EAST Godavari district Superintendent of Police D Narasimha Kishore has directed all concerned departments to prepare comprehensive action plans well in advance for the smooth conduct of Godavari Pushkarams-2027, with a focus on providing better transport facilities, foolproof security and efficient traffic management.

An inter-departmental coordination meeting was held at the district police office under the chairmanship of the SP, with officials from Railways, APSRTC, National Highways Authority of India (NHAI), Transport, Revenue, Tourism and Municipal departments. Representatives of the Chennai Unified Metropolitan Transport Authority (CUMTA) and Ernst & Young (EY) also participated.

The meeting discussed arrangements for the movement of pilgrims, transport facilities, crowd management at railway stations, traffic regulation, parking facilities and the uninterrupted supply of essential commodities during the Pushkarams.

The SP asked railway officials to examine the feasibility of providing separate entry and exit arrangements at the East and West railway stations in Rajamahendravaram and submit clear proposals based on ground-level conditions. He also suggested exploring special train services connecting Rajamahendravaram, Kovvur, Bhimavaram and other important places in a circuit-based system. Arrangements should also be made for pilgrims arriving by train and returning by bus. Special attention should be paid to crowd management at Godavari railway station and other major stations.

APSRTC officials were asked to study the best transport practices followed during major religious events such as Sabarimala and Kumbh Mela. They should prepare detailed plans covering bus routes to Pushkar Nagars, shuttle services, fleet requirements, timings and frequency. Bus schedules should be coordinated with train arrivals to prevent a sudden increase in vehicle movement within the city.

The SP instructed NHAI officials to monitor vehicle movement at all toll plazas through CCTV cameras and provide live traffic data to the command and control room. Proper signboards and advance announcements should be arranged at road cuttings and diversion points. Proposals should also cover adequate lighting, road widening, cranes, towing vehicles and emergency logistics near Pushkar Nagars. The Transport Department was asked to compile comprehensive data on two-wheelers, three-wheelers and four-wheelers registered in Rajamahendravaram as well as vehicles registered across the State.

The Revenue Department was directed to constitute micro-level joint teams comprising representatives of Revenue, Police, Endowments, Roads and Buildings and APSRTC within four days. These teams should conduct field inspections and submit reports on road conditions, parking areas, lighting, transport facilities and other infrastructure requirements.

A stations on the outskirts of the city to prevent congestion caused by vehicles queuing up for fuel. Vehicles supplying essential commodities should be issued special identification cards, with designated timings for entering the city.

Additional SP (Administration) Patil Devaraj Manish, Probationary Deputy Collector Manoj Reddy, Railway RPF Inspector B Raju, APSRTC Depot Manager K Madhav, NHAI Project Director B Krishnamurthy, City Planner GVSN Murthy, CUMTA member Ravishankar, EY team members Siddharth and Rohit, police personnel attended the meeting.

FLOWER TRADERS STAGE PROTEST

- They asserted that they had not paid even a single rupee as a bribe to anyone
- Allege that several people had sustained serious injuries after falling near the iron girders erected by railway authorities

DASARI SRINIVASA RAO
VIJAYAWADA

WHOLESALE flower traders and workers at the Rajiv Gandhi Wholesale Flower Market in Vijayawada staged a large-scale protest on Wednesday against the iron girders erected by railway authorities at the market entrance, alleging that the barricades had severely disrupted the movement of traders, customers and vehicles.

The agitated traders expressed anguish over what they termed an unfair action by railway officials, questioning why their livelihoods should be affected on the basis of alleged false reports.

They asserted that they had not paid even a single rupee as a bribe to anyone and had been carrying on their businesses at the location for several decades to earn their livelihood.

Addressing the media, representatives of traders' associations and affected vendors appealed to the authorities to give them sufficient time to shift to the proposed new flower market. They said the government had already allotted land on GS Raju Road in Gandhi Nagar for constructing a modern wholesale flower market and that clear orders had also been issued from the Chief Minister's Office.

Construction work on the new facility was progressing at a brisk pace, they said, adding that traders were ready to vacate the present premises voluntarily once the new market was completed and shops were handed over to them.

The traders warned that forcibly preventing business activities before the completion of the alternative facility would affect more than 5,000 people, including traders, farmers and Hamalis who depend on the market.

They also alleged that several people had sustained serious injuries after falling near the iron girders erected by railway authorities. They demanded that the authorities take action against those responsible for publishing false reports instead of restricting access to the market and creating fear among traders.
