AP races to unlock Central funds

HANS NEWS SERVICE
AMARAVATI

THE state government has launched a major exercise to improve utilisation of Centrally Sponsored Scheme (CSS) funds, recover cancelled allocations and

implement reforms needed to unlock additional Central incentives, as part of a broader financial restructuring exercise.

At a review with collectors, finance department principal secretary Piyush Kumar and secretary D Ronald Rose said 86 CSS schemes were being implemented during 2026-27. Against a Central allocation of Rs 25,304 crore, the State had received Rs 10,552 crore so far. Including previous unspent balances and other adjustments, Rs 18,516 crore was currently available with implementing departments, of which Rs 8,694 crore (47 per cent) had been spent by September 7.

The panchayat raj and rural development department had the largest available pool at Rs 7,440 crore but had utilised only 38 per cent. Housing spent 26 per cent of its Rs 829 crore, while water resources utilised just 6 per cent of Rs 28 crore. In contrast, BC Welfare recorded 99 per cent utilisation, spending Rs 313 crore out of Rs 316 crore. District-wise performance also varied sharply. Chittoor topped with 87 per cent utilisation, followed by NTR and West Godavari at 85 per cent. Visakhapatnam recorded 59 per cent, while Vizianagaram

was lowest at 52 per cent.

The government has identified Rs 135 crore lying unspent in SNA accounts and ordered tightfisted banking management. As many as 88 idle SNA accounts across 20 departments are to be closed immediately. Officials were also directed to pursue the Centre for re-release of Rs 116.98 crore in cancelled monetary sanctions, including funds for PMAY-Urban, BC scholarships, NRLM-RSETI and used-water management. AP is eligible for Rs 8,226 crore under SASCI 2026-27, of which Rs 3,486 crore has already been received. The government is implementing reforms to secure the remaining Rs 3,525 crore, including mining reforms, Telecom RoW integration, AgriStack digitisation, livestock data entry and SNA-SPARSH reforms. The exercise could also unlock Rs 650 crore through public-health improvements and Rs 175 crore through the Compressed Bio-Gas policy. All prescribed SASCI reforms have been ordered to be completed by December 1, 2026, while departments must immediately release Central funds to districts and remit interest accrued in SNA accounts to the Centre through PFMS.

Lok Adalat at 44 Benches tomorrow

RAJAMAHENDRAVARAM: A National Lok Adalat will be held on September 12 at 44 Benches across East Godavari, Kakinada, DR BR Ambedkar Konaseema and Polavaram districts, District Principal Judge and District Legal Services Authority chairman Junaid Ahmed Maulana said on Thursday. He said wide publicity was being given to the Lok Adalat through ministry and government department websites and digital platforms to create awareness among the public about its purpose, benefits and the types of disputes that could be settled through the forum. The National Legal Services Authority has been undertaking various programmes under the Legal Services Authorities Act, 1987, to promote access to justice and create awareness about legal services and alternative dispute resolution mechanisms, he said. Lok Adalat play an important role in providing an accessible, speedy and inexpensive forum for settlement of disputes through mutual consent, he said. Cases that are suitable for settlement can be resolved in an amicable atmosphere, helping parties avoid prolonged litigation and expenses, he added.

CPI demands scrapping of Bal Sanjeevani tenders, independent probe

HANS NEWS SERVICE
VIJAYAWADA

CPI state secretary Gujjula Eswariah has urged Chief Minister N Chandrababu Naidu to order an independent inquiry into the tender process for the Bal Sanjeevani and Bal Sanjeevani Tribal nutrition schemes, alleging irregularities in awarding contracts and exclusion of women's self-help groups (SHGs).

In a letter to the Chief Minister on Thursday, Eswariah alleged that the tender process for supplying nutritional kits to pregnant women, lactating mothers and children through Anganwadi centres was not conducted in a manner that ensured fair competition and equal opportunities.

He said the state had divided 26 districts (before creating Markapuram and Polavaram districts) into four zones for the procurement of nutrition kits. According to him, 53,787 Anganwadi centres are covered under the programme and around 4.52 lakh kits are to be supplied every month, with an annual procurement value of about Rs.172.80 crore.

Eswariah alleged that the kit price had increased from Rs.241 to Rs.283.19 in the general zones and from Rs 350 to Rs 446 in the tribal zone. He claimed that the difference in rates could result in an estimated additional burden of around Rs 29.22 crore on the public exchequer, and sought an independent financial audit comparing the tender rates with previous rates, market prices and those prevailing in other States.

He also questioned the eligibility of agencies such as Kendriya Bhandar and NCCF, alleging that they did not have their own manufacturing facilities despite tender conditions requiring manufacturing capacity, food safety licences and production-related certifications. He asked the

government to explain why agencies disqualified in earlier tenders were subsequently considered eligible.

The CPI leader further alleged that the requirement to supply to thousands of delivery points favoured large contractors and prevented small and medium-sized local units and SHGs from participating. He said the Supreme Court and government guidelines emphasised the participation of SHGs in supplementary nutrition programmes and urged the State to give them greater priority.

Eswariah demanded cancellation of the existing contracts, scrapping of the zonal system and fresh tenders on a district-wise basis to promote local employment and wider competition. He also sought re-tendering at the earlier rates of Rs.241 and Rs.350 unless the government could substantiate the revised rates.

He urged the Chief Minister to examine the tender notification, government orders, eligibility criteria, qualification and disqualification records, contract awards, quality-testing reports and payment details. He sought action against officials and contractors if violations were established and called for permanent guidelines to ensure transparency, competition, quality and social responsibility in future child nutrition procurements.
