phones price hiked by Rs 2,000

BENGALURU : Ai+ Smartphone has announced a price revision of around Rs 2,000 across select devices, effective immediately, citing sustained increases in component, manufacturing, logistics and other input costs.

The company said rising memory and other component prices have put pressure on smartphone makers, prompting a reassessment of device pricing. Ai+ said it had absorbed a significant portion of the additional costs but was now implementing a measured increase.

Milann Hospital handles two high-risk pregnancies

BENGALURU : Milann Fertility and Birthing Hospital has successfully managed two exceptionally high-risk pregnancies involving severe fetal abnormalities, recurrent IVF failures, fetal growth restriction and autoimmune complications, resulting in the birth of two healthy babies. Two complex pregnancies were successfully managed: one involved a twin pregnancy with Dandy-Walker malformation, while the other followed eight failed IVF cycles and a previous miscarriage. Despite fetal growth restriction and other complications, timely interventions and emergency Caesarean deliveries resulted in two healthy babies, weighing 1.74 kg and 1.88 kg.

FAKE CANCER DRUG RACKET

Kingpin Prashanth suspected to be hiding in India, not abroad

The gang is suspected to have sold nearly 40,000 bottles of counterfeit cancer medicines by using the names and packaging of medicines manufactured by US-based pharmaceutical companies

HANS NEWS SERVICE BENGALURU

THE investigation into the alleged fake medicine racket in Karnataka has revealed that the accused may have been manufacturing and selling counterfeit cancer drugs for nearly 18 months, with investigators now focusing on the alleged kingpin, Prashanth.

According to investigators, Prashanth, along with some of his relatives and associates, allegedly ran the racket and targeted expensive medicines, particularly those used in cancer treatment. The gang is suspected to have sold nearly 40,000 bottles of counterfeit cancer medicines by using the names and packaging of medicines manufactured by US-based

pharmaceutical companies. Investigators suspect that bottles and labels resembling those of genuine American medicines were used to make the counterfeit products appear authentic. The medicines were allegedly manufactured at a farmhouse in Dodderi near Ramangara before being supplied through the network.

The alleged racket came to light after officials raided the farmhouse on August 19. A case was subsequently registered at Tavarekere police station, leading to the arrest of four people.

Police are now searching for Prashanth, who is suspected to be the key person behind the operation. His wife and other relatives have been questioned as part of the investigation. His wife reportedly told investigators that Prashanth was abroad. However, police are examining the possibility that he may still be in India.

Investigators are also verifying his travel details with

the Foreigners Regional Registration Office. Sources said the information available with the authorities does not establish that Prashanth had travelled abroad. Based on the suspicion that he may be attempting to evade arrest, police have issued a lookout notice against him.

Meanwhile, the state government has ordered a Special Investigation Team (SIT) probe into the racket. Following the government order, the Tavarekere police have handed over the case records to the SIT. The investigation is being led by IPS officer Vamshikrishna. The SIT has formally taken up the case and is expected to question the four accused already arrested by the police.

The investigation will focus on the source of the counterfeit packaging, procurement of pharmaceutical ingredients, manufacturing process, distribution network and financial transactions linked to the alleged racket.

Govt keen to bring foreign university campuses to KWIN City: Patil

HANS NEWS SERVICE BENGALURU

EIGHT leading companies, including Toyota, and research institutions 14 entities in all have entered into agreements for the KWIN City being developed between Doddaballapura and Dabaspet. Some foreign universities have sought buildings tailored to their specific requirements under a ‘build-to-suit’ model. The Government is considering an appropriate model to meet these requirements. Large and Medium Industries Minister MB Patil said on Friday.

The Minister was responding to a starred question raised by nominated member K Shivakumar in the Legislative Council. KWIN City is being developed across 5,000 acres. Development work on the first phase is currently under way, and the tendering process has been completed.

Toyota is establishing a state-of-the-art innovation centre here, which will be of a standard that the company does not even have in its home country, Japan. Global-standard medical institutions, the Indian Institute of Science and a campus of the National Law School of India University will also come up here, he explained.

Imperial College London,

ranked second globally; the University of New South Wales in Australia, ranked 19th; the University of Liverpool, ranked 139th; Lancaster University, ranked 164th; La Trobe University, ranked 241st; and Flinders University, ranked 374th, have already signed agreements with the State Government.

Of these, the University of New South Wales and the University of Liverpool have already established campuses at Manyata Business Park in Bengaluru and the Alembic City complex in Whitefield, respectively. The Government wants these institutions to establish campuses in KWIN City as well. Imperial College London will establish an innovation hub here, he said. Some companies and universities are seeking a ‘build-to-suit’ model. The Government is considering

constructing buildings tailored to the specific requirements of such institutions, enabling them to operate from these premises for the next 30–40 years. Only the eligibility and credentials of the institutions will be considered while allotting such facilities. KWIN City will also have residential facilities and common amenities. The process of allotting space to suitable and reputed institutions will be taken up over the next year, he said.

Speaking on the occasion, K Shivakumar appreciated MB Patil’s efforts to promote industrial growth in the State and attract greater investments to Karnataka. “These efforts are creating employment, promoting regional equity, increasing economic activity and boosting exports in the State. This is commendable,” he said.

Guide government on increasing revenue, plugging leaks: CM to CAs

HANS NEWS SERVICE BENGALURU

CHIEF Minister DK Shivakumar on Friday urged chartered accountants to advise the state government on increasing revenue, plugging financial leakages and correcting shortcomings in the system.

Addressing a dialogue conference organised by the Institute of Chartered Accountants of India (ICAI) at Palace Grounds in Bengaluru, Shivakumar said the government was open to suggestions and sought the professional community’s guidance on strengthening the state’s finances. “Our government is an open book. We are open to new ideas and solutions. Give us suggestions to correct our mistakes and prevent leakage of resources. You are the custodians of trust, and that trust is in your blood. Protect it,” he said.

The Chief Minister said chartered accountants could

play an important role in protecting people’s assets, improving revenue collection and strengthening the economy. He also criticised what he described as harassment of honest taxpayers by officials. “Honest taxpayers are sometimes subjected to mental harassment by officials, while those who actually evade taxes are not questioned. Karnataka is more disciplined compared to several other states, with a large proportion of transactions taking place through formal channels,” he said.

The Chief Minister urged chartered accountants to suggest ways of increasing government revenue without creating difficulties for businesses and industries. Shivakumar also sought the help of chartered accountants in ensuring better utilisation of Corporate Social Responsibility (CSR) funds.

He said Karnataka should focus CSR resources on strengthening primary education in rural areas and urged ICAI members to guide companies in directing their CSR in-

vestments towards such priorities. “Give companies guidance on CSR funds. Our government wants greater focus on primary education in rural areas. We are working on an education policy towards this objective,” he said.

Responding to a request from ICAI representatives regarding land for the organisation, Shivakumar assured them that he would look into the matter. “Come and meet me next week after the Assembly session. Your demand is in the interest of the state and the new generation. You should also advise our government on resource mobilisation,” he said.

The Chief Minister concluded by calling for greater cooperation between the government and the professional community, saying the purpose of his participation was not merely to receive applause but to seek a partnership in strengthening Karnataka’s economy and public finances.

ADB to provide Rs 1,750 cr for 500 KPS schools

BENGALURU

THE ADB and the Karnataka government on Friday signed an agreement under which the multilateral agency will provide Rs 1,750 crore assistance for developing 500 government schools across the state as KPS.

The agreement was signed at Vidhana Soudha in the presence of Chief Minister D K Shivakumar and School Education and Literacy Minister Madhu Bangarappa. Under the project, the state government plans to invest Rs 2,500 crore over the next four years, till 2029-30, for developing the 500 Karnataka Public Schools (KPS).

While the Asian Development Bank (ADB) will provide Rs 1,750 crore, the state government will contribute Rs 750 crore. Schools with the potential to attract a larger number of students are being selected for upgradation as KPS institutions, with the objective of enabling each school to cater to at least 1,200 students.

KPS are model government-run schools that provide education from pre-primary to II PU under one roof, with both English and Kannada medium options. Bangarappa said the ADB assistance would help comprehensively develop all 500 schools.

“Over the next four years, that is, by 2029-30, the state government will spend Rs 2,500 crore to develop 500 Karnataka Public Schools. ADB will provide Rs 1,750 crore in assistance, while the remaining Rs 750 crore will be provided by the state government,” he said, according to a release from his office.

The minister said the agreement was finalised following discussions with senior ADB officials and claimed that this was the first time the bank.

MoU inked to establish Dorabji Tata School of Undergraduate Studies

Record 12,000 applications for inaugural UG programmes; first batch of 80 students to commence on August 31

HANS NEWS SERVICE BENGALURU

THE Indian Institute of Management Bangalore (IIMB) and Tata Trusts on Friday signed a Memorandum of Understanding (MoU) to establish the IIM Bangalore–Dorabji Tata School of Undergraduate Studies, as the institute’s new undergraduate programmes received 12,000 applications for the inaugural cohort of 80 students.

The first batch, comprising 40 students each in two four-year, full-time residential programmes, will commence on August 31.

The MoU formalises a philanthropic contribution by the Tata Trusts, Sir Dorabji Tata Trust, towards the establishment and initial development of the School of Undergraduate Studies. The support will include the creation of academic infrastructure as well as contributions to the School’s strategic direction, vision-setting, policy formulation and governance oversight.

The MoU was signed by Tata Trusts Chairman Noel Tata and IIMB Board of Governors Chairperson Dr Devi Shetty in the presence of Tata Trusts CEO Siddharth Sharma and IIMB Director-in-Charge Prof U Dinesh Kumar.

“For over a century, the

Tata Trusts have seeded some of India’s most defining institutions that have influenced generations and continue to serve public good long after the initial investment,” Noel Tata said.

He said India’s next phase of growth would require institutions that could be ranked among the best in the world.

“Our partnership with IIM Bangalore reflects that approach. Through the IIMB-Dorabji Tata School of Undergraduate Studies, we hope to support an institution that can set new benchmarks for undergraduate education and make a lasting contribution to the country,” he said.

Dr Devi Shetty said the partnership would provide the School with a strong foundation to develop an ambitious model of multidisciplinary education.

“IIM Bangalore is a public institution of eminence with a distinguished history of creating transformative educational opportunities. Our partnership with the Tata Trusts, a name synonymous with integrity, nation-building and innovation for the public good, will provide the IIMB-Dorabji Tata School of Un-

dergraduate Studies with a strong foundation,” he said.

The School is part of IIMB’s broader effort to expand its contribution to undergraduate education while maintaining the academic rigour and global orientation associated with its postgraduate programmes.

Located about 23 km from IIMB’s Bannerghatta Road campus in the Jigani-Anekal area, the School is being developed as a dedicated residential academic environment focused on interdisciplinary learning, research and innovation.

It will initially offer a BSc (Hons) in Data Sciences with a minor in Economics and a BSc (Hons) in Economics with a minor in Data Sciences.

The inaugural cohort of 80 students was selected from among 12,000 applicants, making the programmes highly competitive and bringing together students with strong academic and extracurricular profiles.

Tata Trusts CEO Siddharth Sharma said the rapid advances in technology, data and artificial intelligence had underscored the need for multidisciplinary education.

‘Homemaker’ not limited to women, observes HC in compensation case

The principle, the court noted, applies equally to men

HANS NEWS SERVICE BENGALURU

THE High Court has observed that the term “homemaker” is not restricted to women and can apply to men, women and even working professionals who contribute to the welfare and well-being of their families.

The observation came while hearing a motor accident compensation case involving a woman who suffered permanent disability in a KSRTC bus accident. The High Court enhanced the compensation awarded to her by the Motor Accident Claims Tribunal by an

additional Rs 1,96,800.

The appeal was filed by Pampa Pal, a native of West Bengal, seeking enhancement of the Rs 4.55 lakh compensation awarded by the tribunal. KSRTC had also challenged the tribunal’s order granting compensation to her. KSRTC argued that Pampa Pal was not employed at the time of the accident and, being highly educated, could not be treated as a homemaker. The corporation contended that since she was working as a homemaker on the date of the accident, she could not claim compensation under the head of future loss of income. Justice Dr.

Chilakuri Sumalatha, while rejecting this contention, observed that the concept of a homemaker should not be narrowly understood. Being a homemaker does not mean that a person must be uneducated, remain at home throughout the day or engage exclusively in household work. The court observed that the term “homemaker” is not confined to women and that anyone who sacrifices personal interests and contributes significantly to the comfort, welfare and well-being of the family can be considered a homemaker. The principle, the court noted, applies equally to men

and working professionals. Pampa Pal was travelling from Bengaluru to Madikeri in a KSRTC Rajahamsa bus on October 19, 2013, when the bus collided with a lorry.

She sustained serious injuries and suffered permanent physical disability. She claimed to have spent up to Rs 10 lakh on medical treatment. The tribunal had awarded her Rs 4,55,243, including medical expenses. Challenging the amount, Pampa Pal told the High Court that she held a post-graduate degree in biotechnology and had worked as a guest lecturer before the accident. She had also undertaken private tutoring and

earned around Rs 35,000 per month. She submitted that although she was working as a homemaker at the time of the accident, her educational qualifications,

previous employment and income-earning capacity should also be considered while determining compensation. Taking these factors into account, the High

Court enhanced the compensation by Rs 1,96,800, providing a broader interpretation of the economic value of household and family-related work.

AEE recruitment exams from tomorrow

- The Computer-Based Test will be held in two shifts each day
- The morning session will be from 9 am to 12 noon, while the afternoon session will be from 2.30 pm to 5.30 pm

HANS NEWS SERVICE
VIJAYAWADA

THE Computer-Based Test (CBT) for recruitment to the posts of Assistant Executive Engineer (Electrical) in Andhra Pradesh's state power

utilities will be conducted from August 23 to 27 with all arrangements in place to ensure a fair, transparent and rule-based examination process.

APCPDCL chairman and managing director P Pulla Reddy said the examinations would be conducted strictly in accordance with the prescribed guidelines and security protocols, ensuring equal opportunity for all eligible candidates.

The CBT examinations will be held in two shifts each day. The morning session will be conducted from 9 am to 12 noon, while the afternoon session will be held from 2.30 pm to 5.30 pm.

Candidates have been in-

structed to carry their original hall ticket along with any one valid photo identity proof, including an Aadhaar card, PAN card, voter ID, passport or driving licence.

As part of the security arrangements, candidates will undergo face verification and screening through metal detectors before entering the

examination centres. Mobile phones, smart watches, calculators, electronic devices, books, papers and other unauthorised materials will not be allowed inside the examination halls.

Pulla Reddy cautioned candidates against intermediaries or individuals making false promises of securing em-

ployment. He advised aspirants not to fall prey to such fraudulent claims and to rely only on official notifications and information issued by the concerned State power utilities. The APCPDCL CMD said the recruitment process would be conducted on the principles of fairness, transparency and merit, with strict adherence to the prescribed procedures.

"All necessary measures have been taken to ensure the smooth and transparent conduct of the examinations," he said, adding that the power utilities were committed to maintaining the integrity of the recruitment process and providing a level playing field for all eligible candidates.

Cops file FIR on pellet gun victim's complaint after Rahul's dharna

NEW DELHI

THE Delhi Police on Friday registered a first information report (FIR) in the case of 19-year-old Sahil Lochab, who allegedly suffered pellet injuries during the Cockroach Janta Party's (CJP) protest, hours after Leader of the Opposition Rahul Gandhi staged a sit-in outside the Parliament Street Police Station. However, no individual has been named as an accused in the FIR.

As per the latest information, the police registered the FIR under Sections 118 and 125 of the Bharatiya Nyaya Sanhita (BNS). Section 118 deals with voluntarily causing hurt or grievous hurt using dangerous weapons or means, while Section 125 concerns acts endangering the life or personal safety of others.

The drama unfolded in the early hours of Friday when Gandhi and a few Congress leaders accompanied Lochab to the police station after the latter al-

Rahul Gandhi at the Parliament Street Police Station

leged that the Delhi Police had refused to register the FIR. They first went to the Connaught Place Police Station; however, after being informed that the New Delhi Deputy Commissioner of Police, Sachin Sharma, was at the Parliament Street Police Station, they soon reached the spot.

Visuals show that Gandhi, decked up in his white T-shirt and light-brown pants, walked into the police station, taking the officials by surprise. He first pressed the officials to register the complaint; however, as the officials refused, he began

his sit-in outside the police station. He also said that he would not end his sit-in until the officials agreed to register Lochab's complaint.

Three pellets were lodged in his (Lochab) eye, and 200 in his body. There are shells near his heart that cannot be touched. Delhi Police say they did not fire pellet guns. Who fired pellet guns if not cops? Police said they had orders from the top not to file an FIR on the complaint of the victim," Rahul told the media.

He also showed the metallic pellets recovered from the student's body.

CITING 'POLITICAL' ANGLE...

Centre denies permission for CM Revanth's US visit

Chief Minister Revanth Reddy at the Oxford University, London, on Friday

- ▶ Trip to UK okayed; officials will proceed to America
- ▶ Revanth will take return flight from London on Aug 23

HANS NEWS SERVICE
HYDERABAD

THE official TelanganaRising delegation, led by Chief Minister A Revanth Reddy, has been forced to cancel their visit to the United States of America (USA), after the Union Ministry of External Affairs, citing "political" angle, denied the CM permission to visit America.

The state government had sought the Centre's permission for trips to the UK and the US as per policy and protocol, but only the UK trip was approved.

The Centre informed the state government of the refusal of permission to visit America, after the official delegation had reached the UK.

Responding to the Centre's decision, the Chief Minister said: "The only purpose of the visit was to, as part of the New Education Policy of the Centre, bring the world's best institutions to India, to Telangana, to Hyderabad. They would have been an answer to our youth's aspirations to get education, skills, and training from the best Ivy League and top global institutions."

"I have always believed we should all think beyond politics and elections when it comes to nation building and future of the youth" he said. Although visibly shocked by the "political denial" of permission for him to further TelanganaRising and education, and to contribute to Viksit Bharat, Revanth Reddy has decided to comply with the Centre's decision and return to India from London, taking a flight back to Hyderabad, instead of proceeding to Boston, USA.

The Chief Minister has instructed the officials to go ahead with the US trip and conclude all the MoUs and

Proposed prog not appropriate to CM's office: MEA

Clarifies denial of 'political clearance' for Revanth's US visit

NEW DELHI: The Ministry of External Affairs on Friday clarified that the proposed programme for Telangana Chief Minister Revanth Reddy's visit to the United States was not considered appropriate "to the office held and the purpose of the visit", and therefore political clearance was not granted. Responding to a question on Telangana Chief Minister being denied political clearance for his proposed US visit, MEA spokesperson Randhir Jaiswal said visits by Chief Ministers and other dignitaries are assessed by the ministry before political clearance is accorded. "Let me say that the visits of Chief Ministers, as with other dignitaries, are assessed by the Ministry of External Affairs to accord political clearance. The programme proposed in such cases should be appropriate to the office held and the purpose of the visit. In this particular case regarding the United States, that was not so, and therefore the clearance was not given," Jaiswal said. He, however, clarified that political clearance had been granted for Revanth Reddy's visit to the United Kingdom. The MEA's response comes after Revanth Reddy, earlier in the day, claimed that the Centre had denied permission for his proposed visit to the US, forcing the Telangana Rising delegation to cancel the US leg of its tour. According to the Telangana Chief Minister's Office, the state government had sought Central clearance for the Chief Minister's proposed visits to the UK and the US, but permission was granted only for the UK leg. The CMO said the state government was informed about the denial of permission for the US visit after the official delegation had reached the UK. The Chief Minister's Office said Revanth Reddy will now return to Hyderabad from London on August 23 instead of travelling to Boston.

partnership agreements.

Revanth Reddy will continue, as per the scheduled program, his visits to and interactions with Oxford, Cambridge, London School of Economics, the London Business School, University of London, among others. He will also be meeting with top sports institutions and skilling leadership in the United Kingdom, and try to

formalise partnerships with Telangana. "My resolve and endeavour to make Hyderabad one of the top global cities, where any common Indian can get education and a certificates from Harvard and Oxford, or an MIT and LBS or LSE, is because while most leaders have wanted to send their children abroad, I want to bring the world's best to India," he observed.

NTA clarifies on Rs 200 answer key challenge fee

NEW DELHI: The National Testing Agency (NTA) has said that its 'answer key challenge' system is designed to be fair to all students, and rejected concerns about it being expensive. An NTA answer key challenge is an online process where candidates who take an exam (like JEE Main, NEET, or UGC NET) can object to errors in the provisional answer key.

The NTA has been under fire lately over issues ranging from NEET-UG paper leak to errors in the UGC-NET examinations. "On the concern being raised that answer key challenges are 'too expensive': a quick clarification for candidates. The answer key challenge system is designed to be fair to every student, not just the one who challenges," NTA said in a post on X. "One challenge, everyone benefits. If even a single candidate challenges a question, and the subject experts accept the challenge, the revised answer key applies to every candidate who wrote the exam," it said.

The NTA said that fee is charged for challenging an answer to discourage frivolous challenges and it is refunded if the challenge turns out to be right. "The Rs 200/ question is refunded to the candidate whose challenge is upheld. The fee exists to discourage frivolous challenges, not to profit from genuine ones," the agency said. "So if you have identified a genuine error and raised it, if found correct will not only be refunded but one accurate challenge from any candidate can correct the record for lakhs of others," it added.

SPLIT WIDE OPEN

Sack & expel Surekha, chorus Cong legislators

Some demand action against Rajgopal Reddy, Chinna Reddy

HANS NEWS SERVICE
HYDERABAD

INDICATING that the split in the Telangana unit of the Congress is wide open, Congress MLAs and MLCs on Friday demanded that the party high command must step in and remove Minister Konda Surekha from the Cabinet and expel her from the party as she had failed to condemn the unpalatable remarks made by her daughter, Konda Susmitha, against Chief Minister A Revanth Reddy. Some of the legislators also demanded immediate action against Munugode MLA Komatireddy Rajgopal Reddy and Telangana State Planning Board Vice-Chairman Dr G Chinna Reddy.

The demand follows recent remarks reportedly made by Susmitha against Chief Minister Revanth Reddy over ticket distribution in the next elections. Following furore within the party, Konda Surekha had appeared before the party disciplinary committee and clarified that she should not be held responsible for her daughter's remarks, considering that the remarks in question represented Susmitha's "personal" views.

Reacting to the issue, Government Whips Beerla Il-

Cong MLAs & MLCs at a meeting in Gandhi Bhavan in Hyd on Friday

laiah, Vemula Veeresham, and Venkat Balmoor, along with MLAs Revuri Prakash Reddy, Balu Naik, Chikkudu Vamshi Krishna, B. Manohar Reddy, G. Madhusudhan Reddy, Nayini Rajender Reddy, Gandra Satyanarayana, K. R. Nagaraju, K. Rajesh Reddy, Veerlapalli Shankar, Kumbham Anil Kumar Reddy, Kunduru Jayaveer Reddy, B. Lakshma Reddy, Vedma Bhojju, Mandula Samel, and MLC Baswaraj Saraiah, strongly criticised Surekha. They said that if she had no connection with her daughter's remarks, she should have publicly condemned them. Government Whip Beerla Ilaiiah said criticism from opposition parties was expected, but criticism of the party leadership from within the Congress was unacceptable. He questioned the criticism directed at Chief Minister Revanth Reddy, stat-

ing that the Chief Minister had worked hard to bring the Congress to power and had been consistently strengthening the party. Ilaiiah demanded that Konda Surekha respond to the remarks made by her daughter and criticised those making allegations against the Chief Minister. Ilaiiah said it was unfortunate that "some leaders within the party" were publicly criticising the Chief Minister and stressed the need to maintain discipline and unity within the Congress.

Government Whip Vemula Veeresham said Konda Surekha should have condemned her daughter's remarks if she was not associated with them. He alleged that Surekha's statements were causing embarrassment to the Congress party and recalled that she had faced criticism earlier over controversial remarks concerning an actress.

CM to visit Anakapalli district today

Continued from P1

Five days later, Naidu is likely to visit Araku Valley to flag off the pilot project of 'Sanjeevani'. The project aims to build robust health services in the tribal region, enhancing quality medical service for the tribals. According to sources, the Chief Minister is visiting Araku Valley on August 27 for the launch of the Sanjeevani. Meanwhile, District Collector Vijaya Krishnan,

Visakha Range IG Gopinath Jatti, Superintendent of Police Tuhin Sinha along with other officials examined the arrangements made for the CM's visit on Saturday. As many as 1,200 police personnel have been deployed for security purposes. The Chief Minister will land at the helipad opposite MPP School in A. Koduru before reaching the venue to participate in the Swachh Andhra - Swarna Andhra programme.

ED adds money-laundering angle

Continued from P1

The ED registered a separate case based on findings emerging from the investigation by the Central Bureau of Investigation (CBI) into the murder, including information that Rs 4 crore allegedly changed hands before the

murder. The agency is examining the source of the money, the recipients, and the persons allegedly behind the transaction. Five ED teams reportedly carried out the searches simultaneously. When officials reached Avinash Reddy's Pulivendula residence in the

morning, they found the house locked. They waited before summoning his uncle, Manohar Reddy, who opened the premises. Manohar Reddy said the officials examined documents relating to various assets. The ED officials seized Rs 24 lakh unaccounted mon-

ey from the premises of Avinash Reddy and seized keys of two bank lockers.

Searches were conducted also at the residences of Sunil Yadav and Devireddy Siva Shankar Reddy, both accused in the Vivekananda Reddy murder case. Another search was carried out at the residence of Erra Gangi Reddy at T. Thummalapalli in Thondur

mandal. The ED also questioned Dr Chaitanya Reddy, son of Siva Shankar Reddy. He was reportedly summoned from Kadapa and questioned over allegations surrounding his visit to Kadapa Jail, where he allegedly intimidated approver Dastagiri, then lodged there as a remand prisoner, under the pretext of conducting a medical camp.

National GST meeting

AP govt's AI-powered GST model draws wide attention

Legal-AI Officer Asst trained on GST laws, 22,000 judgments

HANS NEWS SERVICE
AMARAVATI

ANDHRA Pradesh has successfully showcased its pioneering GST administration model, based on artificial intelligence (AI) and machine learning (ML), at the sixth National Coordination Meeting held at Vigyan Bhawan in New Delhi on Friday. The tech-driven model, appreciated widely, now has potential to emerge as a benchmark and replicable model for GST administration across the country.

The meeting, chaired by the Union revenue secretary, was attended by the GST Council Secretariat, CBIC and senior tax officials from States and Union Territories. Andhra Pradesh's presen-

tation, titled "Use of AI/ML and Automation in GST Tax Administration - From Case Selection to Litigation," was included as a dedicated agenda item. The Commercial Taxes Department explained how AI-based systems are being used for case selection and allocation, return scrutiny under Section 61, audit under Section 65, inspection under Section 67 and litigation before the First Appellate Authority, GST Appellate Tribunal and High Court. The system integrates data from four sources and uses 19 analytical reports and a 35-parameter risk matrix to identify and classify cases before they reach officers. High-value cases are routed for additional scrutiny through statutory mechanisms. The

department also demonstrated its Legal-AI Officer Assistant, trained on GST laws and about 22,000 judgments from courts and tribunals. It has been extended across three litigation forums and is assisting officers with drafting instructions, para-wise remarks, and replies for more than 13,700 cases.

The department presented data comparing AI-assisted operations with the earlier manual system. During six months of AI-driven return scrutiny, revenue detection reached Rs 743.43 crore, compared with Rs 365.75 crore during the comparable legacy period. Detection per case also rose sharply to Rs 27.63 lakh, against Rs 3.08 lakh under the earlier process.

The department stressed

that AI does not replace statutory decision-making. It generates drafts and analytical inputs, while officers take decisions and digitally sign notices and orders, ensuring traceability.

The presentation received strong interest from participating States. Tamil Nadu, Bihar, Rajasthan, Chhattisgarh, Kerala, Assam and Meghalaya have sought details of the system and are planning visits to Andhra Pradesh to study its architecture and workflow.

The Revenue Secretary commended AP's initiative as a model that other States could consider adopting.

New H1B fee move clears White House review

NEW DELHI

A proposal from the Donald Trump administration that could raise or otherwise change fees for petitions for the H1B work programme has cleared a key White House regulatory review, bringing it closer to publication and implementation, reported the US-based outlet, Bloomberg Law. While details of the proposal are not available for public viewing yet, any increase or change in H1B fees could hit Indian professionals hard, who accounted for a majority of all H1B approvals and renewals in 2025. According to the report, the proposal from the Department of Homeland Security (DHS), identified as RIM 1615-AD20 was cleared

by the Office of Information and Regulatory Affairs (OIRA) on Wednesday. This proposal will be published by the DHS publicly in the coming weeks. The move comes as the Donald Trump Administration continues to overhaul the H1B programme from the ground up, a visa route that is heavily used by highly skilled Indian professionals looking to live and work in the US. The DHS proposal concerns fees associated with H1B visa workers' petitions. But the proposal's precise provisions remain under wraps as the DHS has yet to publish the regulation. It is therefore not yet known how much the fees could increase, which H1B petition would be affected or when any changes will take effect.

PM pitches for India as global space hub

Continued from P1

The CEOs said the government's decision to open the space sector to private participation had generated considerable enthusiasm and created multiple new opportunities for entrepreneurs. They also appreciated the support extended by the government and spoke about growing collaboration within the industry. Congratulating the entrepreneurs for entering and expanding in a relatively new area, Modi said the confidence demonstrated by private space companies had reinforced the vision behind opening the sector to private participation.

The Prime Minister pointed out that several countries either lacked the

resources to invest in space or were not inclined to make such investments, arguing that this provided India with a significant opportunity to strengthen its position in the global space industry. He urged the companies to explore applications beyond their existing areas of work and focus on how space technologies could make people's lives easier. Modi also stressed the importance of closer cooperation between space companies and organisations working in other sectors. Citing examples, he suggested that companies developing technologies to tackle space debris could collaborate with environmental organisations to expand their applications.

Why your scalp suffers more than your hair during monsoon

CLELIA CECILIA ANGELON

care it received earlier.

Monsoon humidity can leave hair dull, rough and difficult to manage, but the seasonal changes often affect the scalp first. Understanding how moisture, sweat and limited airflow influence scalp health can help make hair care more effective during the rainy months.

Why the Scalp Bears the Brunt of the Season

Humidity during the monsoon is rarely consistent. The air may remain damp and heavy on some days before becoming comparatively dry after rainfall. These fluctuations can affect the scalp's natural balance over time. Hair may appear flat by the afternoon or feel rough even after washing, while the underlying issue may actually begin at the roots.

Warmth and moisture can also contribute to flaking and itchiness. Wet hair takes longer to dry during humid weather, whether it becomes soaked in the rain, damp after a shower or moist from sweat.

Tying hair up frequently to keep it away from the face and neck can further reduce airflow around the scalp.

These effects may not always be immediately visible. Because hair that has already grown cannot repair itself in the same way living skin can, the condition of the scalp and hair over time often reflects the

aloe vera is commonly used for its cooling and moisturising qualities. Ingredients such as amla, hibiscus and fenugreek have also traditionally featured in hair-care practices, particularly for maintaining scalp and hair condition.

Henna is another traditional ingredient associated with a cooling effect on the scalp. Some formulations combine it with botanical ingredients sourced from regions such as the Amazon, with the aim of supporting scalp comfort and balance

during humid weather. Ingredient awareness is another consideration when choosing hair-care products. Some formulations avoid ammonia and related chemicals such as ethanolamine, diethanolamine and triethanolamine, ingredients commonly used in certain hair-colouring products. Consumers are also increasingly paying attention to formulations that follow defined clean-ingredient standards and exclude potentially undesirable substances.

However, natural or

plant-based ingredients are not automatically suitable for everyone. Individual scalp conditions, allergies and sensitivities should be considered when introducing any new product, particularly if irritation or persistent flaking is already present.

Care That Restores, Not Just Corrects

Monsoon hair care does not necessarily have to centre on repairing visible damage. Paying attention to scalp hygiene, allowing wet hair to dry properly and

Rainy weather can change the way hair behaves, making everyday routines such as washing, drying and styling more important. Excess moisture, sweat and frequent exposure to rain can influence scalp comfort, while prolonged dampness may affect hair texture and manageability. A seasonal routine that considers cleansing frequency, drying habits, hairstyles and product ingredients can help minimise these concerns. Traditional botanical ingredients such as neem, amla, hibiscus and fenugreek continue to feature in many hair-care practices, while growing ingredient awareness is encouraging consumers to examine formulations more closely. Understanding these seasonal factors can help make monsoon hair care more informed and consistent

avoiding prolonged dampness can help maintain comfort during the season.

A consistent routine that suits an individual's scalp and hair type can be more useful than frequently changing products in response to temporary concerns. Gentle cleansing, adequate drying and careful ingredient selection can support scalp health while reducing some of the problems commonly associated with humid weather.

The monsoon may challenge the scalp in subtle ways, but understanding those changes can make seasonal hair care more deliberate. Rather than reacting only when hair becomes visibly dull or rough, maintaining scalp health throughout the rainy season can help support healthier-looking hair as the weather changes.

Manisha Koirala shares how her relationship with food has evolved

Actress Manisha Koirala, who was last seen in the streaming series 'Heeramandi: The Diamond Bazaar', has shared how her relationship with food has changed over the years. The actress took to her Instagram, and shared a picture of herself eating her meal, while trying to talk to the person holding the phone camera. She also penned a long note in the caption, and how her relationship with food has evolved, and how she has started listening to her body.

She wrote, "My relationship with food has changed over the years. From restriction and guilt to learning to nourish, enjoy and listen to my body. I no longer want to fight my body. I want to care for it, respect it and feel at home in it". Earlier, the actress celebrated her birthday with celebrations arranged by her parents. Recently, the actress' friend Sarosh Pradhan took to his Instagram, and shared a joint post with the actress. The post featured videos and a picture from the celebrations with happy faces of close friends and family of the actress ringing in her birthday.

The actress can be seen dressed casually in the videos and the picture, as she swings and enjoys every bit of her celebrations. He wrote in the caption, "Joy of Parents taking the initiative to organize Manisha's Birthday".

Sarosh Pradhan is actress' cycling partner. The actress has often attributed her diminishing fear of cycling in heavy

traffic. Manisha Koirala emerged as one of Hindi cinema's most acclaimed actresses of the 1990s. She has delivered memorable performances in 'Bombay', 'Khamoshi: The Musical', 'Dil Se', 'Gupt', and 'Company'. In 2012, she was diagnosed with ovarian cancer and underwent extensive treatment in the United States, eventually recovering. She documented that journey in her memoir 'Healed: How Cancer Gave Me a New Life'. The actress later returned to acting, earning praise for 'Sanju' and 'Heeramandi: The Diamond Bazaar'.

Preity Zinta embraces a brand new 'Vibe' as she reflects on life

Actress Preity Zinta offered a glimpse of her new 'Vibe', sharing a picture as she took a moment to soak in the experience ahead for her upcoming film of the same name. Preity shared a selfie of herself on Instagram, where she is seen sporting chunky sunglasses paired with a black oversized T-shirt. In the image, the actress is seen looking at the lens as she posed for a photograph. "A moment to hold, a moment to reflect, a moment to take in life, as I dive into a brand new Vibe. Ting 1!" she wrote as the caption.

Vibe also stars Kunal Kemmu. The upcoming high-stakes action-comedy film is produced by Kunal Kemmu and Chirag Nihalani under the banner of Drongo Films. "Vibe" is expected to reach the audience on September 18 this year. The project marks the first venture for the production studio. The film is written and directed by Kunal Kemmu. Joining these two, Sparsh Shrivastava will play a crucial role in the movie, along with debutant Vanshika Dhir.

"Vibe" focuses on two inseparable friends whose ordinary lives suddenly turn into an unpredictable, high-energy adventure that pushes their survival instincts and friendship to the limit. "Batwara 1947" is a period drama film co-written and directed by Rajkumar Santoshi, and produced by

Aamir Khan under the banner of Aamir Khan Productions. Set in Lahore against the backdrop of the 1947 Partition of British India and the division of Punjab. The film stars Sunny Deol, Preity Zinta, Shabana Azmi, Karan Deol, Ali Fazal, Abhimanyu Singh, Khushi Hajare, Kanikka Kapur, Waaseem Rajput, and Isha Sandhir. The film is based on Asghar Wajahat's drama 'Jis Lahore Nai Vekhya, O Janya E Nai'. It was Zinta's comeback film after an eight-year hiatus.

Officials raid hotel based on QR code complaint

MANGALURU: The Food Safety and Drug Administration Department launched verification raids on Friday, 21 August in response to complaints submitted through its newly introduced QR-code facility. The purpose was to scrutinise the reports that had arrived via this digital route. A complaint concerning MFC Restaurant on Falnir Road prompted one of these actions.

Officers proceeded to the premises and executed a raid to investigate the allegations contained in the submission. The step reflects the department's use of the fresh QR-code channel to initiate on-ground checks.

Officials seize over Rs 8 lakh worth chemically-ripened bananas

UDUPI: A coordinated enforcement drive on Thursday removed large quantities of chemically treated bananas from circulation in Udupi district. Food Safety and Drug Administration designated officer Rashmi and Udupi Tahsildar Gururaj held overall charge while Food Safety Officer Vivek Trimale directed field activity. Full strength of the revenue department's personnel participated throughout.

Sudden inspections targeted premises in the villages of Aleyuru, Kemturu and Duglipadavu where bananas were being forced to ripen with chemical substances. The teams confiscated every batch found to contain the prohibited agents and arranged for their complete destruction through dumping. Quantities recovered added up to 10,890 kilograms, representing an approximate value of Rs. 8.71,200. Destruction ensured the fruit could not return to markets or consumers.

World Konkani Centre celebrates Recognition Day

HANS NEWS SERVICE
MANGALURU

THE need to elevate Konkani education to a higher plane formed the central theme of the Recognition Day programme organised at the World Konkani Centre on Thursday. Anant Agni from Goa, winner of the Dr. TMA Pai Outstanding Konkani Book Award and an established columnist, lit the ceremonial lamp to open the event.

He noted that Konkani's inclusion in the Eighth Schedule of the Constitution stems from its status as Goa's official language and its independent character. Elevation of the language,

Champions stronger classroom presence for the language

he observed, can occur only through sustained development of Konkani education and literature in the states of Goa, Karnataka, Maharashtra and Kerala, and cannot be achieved by functions alone.

Members of the Mangalore Konkani Vachana Satra raised the national flag and sang the pride anthem "Godi Godi Hodi Bhas Konkani", after which they staged the short play "Konkani Antardhvani" written by Ashok Nayak. President Nanda-

gopal Shenoy welcomed the gathering.

Dr. Kasturi Mohan Pai, the secretary, announced that support from the World Konkani Centre has helped approximately 4,500 students learn Konkani as their third language. He called upon the students present to convince school boards and parents to introduce Konkani teaching in their own institutions.

Melvin Rodrigues, serving as Konkani adviser to the Sahitya Academy

in New Delhi, reminded everyone that Konkani children should retain their mother tongue regardless of other subjects they master.

Kausalya, a student of SVT School, Karkala,

who obtained full marks of 100 in Konkani at SSLC level, received a Rs. 7,000 scholarship from Usha Mohan Pai. Roughly one hundred student teams drawn from differ-

ent schools presented cultural items in Konkani. Prize money went to Canara High School, Dongarakeri (Rs. 5,000 for first place), Sharada Vidyalaya, Kodialbail (Rs. 3,000 for

second place) and Canara Higher Primary, Urwa (Rs. 2,000 for third place). M R Kamath conducted the proceedings. Guests included vice-presidents William D'Souza and Ramesh Nayak, trustees Kudpi Jagadeesh Shenoy, Vatika Kamath and Prashant Shet, Shivashankar Nayak, litterateur H M Pernal and many fellow Konkani supporters.

Judging duties were handled by senior artists Ramdas Gulvadi, Prakash Shenoy and Muralidhar Kamath. Treasurer B R Bhat conveyed the message of partial sponsor trustee Gokulanath Prabhu and expressed gratitude to everyone involved.

POLITICAL POW-WOW

Leader of Opposition in Karnataka Assembly R Ashoka, state BJP President and MLA B Y Vijayendra and others raise slogans during a protest demanding the resignation of Minister B Nagendra at Vidhana Soudha, in Bengaluru on Friday

Karnataka Congress President and MLC B K Hariprasad, Planning and Statistics Minister B Nagendra and others stage a protest in front of the Mahatma Gandhi statue on the Assembly premises, accusing the BJP and JD(S) members of preventing both Houses of the Karnataka Legislature from functioning at Vidhana Soudha in Bengaluru on Friday

CM challenges Oppn to seek debate on Nagendra issue

BENGALURU

CHIEF Minister D K Shivakumar on Friday challenged the BJP and JD(S) to formally seek a discussion in the Legislature on the demand for the resignation of Minister B Nagendra, saying there was no justification for disrupting proceedings without giving notice.

BJP has been staging demonstrations inside and outside of both the Houses of Karnataka Legislature demanding removal of Planning and Statistics Minister Nagendra alleging his involvement in the

Karnataka State Maharshi Valmiki Scheduled Tribes Development Corporation scam worth Rs 89 crore, which had happened in 2024.

Speaking in the Legislative Council, Shivakumar said the opposition was entitled to protest in a democracy but should follow parliamentary procedures and place its allegations before the House.

He recalled that Nagendra had earlier resigned to facilitate an inquiry and that the government had subsequently conducted an investigation.

Questioning the basis of the renewed demand for res-

ignation, the Chief Minister asked what fresh information the opposition had uncovered and urged it to disclose before the House any findings allegedly obtained from agencies such as the CBI, Enforcement Directorate and SIT.

He said the government was prepared to devote an entire day, or even two days, to a discussion on the issue if the opposition submitted a notice. Shivakumar also said he was ready to explain the reasons behind reinducting Nagendra into the Cabinet and answer all questions raised by the opposition.

The Chief Minister criticised allegations made against Nagendra and the government without a formal debate, saying it was unreasonable to brand the minister or the government as corrupt without first discussing the matter in the Legislature.

In a swipe at BJP members, Shivakumar said opposition leaders might be uncomfortable if he began naming Union and state ministers against whom cases had been registered in the past and explaining how those investigations had proceeded, reiterating his call for a structured debate on the issue.

Haveri farmers protest as 90% of lakes remain dry despite monsoon

HANS NEWS SERVICE
HAVERI

FARMERS in Haveri district have raised serious concerns over the failure to fill local lakes even after nearly two-and-a-half months of the monsoon, alleging that water available through lift irrigation channels is not being released into the water bodies.

Farmers of Keremattihalli village in Haveri taluk staged a protest on the bed of their village lake, demanding immediate release of water. The protesters raised slogans demanding water and accused officials of ignoring their repeated requests. The district has around 2,058 lakes, and farmers claimed that nearly 90% of them have received little or no water so far. The situation has caused concern among the farming community, particularly in areas dependent on lakes for irrigation and groundwater recharge.

The approximately 100-acre lake at Keremattihalli is among the water bodies that remain largely dry. Farmers from the surrounding areas said the lack of water could seriously affect agricultural operations during the ongoing kharif season.

The farmers said the situation was particularly worrying because the district is already experiencing inadequate rainfall. They alleged that while rainfall has been below normal in several parts of the district, the

authorities have also failed to utilise available water resources by diverting water through lift irrigation channels into the lakes.

According to the protesters, they have repeatedly approached officials of the Minor Irrigation Department, seeking water for the lake. However, their requests have allegedly failed to result in any concrete action. Farmers also alleged that they were unable to contact the engineers responsible for the irrigation infrastructure. Despite repeated attempts to reach the officials over the phone, there had been no response, they claimed.

The protesters said the authorities should not wait until the situation worsens before taking action. With a significant portion of the monsoon already over, they fear that continued failure to store water could leave farmers dependent on borewells and other uncertain sources during the later stages of the agricultural season.

The farmers pointed out that filling lakes is important not only for irrigation but also for improving groundwater levels. If the water bodies remain dry, borewells in surrounding agricultural areas could also be affected, increasing the burden on farmers. The protestors demanded that the government immediately assess the availability of water in the lift irrigation system and release water to eligible lakes wherever technically feasible.

They also urged the Minor Irrigation Department to inspect the channels and identify whether any technical problems were preventing the flow of water. Any damaged or blocked sections should be repaired without delay, they said.

Farmers warned that continued official inaction could lead to serious consequences for agriculture in the district. They demanded a clear plan for filling the lakes and better coordination between irrigation officials and local farmers. The protesters said the government should treat the issue as an urgent water-management problem rather than waiting for farmers to approach officials repeatedly.

They also urged elected representatives and district authorities to intervene and ensure that water reaches the lakes before the remaining monsoon period ends. For farmers in Keremattihalli and surrounding villages, the issue is not limited to the immediate agricultural season. They said adequate storage in the lake would help maintain groundwater levels and support farming and drinking-water needs in the months ahead.

The farmers have therefore demanded immediate release of water through the lift irrigation canal and a comprehensive assessment of all major lakes in the district to prevent a possible water crisis.

Key witness in ex-MP Prajwal rape case says she got threat calls

BENGALURU

A key prosecution witness in the rape trial against former Hassan MP Prajwal Revanna has expressed apprehension about her safety and that of her son after allegedly receiving threatening phone calls following her deposition before a special court here.

The 43-year-old social worker from Hassan district, who was examined as a prosecution witness on July 6, raised the issue during her cross-examination on Thursday. The court, taking note

of her allegation, directed the Additional Director General of Police, Criminal Investigation Department (CID), to inquire into the alleged threats and submit a report at the next hearing. It also directed the authorities to provide protection to the witness as per law.

The witness also told the court that she feared a possible threat from the accused persons and said that if anything happened to her or her son, they should be held responsible. The case is currently at the trial stage and is

being conducted through a special public prosecutor. The development comes days after

Central Crime Branch (CCB) personnel recovered a mobile phone, charger, pen drive and

scribbling pad from Prajwal's cell in the high-security barrack at Parappana Agrahara prison. Prajwal, the grandson of former prime minister H D Deve Gowda and Holenarasipura MLA H D Revanna's son, represented Hassan in the Lok Sabha from 2019 to 2024.

He was arrested in May 2024 in connection with sexual assault cases and was later convicted in a rape case. A special court in Bengaluru sentenced him to life imprisonment in August 2025, following which he was lodged in Parappana Agrahara prison.

Single-roof administration for Mangaluru Railways to begin in October

HANS NEWS SERVICE
MANGALURU/NEW DELHI

THE Ministry of Railways has formalised a long-discussed jurisdictional realignment involving the Mangaluru railway area. A Railway Board communication numbered 2025/E&R/1(3)/1 and dated 21 August 2026 addresses the General Managers of South Western Railway and Southern Railway as well as the Chairman and Managing Director of Konkan Railway Corporation Limited.

The competent authority has decided that the Mangaluru area up to Ullal will be transferred from the Palakkad Division of South-

ern Railway to the Mysuru Division of South Western Railway. Consequently, the interchange points between South Western Railway and Southern Railway will shift from Padil to Ullal.

Thokur station will remain part of Konkan Railway Corporation Limited in its present capacity and will function as the interchange point between Konkan Railway and South Western Railway. The divisional and zonal boundaries that currently exist between Konkan Railway and Southern Railway will become the boundaries between Konkan Railway and South Western Railway.

Transfer to Mysuru Division of South Western Railway ends years of split jurisdiction

Exact divisional and zonal boundaries between Southern Railway and South Western Railway will be specified in the Gazette Notification that will follow. On the question of manpower, the Board has prescribed clear procedures.

For gazetted staff, necessary transfer orders for the change of zone together with posts will be issued in due course; action in respect of Group-B officers will be

taken as per extant rules.

For non-gazetted staff the transfer of posts and personnel will occur on an "as is where is" basis, yet every employee will be offered the choice of remaining with Southern Railway or moving to South Western Railway. Those who opt for South Western Railway will be transferred on administrative grounds, with seniority determined according to length of service in the

present grade.

The jurisdictional changes will take effect from October 1 once the Gazette Notification is issued. All preparatory steps, including the transfer of posts,

the calling of options from staff, and the relocation of control boards, are required to be completed in a timely manner. Dakshina Kannada parliamentary representative Capt. Brijesh

Chowta has noted that the demand for unified administration had been pressed consistently since mid-2024 through engagement with the Union Minister for Railways and other institutional

forums. The realignment is expected to reduce coordination difficulties that arose from the previous dual jurisdiction, facilitate quicker handling of operational and passenger-related matters, and allow more concentrated attention on railway infrastructure and connectivity projects serving coastal Karnataka.

With the formal notification anticipated shortly, the new arrangement places the Mangaluru segment under a single zonal and divisional authority within South Western Railway, thereby simplifying the administrative framework that governs one of the region's important transport corridors.

We're really happy that we converted this win into this semifinal (BWF World Championships) and getting a medal, but it's not stopping yet. There are matches coming tomorrow also.

- Treesa Jolly

Sports Nation

BWF World Championships

Treesa-Gayatri duo stuns world No. 4, to enter semis

India assured of first medal in women's doubles in 15 years

NEW DELHI

INDIA'S women's doubles duo of Treesa Jolly and Gayatri Gopichand have staged an upset at the BWF World Championships after handing a shock loss to the world no. 4 Chinese pair of Ji Yifan and Zhang Shuxian to enter the semifinals, confirming a medal for the country.

The Indians, coming from game down, registered a 16-21, 21-15, 21-13 win over the Chinese to become the second-ever pair to win a BWF World Championships medal in women's doubles. In 2011, Jwala Gutta and Ashwini Ponnappa won bronze, securing India's second-ever World Championships medal -- 28 years after the country's maiden medal in 1983 (Prakash Padukone's men's singles bronze).

The Indian duo looked vulnerable early on as Jia and Zhang raced to a 6-2 lead and kept their advantage through the opening game. Treesa and Gayatri gradually found their attacking rhythm, using their powerful smashes and sharper exchanges at the net to close the gap to 8-9.

The recovery, however, was not enough to prevent the Chinese to head into the breather with 11-8 advantage and eventually sealing the opening game 21-16.

The response in the second game was immediate. The Indians refused to allow their opponents the same control, matching them in

Satwik-Chirag pair loses in quarters

NEW DELHI: Star Indian men's doubles pair Satwiksairaj Rankireddy and Chirag Shetty's dream of winning a third medal at the BWF World Championships ended with a straight-game loss to China's world No. 3 Liang Wei Keng and Wang Chang in the quarterfinal here on Friday.

The world No. 5 Indians, who have won bronze medals at the 2022 and 2025 editions, lacked the required sharpness and crashed to an 18-21 9-21 loss in just 36 minutes against Wang and Liang, the Paris Olympics silver medalists.

The Indians had lost nine times and won four against the Chinese world No. 3 pair.

the longer rallies while defending under pressure as they earned a slender 11-10 advantage at the interval.

From there, Treesa and Gayatri grew increasingly assertive. The Indians opened a 17-14 lead before closing out the game 21-15 to force a decider.

In the decider, after an even start at 4-4, Treesa found the breakthrough with a powerful smash, and the Indians suddenly surged. Treesa's attack continued to cause damage for

the Chinese, and the Indians entered the interval with a commanding 11-5 lead.

After the change of sides, Jia and Zhang briefly attempted to revive their challenge, but the Indian earned three straight points to restore their momentum.

At 18-9, the Indians were within touching distance. A review after Zhang's shot was called out did little to alter the outcome, and two further errors from Chinese handed Treesa and Gayatri the decisive points.

U20 Wrestling Worlds

Kajal wins 2nd title in row; Tanu, Savita grab silver

BRATISLAVA (SLOVAKIA): Kajal Dhochak won her second consecutive U20 World title while Tanu Sharma and Savita settled for silver medals at the U20 Wrestling World Championship here.

Kajal, 18, won the 76kg title with a commanding 7-0 victory over China's Jingru Sun in the final. She had won the U20 World title in the 72kg last year.

Kajal is already graduating to the senior level, winning a gold medal at the Ranking Series event in Mongolia in June this year apart from winning a gold at the Budapest event in July. She also won the U20 Asian Championship in Pattaya.

In the 72kg category, Tanu put up a resilient fight in the gold medal match against Japan's Chisato Yoshida before losing 3-5.

In the 62kg division, Savita faced a formidable opponent in Japan's Sakura Onishi in the gold medal bout and lost by technical superiority (2-12).

Mansi Lather is in gold contention in 68kg event. She is up against China's Chenling Song in the final while Komal will fight it out with Spain Rosa Molina Rodriguez in the 59kg repechage round.

None of India's Greco Roman wrestler won a medal. The men's freestyle competition will begin later Friday and conclude on Sunday.

Hyderabad to host TPL season 8 from Dec 8-13

HYDERABAD: Tennis Premier League season 8 will be staged from December 8 to 13, 2026, at the LB Tennis Stadium in Hyderabad under the auspices of the All India Tennis Association and with the support of the Government of Telangana.

Eight franchise teams will compete in TPL's signature 25-point format, where every point matters, with the action live-streamed on JioHotstar, allowing fans across the country to follow the league as some of the world's top-ranked international players go head-to-head alongside India's leading tennis stars. The League will also see the presence of tennis icons Leander Paes and Sania Mirza, along with Bollywood personalities and team co-owners Rakul Preet Singh and Sonali Bendre Behl, who will be cheering on and supporting their respective teams.

For TPL, Hyderabad is more than just a new venue. It marks

the league's move into new markets, expanding its audience and building a stronger national footprint for professional tennis, with the TPL App already connecting the league to more than 400 affiliated academies across the country.

Hyderabad, with its strong sporting culture and growing tennis community, will provide the backdrop for Season 8 at the LB Tennis Stadium, one of India's largest dedicated tennis venues.

The stadium will host six days of high-intensity action as eight franchise teams -- GS

Delhi Aces, Hyderabad Strikers, Lucknow Blazers, Gurgaon Grand Slammers, Gujarat Panthers, Rajasthan Rangers, Kolkata Thunder Blades and Mumbai Royals compete in TPL's exciting 25-point format.

Sharing his excitement on the announcement, Kunal Thakkur, Co-Founder, Tennis Premier League, said "Season 8 is a landmark chapter for TPL, not just because we're bringing world-class tennis to Hyderabad for the first time, but because it's the first season where fans will see our partnership with Kia India come alive.

Khelo India Scheme a gamechanger: Jwala Gutta

HANS NEWS SERVICE HYDERABAD

TWO-time Olympian (2012 London and 2016 Rio) and former world championships medallist Jwala Gutta has described the revamped Khelo India Scheme (KIS) as a "gamechanger" with the potential to transform sports in India.

Speaking to the media on Friday, Gutta said, "I am a government product myself and without its support I would not have achieved whatever I have as a player. In its new avatar, the Khelo India Scheme looks extremely promising. With its thrust on grassroots development and sustainability, parents will feel very secure to send their

children to play a sport." She added, "The government has always been serious about boosting sports, but this will have a far-reaching impact and the reach will be enormous. I am happy to be associated with the scheme."

The 2026-31 scheme has an outlay of ₹29,054 crore, an eight-fold increase over the previous allocation, and aims to support 10 times more athletes. Its key focus areas include grassroots development, scientific talent identification, coaching, academics, infrastructure and sports technology.

S Hima Bindu, SAI deputy director, outlined the scheme's key pillars and its potential impact on Telangana. "The grassroots to Olym-

Jwala Gutta, former badminton world doubles champion and Olympian, Dr A Sonibala Devi, Vice-Chairperson & Managing Director of Sports Authority of Telangana, Vishnu Sudhakaran, Regional Director of Sports Authority of India, Bengaluru and S Hima Bindu Deputy Director, SAI during a media interaction on the revamped Khelo India Scheme in Hyderabad on Friday.

(Photo: Srinivas Setty)

pic excellence pathway has been well thought through. The scheme addresses gaps in the system and the formation of a coaches' board will help uplift the way a child plays sport. The academy structure will be bolstered

and there are adequate funds to boost infrastructure and sports technology," she said.

Telangana already has 33 notified Khelo India Centres, supporting more than 601 athletes through Past Champion Athletes.

Bikash selected for World Masters Athletics C'ships

HYDERABAD

BIKASH Karar, Chairman of Athletic Coaching

Academy, Hyderabad and a master athlete, has been selected to represent India at the World Masters Athletics Championships in Daegu, South Korea, from August 22 to September 3, 2026. Competing in the 50+ age group, he will participate in the 200m, 400m and 400m hurdles. Karar is trained by Prof. Rajesh Kumar, Senior Professor and Head, Department of Physical Education, Osmania University. He has previously represented India at Masters Championships in Finland, the US, France and Brazil.

SC grants freedom to 105-yr-old murder convict

NEW DELHI

A 105-year old murder convict will now be able to live as a free man after the Supreme Court on Friday, closed the case against him and waived the remaining period of his life sentence, taking into account his advanced age.

Born in 1920 in West Bengal's Malda district, Rasik Chandra Mondal was convicted in 1994 in the murder case and was in jail till November 29, 2024, when the top court granted him bail.

On Friday, a bench comprising Chief Justice Surya Kant and justices Joymalaya Bagchi and V Mohana said that, having regard to the age of the petitioner, it was closing the case and waiving the remaining sentence, if any, in the matter.

Even if the life sentence is not over, he will not be taken back in custody, the CJI said and made the interim bail order of 2024 absolute and final.

"As an interim order, we direct that the petitioner,

Rasik Chandra Mondal, will be released on interim bail/parole during the pendency of the present writ petition, on terms and conditions to be fixed by the trial court," the court had said earlier. Mondal had age-related health issues, it had noted.

In 2018, the Calcutta high court dismissed Mondal's appeal challenging his conviction in the murder case. Later, he moved the apex court, which also dismissed his plea.

In 2020, Mondal, then 99 years old, moved a plea seeking premature release, citing his advanced age and age-related ailments. In May 2021, the apex court had issued notice to the West Bengal government in the matter.

22 Indians aboard two ships hijacked by pirates

NEW DELHI

TWO commercial vessels carrying a total of 22 Indian nationals have been hijacked by pirates in separate incidents off Yemen and Somalia, a senior shipping ministry official said on Friday. He said that according to the latest information, the Indian crew members are safe.

An Eritrea-flagged oil products tanker, M T Sibul 1, with 20 crew members -- 16 Indians, one Syrian national, one Sudanese national, one Iraqi national and one seafarer whose nationality is yet to be confirmed -- was hijacked by armed pirates in the Gulf of Aden, around 30 nautical miles off the coast of Yemen on August 20, the official told PTI.

"As reported by Recruitment and Placement Service Licence (RPSL) agency - S K S Krishni Marine Services

(Opc) Private Limited, six armed pirates are presently onboard the vessel and have taken control of the vessel," he said.

He said the RPSL has been advised to submit the incident report and subsequent periodic updates through the e-Navik online marine casualty reporting system for examination and record.

Another Cameroon-flagged cargo ship, LUTUF, with six Indians among its 10 crew members was hijacked

by pirates off Somalia's Puntland coast on August 17, the official said.

"The vessel is reported to have been boarded by eight pirates, armed with AK-47 type weapons and operating from two skiffs. "The crew initially mustered in the citadel. However, the pirates gained access and subsequently brought them to the bridge. The vessel is currently under pirate control. No injuries have been reported thus far," he said. (PTI)

Child killed in leopard attack in Rajasthan

JAIPUR: A three-year-old boy was killed after a leopard attacked him in Rajasthan's Sawai Madhopur district, forest officials said Friday.

Deputy Conservator of Forests of Ranthambore Tiger Reserve Manas Singh said the child, Dilkhush Bairwa, was playing in the courtyard of his house on Thursday when the leopard dragged him towards the forest.

Following the incident, the child's family members and villagers launched a search operation. A forest department team also joined the search after being alerted, the official said. The child was eventually found in an injured condition on a hill, Singh said. He was rushed to the district hospital, where doctors declared him dead, the official said.

The incident triggered anger among villagers, who later reached the Phalodi range office and staged a protest.

During the protest, a motorcycle kept at the range office was set on fire, officials said.

RSS chief to visit US, Canada, UK for centenary outreach

VISAKHAPATNAM

RSS chief Mohan Bhagwat will visit the US, Canada and Britain as part of the Sangh's centenary-year global outreach programme, a senior Sangh functionary said on Friday.

Addressing a press conference after the three-day all India coordination meeting here, RSS Sah Sarkaryawah CR Mukunda said the foreign visit has three main objectives - presenting a factual and positive perspective on India, Hindu society and the RSS, conveying the message of 'Vasudhaiva Kutumbakam' and increasing dialogue with mainstream society on the interests and rights of Hindus and people of Indian origin.

"Bhagwat will visit the US, Canada and Britain as part of the Sangh's centenary-year global outreach programme," Mukunda said.

He said Bhagwat would participate in the Universal Oneness programme in New York and community leader-

ship programmes in Toronto and London. The visit would also seek to address misconceptions and misinformation about India, Hindu society and the RSS prevalent in various parts of the world, Mukunda said.

The RSS chief would convey the message of global unity and Vasudhaiva Kutumbakam given by India's sages and seers, he said. The outreach would also focus on dialogue with mainstream society in the three countries on the interests and rights of Hindus and people of Indian origin living around the world, he added.

Rashtrapati Bhavan does U-turn on B'desh PM's visit

NEW DELHI: A fresh communicate from the Rashtrapati Bhavan stated that the "press release issued on the subject 'No Change of Guard Ceremony this Saturday', which was issued on August 21, 2026, stands withdrawn." This came an hour after the President's house had announced the cancellation of the weekly ceremony for the full rehearsal of the welcome planned for the visiting Bangladesh Prime Minister. The withdrawn communicate had read: "The Change of Guard Ceremony at the Forecourt of Rashtrapati Bhavan will not take place this Saturday (August 22, 2026) due to the full rehearsal for the ceremonial welcome of the Prime Minister of Bangladesh."

Musk pitches Starlink for rural India amidst stalled launch

NEW DELHI

EVEN as the Elon Musk owned Starlink tries to unlock a stalled launch in India, the satellite internet service provider has again made a pitch as a public-service solution with particular focus on rural India. "Starlink would help the least served in India, especially in rural areas," wrote Elon Musk, in a post on X, earlier today. Starlink awaits final regulatory clearance from the Indian government, which would allow it to flip the switch on commercial operations in India.

Musk has a point. The latest Telecom Regulatory Authority of India (TRAI) data points to a flat growth for

mobile and broadband connections in rural regions. In June 2026, urban India added 4.36 million subscribers (0.55% growth), while rural India added just 0.62 million subscribers (0.11% growth).

Secondly, rural tele-density of 60.89% at the end of June, compares unfavourably to 153.43% in urban areas, indicating that roughly 40% of the rural population still lacks individual mobile or fixed-line connectivity.

13-YR-OLD BOY RESCUED FROM BONDED LABOUR

MUMBAI: A 13-year-old boy was rescued from alleged bonded labour at a farm in Maharashtra's Jalna district, officials have said. Following inputs received by the District Legal Services Authority and the Child Helpline 1098, a raid was conducted at Chincholi village of Bhokardan tehsil on Wednesday, they said. According to officials, the boy told the authorities that he had been working at the farm for around one-and-a-half years, performing agricultural tasks, grazing goats, feeding and watering cattle and cleaning cow dung. The boy was allegedly forced to work at the farm against a Rs 40,000 advance taken by his father from the farm owner.

Parents die trying to stop son from suicide

MUMBAI

A couple and their 19-year-old son fell to their deaths from a hill while the parents attempted to stop the teenager from committing suicide in Maharashtra's Chhatrapati Sambhajnagar district on Friday, police said.

The tragedy unfolded in the Tisgaon area under Waluj MIDC in the afternoon, an official said. According to the police, Kunal Chandgude (19) went up the hill around 10 am, allegedly intending to commit suicide following a dispute with his parents about wanting a mobile phone. The parents, Murlidhar (48) and Sangita Chandgude, residents of the Zalta Phata area of Chhatrapati Sambhajnagar, arrived there to stop him.

An official said police and villagers tried to convince Kunal not to jump, and the fire brigade was also called in, and they tried to place a net below. But the teen kept changing his position. Even as his father tried to console and

convince him, Kunal jumped, and the father went after him, falling to his death. Horrified, the mother also jumped off the hill and died, the official said. The bodies were recovered by the police and were sent for further formalities, he added.

Nadda reviews country's H1N1 preparedness

NEW DELHI: Union Minister for Health and Family Welfare JP Nadda on Friday reviewed the prevailing situation and preparedness for H1N1 Influenza in the country with particular focus on the national capital. Delhi Health Minister D Panjaj Kumar Singh was also present in the meeting. According to a release, the Union Health Minister reviewed the national surveillance and epidemiological situation, IILI and SARI trends, testing and laboratory surveillance, and preparedness of healthcare facilities to manage seasonal influenza cases. Nadda emphasised the need for continued vigilance, robust surveillance and proactive preparedness, with close monitoring of influenza trends.

A crorepati, but still a middle-class homebuyer

In Hyderabad, ₹1 crore is increasingly the price of a new home rather than a luxury purchase

SRIKANTH GODAVARTHI
HYDERABAD

A few years ago, being a crorepati was a big deal. It still is for many. But Hyderabad's real estate prices have changed the meaning of that milestone, at least when it comes to buying a home.

Today, Rs 1 crore is no longer necessarily a luxury-home budget. In many established parts of the city, it is increasingly the money a middle-class buyer may need for a decent new apartment. Even with Rs 1 crore in hand, buyers may still have to make choices on size, location and amenities.

For those with a lower budget, the Rs 50-75 lakh segment has not disappeared. But it has increasingly moved towards emerging and peripheral areas.

"In Hyderabad, a new 2-BHK in the affordable to mid segment would typically start at around Rs 70-75 lakh in emerging locations, while in established and well-connected micro-markets, prices are increasingly closer to Rs 80 lakh to Rs 1 crore and above," said N Jaideep Reddy, President, Credai Hyderabad. "The Rs 1 crore to Rs 1.5 crore range has become increasingly common, particularly in the western corridor, where land values and development costs are significantly higher."

Where Rs 50-75 lakh still works

Reddy said buyers can still find new homes in this range in Bachupally, Kompally, Kapra, Medchal, Pocharam, Ghatkesar, Vijayawada Road near Ramoji Film City, Shamshabad, Kothur,

Patancheru and Mutangi, depending on the project and its stage of development. "In these markets, buyers can still find 2-BHK apartments, generally in the range of around 1,000-1,300 sq ft, although sizes vary considerably," he said. But the same budget buys less as the location gets closer to established employment centres. "In some projects, particularly closer to established employment corridors, the same budget may translate into a more compact 2-BHK or smaller configurations," Jaideep Reddy said. "The important point is that affordability at this price point increasingly depends on the buyer being flexible about location and distance from the established city centres."

Smaller homes, not cheaper homes

Rising costs are also changing the size and design of homes in the lower-ticket segment. "There has been a gradual shift towards more efficient and compact home configurations in the sub-Rs 75 lakh segment, largely reflecting the increase in land and construction costs,"

Jaideep Reddy said. "Developers are focusing on optimising layouts to provide functional homes within a particular price range rather than simply reducing specifications." There is no single figure for how much average home sizes have fallen over the past five years, he said, as the change varies across locations and projects. "However, the broader trend has been towards better space utilisation and more efficient layouts, with developers trying to balance apartment size, functionality and affordability."

A Rs 75-lakh home can become an Rs 85-lakh-plus purchase

The advertised price is only the starting point. Registration and government charges, parking where separately charged, maintenance or corpus deposits, amenity-related charges and interiors can push up the final bill. "The advertised price should not be treated as the final cost of ownership," Jaideep Reddy said. "For a property advertised at Rs 75 lakh, the final outlay can certainly cross Rs

80-85 lakh depending on the project, specifications, applicable taxes and the buyer's interior requirements." Once interiors are added, the actual amount can rise further, particularly for wardrobes, modular kitchens, lighting, electrical work and other basic fittings.

"Buyers should evaluate the total cost of acquisition rather than only the base apartment price," Reddy said.

Why Rs 1 crore is becoming common

The rise in land and construction costs is making low-ticket homes harder to deliver in established locations. "Land values have risen more sharply in established and high demand corridors such as Gachibowli, Financial District, Kokapet and Nanakramguda. Construction costs have also increased due to higher material, labour, logistics and other development related expenses," Reddy said. "There is no uniform proportion of land and construction costs that applies across Hyderabad. In established areas, land accounts

for a larger component of the overall project cost, while in emerging locations, construction and development costs form a relatively larger share."

Reddy said the shift towards higher-ticket homes is not simply developers chasing bigger margins. "There has been a visible shift in new residential supply towards higher ticket-size homes. However, this is not simply because developers are pursuing higher margins," he said. The Rs 50-75 lakh segment is increasingly being served through emerging locations, smaller configurations and projects by regional and local developers.

The EMI is only part of affordability

For a middle-class family working in HITEC City, Gachibowli or the Financial District, staying within Rs 50-75 lakh may mean moving farther away. Reddy said buyers may explore Bachupally, Kollur, parts of Tellapur, Kompally, Ghatkesar and Shamshabad, depending on the project and connectivity. But the lower

“The Rs 1 crore to Rs 1.5 crore range has become increasingly common, particularly in the western corridor, where land values and development costs are significantly higher”
-N Jaideep Reddy, President, Credai Hyderabad

purchase price can come with a higher daily cost. "A lower ticket size may come with a longer daily commute and higher transportation costs," Reddy said. "The overall affordability of a home should consequently be assessed by considering the EMI alongside the time and recurring cost involved in travelling to work." There is also no single income threshold for a Rs 75-lakh home.

"Affordability depends on the down payment, loan amount, interest rate, tenure and the buyer's existing financial commitments," Jaideep Reddy said.

"While incomes have grown, particularly across Hyderabad's technology, services and professional sectors, the pace of growth has varied across households."

For first-time buyers, he said, "building adequate savings for the down payment and maintaining a manageable EMI" is increasingly important.

What does affordable really mean?

Reddy believes a cheaper home is not automatically an affordable home. "A Rs 60-lakh home may be affordable relative to a Rs 1.5-crore home, but that does not automatically mean it is affordable for every middle-class household," he said. "The true affordability of a home is determined by a combination of its purchase price, apartment size, financing cost, registration and other charges, maintenance and, importantly, the cost and time involved in commuting." "What has changed is the geography and definition of affordability," Jaideep Reddy said. "A buyer with a Rs 50-75 lakh budget still has options, but may need to compromise on location, size or amenities." He said the longer-term answer is to increase housing supply across price points, improve connectivity between residential and employment centres, make land and development more efficient and reduce avoidable costs.

"Affordable housing should ultimately mean affordable ownership without an unsustainable EMI or an unreasonable daily commute," Reddy said. For Hyderabad's middle class, that is the new housing reality: Rs 50-75 lakh can still buy a new home, but Rs 1 crore is increasingly becoming the price of buying one without too many compromises.

Charminar BirlaNu's roofing solutions

HANS BUSINESS
HYDERABAD

CHARMINARBIRLANU, a high-quality fiber-cement and composite roofing solutions have announced that their products are being widely used across residential, commercial, and industrial structures

Vijay Lahoti, Business Head - Roofs, BirlaNu, said: "For decades, fibre cement roofing has traditionally been valued for its core attributes: strength and durability. Today, however, the category is undergoing a shift. Customers increasingly expect roofing solutions that combine long-term performance with lasting aesthetics."

Lahoti further said: "In India's residential and commercial markets, especially in high-rainfall regions—the ability to resist weathering, preserve surface finish, and minimize maintenance has become an important differentiator. These attributes are no longer optional; they are increasingly shaping specification and buying decisions."

According to the company: "The product also offers a smoother surface finish compared to conventional fibre cement options, a difference that is strikingly visible."

CORRIGENDUM

In the article titled "Modi Builders faces residents' ire over Silver Oak amenities, safety," published on August 15, Modi Properties was inadvertently mentioned as Modi Builders. The error is regretted.

Dubai Chambers signs two MoUs

Dubai Chambers has signed two Memorandums of Understanding (MoUs) during a high-level visit to Bengaluru to advance collaboration in Agentic AI, strengthen trade and investment between Dubai and India, and support business expansion. The MoU with NASSCOM establishes a framework for cooperation in Agentic AI and deeptech. It aims to support market access for Indian companies seeking to establish and expand in Dubai.

Active.in opens outlet

Active Green Products Pvt. Ltd., has inaugurated its second franchisee showroom in Andhra Pradesh at Seethammadhara, Visakhapatnam. Mudunuri Venkata Subba Raju, MD, Active Green Products, said: "For us, the showroom is not simply a place to display products. It is a space where customers can experience the quality, technology and possibilities of our solutions before they make an investment."

Danone unveils new flavours

Danone India has announced the launch of two new flavour sachets Vanilla and Chocolate, to its toddler nutrition drink, Dexogrow. Priyanka Verma, MD, Danone India, said: "Getting toddlers to enjoy something that's genuinely good for them can be a big battle for parents. With Vanilla and Chocolate flavours now part of the Dexogrow range, we want nutrition moments to feel less like a negotiation."

Centre rejects ethanol link to sugar price surge, blames millers

CENTRE SAYS AMPLE STOCKS ARE AVAILABLE AND WARNS AGAINST HOARDING, BLACK MARKETING AND UNJUSTIFIED EX-MILL PRICE HIKES

NEW DELHI

THE government on Friday rejected claims that diversion of sugar for ethanol production was driving a sharp rise in the price of the sweetener and instead blamed the industry for jacking up prices despite the country having sufficient stock to meet domestic demand.

The Centre said it has asked States to take action against hoarding and black marketing of the sweetener and also start preparing for early start of the crushing season by mills, by around October 15. It is also considering reducing the stock that dealers can currently hold.

Briefing the media on sugar availability and prices, Food Secretary Sanjeev Chopra said the government has taken precaution-

ary measures by allowing imports of 10 lakh tonnes of sugar by October 31 and imposing stock-holding limits on dealers as well as bulk consumers such as soft-drink and ice-cream makers.

He asserted that there are ample sugar stocks in the country despite a fall in production to 306 lakh tonnes for the 2025-26 marketing year (October-September), down from earlier estimates of 343 lakh tonnes. Annual domestic sugar demand is

around 280-285 lakh tonnes.

The production has been affected by Red Rot and Top Borer disease in sugarcane, as well as waterlogging caused by excess rainfall, Chopra said.

Following the government's recent measures, the secretary said retail prices are expected to fall in the coming days. The all-India average retail price has shot up to Rs 56 per kg from Rs 48 per kg on July 20.

Chopra pointed out that ex-mill sugar prices have shot up to Rs 62 per kg from Rs 47-48 per kg in just about 7-10 days, and said this kind of hike is completely unjustified. On Friday, the secretary called representatives of the industry bodies ISMA and the National Federation of Cooperative Sugar Factories (NFSCF) and told them

that this sudden, sharp hike in ex-mill prices is "not acceptable". "It is incorrect to attribute the recent increase in sugar prices to diversion of sugar for ethanol production," Chopra said, adding that the diversification has improved the financial health of the sugar sector and also helped in timely payment to farmers. He said only 28 lakh tonnes of sugar have been diverted in the current 2025-26 marketing season. Only one-fourth of ethanol is now made from sugar and the rest from grains, mainly maize. "There has been this sharp increase in the prices of sugar in the recent past, and they have gone up from Rs 48 just about 15 days back to a level of Rs 56 now. It is important to clarify that this is not based on any fundamentals," Chopra said.

Tata Motors raises prices as input costs, inflation bite

NEW DELHI: Tata Motors Passenger Vehicles Ltd will raise prices of its cars and SUVs by up to Rs 25,000 from September 1, 2026, citing rising input costs and sustained inflationary pressures.

The increase will cover the company's passenger vehicle portfolio, including internal combustion engine and electric models. The extent of the hike will vary across models and variants, the company said on Friday.

Tata Motors said it continues to absorb a significant portion of the increase in costs.

Govt rolls out ₹62,500-crore mobile manufacturing push

NEW DELHI: MOBILE phone companies, including electronics contract manufacturers, having a turnover of Rs 10,000 crore in FY26 will be eligible for benefits under the Mobile Phone Manufacturing Scheme, the government said on Friday.

According to the guidelines of the Rs 62,500-crore Mobile Phone Manufacturing Scheme (MPMS) issued on Friday, mobile phone companies, including electronic manufacturing services (EMS) firms with 51 per cent Indian ownership, having a turnover of Rs 1,000 crore in FY26 will also be eligible for participation in the scheme. The MPMS is aimed at pro-

viding support in the form of production-linked incentives for manufacturing mobile phones in India.

"Mobile Phone Manufacturing Scheme is open officially from today (Friday). It will be effective from April 1, 2026," Union Minister of Electronics and Information Technology Ashwini Vaishnaw said. Under the guidelines, any existing brand will be required to meet the minimum threshold sales of Rs 5,000 crore every year over

and above the total sales of FY26 to be eligible for benefits under the scheme. This means, threshold sales over and above the FY26 turnover will be Rs 5,000 crore for the ongoing 2026-27 fiscal year, Rs 10,000 crore for FY28, Rs 15,000 crore for FY29, Rs 20,000 crore for FY30, and Rs 25,000 crore for FY31. Any new brand will become eligible for benefits under the scheme only after achieving total annual sales of Rs 10,000 crore in India. The incentive amount will be eligible sales in a financial year multiplied by the incentive rates - 2.75 per cent in FY27 and FY28, 2.5 per cent in FY29 and FY30, and 2.25 per cent in FY31.

Up to 10% Chinese stake rule unlocks ₹4,896-cr FDI pipeline

NEW DELHI

THE decision to allow overseas companies with up to 10 per cent Chinese shareholding to invest in India under the automatic route has begun to yield results, with 29 FDI proposals worth Rs 4,895.65 crore reported so far, an official said.

The investments span sectors including information technology, artificial intelligence, information and communication, manufacturing, pharmaceuticals, data centres and transport services.

The proposals have been reported by investors or entities based in jurisdictions including Mauritius, the US, Korea, Japan, Singapore, Luxembourg and the Cayman Islands.

The Finance Ministry notified the changes under

FEMA on May 1, significantly easing the process for companies with limited Chinese or Hong Kong shareholding.

Under the revised framework, foreign companies having Chinese or Hong Kong shareholding of up to 10 per cent can invest in sectors where FDI is permitted under the automatic route, subject to applicable sectoral conditions.

The government said the move removes the requirement of prior approval in such cases, allowing investors to proceed through the automatic route while complying with reporting requirements. The reform is expected to provide greater certainty to investors, reduce transaction time and improve ease of doing business, the official said.

DGFT relaxes One Star Export House eligibility norms

NEW DELHI: The government on Friday relaxed the 'One Star Export House' eligibility condition for exporters by revising the specific international trade and financial performance norms in three consecutive fiscal years. Earlier, exporters were required to achieve specific export performance in all three preceding financial years to receive the 'Star Export House' status. Under the revised norms, export firms reporting the same in any two of the three preceding fiscals will be eligible to get this recognition. This change, however, does not apply to the gems and jewellery sector as that sector already has a separate two-year requirement under foreign trade policy (FTP) 2023. The directorate general of foreign trade (DGFT) has amended a provision of the FTP "to allow granting of One Star Export House status to applicants (other than for the Gems and Jewellery sector) who possess export performance in any two out of the three preceding financial years subject to other provisions...".

SUHAS SISTU

SOWCAR Janaki is a unique figure in Indian cinema history who managed to act in more than seven decades of cinema, performing in over 400 films. From her

Sowcar Janaki leaves behind rich south Indian legacy

debut in 1950 to her recent work in the 2023 Telugu film Anni Manchi Sakunamule, Sowcar Janaki maintained her popularity among moviegoers for many years. The actress was born in Rajahmundry and started

her career by accident. She got married at the age of 16 and was pregnant while preparing for her matriculation exams. Before becoming an actor, she worked as a radio artist at All India Radio in Madras. This job allowed her to develop her acting skills, specifically her speech.

LV Prasad signed her to her first film, a Telugu-language Shavukaru. In the movie, she played the role of a moneylender's daughter, and thereafter, Sowcar became her screen name. Ever since her debut, Sowcar Janaki has starred in all the four languages of South

India. She made her debut in Tamil cinema in 1952 in the film Valayapathi and in Karnataka cinema in 1954 in the film Devakannika. She featured in the 1964 Malayalam film School Master, which marked her debut in Malayalam cinema. Right from her debut, Sowcar Janaki has starred in all south Indian language movies. By the late 1960s, she had become a star in all four South Indian film industries.

She has acted with all the leading actors of her time. In her stardom journey, she has also played comic roles apart from the dramatic roles.

However, what stands out from her stardom journey is her association with the film director K Balachander. Many of his films had female leads in the most progressive roles for women. Sowcar Janaki acted in several of his pictures, including Thamarai Nenjam, Iru Kodugal, and other films.

She acted in films like Cinema Paithiyam, Thee, Thillu Mullu, Vetri Vizha, which marked her new path. In addition to film work, in more than thirty plays, Sowcar Janaki played various roles. Moreover, in the 90s, she began appearing on

television. Even when she turned 80, she continued to act in films and take leading roles. According to rumors, her 400th film was the Tamil comedy Biskoth, in which she acted at the age of 88. In her last film Anni Manchi Sakunamule, Janaki played the role of a grandmother.

She was awarded many prestigious awards, including Kalaimamani, Nandi

Awards, and lifetime achievement. She was awarded Padma Shri by the Government of India in 2022, having celebrated her 90th birthday.

This legendary actress found her niche in the ever-changing Indian film industry. She acted in several Indian languages and remained popular.

Moreover, she portrayed

an equal number of comic and serious roles. Sowcar Janaki starred in Indian films, especially south Indian movies, had a great theater career, and acted in television shows. Therefore, she created a memorable and successful career that made her famous worldwide. Now, as the actress is no more, We miss you Sowcar Janaki.

STARS PAY TRIBUTE

The veteran actress Sowcar Janaki demise led to an outpour of condolences from the South Indian film industry. Several leading stars paid tribute to the departed soul, recalling her legendary work and contribution to the film industry. Tamil Nadu chief minister and actor Vijay expressed his shock and grief over the news of Janaki's death. He further added that her contribution to the film industry over the past seven decades is legendary. He also talked about several

awards such as Padma Shri, Kalaimamani, and Nandi which were received by the actress.

The legendary actor Kamal Haasan paid tribute to Janaki, saying that they have shared a long professional relationship, working together for almost four decades, starting with 'Paarthala Pasi Theerum'. He further called her an incredible talent in the south and worked closely with his guru K Balachander. On the other hand, Jr NTR and Chiranjeevi recounted their time spent with Janaki and

remembered her as one of the Indian cinema's legendary figures.

The veteran actor's contribution to Indian cinema has been immense, with Chiranjeevi calling Janaki a natural. Radhika Sarathkumar, Prabhudeva, and Vishnu Manchu also paid emotional tributes to the late actress, calling her an extraordinary talent. Vishnu further expressed his grief in Telugu, referring to Janaki as a legendary personality whose work and elegance will inspire generations in the years to come.

'IRUMUDI' REVIEW: A powerful emotional film

SUHAS SISTU

AFTER a long interval, Mass Maharaja Ravi Teja is back with a film that prioritizes performances and emotional quotient over formulaic potboilers. Irumudi, a directorial venture from Shiva Nirvana, marks Ravi Teja's return to the big screen in style. Starring Priya Bhavani Shankar and Baby Nakshatra in prominent roles, the film combines a devotional angle with family drama and crime elements. More significantly, Irumudi delivers on its promise of being an entertaining showcase of the actor's prowess as a storyteller.

Story
Trinadh (Ravi Teja) is an Ayyappa Swamy devotee and owns a banana plantation in Polluru. He is deeply fond of his daughter Manemma. In fact, Manemma narrates every incident that occurs in her life to her father. But everything changes when she, along with other girls

from the village, goes to a nearby village for her studies. The developments lead Trinadh down a fateful path that eventually takes him on a rollercoaster ride of crime and family drama.

Performances
The highlight of Irumudi is undoubtedly Ravi Teja's performance. As the Mass Maharaja sheds off his larger than life image, the actor displays shades of a multi-talented hero that we have been seeing in rare screens in recent times. Ravi Teja's emotional

RATING: 4/5

range deserves immense applause as he manages to leave an indelible mark on the audiences' minds. The star's pairing with Baby Nakshatra is yet another strong aspect of the film, as both display realistic father-daughter bonding onscreen. Baby's

performance is indeed a standout as she manages to slip into the skin of her character and perform realistically throughout the film. In addition to Baby Nakshatra, Priya Bhavani Shankar, Sai Kumar, Ramesh Indira, and others have excelled in their respective roles.

Technicalities

Shiva Nirvana must be praised for delivering a film that does not veer towards commercialism. In fact, the Ninnu Kori director manages to keep the narrative engaging without deviating from the core theme. The film's emotional and intense sequences are beautifully portrayed, aided by GV

Prakash Kumar's music and background score. Similarly, cinematographer Vishnu Sharma captures the beauty of the locales, especially the hills of Sileru, to perfection. The other technical departments, including production design and editing, are equally impressive.

Analysis
The film's first-half runs on a slightly slower note. Also, the second half lacks in certain areas, which is apparent in the meandering narrative. Additionally, certain developments in the crime and mystery departments seem cliched and predictable. However, such drawbacks are negligible in the larger scheme of things. The father and daughter's equation is portrayed beautifully, as is the emotional quotient in the story. Irumudi is a feel-good film, which delivers what it promises to deliver. Ravi Teja is certainly back in the race with a stellar performance that has the potential to change the perception of him being only a mass entertainer.

A new singing talent hunt launched in Tamil Nadu

A SPIRING singers from Tamil Nadu are in for a great treat as Sony VIZHA and Sony LIV announced the launch of the first season of Tamil Idol. Music composer AR Rahman will be the super judge of the reality singing competition that will give vocal talents a chance to become playback and independent singers. Tamil Idol is a song competition that will enable young singers to gain exposure and help them make a mark in the playback and independent music industry. It will also enable the participants to perform alongside renowned music directors in a well-organized environment. The singing competition will commence in Velammal Vidyalaya Annexure, Mel Ayanambakkam, Chennai. Young vocal talents aged between 14 and 30 can audition for the reality singing competition that will offer a wide platform for budding singers to exhibit their singing prowess. Besides capturing the essence of the rich tradition and culture of Tamil music, Tamil Idol will also witness the evolution of music while showcasing the different styles of the young singers. The selected candidates will get an incredible opportunity to learn from the best in the business while performing on a big stage. Singers who wish to participate in the competition need to carry their original identity proof on the day of the audition and prepare their desired song repertoire. The young singing sensations can become playback singers if they give their best performance on the day of the final round.

Telugu cinema gets major boost with Telangana govt's new GO

THE Telangana Government's latest Government Order (GO) has been received well by many for its intent to promote and safeguard the film industry by creating a healthy ecosystem for the movie makers and workers.

The new policy aims to create a regulated environment for premium films with enhanced ticket prices.

These price hikes will not be automatic and will have to be approved on a case-to-case basis by the government for eligible blockbuster films.

As per the circular, multiplexes and single screen theaters will have to keep 25 percent of the total seats in all categories for cheaper fares in all locations.

Moreover, the policy will allow five shows daily for any big-ticket release, which would help first-time and smaller filmmakers utilize the free slots on the same day.

The circular also proposes an idea for a welfare fund for cine workers. According to Active Telugu Film Producers Guild (ATFPG), the GO will motivate people to invest in films and take the Telugu film industry to greater heights.

'Dharmasthala Niyojakavargam' locks Sept 4 worldwide release

THE latest Telugu Political entertainer Dharmasthala Niyojakavargam is all set to release globally on September 4th. A press meet was organized recently to create awareness about the film which has a unique political entertainment theme.
